EXD.

Ottawa, February 19, 1946.

Major D. M. MacKay, Indian Commissioner for B.C.,
P.O. Box 70, Vancouver, B.C.

I am in receipt of a letter dated the 9th instant, signed by J. A. Findlay, Prince Rupert, B.C., who is apparently acting for Indian Agent Gillett. In this letter he states that Miss Emma Schmidt, former teacher of the Sunnyside Indian Day School, is anxious to know how much she will be allowed for sick leave.

Miss Schmidt taught at the Sunnyside Day School from November 26, 1945, to January 18, 1946. In your letter of January 31 you stated that she gave up duties at Sunnyside owing to illness on January 18. We allowed her salary for the month of January. In other words, she was paid for 13 days' sick leave. In view of the fact that she was employed as a teacher for less than two months, I cannot see how we can allow her any additional sick leave. I would appreciate it if you would write to Indian Agent Gillett.

Philip Phelan,
Chief, Training Division.

Department of Mines & Resources, Indian Affairs Branch,
Ottawa.

Mr. Gillett, before he went on holidays, sent reports to the Commissioner's office with reference to Miss Emma Schmidt having to leave her school teaching duties on account of illness. She has since sent us a letter stating that a doctor in Vancouver has ordered her to bed for six months suffering from a severe attack of pleurisy. She is anxious to know just how much she will be allowed for sick leave. She taught at Sunnyside Day School from November 26th, 1945 to January 18th, 1946. We might mention that she was Field Matron at Greenville last year from January to June.

OFFICE OF
INDIAN AGENT

August 26th, 1946.

D. M. MacKay, Esq., Indian Commissioner for B.C., Box 70, Vancouver.

With the approval of the Bishop of Caledonia, Right Reverend J. B. Gibson, the name of Mrs. Ethel Kennedy is placed in nomination for the teachership at the Sunnyside Cannery as from the opening of the 1946-47 school term.

Mrs. Kennedy, age 39, lives at 2009 West 3rd Avenue, Vancouver; she holds a First Class Nova Scotia Professional Teachers Licence; she also holds an Industrial First Aid Certificate. She is a widow with one boy, age 11, and she has not taught for the past eight years. Mrs. Kennedy was interviewed by the writer on the 24th instant and it is recommended that she be appointed to the Sunnyside School at a salary of \$105 a teaching month plus cost of living bonus and living quarters.

The B.C. Packers have agreed to build a new teacherage at the Sunnyside Plant this fall and in view of the present condition of the shack occupied by Miss Ruth Atkinson who has taught there for the past few months, I will arrange with the Manager to supply a cannery cottage for Mrs. Kennedy and her son. Permission is also requested for the boy to attend this school whilst his mother is teaching there.

Your File 168-39-1

I am forwarding Mr. Indian Agent Anfield's letter of June 4th in connection with the proposed operation of the Sunnyside Indian Day School during the months of July, August and September. This school was closed during the period January 18th to April 12th and aside from the fact that the operation of the school during the summer months will give the children an opportunity to complete their school work for the year, it would be of considerable advantage to the Indian parents working at the Cannery if the children were occupied. I concur with the Agent's views and would recommend that the school remain open and that Miss Atkinson be employed during the months July to September inclusive.

PLEASE QUOTE
FILE 12-11-11.

Prince Rupert, B. C.
June 4th, 1946.

Major D. M. MacKay, Indian Commissioner for B. C.,
Vancouver.

Miss Ruth Atkinson has made application to this office for permission to continue as teacher at Sunnyside Cannery during the months of July, August and September during which period she would like to conduct a summer school for the Indian children congregated at that centre.

Whilst Miss Atkinson is not a certificated teacher she is an enthusiastic person and I believe that she would do an excellent piece of educational and social service work at Sunnyside and adjacent canneries during the summer. She is prepared to have a morning and afternoon session with different groups and in view of the fact that well over 100 children will be located at this cannery alone anything that can be done to continue their education would be well worthwhile.

In connection with this application it should be stated that Dr. Galbraith hoped to employ both Miss Meier and Miss Fraser as itinerate first aid workers on the Skeena River this summer with headquarters at the North Pacific Hospital. Miss Meier's health is such that she may not be able to accept this post and if Miss Atkinson's continuance as teacher is approved she and Miss Fraser could stay together at Sunnyside.

This matter has been carefully discussed with Miss Atkinson and it is recommended that her application for continued service for the months of July to September be approved. Your early advice will be appreciated so that Miss Atkinson may make the necessary arrangements to continue in residence at Sunnyside.

Your File 168-39-1

With reference to Mr. Phelan's letter of February 4th in connection with the possibility of securing a teacher to replace Miss Emma Schmidt at the Sunnyside Indian Day School, I am forwarding Mr. Indian Agent Gillett's letter of March 19th and application of Miss Ruth Atkinson for the position. Miss Atkinson, although not a certificated teacher, has been acting as Social Service worker for the Department at Prince Rupert during the past year and has the experience and some qualifications necessary to fit her for the position. I would therefore recommend that her appointment be approved.

Mrs. Ethel G. Kennedy,
General Delivery,
Vancouver, B. C.

Dear Sir or Madam:

We recently invited you to active membership in our association and regret very much that we have not received your Application Form.

Our association is constantly working for the betterment of conditions and further education of Industrial First Aid Attendants, but in our work we need the help of every practising Industrial First Aid Attendant. This does not mean, however, that every Industrial First Aid Attendant can become a member. He or she must be of good character, have a good record and must be acceptable to our Directors. We have invited you, as we feel that you will be able to come up to the standards set by our association, and therefore we would appreciate receiving your Application Form as soon as possible.

As previously advised, you will not be required to pay any membership fees for the current year, and we feel that it will be definitely in your interest to become an active member of our Association.

We sincerely hope to hear from you at an early date.

Yours very truly,

H.W. Mahler

Dear Mrs. Kennedy:

Your name was placed before the Directors at a recent meeting, and we have pleasure in informing you that you were approved as an active member, and that your name was added to the active membership list of the Association.

We also have pleasure in enclosing your active membership card for the current fiscal year, that is, until November 30th, next, as well as your copy of the Constitution and By-laws of the Association.

We also enclose a leaflet showing you the benefits you will derive as an active member, and we sincerely trust that we may count on you as an active member for many years to come.

While you derive certain benefits as an active member of our Association, you also have certain obligations, and some of these are that you pay your membership fees promptly when due, that you do your best to uphold the motto of the Association - SERVICE and EFFICIENCY - that you also do your best to increase the membership of the Association and to promote any other matters which will be of benefit to the Association and First Aid Attendants as a whole.

A Membership Certificate will be issued to you shortly. This is a permanent certificate to which, every year, a seal showing each year's membership, will be affixed. Every member should have the certificate framed and displayed in his or her First Aid Room. Frames may be obtained from our office at a cost of \$1.25 each. If obtained by mail, 35¢ will be charged for packing and postage.

Trusting that we shall have your whole-hearted co-operation at all times, we are,

Sincerely yours,

THE INDUSTRIAL FIRST AID ATTENDANTS

Major D.M. MacKay, Indian Commissioner,
P.O. Box 70, VANCOUVER, B.C.

We are in receipt of your letter of Oct. 1st,
with reference to the Sunnyside School.

It is regretted that we overlooked the promise
made in our letter of June 21st to allow Miss Atkinson salary
for the months of July and August.

As a consequence of our oversight, we did not
notify the Treasury Branch to forward her cheque for these
two months. Under the circumstances we cannot understand the
statement made in Mr. Anfield's letter of Sept. 25th to the
effect that Miss Atkinson received her cheque for the month of
July. We have no record of sending her a cheque for that
month.

Please check with Mr. Anfield and advise us.
At that time you should state the address to which her
August cheque should be sent.

Ottawa, 2 October 1946.

Major D.M. MacKay, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

We have received your letter of September 17th enclosing forms completed by Mrs. Ethel Grace Kennedy, teacher of the Sunnyside Indian Day School.

In official letter of August 30th, you were advised that it was agreed to allow her \$105.00 a teaching month plus bonus. Owing to the consolidation of the bonus with the basic salary, she will be paid at the rate of \$131.00 a teaching month.

We are returning her Unemployment Insurance Book as teachers are not required to pay Unemployment Insurance.

Philip Phelan,
Chief, Training Division.

Dear Sirs:

I am teaching at the Indian Day School at Sunnyside and have been teaching here since the first teaching day in Sept.

Having never taught in Day schools before I filled in all papers sent to me concerning the school and sent them on to Dept. or agent as asked for.

Do teachers in Indian Day Schools sign and have a contract? I have no copy of any agreement to show that I am the teacher engaged for Sunnyside school. After hearing of a radio message sent out by the agent about this school being closed I wrote to him asking not to be sent to an isolated school during the winter months as I have never taught nor lived among

Prince Rupert, B. C.,
February 7, 1947.

Major D. M. MacKay,
Commissioner of Indian Affairs for B. C.,
Box 70,
Federal Building,
Vancouver, B. C.

Dear Major MacKay:

This afternoon I visited the Sunnyside Indian Day School with Mr. Indian Agent Anfield. The teacher at this school cannot be left in charge of the pupils there any longer. If she has not already had a mental breakdown she is on the verge of doing so. She made very wild statements about the fear she had of the Indians and referred to the tragedy that occurred at Port Essington several years ago and stated that she expected the same to happen to her. Apparently she will associate with neither the Indians or the white people at this point because, to quote her, "they are all against me". At several points during the conversation she broke down and cried. She asked how soon she could leave and when I told her that the Department usually expected at least a months notice she wept.

In the latter part of January I recieved a letter from Mrs. Kennedy that indicated that she was not happy at Sunnyside. In the light of what I have found at this school it shows signs of the beginning of this teacher's breakdown. This letter is in my files in the Vancouver office under her name.

All of this indicated that Mrs. Kennedy should be moved without delay and I have made arrangements with her and Mr. Anfield to have the Naskeena pick her up at Sunnyside on Monday, February 9th, and bring her to Prince Rupert. I had some difficulty in persuading Mrs. Kennedy that it would be safe for her to travel in this way as she said she was afraid she might be "kidnapped".

I recommend that Mrs. Kennedy's resignation be accepted as from the end of this month. She has promised to forward it to Mr. Indian Agent Anfield.

I hope that the Department will approve of my action in this matter.

Yours sincerely,

R. F. Davey

168-39-1

Extract from School Inspector R.F. Davey's Report
dated February 7th, 1947, re Sunnyside B.C.
Indian School.

168-39-1

The reading of the pupils of grades four and five consists of word calling and conveys no meaning to them. They are not able to answer simple questions on the content. Grades one and two repeat from memory the passages already learned and are unable to attempt new material of equal difficulty.

The grade four and five pupils scored so low on the Test in the Fundamentals of Arithmetic that it was impossible to determine their grade scores. All that can be said is that they are below grade three level. Grade two has some knowledge of the addition and subtraction facts up to ten.

There is no activity programme.

The language work of the pupils is poor.

Some instruction is given in singing.

The classroom is neat and the pupils are clean.

There seems to be no basis for grading the pupils and grades four and above are trying to do work too difficult for them.

RE: Sunnyside Indian Day School

Attached is an application from Mr. Gordon S. Copland for the position of teacher at the above-mentioned school.

It will be noted that Mr. Copland has no teacher's certificate but has been employed on a permit for a year in the Provincial Schools of Manitoba.

In view of the fact that we are having difficulty in securing teachers for our isolated schools, it is recommended that Mr. Copland be appointed to this school for the current academic year.

RE: Sunneyside Indian Day School,
Mr. Gordon S. Copland.

We have been notified by the above-mentioned teacher that he is unable to accept the position of teacher at the Sunneyside Indian Day School.

We will endeavour to find a replacement for Mr. Copland.

R. J. Davey
for W. S. Arneil,
Indian Commissioner for B.C.

EXTRACT FROM MAJOR DAVEY'S REPORT ON MISS MARGARET THOMAS
TEACHER AT THE SUNNYSIDE INDIAN DAY SCHOOL
May 11th, 1950

Original on 874-6

"Miss Thomas has good control in this class. She has ample work for her pupils but she should have her timetable revised. The reading of the Grade 2 group is above average, although the one boy present in this group is attempting material too difficult, for him. The standard of achievement in number work and arithmetic is satisfactory. Somewhat more attention should be given to the development of number concepts with the Grade I group. Miss Thomas informs me that she is making arrangements to enter Normal School this year. I am sure that she will be successful in this course and that she will become a very efficient teacher. Miss Thomas is an Indian, who wishes to return to our schools after completing her normal course. The school which secures her services, will be fortunate."

(Sgd.) R.F. Davey
Inspector of Schools.

EXTRACT FROM MR INDIAN SUPERINTENDENT ANFIELD'S
QUARTERLY REPORT ON THE SKEENA RIVER AGENCY
DATED OCTOBER 6, 1950

(original on 167/23-4)

"There are 12 Agency pupils in the Prince Rupert High School, most of them on Departmental assistance. One lad is in the Victoria Normal School and one taking a business course in Vancouver. A large number of native children are attending provincial elementary schools in Prince Rupert, Port Edward and Port Essington. The exact number will not be known for a few weeks yet as we find that some of them hesitate to acknowledge native status. The projected Provincial School at Sunnyside Cannery has not yet opened due to difficulty with Cannery officials about housing the teachers."

3
October 10, 1945.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL

The undersigned has the honour to report:

THAT there are thirty (30) Indian children of school age, living in the vicinity of Sunnyside, Skeena Indian Agency, Province of British Columbia, for whom educational facilities are required;

THAT funds are available in Vote 170, 1945-46, Indian Affairs Branch, Department of Mines and Resources, for the establishment of a day school.

The undersigned, therefore, recommends that a day school be established in the Skeena Indian Agency, Province of British Columbia, in accordance with the provisions of Section 9 (a) of the Indian Act, Chapter 98, 1927, to be known as "The Sunnyside Indian Day School".

Respectfully submitted,

Minister of Mines and Resources.

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa, Ont.

Re Voucher #1299 in the sum of \$32.50 payable to the Indian Agency Trust Account for casual wages. This sum was incurred when it was found necessary to employ a carpenter to complete the seasonal shcool at Sunnyside Cannery this summer. As this building belongs to the United Church, it is proposed to withhold rental of \$10.00 payable for this building for a space of three months to liquidate the cost of lining the building to make it suitable for school purposes.

This action will be taken on receipt of word from you authorizing same. Wall-board for this building had been piled up for over a year and it was impossible to get the work done without guaranteeing the payment of wages. The building is not ours: the work done is for the improvement of the structure and the cost should be a charge on the owner and deductable from rental.

Attached please find Voucher no. 185 repayable to the Indian Agency Trust Account, casual wage advance. This amount was incurred for urgent repairs to the Sunny-side Indian Day School which building we rent from the United Church of Canada for the sum of \$10.00 per month. Repairs to this school have now totalled \$38.50. The school has been occupied since October 23rd, 1947. No vouchers will be passed for rent until this sum of \$38.50 has been liquidated, it being considered that the repairs effected, which have included the placing of insulating board on the walls, are improvements to the structure.

June 22nd, 1948.

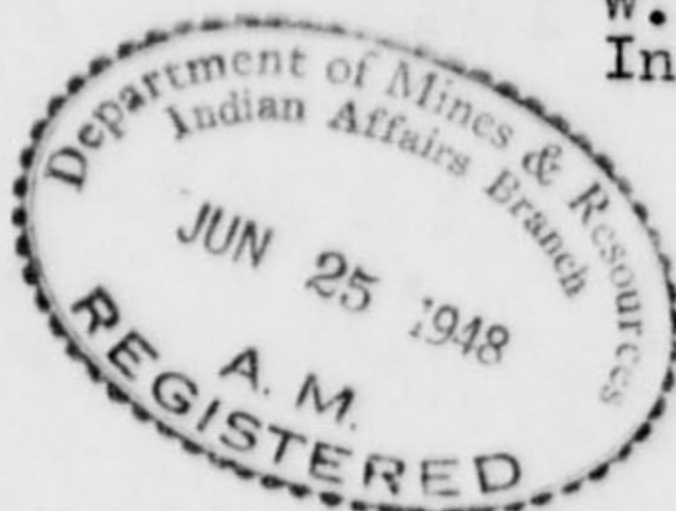

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

With reference to Superintendent Anfield's letter of June 17th attached, an amount of \$100 was entered in the 1948-49 Estimates for repairs and improvements to the Sunnyside Indian day school building. Although this building is the property of the United Church, the Department paying rental at the rate of \$10 a month, it is felt that as long as we have the use of the building at this nominal rent we should maintain it.

I would recommend that the Department approve an expenditure of approximately \$100 for material and labour and that an accountable advance of \$45 be forwarded to Mr. Anfield.

Re: Sunnyside Cannery Indian Day School.

Application is made for the immediate purchase of an oil burning space heater at a cost of \$125.00 f.o.b. Sunnyside Cannery. There is a heater available for immediate shipment at the Hudson's Bay Company, Port Simpson, who will arrange delivery forthwith. There is a real need for this purchase. The present coal heater is totally inadequate for heating this school, in addition to which it is badly warped and the entire top cracked. It recently collapsed completely and only for the presence of mind of the teacher and older boys, a serious fire might have occurred. There is an ample supply of stove oil available at the Cannery gas station.

Purchase is recommended and the Department's instructions will be appreciated.

EXTRACT FROM LETTER FROM W. M. HALLIDAY,
INDIAN AGENT, ALERT BAY, B. C., dated Jan. 29, 1930.

Original on 156-0-5.

[Handwritten signature]
2

Has any decision been arrived at yet regarding the old Girls' Home? There has been a good deal of discussion regarding this building, and personally I am of the opinion that if the Department intend establishing a tubercular sanitarium for the Indians, that this would make a good central station for it, being used as an administrative building, while the patients themselves could be put in small huts outside. As you are aware, there have been many recommendations made on this matter, and some of the most eminent specialists on tuberculosis have made extensive researches regarding this disease. If this place was set aside for incipient cases, more particularly for children, and a competent staff appointed to look after it, the children could be educated, as there are classrooms in this building itself, and I think there would be very little danger on account of its close proximity to the new building.

*Stone
says cannot
recommend this B.C.*

Suggests

1. Stone house to be finished
 2. Offer to Antle for certain specific purposes to be determined.

Ottawa, February 7, 1930.

Sir:

With further reference to your 270/23 of the 29th ultimo, I have to inform you that the Department cannot favourably consider using the old Girls' Home at the Alert Bay Indian Residential School as a sanitarium. Will you please discuss the future use of this building with the Principal of the School, with a view to determining whether it could be used as an adjunct to the institution, and let me have a further report. It has been suggested that the second floor of the building could be used as a store room and the ground floor for supplementary work shops or cadet room. A further suggestion has been that the whole building be used as a gymnasium. Is it so constructed that the outer walls alone could support the roof? Is any portion of the basement suitable for cold storage or other purposes? The proximity to the wharf suggests that at least some of the building could be used to advantage by the school authorities for storage purposes.

Your obedient servant,

A. F. MacKenzie

Sir:

I have your 329/23 of the 24th ultimo, with reference to the old Girls' Home at the Alert Bay Indian Residential School. The Department is pleased to have your recommendations concerning the uses to which this building could be put, and, when the need for additional classroom space is urgent, an effort will be made to secure an appropriation for the proposed alterations. In the meantime, you might take the first opportunity of discussing this with Mr. Commissioner Ditchburn and suggest that he write the Department, with his comments concerning your proposal.

Your obedient servant,

Your file 156-0-Special.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 7th instant in which you enclose for my information a copy of a letter addressed to Mr. Indian Agent Halliday, with regard to the use to which the old Girls' School at Alert Bay, might be put to and asking for my recommendation if I have any comments to make thereon.

In reply I beg to say for the time being it would be advisable to withhold any determination as to what use the old Girls' Home should be put to, but I certainly agree with you that it should not be used as a sanitarium. The management of the school has hardly become properly established in the new buildings to know just what they really want. However, when Dr. Scott and myself were at Alert Bay in the summer of 1928, the future use of this school was discussed to a very slight extent with Principal Anfield and it was thought that a part of the same might be utilized for the advanced pupils in technical work. In the meantime there is no reason why the building cannot be used for storing considerable of the materials and commodities used at the school, but I am inclined to the opinion that it is too removed from the kitchen to be used as a cold storage plant.

WED/KD.

OFFICE OF
INDIAN AGENT

Alert Bay, B. C.
February 24, 1930

Your file 156/0/Special
Our file 329/23

With further reference to past correspondence, more particularly to your letter of February 7, I would advise you that I have gone thoroughly into the matter of the old Girls' Home at Alert Bay with the Principal of the Residential School.

In the building of this new institution it would seem that there is not sufficient classroom space if the building is filled to capacity. It has been the custom in most of the Residential Schools only to have the children in school for half time; in other words, half of them go in the morning and the other half in the afternoon. Personally, I have always felt that this is more or less an injustice to the Indians, as white children are at school for from five to six hours a day, and they seem to stand it alright and to get along alright, whereas in most of the Residential Schools from two to three hours is the maximum. In the classrooms provided in the new building, they can put one hundred pupils at a time, whereas the capacity of the school is from two hundred to two hundred and forty. It has always been the endeavor of the officials of the Residential School here to keep up the academic end and in order to do this to full capacity, more classrooms will have to be provided.

In looking over the plans of the old building, it would seem that it would not be a matter of very great expense to provide four good classrooms, or if it was felt that some of the other rooms should be kept intact, three good classrooms and four bedrooms on the top floor. If you will look at the plan which was drawn by Mr. Ogilvie, on Page 3 you will see on the ground floor that there is a hallway going through the building from the front door to the back stairs, and also another corridor going through from end to end of the building. Partitions on each side of this latter corridor carry the upper floor, and I would suggest that "I" beams of sufficient strength be used and

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 1)

PUBLIC ARCHIVES

CANADA

ARCHIVES PUBLIQUES

POOR-COPY

these partitions removed. This would convert into one classroom what is now marked the dining room, part of the corridor, the staff sitting-room, and the Principal's office, and would make a classroom with inside dimensions of 23' x 46'. The other classroom downstairs could be made by tearing out the staircase in the corridor, and would make a classroom 46' x 24'6", giving two splendid classrooms downstairs. The verandah on the north-west end should be torn away entirely in order to give plenty of light.

In the upstairs, the room which is marked "dormitory" could be utilized without any changes other than taking away the sleeping verandah in order to give it more light. The other rooms upstairs might be left as they are, or might be used as a fourth classroom by including the private bathroom, infirmary, two chambers and the assistant matron's chamber. The lavatory which is in at present would have to be renovated, and new toilet basins put in, as the others have not worked satisfactorily for a number of years, and a new lavatory could be provided in what is now the kitchen so that the plumbing would all be in line; one of these lavatories to be used by the boys, the other for the girls. The floors on the downstairs part of the building would all have to be renewed, as they are badly worn, and possibly new radiators might need to be provided for the heating plant, as for the last two years it was very unsatisfactory, but possibly by overhauling them and making a few changes they could be made to serve. The basement, which has concrete walls all round, and which, since the new drainage system was put in, remains dry, could be used for storing and as a root-house. The potatoes belonging to the institution have been stored there this year, and came through the exceptionally severe winter without any loss.

If, by any chance, you have not a copy of the plan referred to, I would be glad to let you have the one in my possession. The whole expense should not be very great, and it would make a good use of the building which is now lying idle. I would recommend, however, that if the work is done, that a good competent foreman be obtained and the work done by day labor; I think the expense would be much less than by letting a contract; all of which is respectfully submitted for your consideration.

Your obedient servant,

Wm Halliday

55966

Kwaukweth Agency

Alert Bay 8th Feby 1889.

Sir, I have the honor to forward for your consideration a scheme for the benefit of the Indians under my charge in this Agency.

As I have before mentioned the area of good land in the Reserves is much too small to permit them to engage in agricultural pursuits, with the exception of the We-wai-ai Kai tribe at Cape Mudge. Consequently during the summer months they go south to earn money in whatever way they can, to the great detriment of both men and women, especially the latter so much so, that in a few years, if things go on as at present, there will be few women left among them.

Now these Indians show a good capacity for mechanical work and any scheme that would induce them to remain at home would be a step in the right direction. I would suggest first, that the Department reserve all the land at Alert Bay which lies between the Church Missionary Society's claim and the

I. W. Powell Esq
Ind. Supt.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

point already reserved by the Provincial Government. This piece of land is admirably adapted for the purpose, large enough for the settlement of all Indians likely to come there. Here they would be willing to leave their present mode of life, could live secure from molestation from the others would gradually get accustomed to a civilized way of living, and would be more under control.

2.

As soon as the land is secured as an Indian Reserve I would propose that a large building be erected, in which the different trades of Carpenter, Blacksmith, Boatbuilder and Shoemaker should be taught. The two trades of Carpenter and Blacksmith would not need resident instructors, as they could be obtained in the place and could be paid only when their services were required. The Shoemaker and boatbuilder would have to be permanently settled here for a time. The building would require to be about 60 ft x 40 ft, 20 ft high, an estimate of the cost of which, provided with tools I enclose. Next I would suggest the proposal of the Department acquiring the Saw Mill now erected and adjoining the land I propose to be Reserved. This would in the end save the Department expense, as the mill properly managed would soon pay for itself and be a source of employment to those settling.

3.

Who would manage the mill?

the new Village. The Department
already an interest in the mill, and
have ascertained from the Church
Missionary Society's representative
that in the event of the Department
on being reimbursed for the actual
outlay the amount of which I also
state in my estimate of the sum need-
ed for the purpose. Next I would sug-
gest the advisability of rendering some
assistance to those wishing to build
decent houses, these would form a
nucleus around which others from
all the tribes would quickly gather.
Then, and not till then can anything
in the shape of instruction be success-
ful amongst them. Their mode of life
at present is too nomadic to hope to
do anything.

A home for girls is also
another thing that would be event-
ually required and which would an-
swer a twofold purpose both for instri-
on in household duties and also
general instruction.

A small
pit^{medical}al and resident man are
greatly needed. The distance from
Victoria, nearly 240 miles, with no
very regular communication, pre-
cludes the obtaining any medical
assistance. There have been two or
cases, only during the last ten days
and great numbers are in need
of medical treatment.

portion of the
leased after two
months notification
to the lessee. Mr J.R.
was subsequently requested
to apply to the Com.
of Lds & Works to have
the portion of Cormorant
Island lying to the west
of Rev. A.J. Hall's claim,
Sec 4, Rupert's District,
containing approximately
400 acres, resumed, &
to inform the Chf. Com.
of the object for wh.
this Dept. desired to use
the land in question.
The Ind Res Com. recently
reported that he had
followed the instructions
given him in this
matter & that it had
resumed in the lease
of the land referred to
being notified by the Chf.
Com. of Lds & Works that

Indian Affairs. (RC 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

CANADA

ARCHIVES PUBLIQUES

POOR-COPY

after two months
possession of the land
~~and~~ be resumed by the
Prov. Govt. The Ind. Res.
Com. has now been
requested to apply after
the expiration of ^{the} two
months notification
to the Chf. Com. of Lds. &
Wks. to have the
land declared an
Ind. Res. & thereby
place it under the
control of the Dept.
with a view to its
being used for the
purposes proposed.

In connection
with the foregoing
I beg to inform
you that, while it
appears decidedly
advisable to try the
experiment by industrial
training of improving
the condition of the

Kwawkweltl Indians,
It, as the scheme
is found a tentative
one & may not at
all unlikely prove
a failure considering
the character of the
Indians with whom
the project is to be
attempted, the Govt
does not propose
in the first instance
to expend more
money in the
promotion of the ~~scheme~~
same. It is thought
that with a sum not
to exceed \$1500, or
at most \$2000, a
start in the direction
desired might be made.
The above sum shd.
include cost of building,
the employment of such
mechanics as may be
necessary, & the provision

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

of the required plant;
I have to request
that you will concert
such measures with
Mr. A. J. Piddock
as will keep the
expenditure within the
above limit.

The question of
the purchase of the
Saw Mill & will
be one for future
consideration, as well
as the proposed establishment
of an hospital &
residence for permanent
instructors in
industries.

It is observed
that in Mr. A. J. Piddock's
estimate of cost,
wh. accompanied yr.
letter first above
quoted, he places
the cost of the building
at \$1400, but the

Size is probably
much more than
will be necessary
for ^{such} a building that as
shd. ^{be} erected in
connection with ~~the~~ a
project of this kind,
wh. may or may
not prove successful,
~~and~~ ^{a building} ed. likely therefore
be erected at a much
less cost that wd.
answer all present
purposes.

Albion
British Columbia
January 23rd 1890.

Rebun
To the
Deputy Superintendent General
of Indian Affairs.

Sir. I was much interested in a pamphlet
you once submitted to me relative to the
Education of our Indian children, and
was delighted to know that the Department
contemplated doing more for our young
people than they had previously.

My ten years experience on this coast
enables me to say I have seen most bene-
ficial results from the training of children
taken from their camp life and placed
under discipline.

I have recently returned from a
visit to Metlakatla where the Department
has a boarding school, filled with pupils
of whom were brought by their parents
from distant tribes, and
are therefore thankful for the proper
Education.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

Alert Bay is 260 miles from Metlakatla: it is the center of nine villages, the farthest only thirty miles away, containing about 1500 Indians; and it is admitted by all to be the best site in this district for an Indian school.

At this place, and at no other, there is a Post office, and therefore the steamships call. Here we have also the Indian Agent's house, mission house and church.

I would therefore most respectfully & earnestly beg you to do all in your power to obtain a grant of money for the purpose of building and maintaining a girls school at Alert Bay similar to that so successfully carried on at Metlakatla for boys.

In five years we had Indian girls in our school several of whom are now mothers & an ornament to our mission. But the parents found my action was really marring their daughters and lessen their gain so could no longer make them to send their daughters to school.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

But there are orphan girls, whom
venture to suggest should become wards of
the Department and placed in this girl
boarding school, and doubtless others
would follow. Nothing that the
Department could do would confer so
great a blessing on these people as the
successful working of such an institution.
It would do more than anything else to
break up the system of potlatching, as
this must be destroyed before any real
progress can be made amongst this
people.

Probably you are aware of the fact
that it is impossible for a young man to
legally marry. The pair live together
according to Indian law, after the
has given a "Potlatch" to the girl's
the parents or relatives claiming
to recall their daughter whenever they
choose, until the husband gives them
"Potlatch." Not unfrequently
this "Potlatch" is forthcoming to be
another man, or sent to the

Alert Bay
B.C.

THIS LETTER HAS BEEN SENT

~~Aug~~ 30th 1894
Rev Sir,

I have the honour to
acknowledge the receipt of
your letter of the 18th inst asking
for a grant for ^{the maintenance & tuition of} 10 female pupils
at the Alert Bay Industrial
School proposed home for
girls at Alert Bay and in reply
to say that the Department
regrets that its efforts to secure
additional grants towards
schools in B.C. were unsuccessful
this year. The feeling is that
Indian Education is already
costing too much & the Dept
finds it extremely difficult
to provide means to meet
the cost of schools now in
operation & so therefore cannot
make any provision for the
pupils asked for in your letter above
referred to

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

Alert Bay
British Columbia
June 18th 1894
Superintendent of Indian Affairs
19/4/94
I will forward this
to you kindly when it is
done

It is three years since I
addressed you with reference to the
necessity of providing a home for
Indian girls at this place.

You were then kind enough to
make certain proposals which, owing
to my approaching visit to England,
I was then unable to accept.

I am now returning to Alert
Bay, and have journeying with
me a Miss Dowley who has
volunteered to act as matron of
this proposed home for girls. This
lady is forty years of age and I
consider her eminently capable
of ~~filling~~ filling this position.

I cannot too strongly press upon
the Indian Department the urgency
there is for such an industrial
home for girls at Alert Bay

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

2

and as I have positively no
funds in prospect I beg you
to make an allowance for each
girl's maintenance and clothing,
of not less than \$7⁰⁰ per annum.
I do not propose accepting more
than ten pupils for the first year
but hope in the near future to have
25 or 30 under training. At
present our buildings will
accommodate ten children
and I now express the hope that
when it is necessary to provide
for others your Department
will be willing to make a grant
of money toward the cost
of enlargement.

I have the honour
to be
your obedient servant
Alfred D. Hall

116947 L
Extract - Original on 116947 ^{Vol 18}

Ottawa, 14th March, 1893

+ + + +
In the manuscript Main Estimates for 1893-94, sent from this Department to the Treasury Board, \$60,790.00 were included for the several Industrial Schools in British Columbia. The Treasury Board, however, reduced this amount to \$29,890.00, so that the proposition to make change in regard to the additional number of pupils to be added to the Institutions and the per capita principle proposed to be adopted, was rendered impracticable.

In the first mentioned item 30 pupils were estimated for at Alert Bay School, making a total at \$130 per cap. of \$3900.00; and, for furnishing the Institution, an item of \$2000.00 was included, - total for the Institution, \$5900.00. But, owing to the reduction made by the Treasury Board,

Enc

Sir,

I have the honor to acknowledge the receipt of your letter of 20th instant No. 55-966 in connection with the Alert Bay Industrial School, and calling my attention to official letters of 23rd May, and 2nd June, last. In connection with these letters I may state that as regards the first one, ^{the Rev. Mr.} Mr. Hall, the Church of England missionary in charge, was at once notified of the contents of same, and touching the last one the instructions have been carried out and the Department duly notified. A considerable delay in the opening of the School has been caused by the absence of the Rev. Mr. Hall in England, and it was only yesterday that I had one of many interviews with

with His Lordship. Bishop
Perrin, in whose diocese
the school is situated, in
reference to the appointing
of a Principal and necessary
staff by the Church of
England Missionary Society
so that the school might
be opened.

The furniture
has already been pur-
chased, tenders having
been called for the supply
of same in usual way.

In reference to the number
of pupils likely to be
available for the first
half year or so I am of
opinion that they will
not exceed twenty five -

I have the honour to be

ADDRESS REPLY TO THE
DEPUTY SPT GENERAL OF INDIAN AFFAIRS
OTTAWA.

Ottawa, 23rd May, 1893.

W. P. P.
Sir:-

I beg to acknowledge the receipt of your letter of the 12th instant, enclosing a letter from the Indian Agent at Alert Bay reporting that the Industrial School at that place would be ready for occupation in about three weeks from the date of his letter, which would make it, you state, about the 1st proximo.

AS
In reply I have to request that you will communicate with Rev. Mr. Hall, the representative of the Church of England at the Alert Bay, under ^{the} auspices of which Church this institution is to be conducted, with regard to the appointment of a Principal for the same, as well as of ^{the} other teachers and an instructor in industry, and other employees. You should inform Mr. Hall of the ~~fact~~ ^{fact} that this institution is to be conducted upon the per capita principle, the number of pupils being limited to 35 and the per capita grant to \$130 per annum, the total amount ~~the maximum sum~~ provided, supposing the maximum number of pupils to be attained, being \$4,550; and that the Church of England authorities are expected, for the amount that may be paid them according to attendance, not to exceed the maximum amount, to clothe, instruct and feed the pupils, as well as to bear all other expenses in connection with the management of the institution.

Your obedient servant

A.W. Vowell, Esq.,

Memo.

The reduction of the Estimate for Industrial Schools. R.C. from 60,490.00. to 29,890.00 will render it impossible to carry out the proposed changes in the institution. It will affect the Alert Bay School seriously. In the 60,490.00 Estimate there were two items for this school

30 pupils @ 130.00	3900.00
Furnishing	2000.00
	5900.00

This amt has been reduced to 2700.00. It was the sum voted for the current year. It will be quite impossible to carry on the school with this money. The Dep. has already authorized the furnishing of the school (see my memo of 30/1/93). As under the circumstances it will be impossible to engage teachers and carry on the school would it not be possible place it on the per capita principle and pay 130.00 for each of 20 pupils per annum?

To the Deputy
Minister

W. Scott.

Sir,

In reference to your letter of the 27th of July last no. 55966, and to the Special Notice dated 8th of Nov^r 1892 received in connection with the same I have the honor to report that I proceeded to Alert Bay on the last trip of the Steamer Dumble which left Victoria on Thursday the 29th ultimo for the purpose of inspecting and taking over the Indian Industrial School lately erected at that place. On the 31st ultimo the Steamer touched at Alert Bay where it was found that the Indian Agent Mr. Piddock was confined to his bed with an attack of la grippe, and I proceeded North on the Steamer to see Mr. Todd and to learn how the Indians were at the different points along the route.

POOR-COPY

In due course I saw Mr Todd and visited Port Simpson and was glad to learn that everything was quiet amongst the natives and that they were getting on well and free from any sickness of a serious nature or suffering amongst them.

On the 7th instant I again visited Alert Bay where I found Mr. Piddock able to attend to business and together we went over the building which to all intents and purposes is now finished, there being only the lining of the play room, and some very slight work, yet to be done.

I consider that the work done upon it is most creditable, and that the building will compare favorably with any structure erected for a like purpose in the Province. and it only now requires to have it furnished and to have the necessary staff appointed to place it in a condition fit for immediate operation - It will take some little time to

to make out the necessary
requisition for the required
furniture, especially as
there are so many other
things on hand. When it is
completed it will be duly
forwarded for approval by
the Department.

Answer

March 15 92

Sir,

I have to acknowledge the receipt of your letter of the 25th ultimo, enclosing a copy of a letter from the Rev A. J. Hall of Alert Bay, applying for a grant of \$750. for the purpose of placing a fence around the school

(The school conducted under the auspices of the Ch. of England)
grounds at that place.

I would remind you that the Gov. contributes annually the sum of \$300. towards

the salary of the teacher of the school. *(being as much as is given to any day school in the Province)* It does not feel that it should be asked to contribute this additional amount to the Alert Bay school.

The Dept has no definite information as to whether or not the school is situated on the Indian house

in view, or anything beneficial
to the Indians at all commensurate
with the outlay -

From experience it has been learned
that day schools are not a
success with the Indians, as
the attendance is most irregular,
which is a great drawback
to the advancement of the children
in the acquirement of knowledge.
These long absences from school
having a tendency to make them
forget what they had previously
been taught.

Industrial, or Boarding
Schools, so far, seem to work
very well, as the children are
contented and the parents
knowing they are well cared
for are not at all uneasy
about them when absent
upon their fishing or hunting
expeditions.

In the matter of
trades it is necessary, to end
to any good result, that the
pupils should be regular in
their attendance and that they
should step by step, so to speak,
arrive at that knowledge which
would qualify them for the
carrying on successfully of such
trades as they might be fitted
for.

for - In talking over the matter with the Revd Mr Hall, Missionary of the English Church, residing at Alert Bay, he seemed to concur with me as to the views I have already stated; and the Indian Agent, Mr Pidcock, after mature consideration and a closer observation has come to the same conclusion -

herewith enclose a copy of Mr Pidcock's report on the subject which meets with my approval. I have the honor to be

Sir

Alert Bay 22nd. July 1891.

Sir,

I have the honor to acknowledge your letter 70 Z of the 14th. July together with a copy of letter from the Deputy Supt. General in regard to the erection of Workshops &c at Alert Bay Cormorant Island, and requesting me to report on the same.

I believe no plan of the proposed building has yet been accepted by the Department and therefore before this is definitely settled no idea can be given of the price of construction. I believe the best way, in a place so far from Victoria as Alert Bay is, is to erect the buildings by day work, appointing one of carpenters, if a competent man, as foreman.

In my letter of Dec. 4th. 1890, I gave my reasons for suggesting an alteration in the scheme and also in the character of the buildings, and went fully into the reason why a change in the scheme would be of so much more advantage to the Indians of this locality. I will

(2)

again briefly state why the plan as originally proposed would not be of much benefit.

In the first place before any trade can be successfully learnt, a certain amount of knowledge must first be obtained by the pupil, especially in carpentry and blacksmith work, and until such knowledge has been imparted, very little progress will be made, and it is not to be supposed that trade instructors will teach anything except in their own particular line of business.

2nd. As the young men who would be likely to attend would be of an age when it is difficult to control them, their attendance would be very irregular, and at times, as during this last winter when all were away for four months at one time, there would be absolutely no occupation for the instructors.

3rd. The school as proposed would only be used by the one tribe, the Nimkeesh, as no one who knows the character of these Indians would suppose that any of the parents would leave their own village to reside at Alert Bay for the benefit of their children.

As the Deputy Supt. General says in his letter of 7 Dec'r 1889 " as the scheme is purely a tentative one, and may not at all unlikely prove a failure" it seems to me, that after
mature

mature consideration, the present scheme is not likely to be attended with success, it would be much better to defer the building of Workshops and dwelling houses for Instructors, until such time as some scheme that would be of real benefit to these Indians could be settled upon.

I know of nothing more likely to be of real benefit to the Indians of this Agency than an Industrial School after the plan of other Industrial Schools erected in the Province, where the youth of both sexes might be taken permanently away from the influence of their present mode of life, and I feel sure that as many pupils could be obtained as the School could accommodate.

I have the honor to be

Sir,

Your obedient Servant

Rev. Alfred J. Hall
Alert Bay

B.C.

Rev Sir-

Adverting to yr.
letter of the 23rd Jan'y
1890 wh. refers inter alia
to the desirability of
industrial training & education
in literary subjects being
afforded to Indian girls
by the establishment of an
institution ^{for the purpose} at Alert Bay,
I beg to inform you that,
as ~~stated~~ ^{promised} in my letter to you
of the 18th Feby 1890 upon
this subject, I brought the
matter under the attention
of the S.S. of G.A., & I am
directed by him to say
that, provided ~~to~~ you
will undertake to lodge,
feed, clothe & educate a
certain number of female

*Mr. Hall will
submit the management
of the culture house to
you & can provide
accommodation for
the girls & will
arrange it as
suggested*

65201

Ottawa, 23rd Mar. 1891

Dear Mr. Newdell,

With reference to your
note, on my report of the 20th instant,
respecting the Rev. Alfred J. Hall's
application that a Boarding School
for Indian girls be established
at Alert Bay, that it appears to
you that it would be of no use
to vote a sum for pupils until
we had an institution, and you
enquire whether there is provision
for this in the estimates, I beg to

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

to inform you that no provision
for the erection of a building for
an Industrial Institution for girls
at Alert Bay has been made in
the estimates; but it occurred to
me that we might offer Mr. Hall
a per capita allowance of \$70⁰⁰
for a certain number of pupils,
he to provide lodging, board,
clothing and tuition. This would
be similar to the arrangement
made with the Presbyterian
authorities at Crowstand, Round
Lake and, formerly, ^{at} Muscowpetung's
Boarding Schools. Mr. Hall is the

the representative of the Church of England at Alert Bay, and I know he has for a number of years been conducting the training of Indian girls at that place without any assistance from the Department. It might be better perhaps to erect a building for an institution thereat, but the expense would of course be much greater than were Mr. Hall to undertake, for the per capita allowance stated, to do the work.

Yours Sincerely,

Hon. E. Dewdney
Supt General of Indian Affairs.

Memorandum —

The undersigned begs to report that in the early part of last year the Rev. Alfred J. Hall wrote to the Dep't suggesting that a boarding school for Indian girls be established at Alert Bay in the Kwana Kweth Agency. He states that great success had attended his efforts in the education of Indian girls, which he had been able to accomplish to a limited extent by taking a few of them to live at his residence, and that the efforts put forth by him and his estimable wife in this direction had resulted in some of these girls

It appears to me it would be well to have a boarding school for Indian girls at Alert Bay in the Kwana Kweth Agency. He states that great success had attended his efforts in the education of Indian girls, which he had been able to accomplish to a limited extent by taking a few of them to live at his residence, and that the efforts put forth by him and his estimable wife in this direction had resulted in some of these girls

To the

Hon^{ble} E. Dewdney
Supt Genl of Ind Affairs.

forming matrimonial alliances in a legal manner, instead of following the old custom prevalent among their tribe, of living with Indians who purchase them from their parents.

The undersigned begs to report that there are twelve Indian villages in the vicinity of Alert Bay, from which children of school age could probably be obtained, were an industrial school established at Alert Bay. The number of children of school age in these villages amounts to 176; and the only schools in operation in the locality are a day school at Alert Bay, whereat there is an attendance of 13 pupils, and a similar institution conducted for the benefit of the children of the villages of Kuawkeweth and Kwe-ah-kah. The latter has an attendance of 9 pupils. It is of course impossible for the children of the more distant

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR COPY

villages to attend either of these schools; but, were a boarding school established, no doubt the difficulty of distance from the institution would be overcome by the fact that the children could be lodged as well as educated thereat.

The Supt General will remember that the Dept is already taking measures towards the foundation of an industrial establishment in the vicinity of Alert Bay, in which instruction in trades will be given to the young men of the vicinity, and the undersigned has recently been informed by the Indian Reserve Commissioner that the Hon. the Chief Commissioner of Lands and Works for British Columbia has approved of the land reserved for the above purpose on Cormorant Island, and the ^{undersigned} has instructed the visiting Indian Supt at Victoria to carry out the previous instructions sent him in regard to the

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

POOR COPY

preparation and transmission to the Dept of Plans & specifications for the building to be erected thereat. This institution, as stated above, will be wholly for the benefit of male members of the Band, and it will not of course be of any service to the female Indians. The institution which Mr Hall recommends should be established ^{would be} solely in the interest of the latter class.

The undersigned is of opinion that an allowance of \$70 per capita might be offered to Mr Hall for the board, education and industrial training - say of 30 female pupils; and, if this recommendation is approved of, the undersigned would suggest that an amount to cover the cost, viz., \$2100, be included in the supplementary estimates for the year 1891-92 to be submitted to Parliament at its next session.

Wm. Ross
 Dy Supt Genl of Ind. Affrs.

MEMORANDUM.

To *Deputy Minister*

188. X. Indian Office,
Victoria, Nov. 4th. 1890.

Sir,

Adverting to our conversation last summer in connection with the proposed establishment at Alert Bay of an Industrial School for the benefit of the Indians in your Agency I have to inform you that in the Estimates for 1890- the sum of \$2000.00 was voted towards the provision of a building, and of the requisite pay for giving instructions to the Indians in medical pursuits, in addition, and in compliance with my request, there has been provided in Supplementary Estimates salaries as follows.

Carpenter and Boat builder	900.00
Blacksmith	900.00
Shoemaker	900.00
Total \$	<u>2700.00</u>

R. H. Pidcock Esq.
Indian Agent.

Thus leaving available for the Establishment referred to the sum of \$4700.00.

It is desirable to have the commencement of the building and the inauguration of the institution at as early a date as possible.

Before any building is erected a plan and specifications should be submitted to the Department through this Office, which I have to request you will do as early as possible.

Your proposition I think was to have one large building wherein instruction will be given in the different trades to the Indian youths attending. On consideration however it might be better to have several lesser workshops constructed, viz. one for each of the Trade Instructors and their pupils.

Of course no steps can be taken until the reserve upon which the site for the school is selected is finally determined upon and laid off, so a dispute may hereafter arise in reference thereto. Awaiting information on these different points.

I have the honor to be

Sir,

Your Ob'dt. Servant,

WRITTEN

Sir,

Referring to your letter of the
7th March last and previous cor-
respondence, in respect to the pro-
posed establishment at Alert Bay in the
West Coast Agency of B.C. of an
Industrial Institution in the int.
of the Indians of that Agency, I
beg to inform you that in the esti-
mates for 1890-91 the sum of \$2,000.00
was voted towards the provision
of a building and of the requisite
plant for giving instruction to
the Indians in Mechanical pur-
suits; and you will find in the
Supplementary Estimates for the
current year that the following
Salaries were included:—
For Carpenter & Boat Builder \$900.00

I have the honor to acknowledge
the receipt of your letter of the 27th
ultimo in reference to expenditure in
connection with the proposed Industrial
Institution at Alert Bay.

In your letter
to Mr Moffatt of the 7th of December
last the sum of \$1500. or at most \$2000.
is mentioned as likely to be enough
to establish the Institution & maintain
it sufficiently long to give the experiment
a fair trial, etc.

Before Mr agent Pidcock
letter was forwarded I went into the
matter thoroughly and I cannot see how
the Institution can be started at less
expense than that proposed by him.

From
what I can learn and for many reasons
I do not think that it would be giving
the Institution a fair trial were the re-
quired mechanics not engaged for the
entire year.

There is ample employment
for skilled labor at Victoria and other
neighbouring

J. Vanthoukhinet, Esq^r
Deputy Dep. General of
Indian Affairs
Ottawa

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

85997

neighbouring towns the wages paid
for such labor being unusually high with
no apparent prospect of abatement.

Under
these circumstances mechanics cannot
be induced to deprive themselves of the
many advantages existing in a city or
town and isolate themselves in some
remote locality, like Alert Bay, unless
some compensating inducement were offered.
and I have every reason to believe that none
of the men required would accept
employment at Alert Bay, at anything
like reasonable wages, for a longer term
than twelve months.

From what I know
of the nature and proclivities of the
Indians at Alert Bay I'm afraid
that the result of the experiment
proposed will be anything but
satisfactory and that it will end
most likely in the total loss of the
amount so expended.

Victoria 10th Feby 1890

Sir

I have the honor to acknowledge the receipt of your letter requesting me to furnish you with the approximate cost of a building and tools sufficient to start the proposed Industrial School at Alert Bay. After going carefully over the different items of expenditure, I find that with the utmost economy the grant of two thousand dollars is not sufficient to start the project with any chance of success.

I enclose a copy of the proposed expenditure in detail and you will see that after the erection of a comparatively small building with necessary supply of tools, there is only the sum of about \$800⁰⁰ left for the payment of wages to the instructors, which at \$75⁰⁰ per month each would be \$225⁰⁰ per month or about enough for three months which would be of little use, as ~~the~~

The Right Honourable

1196

The Sup^t General of Indian Affairs
Ottawa

Sir Although my application
for assistance to support the
Indian girl home at Alert
Bay has, to my surprise,
been refused, necessity - and
the urgency of the case
compel me again to address you.
As I told you in the letter I
wrote last June in your Office,
I was opposed by Mr Vancouver.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

in 1891 liberal support toward
a girls home. I could not then
accept this offer, preparing at
the time to take my furlough
to England.

I arrived here from England
last July accompanied by a
lady who had volunteered to
act as matron to this proposed
home. It was opened July 16
and to day there are ten
Indian girls looking for
support. This home will
only accommodate ten
pupils, but it is purposed to
enlarge so that thirty may
be housed if funds are
forthcoming.

Indian Affairs. (RC 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

The facts I would now emphasise
are these:—

1. The great necessity of such a
home - if you save the girls you
save the boys; but the opposite
is not true. 119631
2. The promise given by your
Department in 1891 of help,
and in full expectancy of
which I brought out this matron
and opened the home.
3. I have applied to the Church
Misses' Society for a grant of
£40 per annum - this is not
yet granted, and if it is will
not commence till January
1895. I have positively
nothing in hand, or even
promised for the support
of these children.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COP

Under these circumstances,
bearing in mind that these
girls are already in the home
I beg you to make a tentative
grant of two hundred fifty
dollars (\$250⁰⁰) for this winter's
Emergency and pray that
next year you may be able
to do for us what you so
generously do for similar
schools in the Dominion

I have the honour
to be

Your obedient servant
Alfred D. Hall

With file 65,201

Ottawa, 17th Oct., 1894

Dear Mr. Daly, =

I send herewith file

65,201 with a letter from the Rev. Alfred J. Hall, Alert Bay. Mr. Hall is known to us as a very deserving Missionary: he has done excellent work at Alert Bay. He called here in June on his way from England and saw me personally, when Mr. Reed was away from the city. I talked the matter over with Mr. Reed, and he concluded not to present ^{you} the question of making the school a grant ~~to you~~, as everything had been so cut down in the British Columbia estimates. He certainly makes a very moderate request in his letter, which I am sure we could comply with, as we have several day schools provided in the estimates which are not in operation, so that, so far as this grant goes we could easily

Yes give the \$250. as requested with provision amount for 19.10.94

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

meet his wishes. But the great question comes in of future assistance, and this I would submit for your consideration. Mr. Hall's letter of the 18th June will show the position he takes. I would feel inclined to give him the present assistance that he wants, with the distinct understanding that the Department does not ^{pledge} ~~subject~~ itself to increase the grant. At the same time, I would like to put an item in the Estimates for, say, 10 pupils at \$60.00.

Yours very truly,

Hon. T. Mayne Daly,

Superintendent General

of Indian Affairs.

Express report - too
difficult to obtain
the number of
children - we want
to know the number
of children in
the home.

125369

Alert Bay

March 11th 1895

We have two little girls in our
"Girls Home" that I wish you would
make wards of the Indian Department.
One is a half-Breed Lizzie of 9 years
an orphan who was brought to us
by her Grandmother.

The other Mona an Indian of
seven years who has not even an
Uncle or Aunt. Your predecessor
Dr. Powell once made a girl with
us a ward of the Dept. and we were
able to keep her till she married,
she is now the mother of four children.

I desire the Dept to shelter these
girls in a similar manner, for you
will know that when they are older
and need greater protection they will
be in great demand by pseudo
relatives.

I have the honor to be
Sir

Your Obedient Servant

Sir,

I have to acknowledge the receipt of your ^{report} ~~letter~~ of the 7th instant on the Alert Bay Industrial School, and in reply I beg to say that the Bishop of the Diocese is being written to in regard to the unsatisfactory conditions at this school at the time of your visit.

With reference to your suggestion that the horse and stump puller at present being used for the clearing of the site for the Girls' Home be taken advantage of for the purpose of clearing a few acres of land adjacent to the industrial school for garden purposes I beg to say that when this purchase was authorized it was on the understanding that the Department would be put to no further expense for the clearing of the land either in connection with the Boys' School or for the site of the Girls' School. It is presumed that when the site for the Girls' school is cleared the land for garden purposes will then be attended to.

Ottawa, November 25, 1910.

Right Reverend Sir,

I have the honour to call Your Lordship's attention to the unsatisfactory condition of the Alert Bay Industrial School on the occasion of the visit of two of the officers of this Department.

They report that at the time of their inspection both the Principal and his assistant were absent attending a meeting of the Synod and that the school was in charge of Mrs. Corker, the Principal's wife and that the pupils were apparently taking advantage of the Principal's absence, as the lack of discipline was very pronounced. The school did not bear the clean and well kept appearance that should prevail in an institution of this class.

The Department regrets the necessity for referring to this report, but, in view of the fact that tenders have been called for the erection of an expensive building for the Girls' Home at Alert Bay, the Department wishes to have Your Lordship's assurance that Mr. Corker while Principal of this school will not absent himself without leave, as was done in this case, and that should leave be granted him at any time he will make adequate provision for the proper carrying on of the school during his absence. Without such assurance the Department will not feel justified in proceeding with the erection of the new building or continuing the grant

October 22nd 1910.

J.D. McLean Esq.

Secretary Department of Indian Affairs.

Ottawa.

Sir:-

I have the honor to enclose my report on the Alert Bay Industrial School for the month of October, which it will be noticed is not altogether a favorable one.

I have always regarded this and similar institutions as the only means of lifting the Indians of this Agency to the higher level which should prevail. As a consequence I have spared no effort at any and all times to do everything in my power to make it a success. Mr Ditchburn, Inspector of Indian Agencies, has been inspecting this office and affairs pertaining to this agency and accompanied me to the Industrial School, and I regret to state there was nothing to justify the praise which I had bestowed on the institution.

One very regrettable fact was the absence of both the Principal and assistant teachers of the institution, who were away entirely without consent from the Department.

The Principal casually in conversation on the evening of 15th instant mentioned that he was going to Victoria to attend the meeting of the clerical synod, and that George Luther his assistant had already gone. He was asked if the school was to be allowed to run itself but replied that Mrs Carker would be in charge. I informed him that I could not consider that this arrangement would be at all satisfactory to the Department, and advised that either he or his assistant should remain at home, and that as the Department built

POOR COPY

and equipped the school, and provided the necessary funds for its maintenance, that, to put the matter very mildly, it was only a matter of courtesy that before vacating his post for a week he should first obtain permission from the Department, and even then should provide a proper substitute.

It may be remembered that in June 1906 the Principal of this institution went to England on furlough for over a year. On that occasion though he had been making preparations for months with regard to his departure the Department was not consulted on the matter. This occasioned considerable correspondence with the Department and this method of procedure was condemned by the Department, and on his return to duty this office notified the Principal that his conduct had merited the disapproval of the Department.

I do not wish to dictate to the Department what course should or should not be pursued but I would respectfully recommend that a reprimand should be sent to the Principal from your office, a copy of which should be sent to this office, so that in future these unpleasantnesses may be avoided.

I wish to state that there is absolutely no personal animus in the case, but feel that it is my duty to call your attention to the matter.

Your obedient servant,

W. M. Halliday

Indian Agent.

Sir,-

The Principal of the Alert Bay Industrial School in his annual report for the year ended March 31, last, states that their fire hose is worn out and that they have no fire extinguishers.

The Department would be glad if you would furnish it with an estimate of the cost of supplying this school with the hose and other equipment you consider necessary.

Your obedient Servant,

J. D. McLEAN
Secretary.

October 29 1906.

Dear Sir,

I paid my annual visit to the Industrial School at Alert Bay last week, and found everything in good order, and write to say how much the grant of tools to the two lads who had completed their time was appreciated. I have never seen a more excellent gift and those who were present at the gathering at which they were presented were astonished at the worth of the gift. I should like to be allowed to express my personal thanks.

Yours faithfully,

W. W. Columbia

Ottawa, August 20, 1906.

Sir,-

I have to acknowledge the receipt of your letter of the 27th ult., with inclosure, advising the Department that Mr. Corker, Principal of the Alert Bay Industrial School, has gone to England on a year's furlough and that Rev. A. J. Hall, Church of England Missionary at that place, is acting as principal during Mr. Corker's absence.

In reply I beg to say that, under the circumstances, the Department will not object to this arrangement, but the least the Principal could have done would have been to give timely notice of his intention to absent himself for such a length of time.

Sir,

I have the honor to inclose herewith for your information duplicate of a communication dated 12th inst., No. 67/5, from Mr. Agent Halliday, Kwawkewlth Agency, embodying a notification from Rev. Alfred J. Hall, Church of England Missionary at Alert Bay, that Mr. Corker, the principal of the Industrial school at that place, has gone to England for a year's furlough.

Mr. Halliday has been informed that the matter of Mr. Corker, ^{leaving} deserting his post without first having obtained the approval of the Department, especially when it is known that the trip taken was for some time contemplated, is a very unusual one. However, as Mr. Hall is no doubt competent to carry on the duties in connection with the school I trust the change may be approved of.

Sir:,

I have the honor to report that when inspecting the Boys' Industrial School at Alert Bay on December 4th, 5th, and 6th, I found the Girls' Home at the same place closed. After the Summer Holidays they were not able to secure a Matron, and so it had not been opened since the last inspection in June.

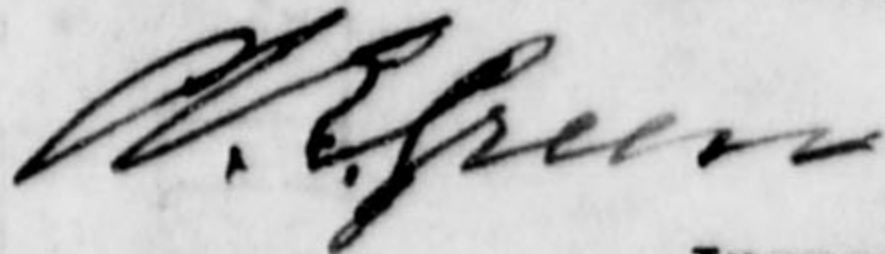

The Attendance had been very small for some time previous to the closing.

There are quite a number of girls in the villages of this Agency who should be placed in the Home and taken care of, so that they would not be exposed to the immorality that prevails in some of the logging camps near by.

I have the honor to remain

such Institutions for current year. For instance St. Mary's 60, an increase of 20 over last year; Coqualeetza 50, an increase of 33 over last year; and so on; while at the bottom of page following "Explanation of Increase" appears among other items "Alert Bay, Girls, 10 pupils added." In this ~~instance~~ connection I would further refer you to Departmental letter of 19th. September 1895, No. 55,201, wherein it is stated in answer to Reverend Mr. Hall's application for \$600.00 per annum in aid of the Indian Girls Home at Alert Bay that should the whole of the appropriation (\$4,550.00) for the Industrial School established there not be required on account of the small number of pupils procurable for that Institution the Department would be willing to allow the \$600.00 for Girls School to be taken from any balance that might exist, etc. from said appropriation.

I am sorry to trouble the Department on this subject; and hope that I have stated clearly what I would wish to have explained.

School

December 15 1910.

My dear Sir,

I beg to acknowledge the receipt of your letter of November 25. Mr. Corker and his Assistant attended the meeting of the Synod, and the School at Alert Bay was left under the charge of Mrs Corker assisted by her son, who has lately returned from a good public school in England. Mrs Corker holds the highest certificates for teaching, and has had large experience, and is an excellent disciplinarian.

With regard to Mr. Corker himself I can assure you that no better Master could be found. He is a man of very strong character, and resents any interference, except from those who have authority. We all deplore the resignation of Mr. Vowell as Superintendent. His wise and firm rule was thoroughly appreciated. No greater mistake could be made than to make a man like Mr. Corker feel that he was to be subordinate to, and take his orders from, an Indian Agent. In this case if Mr. Halliday, knowing that Mr. Corker was away, had offered to assist Mrs. Corker in any way in his power, he would have in my opinion, been doing his duty; but at such a time to "inspect" and libel the School, would I am sure have drawn from Mr. Vowell or any other official Head of a Department a rebuke.

Several parts of the School require money to be spent upon it, but apart from this, you may be assured that the discipline and the influence for good of Mr. Corker are all that could be desired.

I remain,

Yours faithfully,

W. W. Columbia

EXE

Ottawa, December 6, 1910.

Rev. Sir,

I have to inform you that late reports received on the Alert Bay Industrial School are very disappointing. They show an unsatisfactory condition of affairs existing when the inspections were made. In October, last, both you and your assistant were absent attending the Synod and the school was in charge of your wife, who was apparently unable to preserve proper discipline. The senior pupils were untidy and lounging about the room and an apparent want of care was visible all over the school. The school was again visited last month and not much improvement was noted. The boys were playing at work, some pupils dumping water, some doing work around the building, cleaning lamps, etc., while the rest were playing at clearing the land. The tools were said to be too dull to be of any use. This state of affairs is probably due to the staff being too small for the school and to your absenting yourself without leave and making proper provision for carrying on the school efficiently during your absence. It is stated that the accommodation is limited on account of much of the building being occupied by yourself and family.

The Department is not satisfied with the way the school is conducted, as indicated by the reports above

Rev. A. W. Corker,

"Heal the sick, . . . and say unto them, The Kingdom of God is at hand."

COLUMBIA COAST MISSION. (Incorporated)

ST. GEORGE'S HOSPITAL

ALERT BAY, B. C.

Dec 16th 1910 CANADA.

J. McLean Esq
Dept Supt & Secty Indian Affairs
Ottawa

377636

My dear Sir

As medical officer of the Alert Bay Industrial School for Indian Boys I have been shown two letters from your Department adversely criticising the management of the above mentioned school.

During the last twenty three months I have visited the school dozens of times and can testify under oath that I have never yet found the school in any thing but a creditable condition of cleanliness and tidiness. I consider the school is kept in far better condition even for the same number of white and very creditable indeed when we consider the orderliness and cleanliness are quite foreign to boys.

I consider the school the most efficiently managed portion of Indian work and of the most creditable Department of Indian Affairs of anything that I come across on the coast.

It is a great pity that your Department placed so much dependence in a agent who could have been prompted by motives than wounded vanity and

J. McLean

POOR-COPY

377630

My teacher George Luther (an old pupil) is a young man very suitable for ordination, and the Synod naturally wished him to be present.

I consider I made adequate provision for the proper carrying on of the school during my absence.

Mr. Corker who is matron of the school, is a certified school mistress and a good disciplinarian. I did not leave until nearly midnight on Sunday Oct. 16th. The next day the officials called. In the short interval the school could not possibly have got dirty. Miss Harrener assistant matron, assured me the boys were in perfect order during the week, I was away. Mr. Eli Hunt, the trades instructor, states that the boys went to him in an orderly manner from the class room, each day, and worked as usual.

Permit me to draw the Department's attention to the following reports:-

Blue Book page 246, (1909). "The school is well situated and ably managed to" Blue Book 1910. 336. "He (Mr. Corker) has a well equipped staff," etc. I beg to state here there has been no change in my staff since this was written.

At a Church meeting Mr. Indian Agent Halliday, who was present said:- "Whenever I visit the Industrial School I always find the boys quiet and well behaved, and attentive to their lessons" The last visit he paid, in November, he spoke highly of the school & the progress the pupils were making. Why

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

remarks should be made here, and such totally different reports sent to the Department is more than I can understand.

In November Mr Thomas Leith, Provincial public school inspector, visited the school & after spending the whole afternoon in the class room, wrote in the visitor's book as follows:-

"Greatly pleased with my visit to this institution. The school is being conducted with great credit to the Principal and his assistants."

Dr Baker the medical officer of this school, paid a visit to this school today. I shewed him your letters.

He is writing you by this mail.

Re- "the tools being too dull to be of any use" I may safely say during my 21 years in this country I have not seen a man to equal our trades instructor in filing and setting saws, and sharpening tools generally.

It is entirely false to say 'I am using school accommodation for myself and family,' it is altogether the other way round for we gave up one bed room to be used as a store, and sewing room.

I have the honour to be

Industrial School

Alert Bay, B. C.

Dec. 16. 1910.

Sir

The Lord Bishop of Columbia wrote to Mr. Corker on Dec 5th Complaining of the "lack of discipline" + "the unclean appearance of this school" on the occasion of the visit of two officers of the Department. As Mr. Corker was absent on that date these two remarks reflect upon me, hence my reason for writing to you. Since the year 1893 when Mr. Corker was appointed to take charge of this school I have been Master + have in + through all these years aimed at perfect cleanliness in every department + this is the first time that any one has ever said such a thing. It is so false that it seems ridiculous to write refuting it, it is especially so as I remarked to Miss Warrenner (Assistant Master) on the morning of the aforesaid visit, we will have extra scrubbing done to day + literally the school was a great deal cleaner than usual. It is an extremely difficult subject to eulogise oneself but I am only writing thus for the Department's enlightenment. I taught for 8 years in a London School where the highest merit grant was always obtained. I am a Certificated Teacher + frequently help Mr. Corker in the Class room. The school was in perfect order when Mr. Ditchbourne + Mr. Halliday arrived, the boys rose + saluted them. Mr. Halliday introduced Mr. Ditchbourne whom I had never seen nor even heard of. He asked for Mr. Corker. I told him simply Mr. Corker was away but would be very sorry to miss him. They were both rather rude, they said I was only Mr. Corker which of course I admitted. I asked them if they would like to hear the boys read or see the work. They answered me. As it was just Christmas.

Came and took charge of the boys, setting them to work. I proceeded to show the gentleman round the school accompanied by Miss Warren. The dormitories, dining room, kitchen, bath rooms, store rooms & laundry were in perfect order & I was pleased to show them. I took them to the vegetable garden work shop, well house &c.

I should like to add that some things in the school are very shabby, we have been in the building 17 years this month & things have a way of wearing out. We would like to ask the Department for many things & we feel if only Ottawa could visit us they would supply every one realizing they were all very legitimate wants.

Apologizing for taking up so much time & with the power of proving absolutely true every word I have written

I am

Yours Sincerely, The Matron,
Emma Corker.

116947-1

Industrial School,
ALBERT BAY, B.C.

Dec. 16. 1910.

Sir:

377630

Schools

I have the honour to acknowledge the receipt of your letter of Dec. 6. 116947/, and in reply beg to state that these reports are false. In reading your letter carefully over I consider the summing up very strong, in consideration of the charges.

"Apparently unable to preserve discipline"

"an apparent want of care"

"the boys were playing at work"

"some boys pumping water"

"others cleaning lamps"

"the rest playing at clearing land."

The latter remark is really ludicrous; clearing land is no child's play, and I beg leave to inform the Department, that a plot 62ft x 90ft has been stumped & levelled during the past two months.

Cleaning lamps and pumping water is part of the routine work.

Re- the boys playing at work, what boys do not play at work? I encourage them to be happy, get fun out of their work as well as their play.

I regret very much being absent from my school when the officials came.

I attended the Synod in the interests of the school. The Department are probably aware that the Church Missionary Society, under whose auspices the school is managed, are gradually withdrawing from all missionary work in Canada, and it is essential to interest the Synod of our Canadian Church.

Ottawa, January 18th., 1911.

Right Reverend Sir,-

In reply to your letter of the 15th. of December with reference to the management of the Alert Bay Industrial School, I have to inform you that the Department is deeply concerned in the welfare of this institution and of the Indians who are dependent upon it for the education of their children. As you are aware, the erection of a new building for girls is in contemplation; in fact tenders have already been awarded and it is hoped that by next autumn an excellent building will be ready for the education of Indian girls. In the past Mr. Agent Halliday has certainly supported the cause of Indian education in his Agency. It was owing very largely to an earnest appeal which he made to the Department on behalf of the Indian girls that the decision was taken to build a Girls' Home. It was, therefore, with some surprise that his animadversions on the management of the Alert Bay Industrial School were received; particularly as Mr. Halliday felt compelled to state that after this last inspection he regretted that there was nothing to justify the praise he had bestowed on the institution. The Department has always considered that the Industrial, Boarding and Day Schools throughout the Dominion were subject to inspection and report by the Indian Agents in whose districts they were situated, and while the Indian Agent would have no power unless he was carrying out direct orders from the Department to say what should be done in an Industrial School, yet the Department considers that he is the competent supervising officer, but while placing this confidence

THE ANGLICAN SYNOD OF THE DIOCESE OF BRITISH COLUMBIA

401991
SYNOD OFFICE,
FORT STREET,

VICTORIA, B. C. 29 December 1911

Sir,

In reply to your communication of 20th December (no. 65201/5) I beg to say that although an appointment has been made to the vacant Bishopric of Columbia, the new Bishop will not be consecrated until Feb'y 24th 1912. and that until that date we are prohibited by our canons from undertaking any new business.

The question of the Girls School at Alert Bay will be one of the first to be taken up on his assuming authority. I have already secured the names of two ladies for the Staff, to be submitted to him, if he should judge it wise to undertake the work; and I am going to pay a visit to Alert Bay before he comes to collect all information on the spot, to lay before him, that he may the more readily come to a conclusion in the matter.

Faithfully yours,

To the Secretary
Department of Indian Affairs

Very Reverend Sir,

I beg to refer to your letter of October 18th, last, in reference to the appointment of a Principal and staff for the Alert Bay Girls' Industrial School.

From a recent newspaper despatch it is learned that an appointment has been made to the vacant Bishopric of Columbia. I may say that the furniture for the new building has been ordered and will be installed shortly. In the meantime the Department has been obliged to appoint a caretaker to keep fires in the building. It is hoped, therefore, that the Church authorities will be in a position at a very early date to nominate a competent staff. I shall hope to hear from you by return mail.

To the Assistant Deputy Secretary
Department of Indian Affairs
Ottawa

Sir, A communication from yourself to Canon
Gould re Alert Bay Girls' Industrial School, which
was sent by him to the authorities of the Diocese of
New Westminster, has by them been forwarded to me as
the supposed Commissary of the Diocese of Columbia in
which Alert Bay is situated.

Unfortunately I hold no such office, the Bishop
having been advised that no authority delegated by him
could outlast his resignation of the See, which took effect
on the 15th of this month.

The election of a Bishop by the Synod of the Diocese
will take place on the 23rd of November. Until then there is
no authority in the Diocese except the Synod, which is by
its own canons debarred from transacting any busi-
ness during the vacancy of the See.

I am afraid therefore that some delay is inevitable in the
appointment of a Matron and Teacher as suggested.

Believe me

Yours faithfully

Arthur S. Erwin (Archdeacon of Vancouver)

RE ALERT BAY SCHOOL.

396255

My dear Sir :

From a conversation with the Rev. H. Price, a Missionary in the Diocese of Caledonia, I have heard that very grave scandals occurred at Metlahkatla from the fact that the Girls' School was built in close proximity to the boys'. Have you any correspondence upon the matter, as Mr. Price hinted that it was partly in consequence of this that the School was closed. I find that the new girls' school at Alert Bay has been built in close proximity to the Boys', and I am very anxious in consequence.

Yours faithfully,

W.W. Columbia.

I wish to thank you for your letter of the 29th. of Sept. pointing out the desirability of an immediate Staff being appointed for the new Girls' Industrial School at Alert Bay. I have written to the Bishop of New Westminster (The Right Reverend A.U. dePencier, New Westminster, B. C.), and the Ven. Archdeacon Pentreath, urging their assisting the Diocese of Columbia in this matter.

This is the fullest extent to which we can go as the new Bishop of Columbia has the full power, and it is difficult for anything to be done when there is no one occupying the See. I sincerely trust though that something can be done immediately.

yours faithfully,

R. Williams

Ottawa, September 29, 1911

Rev. Sir,

As you are no doubt aware the Department is erecting at Alert Bay a new Girls' Industrial School building which is now almost completed and ready for occupation. In August, last, His Lordship Bishop Perrin of Victoria was communicated with in reference to the appointment of a staff and he has replied stating that the appointments of the staff of this school will have to be delayed for sometime owing to resignation of himself and the Rev. A. J. Hall.

It was suggested to His Lordship that one Principal could supervise the work of both the Boys' and Girls' Schools provided a thoroughly efficient matron was placed in charge of the girls and a qualified teacher appointed for the class-room.

As it is desirable that the building should be occupied as soon as completed and before the cold weather sets in you will see the necessity for immediate action as to the appointment of this staff. I should be glad to hear from you at an early date and to know whether you could take immediate steps to have an efficient staff appointed.

Your obedient servant,

Asst. Deputy and Secretary.

Ex'd

Ottawa, August 24, 1911.

Right Reverend Sir,

The Department is advised that the new Alert Bay Girls' Industrial School building which is under construction will be completed in about a month's time. The Department has agreed to supply the necessary equipment in the way of furniture, etc., once for all for the use of the pupils, renewals to be furnished by the Church, which will also be expected to furnish the private quarters.

Your Lordship will recognize that the selection of a staff to take charge of this school is of the greatest importance. The positions of Principal and Matron especially should be filled by thoroughly competent persons. It might be that one Principal could supervise the work of both the Boys' and the Girls' schools provided a thoroughly efficient Matron is placed in charge of the girls. A qualified teacher should be placed in charge of the class-room. No doubt Your Lordship has given these matters consideration and you will kindly submit nominations for the various positions to the Department, stating in each case the name, qualifications, etc.

I have the honour, to be, Right Reverend Sir,

Your obedient servant,

Sir:-

About ten years ago there was a very severe wind storm which blew down a considerable quantity of timber on a portion of the Alert Bay Industrial School Reserve. There is an area of probably 40 acres blown down with only an occasional tree standing. The timber is mostly hemlock and spruce but is badly decaying and in a short time will be of absolutely no value with rot.

Six young men all of them ex-pupils of the Alert Bay Industrial school have asked me if they can log off this fallen timber. I told them that the usual royalty was \$1.00 for Hemlock and \$1.25 for spruce per thousand feet board measure. This timber however is not first class as the sap is rotten and the logs will not scale probably more than 2/3 of what they should. I would recommend that they be allowed to haul off this plot and pay therefor at the rate of .80 cents per thousand feet from the Gov't scale.

Alert Bay B.C.

Feb'y 6th 1911.

Re 116947-I Jan'y 20.

Sir:-

With further reference to my report of October 22 on the affairs of the Alert Bay Industrial School I beg to state that there must be some misunderstanding somewhere. In my report I make a specific complaint for a specific offence, while I infer from your letter that the matter has been treated as a general complaint. I thank you for the last clause in your letter which reads "You have always been considered as a friend to the cause of Indian education and the warm support you gave the project of erecting the Girl's School at Alert Bay was a factor which led to a favorable decision on that project X X X X " *of my friendship is the cause of Indian Education* This very fact was my reason for making the complaint and I would ask that you read this report again carefully and in it you will find my views on Industrial schools on the whole, which are, that in my opinion the Industrial school system is the only system so far as this agency is concerned. Shortly after my taking office as Indian Agent for this agency I was in the Indian Office in Victoria and took up the matter of Industrial schools amongst other things, and asked what relationship should exist between the Indian Agent and the School authorities. The instructions given me verbally were that the Indian Agent represented the Department and if he saw anything wrong in the management or method of conducting affairs at any time his duty was first to take up the matter personally with the Principal and discuss the matter amicably and if it was

not remedied ~~my~~ duty was then to report the matter to the Department. I may say that this is the method that has been consistently followed and it is the first time that it has been necessary to lay a complaint to the Department the previous matters having been settled amicably.

I informed the Principal of the School of the intended coming of Mr Inspector Ditchburn, and as a matter of fact Mr Ditchburn was at Alert Bay about one hour before Mr Gerker left. In my conversation with Mr Ditchburn previous to inspection I had spoken very favorably of the Industrial school, but conditions at the time of our visit did not in any sense warrant the opinion given to Mr Ditchburn on the morning of the day on which we called at the school. I may say in all fairness to the school management that I hardly ever saw the school untidy or dirty on any previous occasion, but on the occasion of our visit not only were the boys in school very untidy but the whole school from top to bottom looked as though no care had been taken and I therefore held to the same opinion that the Principal ^{after being warned} was lacking in his duty when he would leave home without getting some competent person to take care of things during his absence. Formerly no boy would be allowed to take his seat in the schoolroom without having his jacket on. On that day a large percentage were in their shirt sleeves, and many of them had lost the buttons from their neckbands and wristbands which were flopping in a very untidy manner. Two boys were knickerbocker trousers, underneath which they wore long drawers of white cotton flannel which should be tied with tapes round the ankles. The tapes were off and as the boys mentioned had neither boots nor stockings on you can imagine what they would look like when they walked across the floor.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

POOR-COPY

3.

In all fairness I would ask how either the Bishop of Columbia or Dr Baker could be in any position to express any opinion as to the condition of the Alert Bay Industrial school on that particular occasion, nor can I see anything in the report to make any one suppose that such a condition was customary. ~~By the way.~~ In my report I only requested that the Principal be reprimanded to avoid in future any such contratemps, as they are very demoralizing to the school.

With regard to the statement of Mrs Gerker that both I, and Mr Ditchburn, were rude in our manner to her I beg to give a most emphatic and absolute denial.

In conclusion I would request as I did in my former report that the principal be ~~reprimanded and~~ instructed that in future he must not leave the school without leaving some competent person approved by the Department in his place, and this request is made in the interests of the education of the boys and not from a sense of "defending our different positions and spheres of duty" as mentioned in your letter.

Your obedient servant,

W. M. Halliday,

Indian Agent.

P.S. Rev A. G. Green Inspector of Indian Schools was in this office just before my letter of Oct 22 was sent and he considered that it was my duty as Indian Agent to bring the matter to the attention of the Department.

My dear Sir:-

I beg to acknowledge the receipt of your letter of the 12th. Instant, and to assure you that I fully recognize the fact of the concern of the Department for the welfare of the Indians. I hope that I have not in my former letters seemed to cast any doubt upon the matter. I do not consider it necessary to say that I am equally interested.

There appears to me to be a blot upon the present system in the appointment of Agents as a political reward. It must be in the cognizance of the Department that owing to this, it often happens that the best men are not selected. In this Province it did not make so much difference so long as a Superintendent like Mr. Vowell was over them, but now that so much power is put into the hands of the Agents, it is a most serious affair. In the case of Alert Bay, there is no doubt that there is friction between Mr. Halliday and Mr. Corker. How it arose I am not absolutely certain, but the whole condition of things ought to be thoroughly probed. The outrageous length of the "Potlatch", and the fact that the Indians obtained liquor without being dealt with is generally known. Moreover there is dissatisfaction amongst the White people at the appointment of a Customs House Officer in the person of Mr. Halliday at a stipend of \$300 a year.

I can only repeat that no School could have a better Master than Mr. Corker, who has faithfully worked on, and who is worthy of the whole-hearted support of the Department.

Yours faithfully,

W. W. Columbia

POOR-COPY

Ottawa, 20th January, 1911.

Sir,-

In further reference to your report on the *Industrial School* Alert Bay, I beg to say that communications have been received from the Bishop of Columbia, Mr. and Mrs. Corker and Dr. Baker of St. George's Hospital protesting against the contents of your report and Mr. Ditchburn's. It seems somewhat strange that you should have suddenly turned from praise to blame, as your former reports are *favorable to* ~~stated in praise of the management and~~ general usefulness of this institution ~~and while ever~~ ~~willing to support you in the discharge of your duty, which~~ ~~must sometimes be disagreeable, the Department is not~~ ~~disposed to censor this report.~~ In the present case the strong opposition to your report makes it necessary to call upon you for additional explanations. At the same time you must understand that it is not desirable to begin a dispute which might place yourself and the management of the school in antagonism. You should endeavor to so conduct the matter that there will be no undue friction and that the Department may feel that both yourself and the management of the school have the sole desire of furthering the interests of the Indians and *merely* not defending your different positions and spheres of duty.

Mrs. Corker makes the statement that you and Mr. Ditchburn

W. M. Halliday, Esq.,

Indian Agent,

Alert Bay, B.C.

2.

Ditchburn were rude in your manner and while not taking it for granted that the statement is well founded, it is thought best to point out that it should not be possible for any person to make this statement unless from pure malice. The attitude of officers of this Department should be most courteous and kindly at all times. You have always been considered as a friend to the cause of Indian education and the warm support you gave the project of erecting the Girls' school at Alert Bay was a factor which lead to a favourable decision on that project and the receipt of such an adverse report from you and Mr. Ditchburn rendered it necessary to present the facts as represented by you to the school authorities and to the Bishop, as if there were any considerable foundation for your report, the whole management of the school would need to be re-organized. I have to ask you to re-consider this whole matter in a spirit of moderation and conciliation and in the best interests of the work of education.

Your obedient servant,

J. D. McLELLAN

Asst. Deputy and Secretary.

Ottawa, January 12th., 1911.

Sir,-

I have to acknowledge receipt of your letter of December 16th. last and that of Mrs. Corker, of the same date. ~~I have to draw your attention to the fact that~~ In the past Agent Halliday's reports have ~~always~~ ^{been} favorable and it ~~is~~ ^{to} a large extent owing to his recommendation that it has been decided to erect a Girls' Home at Alert Bay, and ~~we are not aware~~ ^{it is no evidence} that Mr. Halliday has failed to take a proper interest in the work of Indian education. It is, therefore, regretted that Mrs. Corker reports that Mr. Halliday and Mr. Ditchburn were rude in their manner and the charge will be brought to the attention of these officers. They will also be further communicated with in regard to their report.

In conclusion I may say that there was no intention whatever to do you any injustice, but the proposed extension of the work at Alert Bay makes it necessary to be perfectly certain that the schools will be kept in a high state of efficiency and the late reports were of such a nature that it was impossible not to bring them to your attention.

Your obedient servant,

J. D. MCLEMAN *over*

Ottawa, November 4, 1912.

Sir,-

548/8

I have to acknowledge the receipt of your letter of the 18th ultimo enclosing the September quarter return of the Alert Bay Girls' Home.

The per capita grant for all boarding and industrial schools is now computed and paid on the total average attendance of the number of pupils authorized and not, as was previously done, on the individual days of attendance of each pupil! No schedule of payments is, therefore, necessary. New quarterly return forms have been printed and contain full instructions for the guidance of Principals in the preparation of their quarterly returns and in the calculation of the amount of grant due. A supply of these forms will be sent you under separate cover for the use of both the Girls' Home and the industrial school at Alert Bay. A copy of the correspondence relating to the future maintenance and management of boarding schools was sent you sometime ago. Another copy is, however, being sent you now.

Your obedient servant,

Sir:-

With reference to the Girls Home at Alert Bay I have the honor to inform you that Dr Reper, Bishop of Columbia, recently visited Alert Bay in connection with the opening of the Girls Home. He expressed his intention that subject to the approval of the Department he intended to appoint Mr A.W. Corker, Principal of the Alert Bay Industrial School as Principal of the Girls Home. It was also decided that Mr Herbert Pearson should be vice principal and Mrs Pearson, matron. Bishop Reper probably has written to you to this effect. This arrangement is for one year. As the matter has been delayed so long it was thought best not to allow of any more delay and consequently the keys have been handed over to Mr Pearson in order to allow him to get everything ready for the opening which will not take place until sanctioned by the Department. The inventory of furnishings was carefully checked over by Mr Corker and myself and a triplicate copy will be signed by himself on behalf of the Church authorities and by myself on behalf of the Department as soon as official sanction is given. One copy of the inventory will be sent the Department after signature. No girls will be admitted until sanction has been received from the Department.

Your obedient servant,

Wm. H. ...

Ottawa, May 30, 1912.

Right Reverend Sir,-

I have the honour to acknowledge the receipt of Your Lordship's communication of the 16th instant in reference to the management of the new home for girls at Alert Bay.

In reply I beg to say that I am enclosing herewith an agreement for the management of this school, which Your Lordship will be good enough to sign and return to the Department, when it will be executed by the Deputy Superintendent General and a copy forwarded to you.

The Department is glad to note that Your Lordship is pleased with the building and hopes that you will not find any difficulty in maintaining proper discipline owing to the proximity of the site to the boys' school.

The Department approves of Your Lordship's suggestion that provision should be made to have the pupils taught temporarily in the main building and the necessary equipment will be provided. Consideration will be given to the matter of providing a separate class-room at some future date. In the meantime it is presumed that the space provided for a study and work room will be utilized.

With regard to Your Lordship's inquiries I beg to say that half-breed children cannot be admitted to the institution. All children admitted must be recognized members of some band of Indians in British Columbia.

2.

Where at all possible it is desirable that teachers with proper certificates of qualification should be engaged. The difficulty of securing qualified teachers, however, is fully recognized by the Department and, where it is impossible to obtain such, the engagement of competent teachers even although not possessing certificates will be permitted.

,With regard to the obligation in bringing back truants to the school I beg to say that this rests with those in charge of the school, both with reference to the work and the expense involved. Assistance will, however, always be given by the Indian Agents and other offices of the Department who may be in a position to render such *aid*.

I may add for Your Lordship's information that the Department is awaiting the opening of the school in order to place therein five neglected Indian girls from the Skeena district.

I have the honour to be, Right Reverend Sir,

Your obedient servant,

Assistant Deputy and Secretary.

The Indian Department,
Ottawa.

Refer to #65201.1 - April 9th, 1912.

My dear Sir:

Your reply to my letter makes it clear that this Diocese is responsible for the management of the new Home for Girls at Alert Bay. Will you please forward to me the necessary form of agreement, which will convey the Home to our charge. We are now ready to undertake the responsibility, subject to one condition expressed below.

I have just returned from visiting the new Home; the building is excellent in every way and seems to be well and thoroughly furnished with necessaries of all sorts, and of the best material. Mr. Halliday has evidently made these things his special care, and deserves our thanks for his pains.

The site is, in my judgment, not so wisely selected; the close proximity to the Boys' School is likely to increase the difficulty of maintaining due discipline in both institutions. The Department will, I hope, recognize there will be this difficulty and will be also confident that those who take charge of the Home will do their best to overcome it.

The girls dormitory is too small to accomodate 30. This is quite obvious now that the thirty beds are put up in it. There is however no real difficulty here, for other rooms

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

can be used for some of the ~~other~~ girls to sleep in.

A wise provision for the education of the girls is, in my opinion, vital to the success of the whole undertaking. The plan hitherto suggested has been that the girls should be taught at the village school. This will involve a walk to and fro of a considerable distance; the school is, I think, about half a mile away from the Home, and the walk would be through the native non-Christian village. I am so sure that experience will prove this to be harmful for the children that I am constrained to make it a condition of our undertaking the management that provision should be made for teaching the girls in the Home. This will not be difficult, for the Home is generously planned. If the Department will provide the necessary equipment, room could be spared for a schoolroom without any great inconvenience at present. When the school obtains its full quota of thirty girls, it will probably be necessary to build a special schoolroom within the enclosure within which the Home stands.

Would you kindly give me further information upon the following points,-

1. If half-breed children are admitted, will the per capita grant be given for them? I understand that many of the children are likely to be half-breeds.
2. Teachers must, of course, be competent, but, under present regulations, must they always be certificated teachers?
3. I believe, in some cases, children leave the Home or are

2.

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

taken away from it by their parents, upon whom do
the duty and ^{the} expense of bringing the truants back
fall ?

I have taken some steps, but no final steps, towards
the appointment of a staff. There is a great deal to be done
in preparation, and I feel that we should not undertake to
receive the girls until one month after the signing of the
agreement. There will be no unnecessary delay, and I can
assure you that the object of all who have a share in the
work will be to secure the highest success for the under-
taking.

I am,

Yours faithfully,

John Charles Roper

Bishop of British Columbia.

Ottawa, May 22, 1912.

Right Reverend Sir,-

I have the honour to refer to Your Lordship's letter of the 28th of March, last, and the Department's letter of the 9th ultimo regarding the opening of the new Girls' Industrial School at Alert Bay and to beg to request that Your Lordship will be so good as to state what progress, if any, has been made towards the appointment of a staff to take charge of this school, which is completely furnished and equipped and should have been in operations many months ago.

The school is urgently needed as there are many orphan and neglected girls in the neighborhood who should be cared for in a residential school.

The Department is anxious to know when your church will take over the school.

I have the honour to be, Right Reverend Sir,

Your obedient servant,

J. D. McLEAN
Assistant Deputy and Secretary.

Right Rev. J. C. Roper,
Bishop of Columbia,
Bishopsclose,
Victoria, B.C.

Ottawa, April 9, 1912.

Right Reverend Sir,-

In reply to Your Lordship's request for information regarding the Alert Bay Girls' Home I beg to say that in January, 1890, the Rev. Mr. Hall, Principal of the Alert Bay Industrial School, wrote the Department asking for the establishment of a residential school for girls. Mr. Hall had for some years prior to this application maintained and educated a few Indian girls in his own house without Government aid. The Department, recognizing the desirability of industrial training and education being afforded to Indian girls, agreed to allow Mr. Hall a per capita grant of \$70.00 for the education and maintenance of a certain number of girls, not to exceed 30. Owing to Mr. Hall's leaving for England nothing was done until 1895, some time after his return, when the grant was fixed at \$60.00 for each of ten girl pupils. Mr. Hall carried on the school up to 1905, when it was closed for want of pupils. Mr. Hall, after being forced to discontinue the school, urged the Department to re-open the school, the need of which as a protection to the girls was plainly put before the Department as Your Lordship will see from the enclosed copy of a letter from our Agent at Alert Bay dated January 5th, 1910. In another letter from our Agent dated May 21, 1910, he states that the "Church proposed to place a man and his wife as Principal and Matron of the Institution and have also another lady as Assistant Matron."

Right Rev. J. C. Roper,
Bishop of Columbia,

Sir,—

65201/1

Referring to your letter of

April 20th, I beg to report that I made an examination of the gallery or verandah adjoining the dormitory of the Girls Home. I find that the inside width of this gallery is only 8 feet 6 inches, and I would recommend that it be finished in the same manner as the portion which has been completed for fresh air sleeping purposes.

This would necessitate four panels being completed with four canvas frames in each panel, with a wire screen as in the other part. The whole could be completed and painted at a cost of about \$80.00 which I would recommend be done, if the Department can see their way clear to grant an increase in the pupilage of this school.

Your obedient servant,

W. M. Hareday

Ottawa, April 20, 1916.

Sir,-

Referring to that portion of your report on the Alert Bay Girls' Home for the month of March, last, in which you state that there are many applications for admission which must be refused, but the staff say that if the grant can be increased to accommodate six more that the attic could be used as a dormitory for that number I beg to say that the Department does not approve of the attic being used as dormitory, as it does not contain sufficient air space for that purpose.

There is, however, a gallery 11 by 46, adjoining the dormitory which could be utilized for further accommodation if required. To put it in condition for dormitory use it would be necessary to fix in sash and partition part of the gallery off, so as to leave about one-half for fresh air sleeping purposes. The Department would like you to submit an estimate of the probable cost of making the necessary alterations to the gallery and when this estimate is received the question of granting an increase in the pupilage at this school will be considered.

Your obedient servant,

W. M. Halliday, Esq.,
Indian Agent,
Alert Bay, B.C.

DEPARTMENT OF INDIAN AFFAIRS
APR 10 1916

Extract from Agent's Monthly Report on the Alert Bay Girls
Home for the month of March, 1916. Original on 65201-7

439374

There are many applications for admission which must be refused, but the Staff say that if the grant can be increased to accommodate six more that the attic could be used as a dormitory for that number.

Sgd. W. M. Halliday
Agent.

Mr. Benson, -

There is a gallery 11 x 46 adjoining the dormitory which could be utilized for further accommodation if required. To put in condition for dormitory use it will be necessary to provide and fix in sash. Six or seven more could be accommodated and still leave one-half of the gallery for fresh air sleeping purposes which would prove adequate for their requirements. As a sleeping gallery affords accommodation for 11 pupils, this might be considered sufficient to entitle the school to increase their attendance to that amount if thought desirable.

Ottawa, May 14, 1915.

Sir,-

I have to acknowledge the receipt of your letter of the 3rd instant, in which you informed the Department that Mr. A. W. Corker, Principal of the Alert Bay Industrial School and Girls' Home has been granted a furlough for one year by the Church Missionary Society, under whose auspices these schools are conducted.

In this connection I beg to inform you that Mr. Corker informed the Department that he had obtained a years leave of absence and this arrangement meets with the approval of the Department.

The Department has also approved of the arrangement made by the Missionary Society, whereby Mr. F. Comley will supply Mr. Corker's place during the latter's absence and that Mrs. Comley will act as matron in place of Mrs. Corker.

Rev Mr A.W. Corker Principal of the Alert Bay Industrial School and Girls Home has informed me that he has been granted a furlough for one year by the Church Missionary Society of England.

Mr F. Comley who has just been fully ordained as a priest in the Church of England has offered to supply his place during that time. Mrs Comley his wife is a trained nurse and has had considerable experience as matron in various hospitals and is well known at Alert Bay will act as matron during Mrs Corkers absence.

Mr Corker informend me that he had written to the Department during my absence.

I recommend that Mr Corker be allowed his furlough and that Mr Comley be allowed to act in his absence. Mr Parrott who is teaching at present has promised to remain in the same capacity during Mr Corkers absence.

Your obedient servant,

SIR:

The Church Missionary Society, under whose auspices this Institution is managed, have sanctioned us a furlough to the old country for a year. Arrangements have been made by his lordship the Bishop of the Diocese for the Rev. F. Comley, & his wife to take our place for the time we are away. Mr Comley is competent, & knows the Indians, having worked among them as a Missionary for five years. His wife is a trained nurse, & is known to all the pupils here.

At the present time the school is in splendid working order, & the building in good repair. The staff have promised to stay during my absence.

I respectfully request the permission of the Department to this arrangement.

I have the honour to be

Your obedient servant

A. S. Corker.

Sir,-

Mr. Inspector Ditchburn, in his report on his inspectorate for the month of November, last, states in connection with the Alert Bay Girls' Home that some of the parents contended that the children had not been looked after properly and were allowed to go home with their heads in an unclean condition and also that the girls were made to work digging the garden and doing other general work around the school, which they did not think ~~the~~ girls should be called upon to do.

You will be good enough to see that the children's heads are kept clean in the future.

The Department would like you to state what work the girls are called upon to do, as it is not considered that a reasonable amount of work should hurt them.

Report of Inspector Ditchburn for the month of November, 1916.

Southwestern Inspectorate
B.C.

Sir:-

#

#

The only complaint I had to investigate at Alert Bay was in connection with the management of the Girls' Home. A number of the girls who had been allowed out on their holidays, had not returned and a special constable had been appointed to bring them back. Some of the parents contended that the children had not been looked after properly and were allowed to go home with their heads in an unclean condition; also that the girls were made to work digging the garden and doing other general work around the school which they did not think girls should be called upon to do. I regret to say that upon investigation these complaints were well founded. As regards the childrens' heads not being kept in a clean condition, it was admitted by the school authorities that some time last year some of the girls went to their homes and their heads were found to be infected with vermin. I took this matter up with the matron, Miss Neville, and she admitted that, at the time about which the Indians complained, owing to the staff being extremely busy, the childrens' heads had not been properly inspected for a week. With reference to the complaint of the Indians that the girls had to do work which they should not be called upon to do, this and the other complaint is the direct result of a recommendation I made to the management of this school at the time it was opened not being carried out. At that time I gave as my opinion that it would be found necessary to have a man employed to do the general labor work and carry out the many odd jobs in connection with this institution that no woman could do successfully. However, I was informed that such help was not required and that the staff and the girls could do everything that was necessary.

The Deputy Superintendent General,
of Indian Affairs,
Ottawa, Ontario.

The

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR COPY

The result has been that the girls have been made to do all the work in connection with the establishment and the premises. This was all right until the novelty wore off and then the Indians had a chance to complain, and to my mind with some just cause.

In so far as the childrens' heads not being kept clean I am satisfied that after my talk with the matron that this will not happen again, but I would recommend that the authorities, who have supervision of this school, should be informed that it is necessary to have a man appointed who will attend to the general work of the school, for it cannot be expected that Mr. Eli Hunt, who is the manual training instructor of the Boys' Industrial School, should act as general utility at the Girls' Home, for his time is, or should be, fully taken up giving instructions to the boys. However as the Girls' Home is under the supervision of the Anglican Diocese of British Columbia and the Boys' Industrial School is supervised by the Church Missionary Society, two separate and distinct bodies, a scheme of such a nature would not work out satisfactorily. If a man is appointed to do the general work around the Girls' Home it would then give the staff full opportunity to carry out their duties more efficiently and would permit of no excuse for laxity in their oversight of the childrens' persons.

#

#

At the Girls' Home, of which Miss A.R.Neville is matron, there were only 21 girls present, 11 not having returned since their holidays. I have since received word that the special constable had succeeded in bringing all the children back to the school. Miss N.E.Nixon gives the girls a good education in the classroom and the children have been making all the progress that can be expected of them. Nothing serious has taken place amongst the pupils so far as their health is concerned during the summer. A very good crop of vegetables and small fruit were grown

Dear Mr. Scott,

I should have reported to you before this that we have been making a change in the Principalship of our Indian Schools at Alert Bay. The Rev. A. W. Corker after long, ~~and~~ faithful and devoted service has asked to be relieved, and in his place we have appointed Vivian S. Lord, Esq. as Principal.

The Dept. will be interested to learn that in Mr. Lord we believe we have an exceptionally suitable person for this position. The son of an English clergyman, Mr. Lord received a public school education and took part of his course at Oxford: he then was apprenticed to an engineering firm where he also took a course in carpentering. For some years he studied farming in South America, and then in Canada, and ~~for~~ after several years overseas, he has been engaged at a lumber camp near Alert Bay.

After all this experience he has offered to tackle this work as a missionary undertaking, and if he finds he can do it to our satisfaction he is ready to give himself to it as a life work.

My own interview with ~~him~~ confirms all that I have been told by those who have known him, that Mr. Lord is a man of exceptional ability and of strong character: and that since he is taking up the work in a sincerely religious spirit, he should be a tower of strength to the boys and girls of the schools.

Will you then kindly deal with Mr. Lord in all matters pertaining to the School at Alert Bay, sending the quarterly cheques to him.

With kindest regards, I remain,
yours faithfully,

Charles D. Schofield

March 1 1921.

550752

Sir:

I have the honour to inform you that the Lord Bishop of Columbia has accepted my resignation of the position of principal of the Alert Bay Industrial School, and the Alert Bay Girls' Home.

He has appointed Mr V. S. Lord as principal, which fact His Lordship will doubtless inform the Department.

I am not leaving the Indian work, as I am the only white man who knows their language, at the Bishop's request, I shall devote myself to the spiritual and social work of all the Indians of this vicinity.

I take this opportunity of thanking the Department for its help and patience. These Indians have in the past been very slow in availing themselves of the opportunities of education, owing to the practise of the potlatch, but now they are anxious for their children to be educated. There are several children wishing to enter the schools when vacancies occur.

A deputation of the M.S.C.C. The Rev Canon Gould & the Ven. Archdeacon Snowden of Ottawa, recently visited the schools, & said at a public meeting held here, that "these schools were the best they had visited."

I assure the department that I shall be always interested in the work of the schools, and endeavour to follow up the work with the ex pupils.

Your obedient servant

V. S. Lord

Extract from report of Agent Halliday on the
Alert Bay Industrial School for the month of March, 1918.
Original on 116947/7.

Mr. Eli Hunt, who for a number of years has been
Trade instructor at this institution, has just severed
his connection with it as he found it impossible to support
his family on the salary he received there. His successor
is not yet in evidence.

The great drawback to this institution is the
scarcity of cleared land. This institution should be
absolutely selfsupporting, in the matter of vegetables,
meat and butter and eggs. The only vegetables of which
there is enough grown are potatoes while meat has always
to be bought and there is never any produce of any kind
sold. The ground is hard to clear and with the labour of
the boys takes a long time to clear, and this largely
accounts for the small amount under cultivation.

With reference to your letter of

January 29th, No 65201/1 regarding the attempt to burn the Alert Bay Girls Home by Kathleen Collison and Flora Robinson two pupils of that institution, I beg to state that yesterday afternoon I visited the Girls Home, and in the school room in the presence of the staff and all the pupils I spoke very seriously to these two girls and practically put them on suspended sentence, as in some ways their conduct had not been satisfactory since the attempt to burn the school. I told them that under the Criminalcode they had left themselves liable to fourteen years imprisonment, and had they been successful in their attempt, to imprison them for life. However as the principal had given them a good caning that prosecution would not be entered if they behaved themselves and did what was right during the rest of their stay. They promised to do their best and it is to be hoped that in future no misdemeanor of this kind will ever occur.

Chief Inspector Ditchburn has brought to the attention of the Department your report on the attempt to burn the Alert Bay School Building by Kathleen Collison and another pupil. Mr. Ditchburn is of opinion that these girls should be prosecuted under the criminal code. The Department having in view the fact that they have already been punished by the Principal does not wish to take harsher measures. I would ask you to interview these girls in the presence of the staff and the other pupils and impress upon them the seriousness of the misdemeanour, and inform them if any such attempt is again made the Department will not shield them but that they will be criminally prosecuted.

P. O. Box 775

Victoria, B.C. January 22nd, 1918.

507305

Sir:-

I regret to inform you that I have received a letter from Mr. Indian Agent Halliday stating that on Sunday, the 13th instant, an attempt was made to burn down the Indian Girls Home at Alert Bay by two of the pupils, and on this matter I have to draw your attention to the remarks contained in Mr. Halliday's letter wherein he says that after a conference between himself and Principal Corker he suggested that if the two girls were given a good thrashing it would not occur again.

I am inclined to think that too much leniency has been extended to the pupils on this matter, as this is the fifth Indian school that has been on fire in a period of nine months.

In the five weeks from May 5th to June 15th, 1917, the Ahousaht, Alberni and Sechelt schools were burned down, the Clayoquot Indian school was also set on fire but was put out before much damage was done. Upon investigation it was shown that at Ahousaht and Clayoquot the fires were deliberately set by some of the pupils, at Alberni and Sechelt the origin of the fires was doubtful. The fire at Alert Bay makes the fifth, and I am therefore of the opinion that these girls should have been arrested and dealt with under Section 511 of the Criminal Code, which deals with the crime of arson, as I believe that if these girls had been sent to the Provincial Girls Home in Vancouver for a long term and notices put up in all the schools explaining what had

had been done it would serve as a warning to others who might meditate a like offence in future.

I have written to Mr. Indian Agent Halliday giving him my views on the subject and would suggest that a letter from the Department should also be written to him, and, if you concur in my views, instruct him to have these girls prosecuted.

An excerpt from Mr. Indian Agent Halliday's letter is herewith enclosed.

Your obedient servant,

H. C. Dittmann

Excerpt from Indian Agent Halliday's letter of January
17th, 1918, to Chief Inspector Ditchburn.

.....
I have also to report that institution had a narrow escape from being burned last Sunday night. A girl by name of Kathleen Collison, who comes from the north, from a spirit of pique over some fancied grievance procured some old rags, soaked them with coal oil, and crawled under the building in the part that has not been excavated and set fire to the waste, amongst the joints of the building. It was just at the time they were preparing to go to church, but fortunately another girl happened to notice the blaze and Miss Ferryman went in with a bucket of water and the fire was extinguished immediately before any harm was done. Mr. Corker held an investigation into it and finally the girl confessed and stated that another girl had been with her at the time. The reason given for the offence was that if the home was burned they would have a good holiday before a new one could be built. Mr. Corker reported the affair to me and asked me what I thought best to do as the staff at the girls home thought she should be sent to jail. After hearing all about this matter I told Mr. Corker that if, under the circumstances, he gave the two of them a good thrashing that it would not occur again, and that if the girls were sent home the same thing would be likely to occur again, as in my experience while teaching at the Boys Home was that oftentimes mischief was done by the boys in the hope that they would be discharged from the school and sent home and not from any criminal or malicious intent. My suggestion was carried out but the staff has been warned to keep a very strict lookout.

Your obedient servant,

EX-11

Right Rev. Sir -

I have the honour to acknowledge the receipt of your Lordship's letter of the 25th ultimo, in reference to the Alert Bay Girls' Home.

Although the contract for the maintenance of this and similar institutions expired last year, no action was taken to either renew the contract or to enter into a new one. If any increase were made in the per capita grant to boarding schools an increase in our Parliamentary Appropriation would be necessary. However, owing to the need of retrenchment in the public expenditure it was not found possible to take the matter into consideration.

I regret exceedingly, therefore, that I am unable to give favourable consideration to your Lordship's request at the present time.

Yours very truly,

Right Rev. C. D. Schofield, B.D.
Bishop of Columbia,
224 Pemberton Block,
Victoria, B.C.

Dear Sir,

re. Indian Girls' Home, ALERT BAY, B. C.

Confirming my Lettergram of last night I desire to take up more fully the question of an increase in the allowance at present made by your Department to the "Girls' Home" at Alert Bay, which has already been brought to your notice by Principal Corker.

In the first place I desire to put before you the following summary of the account with the "Home" as it stands in the books of this Diocese from May 1913 to December 1916:-

May to Dec. 1913	Govt. Grant	\$2073.50	Expenditure	\$3035.61
Jan " " 1914	" "	\$1619.25	" "	\$3184.81
" " " 1915	" "	\$2338.25	" "	\$3132.13
" " " 1916	" "	\$2508.25	" "	\$3868.27
Total for 3yrs. & 9 months		\$8539.75	" "	\$13,220.82

This a/c shows that in the three years and nine months we have had to raise almost \$5,000.00 over and above the Government Aid in order to carry on efficiently our work for the Indian Girls.

As our Principal states the tremendous increase in the price of all food-stuffs, clothing, and boots makes it abundantly clear that the cost of Board and clothing the pupils is growing rapidly.

~~We~~ We are as anxious as the Department can be that the Character Training of these Indian Children, which can only be accomplished under such influences as prevail in this kind of school, should be continued, and to this end we are prepared to urge our people to contribute to their support. At the same time the strenuous demands of the Patriotic Fund, Red Cross, and other War calls are making it more and more difficult to maintain this kind of work which is dependent on the voluntary contributions of the Church-people. Furthermore, these difficulties, tho' common to all, are greatly aggravated by the specially unsatisfactory financial condition prevailing at present in these Western Provinces.

Duncan C. Scott Esq (2)

As I have only recently come into office I had not before studied the papers connected with this subject; on investigation I find that the time of the original Contract between your Department and the Bishop has been fulfilled more than a year. If the Government desire to renew the arrangement for a term of years, I would gladly take up the matter with them on behalf of the Church. In this case it might not be possible to enter into a contract on so small an increase as is suggested in the request of Principal Corker. We could however, undertake to try and carry on the work for a year or two on the basis of \$120.00 per child, watching conditions; and later on consider a new arrangement.

The Bishop who entered into the original contract with the Department, the Rt. Rev. Dr. Roper, is now Bishop of Ottawa, and I am writing to ask if he will be good enough to arrange for an interview with you to talk this matter over. He knows the conditions at the "Home" even better than I do as yet.

Trusting you will feel able to recommend at least the additional aid asked for by the Principal in his letter of the 18th. inst.

I remain

Yours very truly,

Charles D. Schofield

SIR:

I have the honour to request that the Department will be good enough to give us a cow for the use of the Girls Home. At present the cow giving milk is the property of the matron. As she has resigned that position she is selling the cow. The cow is a good one, a Jersey, and is giving rich milk. I think it would be a pity for the cow to be sold elsewhere. No animal has as yet been given by the Department to the school, I trust therefore the Department will give this one to the Home. *The price is \$110.⁰⁰/₁₀₀*

Sir:

I have the honour to acknowledge the receipt of your letter of December 23rd. No 65201/I. re Mr Inspector Ditchburn's report of certain complaints made by some of the parents of the girls.

I much regret to have to plead guilty, for the first time, regarding unfavourable reports of the Department's Officials, to the complaint that some of the children went home with heads in an unclean condition. This took place last year while I was on furlough in England. On my return when the Indians first told me of it, I severely reprimanded those responsible.

I wish the Department to know that as far as I could ascertain this only occurred once, & at the time when all the Indians were here potlatching, when the village was in an awful state of uncleanness, which was brought to the Department's notice by the Bishop of Ottawa.

In reference to the complaint of the outside work I can assure the Department, that the girls do not work too hard, they do a little digging with small children's forks, weeding, planting, watering &c & I may add that the

Sir,—

I have to report that a number of changes are being made in the personell of the staff at the Alert Bay Industrial School. Miss Warrenner, for a number of years Matron at the school, has been transferred to another school.

Miss McCarthy, the teacher at the Boys' School, had poor health and on the advice of the doctor sent in her resignation and has gone to Vancouver. I have been informed by Mr. Lord that a male teacher will be here to take her place commencing with the 20th inst.

Miss Donald, who has been cook for some months past, has also resigned and I understand a new appointment has been made to take effect shortly.

In connection with these resignations, Mr. Lord went to Vancouver leaving the school temporarily in charge of Rev. A. W. Corker and he informed me personally on his return that he had completed satisfactory arrangements for a new staff.

116947/1

Sir,

I beg to acknowledge receipt of your letter of March 8th referring to a report from Mr. Inspector Cairns regarding the milch cows kept at the Alert Bay Industrial and Girls' Boarding schools and also to the fact that milk was being sold from the school when there was not a sufficient supply for the use of the pupils.

I took this matter up personally with Mr. Lord, the Principal of the school, and gave him a copy of your letter. I am in receipt of a reply from him stating that he has forwarded a copy of your letter to Dr. Westgate, Secretary of the Commission managing the Anglican schools.

He also states that he has issued instructions that all sales of milk, cream or butter are to cease as soon as possible. He states also that since the beginning of the year the only sales made, with the exception of the butter from the Girls' Home have been to oblige people in case of sickness and young babies only, who, owing to circumstances existent on this island are almost unable to obtain the said commodity, and he states further that 100 pounds of butter was bought for the Girls' Home during the quarter ending March 31st, showing that the girls did not lack butter fat which he adds is the main part of the milk.

In connection with these schools I have always urged on the principal the necessity for having more land put under cultivation so that stock could be kept and as I have pointed out that in addition to supplying the schools a very profitable dairy business could be conducted and the whole of the island might be supplied to the benefit of the settlers and to the profit of the schools. The late principal, the Rev. A. W. Corker, while agreeing with me in principle did not seem to be able to get the land under cultivation. Mr. Lord has for trade instructor a practical farmer and he is gradually extending their clearing. When Dr. Westgate, the Superintendent for the Missionary Society of the Church in Canada, was at Alert Bay I took the matter up with him and urged on him the necessity of having land cleared for the benefit of the school, and he promised to give it his careful consideration but as his trip was a hurried one he told me that he would have to leave the details for further consideration before bringing it to the attention of the finance committee.

Sir,—

In answer to your letter of April 6th I beg to advise you that the new teacher, who is replacing Miss McCarthy at the Alert Bay Industrial School was recommended by Mr. Inspector Cairns. His name is Edgar Hooper and he was formerly teacher at an Indian school at Lytton. He has no teacher's certificate but has had considerable experience and his influence is altogether for good amongst the boys over whom he already has great control.

In a conversation held this morning with the Principal of the school Mr. Lord informed me that Mr. Hooper's appointment was only temporary as the Missionary Society of the Church in Canada is taking steps to supply a certificated teacher at the opening of the new term after the Summer holidays.

Miss Donald who has been cooking at the school is leaving on the 29th inst. and her place will be filled by Mrs. Harris who also filled the same appointment at Lytton some years ago.

BOYS' SCHOOL.

At the time of my visit to Alert Bay this summer, I found an insufficient staff on the boys' side and no harmony among the officers. The Principal has poor control over both boys and staff and, generally speaking, the institution is only fairly successful.

At this institution the boys' and girls' plants are entirely separate in finance and management, with the exception of the Principal himself. Even the gardens are under different control.

The boys' building needs new flooring on the main floor, and the foundation will have to be renewed very shortly. The range in the kitchen is in bad condition. The lavatories are all outdoor, and a new one for staff is badly needed. The water supply is adequate. Stoves only are used for heating. Laundry equipment is all "hand" in type. Water should be piped to it. Lighting is entirely by lamps.

The boys' classroom, which is a separate building, is in bad shape. It is crowded and the desks are poor, and at the other end of the building there is a noisy carpenter shop.

The boys' dormitories (2) are fairly good, but beds are badly needed. There are no wash room or lavatory facilities on the upper floors.

A complete new school for boys is really needed, and Dr. Westgate suggests building onto the girls school. The present water system would be adequate for a large building. Detached classrooms are satisfactory on the West Coast and if they had 3 rooms in one building and commenced co-education I believe better results would be obtained.

The Agent can place 120 pupils here. There are 50 on the waiting list now. The Kwawkewlth Agency is entirely Protestant.

GIRLS' SCHOOL.

The outside needs painting and I understand the contract has been let. The girls' staff is very efficient. The girls' dormitory has plenty air space, but hardly enough floor space for 36 girls. Lavatory and wash room facilities are on the same floor as the dormitory. Infirmary O.K. Third floor but a storeroom. Building is steam heated. Main floor needs renovating. The building on the whole is well provided, but is too small for 36 girls.

No large reference on boys school
New Bldg. shd. be prov. soon

Dear Sir:-

I beg to enclose herewith a copy of a letter received from Mr. V. S. Lord, the Principal of the Alert Bay School, from which you will observe that he desires to resign his position as Principal of that institution on April 1. next. As Mr. Lord is desirous of pursuing his studies with a view to Ordination, I beg to inform you that our Society will accept his resignation on the date mentioned, and have already begun to seek, in cooperation with his Lordship, the Bishop of Columbia, a suitable man to nominate to your Department for appointment as his successor.

A formal application, setting forth the qualifications of our nominee will be forwarded to you at the earliest date possible.

Believe me, Sir,

Yours very truly,

T. B. R. Westgate

Rev. T. B. R. Westgate, D.D.,
Field Sec, M.S.C.C.
WINNIPEG, MAN:

Dear Dr. Westgate:-

Further to our correspondence regarding the offer made to me by the Diocese of Edmonton, I beg to inform you that I have decided to avail myself of the offer, in order that I may eventually study for Ordination.

For this reason, I beg to submit to the Commission my resignation from the position of Principal of the above named schools, to take effect April 1st: 1923.

In taking this step, after much prayer and consideration, I feel that the Commission will understand the underlying motive in grasping a seemingly providential opportunity to continue my studies, and I would say that I am not without hope that some day I may be called upon to take up work again amongst our Indian or Eskimo Brethren, with the additional blessing of the Priesthood to help me.

With kindest regards,

Yours faithfully,

(signed) Vivian S. Lord.

578979

Dear Sir:-

RE HOLIDAYS ALERT BAY SCHOOL

In accordance with the understanding arrived at with the Superintendent of Indian Education during my visit to Ottawa on the 31st ult., concerning the duration of the holidays at the Alert Bay School, I now beg to request that these be increased from a period of four weeks to a period of six weeks.

In support of this request I have to state that the chief source of livelihood of the parents and friends of the children who attend this School, is that of fishing, and as the assistance of the children during the fishing season is of very great value to their own people, a prolongation of the holidays to the extent suggested would be of benefit to them as well as to our Society.

From a letter received from the Principal, dated December 19, I learned that he had thoroughly discussed this matter with Mr. Inspector Cairns, who advised him to refer the matter to you for your consideration, and this letter is written in conformity with that advice. To quote the words of Mr. Cairns as given by the Principal in this connection they are as follows:- "Mr. Cairns' opinion is that it is only fair to these Schools and their Managers that the maximum grant should be forthcoming, and that the Department would view with favour any exceptional case such as ours."

Commending the request as set forth above to your favourable consideration, I remain,
Your obedient servant,

T. B. R. Westgate

Field Secretary & Acting General
Secretary M.S.C.C.

Ottawa, Feb. 16, 1923.

Sir:

I have to inform you that Dr. Westgate, of Winnipeg, the Acting General Secretary of the Missionary Society of the Church of England in Canada, has requested that the holiday period for the Alert Bay Indian Residential School be increased from 4 to 6 weeks. Dr. Westgate, during a recent interview in Ottawa, discussed with the Superintendent of Indian Education the desirability of changing the season of the annual vacation from the mid-summer, at certain of the Indian residential schools under Church of England auspices. The request now to hand, however, has reference to a longer period than the one month allowed with grant.

Before definitely refusing Dr. Westgate's request, the Department would be pleased to have your recommendation in this connection. I would draw your careful attention to the precedent that would be established if a longer holiday period were given at any one Indian residential school.

Reverend Sir:

I have your letter of the 8th instant, with reference to holidays at the Alert Bay Indian Residential School. I have noted your request that 6 weeks be allowed, with grant.

In reply I beg to state the Superintendent of Indian Education is under the impression that you discussed, during a recent visit in Ottawa, the season best suited for vacation purposes at Alert Bay; and it was suggested to you that, if it was found desirable to have the annual holiday of one month at some time other than in midsummer, a communication should be addressed to the Department. I regret to state that we cannot favourably consider a 6 weeks' vacation, with grant. However, in view of your report concerning Mr. Inspector Cairns' opinion, a communication is being addressed to him, and the Department will postpone a decision until his answering letter has been received.

OTTAWA, March 8th, 1922.

Sir, -

Mr. Inspector Cairns, in a report on his inspection of the Alert Bay Industrial and Girls' boarding school in February, last, states that the milch cows kept give a very small supply of milk, and that he has advised the Principal to get rid of them and obtain a better grade of cows.

He also draws attention to the quantity of milk used at the girl's school. He states that in January, last, only 45 gallons of milk were produced, 7 of which were sold, also that 10 pounds of butter were made, 5 of which were sold.

This is quite an inadequate supply of milk for the use of the pupils. Milk should form one of the main items of diet, especially for the younger children, and you should take up with the Principal the matter of obtaining a sufficient number of good milch cows to supply the pupils with an adequate supply of milk each day.

Owing to the small quantity of milk at present produced, it should be used for the benefit of the pupils, and none should be sold. This also applies to the butter made.

I will be pleased if you will consult the Principal regarding the obtaining of more milch cows, and inform the Department as to what he proposes to do in this matter, as milk should be served to the pupils, especially the younger ones, at each meal.

Sir,—

I beg to advise you that the Rev. A. W. Corker, who for many years has been Principal of the Alert Bay Industrial School, has been retired from that position, and is now Vicar of the Parish. In the meantime the Church has appointed Mr. Vivian Spencer Lord as Principal both of the Alert Bay Industrial School and of the Alert Bay Girls' Home. Mr. Lord is a young man and was in attendance at Oxford University at the outbreak of the War and joined the Air Force where he served with some distinction, but at the end of the War did not care to go back to the University, where he was studying for Holy Orders. His wife received a decoration from the Imperial Government for services rendered as a nursing sister. From the slight acquaintance which I have had of them I would judge that they would be quite capable and fit for the duties which they have undertaken.

Sir:

I have your letter of the 23rd ultimo, with reference to the holiday period at Indian residential schools. I have noted the reasons advanced by you why it might be desirable to arrange for a 6 weeks' period.

In reply I beg to state that the Department cannot change its regulations in this connection, at the present time. Some schools in certain parts of Canada are so situated that it is impracticable to allow the children to go home in the summer time. At these schools, arrangements are made for summer camps and other outings, always under the supervision of members of the staff. Further, I am of the opinion that there will always be delinquent pupils who fail to return promptly at the expiration of a holiday period, and a lengthening of the vacation would result in a general disorganizing of institutional routine, for a period every summer of at least two months. Most of our institutions are crowded to the limit of their capacity, and no opportunity must be lost to educate and prepare for Christian citizenship the youth of the present generation.

If it is found, at any school, that the general health and stamina of the children are not what they should be, special arrangements can be made upon application to the Department for outdoor activities, as a substitution for classroom work for those weeks in the summer that are not in the vacation period. The Department believes that the children enrolled at Indian residential schools should be, for 11 months of the year, under the discipline, care and civilizing influence of the staff of workers.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

INDIAN OFFICE?

402 Holden Building,
Vancouver, B.C.,

Feb. 23, 1923.

579750

J. D. McLean, Esq.,
ASST. DEPUTY & SECRETARY,
Department of Indian Affairs,
Ottawa, Canada.

Sir:

This acknowledges the receipt of
your letter of February the 16th in which you
state that Dr. Westgate, Acting General Secretary
of the Missionary Society of the Church of England
in Canada, requests that the holiday period for
the Alert Bay Residential Schools be extended
from four weeks to six weeks each year.

It will be just as well to
recognize that if the request is granted in this
case it will, of necessity, lead to a change of
policy in this matter by the Indian Department.
For I feel certain that similar requests will
come from many of our Residential Schools.

It would be well, too, to remember
that according to Indian Day School Regulations,
the pupils of Day Schools have two months' holidays.
I think that the arguments in favour of two months'
holidays for our day school are equally cogent when
applied to Residential Schools.

There is a tendency in educational
circles to increase the holiday time. July and
August are holidays in all the public schools of
British Columbia. From a health point of view it is
generally recognized that pupils are better out of the
class-room during the period of extremely hot weather.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

The objective of all our schools is to develop the moral, mental, and physical powers of the child. Therefore I am prepared to sanction any change that will help the schools to attain that objective.

There is also another phase of the question. At the present time many pupils do not return promptly and the result is that the quarter ending September 30th generally shows a marked decrease in the financial results. This leads to difficulty in financing the schools.

On the whole, I am in favour of the holiday period being extended to six weeks with full grant. Practically, it takes two weeks to get the pupils back to school and organized for work. If the policy of six weeks' holidays were adopted then punctuality on the part of the pupils should be insisted upon.

Your obedient servant,

R. H. Cairns,

Inspector of Indian Schools of B.C.

THE BOYS INDUSTRIAL SCHOOL
—AND—
THE GIRLS HOME

UNDER THE MANAGEMENT OF
THE INDIAN AND ESKIMO COMMISSION OF THE M.S.C.C.

REV. F. S. SPACKMAN, B.A.
PRINCIPAL

ALERT BAY, B. C.

September 17th. 1924.

Duncan Scott, Esq.
Dept. Supt. Gen.,
Dept. of Indian Affairs,
Ottawa.

Dear Sir,

It is with very great regret that I have to make the following report.

About 7.30 pm. Sept. 15th. I was informed that the Girls' Home was on fire. I hurried over at once and found that a pile of coats in the attic had been ablaze, but had already been extinguished by Miss Dibben, Matron i/c, with an Extinguisher. This lady's presence of mind and promptitude was very praiseworthy.

Mr. Indian Agent Halliday arrived a few minutes after me and it was clear to us both that the fire was not of accidental origin. Upon investigation it was found that the fire had been deliberately lit by Kitty Wannuck, accompanied by Marion Webb. We also discovered that a small fire on Sept. 7th. had been lit by Molly Wilson. (This was a small fire in some underclothes, which did no damage. I reported this to Rev. Dr. Westgate, but did not think it of sufficient importance to report to the Dept., as no damage was done, and the fire appeared to be accidental).

I punished the above three girls in the presence of Mr. Halliday and the assembled school. Also, on the recommendation of Mr. Halliday, Kitty Wannock was expelled that evening. All three girls were members of a small group which had given us a great deal of trouble last term, and their only excuse was that they wanted to get out of school.

I would strongly recommend that all ^{three} the girls be sent to a Reformatory, or a more distant school. Molly Wilson and Marion Webb have a bad influence in the School, but I should not like to see them sent to their own villages, - they need to be saved from themselves.

Also if Kitty Wannock is permitted to remain at home it will only encourage other girls who wish to get out to commit similar acts. On the other hand if all three girls are sent away the moral effect will be very great.

I am glad to be able to report that no damage whatever was done to the building itself. The only damage was to clothing and bedding, of which the felling was destroyed:-

[Handwritten signature]
Sir

Sept. 10th, 1924

R

I wish to draw your attention to the fact that the Industrial School for boys at Alert Bay is altogether too small for the number of pupils who wish to attend. The regular capacity is forty boys and I am in receipt of a letter from the Principal as follows:-

"I anticipated certain vacancies this Summer and took new boys in. Now Peter Mason who failed in the Entrance Examination has come back again to try next year. I am also keeping Godfrey Kelly who passed the examination until I hear whether the engineering course has been authorized for him. This makes me forty one boys in residence to-day and I also think that David White, seventeen, who announced his intention of leaving is intending to come back for one more year. I may also add that I have a waiting list of about twenty five boys who wish to come into the school. I have floor and air space in the dormitories sufficient to keep 42 boys and I should be glad of authority to keep this number on full grant."

Since the mailing of the above letter to me David White has returned so that now there are forty two boys in regular attendance at the school and I would recommend that authority be given to the Principal to keep that number.

There was a certain amount of correspondence in connection with the building of a new Institution and I would urge the necessity of doing this as quickly as possible and I would also suggest that if it is the intention of the Department to build this school next year that ten acres of land

should be cleared immediately before building operations commence. I would suggest that the best way to do it would be to get a logging donkey and three or four men and have it done by day's work so that the land might be ready for the new building. *or it might be done by contract - after calling for tenders.*

Sir:

I have your No. 23 of the 8th instant, in which you recommend that two graduate pupils of the Alert Bay Indian Residential School be given an honorarium as a reward to them and as an incentive to others. The Department is favourably disposed to grant this request, and I shall be pleased if you will make any recommendation as to what action would be suitable and helpful in the case of these two pupils. Please discuss this with the Reverend Principal and make a joint recommendation.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

I beg to advise you that at the last Entrance Examination for the Provincial High Schools two pupils named Godfrey Kelly of the Boys' Industrial School, and Nellie Hamilton of the Alert Bay Girls' Home, both successfully passed the examination.

Godfrey Kelly is the first pupil of the Industrial School to pass but a number of girls from the Girls' Home have passed but in connection with this I would ask that an honorarium be given to both these pupils as an incentive to the others and as a reward to them for their own diligence as has been done in the past.

With reference to your letter of October the third after considering the matter carefully with Rev. F. S. Spackman, Principal of the Girls' Home, we decided to give Molly Wilson another chance more particularly as her parents have been very troublesome ever since their children have been in the school and have more or less stirred up agitation with the children although they voluntarily signed the admission sheet and brought them to school at the beginning.

As a consequence she will be re-instated at the school until at any rate the end of the present term in June.

Ottawa, October 3, 1924.

Sir:

I have your letter of the 17th ultimo, informing the Department of the occurrence of two fires at the Alert Bay Girls' Home, on the evenings of the 7th and 15th ultimo. A communication has also been received from the Principal, detailing the circumstances in connection with both these fires and the action taken to investigate the cause. We note that in both cases the fires were of incendiary origin, as they were set by pupils - three girls having acknowledged that they were the guilty parties.

Regarding the suggestion that consideration be given to the prosecution of these girls and that they be sent to a reform school, I have to say that it is not considered advisable to take this action. We note that they were whipped in the presence of yourself, the staff and the rest of the girls and that Kitty Whonnock was expelled and taken home to her people. If the Principal and yourself are of the opinion that it would be advisable to expel Molly Wilson, this action may be taken. However, it is hoped that in her case, in view of the punishment administered, this will be a sufficient deterrent to prevent a repetition of her serious offence. In the case of Marion Webb, it is thought that no further action is necessary. If it is decided to expel Molly Wilson, this should be done in the presence of the school and she should be formally expelled in disgrace. At the same time, the Principal should state to the pupils that Kitty Whonnock was expelled in disgrace.

We hope that there will be no repetition, by any of the pupils, of the serious offence of attempting to destroy the building. Please inform the Department what the Principal and yourself decide in the case of Molly Wilson.

Your obedient servant,

[Handwritten signature]
Sir,

R

Sept. 17th, 1924

I beg to advise you that on Monday evening the 15th inst. a fire occurred at the Alert Bay Girls' Home.

It so happened that I was at the Industrial School which adjoins the Girls' Home overlooking the sewerage proposition and was informed that a fire had occurred at the Girls' Home and I immediately went over and found that the fire had been extinguished.

A week previous another fire had occurred in the same Institution which the ladies of the Institution thought was purely accidental and they were inclined to treat this one as accidental but after thorough examination of the situation I concluded that both fires had been of incendiary origin and I so informed the Principal. The girls were all called into the school room and questioned very closely and finally admissions were made by Kitty Whonnock that she had deliberately started the present fire and Molly Wilson admitted having deliberately started the other one. Associated with Kitty Whonnock was a girl known as Marian Webb who while she did not take any actual part was present when Kitty Whonnock started the fire up in the attic on a pile of clothing which was covered over by sheets.

*See
instructs
no prosecution
Supt
K. M. Webb
admitted
R. B. O.*

Miss Dibben, the Matron of the Institution, very fortunately kept her head and used the chemical fire extinguisher directly the fire was discovered and thus avoided any serious loss but a few minutes longer would have resulted in the fire getting into the roof and possibly the whole building being destroyed.

The three girls in question were

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR COPY

publicly whipped before the staff, the Indian Agent and the rest of the girls and I immediately expelled Kitty Whonnock and took her home to her people. The other girl's misdemeanour was really not discovered until the next day and as her parents live at Kingcome Inlet she has not yet been expelled from the school but is being kept separate from the rest of the girls and is practically a prisoner.

In talking the matter over with the Principal I suggested that possibly the Department would consider the prosecution of these girls in the Criminal Court and have ~~em~~ them sent to the reform school for girls which is near the City of Vancouver partly for their own sake that their education maybe continued and partly for the discipline of the school but before taking this step I would like your decision on the matter.

On being questioned the only excuse that the girls could give was that they felt lonesome which being interpreted meant that they wanted to go out and carry on with the boys but were not given the opportunity to do so.

Your Obedient Servant,

W. M. Halliday

Ottawa, August 19, 1925.

Sir:

I have your letter of the 11th instant, with reference to three pupils of the Alert Bay Indian Residential School who passed the Entrance Examinations. The Department wishes to congratulate these successful students, but I regret that it is not our practice to give a reward in the form of a cheque. I note the Rev. Principal states that a pupil who passed the Entrance last year has not received a cheque that was promised. I am unable to find any authority for such a reward.

When successful and promising pupils graduate from an Indian residential school the Department, when funds can be found for the purpose, gives favourable consideration to either a tuition grant for further training or assistance to establish a home. If you have any further recommendation, it should be made in due course.

A second communication will be directed to you with reference to the discharge of pupil No. 098.

Your obedient servant,

T. R. L. MacInnes,
For Asst. Deputy & Secretary.

At Alert Bay, B. C.

11th Aug.

action m-10

Sir,-

I am enclosing a request from the Principal of the Alert Bay Residential Schools for the discharge of pupil No. 098 Hilda Brochie from the Girls' Home and would recommend that this be granted.

I am also enclosing a letter from the Principal regarding the three candidates for the Entrance Examination who all passed successfully.

Alert Bay is a central point and pupils from other schools in the vicinity came to write for the Entrance Examination and Alice Whonnoek led the list for the whole district with the two boys following closely behind ahead of any of the White pupils which reflects very creditably on the teaching at this school. I would ask if possible that attention be paid to the request of the principal that a cheque be sent to each of these pupils as a recognition of their success in passing the examination.

REV. F. S. SPACKMAN, B.A.
PRINCIPAL

ALERT BAY, B.C..

August 10th. 1925.

W. M. Halliday, Esq.
Indian Agent,
Alert Bay, B.C.

Dear Mr. Halliday,

It is with very great pleasure that I am able to call your attention to the fact that all three of our candidates for the Entrance Examination viz.

Peter Mason,
George Wilson and
Alice Wannock

passed successfully. I am writing to ask if you could get the Dept. to give each of them some recognition of this as in past years. I think a small cheque would be the most suitable reward.

I received a letter from Godfrey Kelly last week, in which he states that he has not yet received the cheque promised to him when he passed last year.

Yours faithfully,

F. S. Spackman

Principal.

Sir:

I have your letter of the 12th instant, enclosing correspondence from the Rev. Principal of the Alert Bay Indian Residential School relative to an increased per capita grant for the Girls' School.

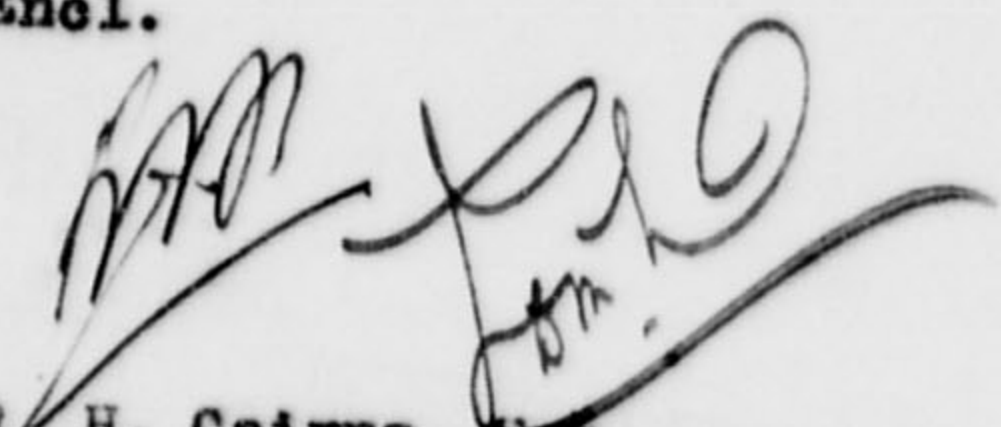

In reply I have to inform you that the whole question of per capita grants to Indian residential schools in Canada is at present under consideration. It is not proposed to effect any general increase, but to prepare new classifications and groups which will be fair to the individual schools. In our deliberations, the claims of the Alert Bay Indian Residential School will not be overlooked. It is probable that new schedules will go into effect as on April 1, 1926. Please inform the Rev. Principal. Your file is returned herewith.

Your obedient servant,

Encl.

J. D. McLEAN

J. D. McLean,
Asst. Deputy & Secretary.

Extract from Report of Inspector Cairns on the
Alert Bay Boys' School - dated April 27th, 1926.

Original on file 156-0-6

Food -

Variety, quantity and quality reported by the Principal as satisfactory. Mr. Agent Halliday, however, is of the opinion that the food given these growing boys is too meagre. Miss Long, the Senior Teacher, who is also a registered nurse said she thought more fats were needed to attain the best results.

Ottawa, May 20th, 1926.

Sir:

Mr. Inspector Cairns, in a report on his inspection of the Alert Bay Boys' School, states as follows regarding the food supplied the pupils: -

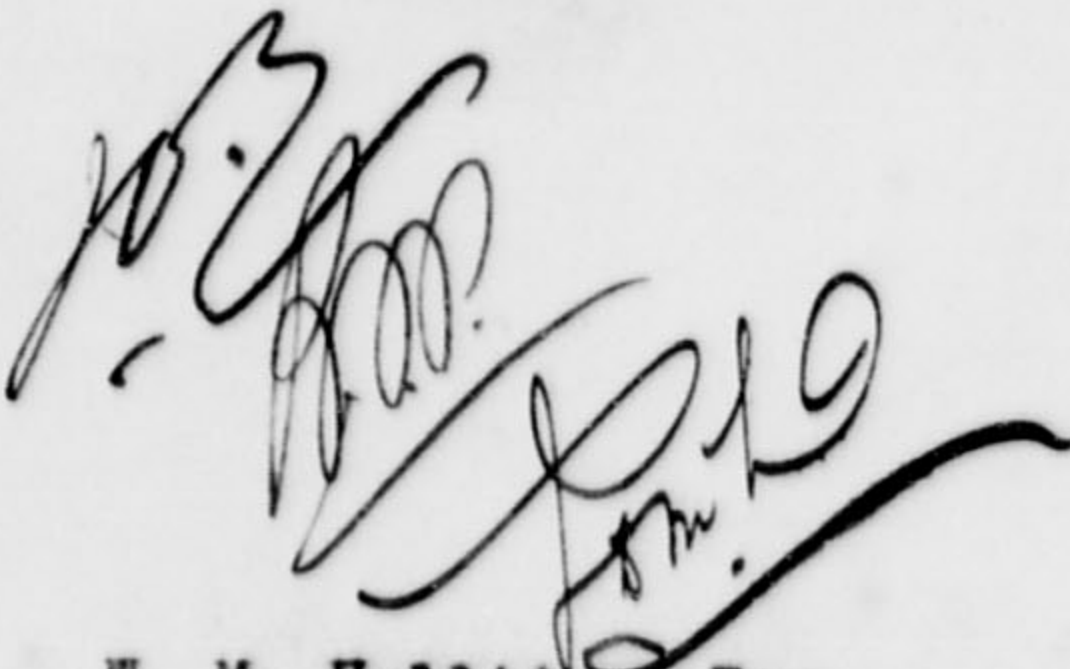

"Variety, quantity and quality reported by the Principal as satisfactory. Mr. Agent Halliday, however, is of the opinion that the food given these growing boys is too meagre. Miss Long, the senior teacher, who is also a registered nurse, said she thought more fats were needed to attain the best results."

You will be good enough to bring this matter to the attention of the Principal with a view to having him arrange for a more balanced diet for the pupils.

Your obedient servant,

J. D. McLEAN

J. D. McLean,
Asst. Deputy and Secretary.

14th June, 19 26

156-0-1

Referring to my letter of the 11th of June which contains a report on the food at the Alert Bay Industrial School I would advise you that when the principal received his copy of my report he took exception to one paragraph in it which states that a larger amount of peanut butter was provided for the Girls' Home per capita than for the boys.

The amount supplied for the boys has been 100 lbs. per quarter for 40 boys while the amount supplied for the Girls' School has been 45 lbs. per quarter for 36 girls both of which would appear to be inadequate.

With this exception the principal has made no other comment on the report and would you kindly make this correction in the original report.

11th June, 1925

IN YOUR REPLY REFER TO
No. 23
ALSO
TO DATE OF THIS LETTER

Sir,—

156-0-1

Your letter of May 20th was duly received but owing to the fact that I was called away for a few days and on my return the Principal was away for a few days I was unable to act upon it until this week.. On the 8th inst. I went to the Industrial School and had a long interview with the Principal regarding the food supplies for the school. Mr. Spackman allowed me the free use of his requisitions and while on the whole there is ample food supplied for the boys it was pointed out to Mr. Spackman that many changes could be made that would benefit the boys and which in my opinion should be made commencing with the next quarter.

I find, first, that no butter is allowed for the boys but as a substitute they use peanut butter the average being 100 lbs. a quarter for from 40 to 41 boys. I consider peanut butter a very very poor substitute for butter and that this quantity is insufficient. I find also that there is a scarcity in other rich foods and I suggested to Mr. Spackman that he increase the amount of beans used as food to at least three times the quantity which is being used at present.

With regard to meat the school has been handicapped until recently owing to the fact that in order to buy meat at all economically, the week's supply has been bought at one time, and there is no proper refrigerator to keep it in, and even if there was, bringing it up on the boat in small quantities sewed up in sacking the meat is tainted before they get it. Mr. Spackman assured me, however, that now there are two cold storage plants handling meat at Alert Bay he has suggested to his Church Committee at Winnipeg that he be allowed to buy the meat locally, which would allow more choice as to what they purchase and also allow a little better quality of meat. The quantity for the boys school has been insufficient. Had all the meat been in good order which arrived it would have been much more nearly a sufficient quantity than it has been under the present conditions.

The boys at the school look healthy and

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

look to be well fed, but during the last year there has been an unusual amount of illness and I talked this matter over with the principal to see if he did not think that it was on account of the ~~not~~ not having enough fats. It was pointed out to him that in their native habitat Indians live on more or less oily foods, they use large quantities of fish and use very largely fish oils and also eat a great many of the hair seals which are very fat indeed. I found at the school that there was a very small quantity of fish on the diet list. It must be admitted however that at times it is difficult to get fresh fish, but it would appear from the quantity that would be used there that an arrangement might be made to get a good weekly allowance.

I found also that the allowance of sugar was only 4 lb. a day for the boys in the school and I think that this should at least be doubled. I suggested to the principal that if he would use more beans and would buy mess pork in barrels and cook it with the beans that it would help out materially with the fats and would not increase the cost of their living as they would make up for it in other ways.

*Corrected
See letter
June 14
AMS*

I also took up the matter of the diet with the principal so far as the Girls' Home is concerned and I found that a much more liberal allowance had been made for the girls than for the boys. There, as in the boys school, no butter was allowed for the girls but the amount of peanut butter per capita was larger but still insufficient to keep the girls in good growing condition also at this institution there was found a scarcity of vegetables as they were limited to what they grow in their garden with the exception of potatoes.

To my mind, the great difficulty exists in the fact, that these schools and their diet are controlled very largely by a committee at Winnipeg who have to deal with a large number of schools but they, apparently, know nothing whatever about climatic conditions and what is best for this particular place, and the principal informs me that he has taken up this matter of the scarcity of ~~fats~~ with them but they have done nothing to remedy it. A copy of this report is being given to the Principal for his guidance and it is to be hoped that steps will be taken to make the school in every way as efficient as it might be.

The agent has been for two years past pressing the need of a new school building which is as much needed or perhaps more so than a change in the diet at the schools.

Reverend Sir:

I have to inform you that Mr. Indian Agent Halliday and the Rev. Principal of the Alert Bay Indian Residential School have given much attention of late to the provision of a better balanced diet for the pupils at the institution. I should be grateful if you would give very favourable consideration to any recommendations of the Principal which have to do with the question of food. Mr. Inspector Cairns, the Indian Agent and the staff at the school have looked into the matter carefully and, I believe, are prepared to make some suggestions.

The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

I beg to acknowledge the receipt of your letter of June 28th (No. 156-0-1) relative to the question of a "better balanced diet" for the pupils at the Alert Bay Indian Residential School, and to inform you in reply that this important matter has been receiving the very careful attention of our Society throughout the past year. It has formed the subject of some correspondence with the Principal, and was also given careful consideration by me at the time of my last visit to this institution. It will, of course, promptly receive the further consideration which you suggest, but there are certain factors which enter into this particular case which may not have been communicated to you, and to which I think it well to direct your attention.

1. In the first place I should like to state that the only items of food about which there has been any question of an inadequate quantity being furnished are butter and sugar. On referring to my report to our Commission, on my visit to this School in August of last year, I find special reference made to these two items. I also find that provision was made for an increase in the quantity of sugar which was to be allowed, and the provision thus made has been carefully adhered to.

The question of an increase in the supply of butter has also been considered, but owing to the lack of sufficient funds our Society has not been able to sanction the full amount which the School management have requested. They have always furnished, however, the amount fixed by schedule for all of the schools under their control, and this, it was felt, along with the quantities of syrup, peanut butter, etc., provided, was sufficient to meet the school's need.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

2. In the second place, I beg to state that as practically no complaints have been made by any of the other Schools under our Society's control about a shortage of either butter or sugar, our Commission have been puzzled to know why any such should have reached your Department with regard to the Alert Bay School. The only conclusion they have, so far, been able to reach in this matter is that your local representatives namely, Mr. Indian Agent Halliday and Mr. Inspector Cairns have not furnished the Principal of the Alert Bay School with all the support and confidence which they could reasonably be expected to give. In support of this conclusion I may state that Mr. Inspector Cairns before he left the School at the time of his last visit informed the Principal that his report on the food would show that it was "Good in quality, Sufficient in quantity, Recommend more fats". On the 8th of June Mr. Indian Agent Halliday, accompanied by his Stenographer, presented himself at the School and stated that he had received orders from your Department to investigate food matters. When leaving the School after making his investigation he took away with him all the food requisitions for the three quarters of this year.

The Principal having placed the above facts side by side has come to the conclusion that the Inspector must have altered the tenor of his report before despatching the same to your Department, and is at a loss to know why he should have done so. He is of the opinion that this must have been done at the request of the Indian Agent but has no certain proof that such is the case. If the Inspector changed his report at the suggestion of Mr. Indian Agent Halliday who never uttered a complaint to the Principal personally, nor ever visited the School to examine the food for himself, then the conclusion which our Commission have reached that the Principal has not been receiving the support and confidence of your local representatives, appears to me to be well founded, and I hope that you may take the necessary steps to alter this condition of affairs.

I should further like to point out that in Mr. Indian Agent Halliday's report to you - dated June 11th - on his investigation of the food supply at the Alert Bay School, he has made certain statements which do not harmonize with the facts.

1. He states, for instance, with regard to the diet, that he found a much more liberal allowance had been made for the girls at the Girls' Home, than for the boys.
2. He also states that the Principal informed him that he had taken up with the Commission the matter of the scarcity of foods but that the Commission had done nothing to remedy it.

With regard to the first of these I can assure you that it is not true. With regard to the second the Principal declares that it is an "absolute exaggeration".

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

I regret Sir, that I have felt it necessary to write at such length, but the importance of the question raised seemed to me to demand the information which this letter will lay before you. When you have read the same I shall be obliged if you will (1) instruct your local representatives to furnish the Principal of this School with all the assistance they could reasonably be expected to render, (2) to refrain from incorporating in their reports statements - which are not accurate, and (3) request Mr. Indian Agent Halliday to return to the Principal the requisitions which he took away. He is at liberty to examine the requisitions and even to make copies of them, but I consider that he exceeded his powers when he removed the same from the custodianship of the Principal.

I have the honour to be, Sir,
Your obedient servant,

Ottawa, July 22, 1926.

Reverend Sir:

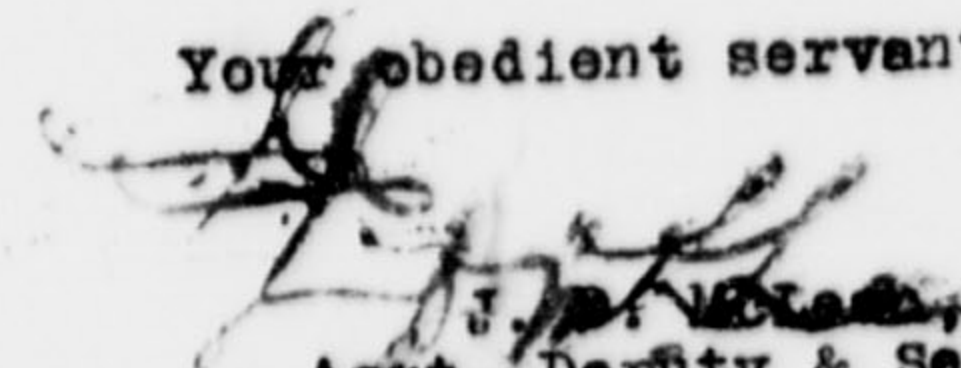

I have your letter of July 10th, with reference to the diet for the pupils at the Alert Bay Indian Residential School. I note that your Commission has made an increase in the quantity of sugar allowed but that you have been unable to arrange for more butter or fats.

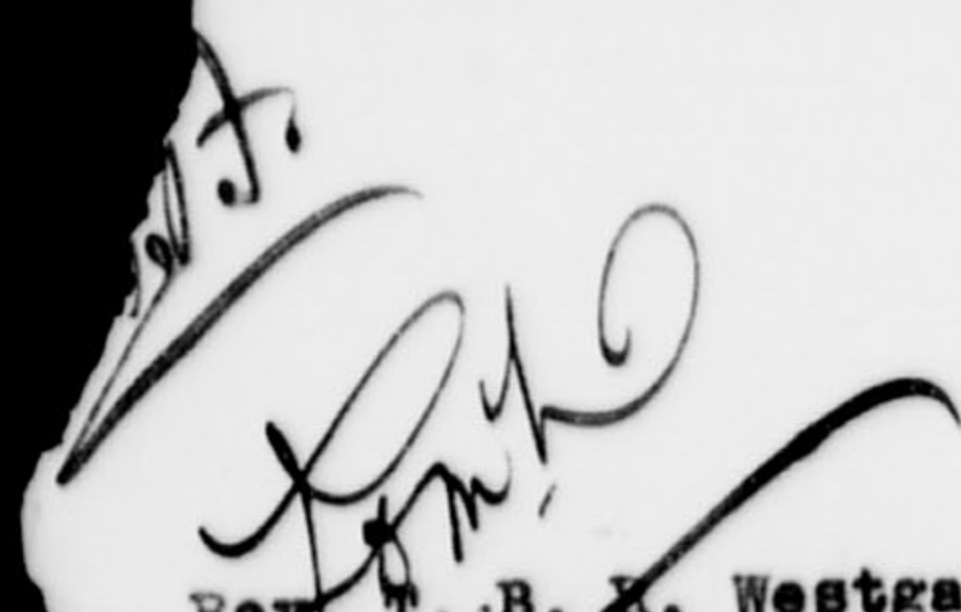

With reference to the first paragraph of the second page of your communication, I wish to point out that the Alert Bay School is peculiarly situated and it is possible that more fat should be provided for the Indians of this vicinity.

I note with regret that you consider the Principal has not received the support and confidence of our local representatives. With regard to the points you raise in this connection, I wish to state that Mr. Indian Agent Halliday, three days after he first reported on the food supplied at the Alert Bay School, corrected his statement concerning the different allowances at the Girls' and Boys' Homes. Again, our representative does not state "that the Principal informed him he had taken up with the Commission the matter of the scarcity of foods but that the Commission had done nothing to remedy it." The word "Fats" is written in place of the word "foods," and your letter, which I am acknowledging, shows that Mr. Halliday's contention is correct.

Concerning your requests, I wish to state that our local representatives have standing orders to assist principals of schools as far as possible. I am asking Mr. Halliday to return the food requisitions to the principal. I might point out that his letter reads in part as follows: "Mr. Spackman allowed me the free use of his requisitions."

Your obedient servant,

 Asst. Deputy & Secretary.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

I have to inform you that the Rev. F. S. Spackman, M.A., Principal of the Alert Bay Schools since June 1923 has been called to England on account of the serious illness of his father and tendered his resignation to our Society, the same to take effect at the end of last month. Mr. Spackman's resignation has been accepted with very deep regret, and I beg to inform you that the Rev. F. Comley, Missionary-in-charge of Alert Bay has been given the position of Acting Principal for the month of December. On January 1st of next year Mr. F. Earl Anfield, who is at present on the staff of St. George's School, Lytton, B.C., will relieve Mr. Comley from any further responsibility in connection with the Schools by taking charge in the capacity of Acting Principal. He will hold this position until an Ordained man has been found to take over the Principalship.

With regard to Mr. Anfield's qualifications, I beg to submit the following information contained in a letter he had addressed to me on Nov. 1st:-

" Am 29 years of age, born and educated in England, where I attended the William Ellis College; teacher-trained in London, Eng., and Ontario, and have close on seven years experience in teaching, three of which were as Principal of the Provincial Reformatory, one as Principal of the Fort George Public School, and the remainder here at Lytton. Have been Senior Leader at the Y.M.C.A. Boys' Camp for Vancouver, for the past six years, where I gained an intimate knowledge of boyology outside the schoolroom. Am also experienced in physical culture, and have a working knowledge of medicine and nursing having nursed the boys here through severe epidemics of

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

smallpox, scarlet fever, measles, and other ailments.

As far as Indian education here is concerned, I have built the school up to Entrance standard, and passed the first children ever to enter High School from Lytton. But I am not too keen on much advanced education for them, and I devote much time to the teaching of practical agriculture and hygiene, which subjects I consider to be fundamentally important for Indians; the first to enable them to compete with the whites and thus make a living; and the second to enable them to live as we have decided they must live.

Health is all important and I have tried by every means to teach the children here its real value. We have an organized Health Club, with weight charts, etc., and that we have been partly successful is shown by an increase in weight of 1500 lb. among 100 children in the past school year, with another increase of from nothing to 100 qt. of whole milk drunk per day, and the Indian as a class does not like milk as a beverage".

Further information with regard to Mr. Anfield's ability may be gathered from the following copies of Inspectors Reports:-

1. Vancouver, B.C., Dec.3-4.1925., by H.H.Cairns, Esq.,
Inspector of Indian Schools,
Vancouver, B.C.

" Modern methods are followed by Mr. Anfield, who is doing very thorough work, and his pupils have made remarkable progress since my last visit.

The Senior classes have made wonderful progress in Arith. and Geography. Mr. Anfield is a very capable teacher and gets the hearty co-operation of his pupils.

Both boys and girls are practising calisthenics and deep-breathing. The work along this line is excellent. The pupils play basketball under the training of Mr. Anfield."

2. Vancouver, B.C., May, 1925, by R.H.Cairns, Esq.,
Inspector of Indian Schools,
Vancouver, B.C.

" Mr. Anfield is an excellent teacher. He is preparing one Indian boy for Entrance Exam., and states that he will have a good class next year."

P.S. This pupil passed his Entrance and is now in High School.

3. Prince George, B.C., April, 1923, by G.H.Gower, Esq.,
Inspector of Schools,
Prince George, B.C.

" Mr. Anfield is doing effective work in this school. He has a strong hold on his pupils and there is every evidence that

they are responding. Orderliness marks the work of the room."

4. New Westminster, B.C., May 3rd. 1922, by Arthur Anstey, Esq.,
Inspector of Schools,
New Westminster, B.C.

" The Principal appears well adapted to the special type of work carried on here (Provincial Reformatory); control is firm, and the pupils work with interest and effort. The class methods are good and organization good. Co-operative methods and efforts by the pupils themselves needs to be emphasized, with plenty of class teaching and careful training in oral expression. The written exercises are neatly and carefully done; and the drawing and colour work is good. The general attitude of the pupils towards school work is better than might be expected."

Owing to the presence of an Ordained Missionary in the town of Alert Bay our Society does not consider it absolutely necessary to make an immediate appointment of an Ordained man to the Principalship of these Schools. They have decided, however, not to depart from their rule to give the position of Principal to none but men in full Orders, and when a suitable man has been found Mr. Anfield will be asked to serve under him in the capacity of Vice-Principal or given an appointment at another School.

Trusting that the above arrangement may be satisfactory to your Department,

I remain, Sir,
Your obedient servant,

L. A. R. Westgate

Ottawa, September 19th, 1927.

Sir,-

I beg to acknowledge the receipt of your letter of the 8th instant, enclosing a communication from the Principal of the Alert Bay Residential School in which he requests an increase in the pupilage. Please let me have a report showing the interior dimensions of the dormitories and any other rooms that are used for sleeping quarters both in the Girls' and Boys' Schools. On receipt of this information, the application for increased pupilage will receive further consideration.

In connection with the Boys' School, I might refer you to your letter of October 4th, 1924. You will note from official letter of October 16th, 1924, that it was found that, at that time, there was only sufficient air space in the dormitories of the Boys' School for 41 pupils. Possibly, these have been enlarged since that time.

Your obedient servant,

A. F. MacKenzie

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

23.

Kwawkewlth Agency

Alert Bay B.C.

September 8, 1927

Sir:-

Enclosed please find a letter from the Principal of the Alert Bay Residential Schools in which he asks to be allowed to increase the number of pupils at both the boys and girls school .

Your obedient servant

W.M. Halliday
Indian Agent.

The Secretary
Department of Indian Affairs
Ottawa.

File 2.S.

Residential Schools,
Alert Bay, B.C.
September 1st, 1927.

To The Secretary,
Dept. of Indian Affairs,
Ottawa, Ontario.

Re...Increased pupilage at Residential Schools, Alert Bay, B.C.

Sir ;-

I have the honour to ask that the Indian Dept. will sanction increasing the numbers of pupils at the above mentioned schools as follows ;-

The Boys' School from 42 pupils to 44 pupils.
The Girls' Home from 36 pupils to 37 pupils.

This request is made in view of the large number of applications for admission now on the files of the schools, and of the urgent insistence of two or three parents that their children be admitted this term.

I might say that accommodation for the increased number can be provided in all departments.

I have the honour to be,

Sir ;-

Your obedient servant,

Harold Anfield.
Principal.

Ottawa, December 9, 1926.

Reverend Sir:

I have your letter of the 2nd instant and I note, with regret, that the Rev. F. S. Spackman has resigned his position as principal of the Alert Bay Indian Residential School. The Department approves of the appointment of Mr. F. Earl Anfield as acting principal as from the first of January. I have read of Mr. Anfield's experience and qualifications and I hope that his appointment will be a happy one. His efficient service at the Lytton Residential School is known to the Department. The Indian Agent and the Inspector of Indian Schools are being informed of this appointment.

Your obedient servant,

J. D. McLEAN

"THE ALERT BAY THUNDERBIRD" A Review of Events at the
Alert Bay Indian Residential Schools and the Surrounding Mission

A RETROSPECT AND A PEEP INTO THE FUTURE - 1894 - 1928.

It was in 1887 that the first organized attempt to bring the Gospel of the Good Shepherd to the Indian people of this part of the Coast was undertaken by the Church of England. In that year the Rev. A.J. Hall, C.M.S. Missionary, arrived at Fort Rupert and started the first mission. A year later he moved his headquarters to Alert Bay on Cormorant Island, off the north-east coast of Vancouver Island, where in the face of tremendous odds, the Good Word found fertile soil in the hearts of many.

Six years later the first Boys' School was opened by Mr. A.W. Corker, who was also on the C.M.S. Staff. The School commenced with seven boys, but within a few days all but one had run away. In spite of this discouragement and in the face of terrific opposition on the part of the Indians as a whole, the School steadily grew and prospered. The school reserve consists of heavily timbered land, and technical education was at first of necessity confined to land clearing and carpentry. Mr. and Mrs. Corker were the only members of the staff for some time, and for many years Mr. Corker also did all the medical work of the district. It was in 1897 that the first Trades' Instructor was appointed in the person of Mr. W.M. Halliday, now our respected Indian Agent for the district.

In 1905 it was found necessary to enlarge the School. The roof was therefore raised and a new dormitory added. The capacity is now for 40 boys, though 43 are in residence at present.

The Girls' Home was opened as a Diocesan School in July, 1912, with the Misses Nixon and Neville in charge. This was an independent school with a capacity for 36 girls.

In 1913, Mr. Corker, who had been ordained in the meantime, took charge of the Mission at Alert Bay. For nearly seven years he controlled both schools and parish. In 1920, however, he resigned his position as Principal and confined himself entirely to the Parish of Christchurch. Mr. V.S. Lord was appointed Principal, and he in turn was followed by Rev. F.S. Spackman, who arrived from the Diocese of Saskatchewan to take charge. He remained until late in 1927, when the present incumbent arrived. In 1922 the Schools were combined under the management and control of the M.S.C.C.

During these long years the names of 368 boys and 164 girls have appeared on the school registers of admission. What a tribute to these workers of early days who laid a foundation sure and strong on which could be raised such a work for God. Up and down this Coast, from Cape Mudge in the South to the Naas River in the North are scattered the graduates of these schools. They settled down in their villages, in many cases, built good homes for themselves, and in many cases, we have these ex-pupils' children in residence in the Schools today.

POOR-COPY

And what of the results - Considering the difficulties to be faced ; the sweeping change of environment that school life must mean for the Indian child ; the language handicap ; the tremendous urge of native customs - we can indeed humbly thank God for a great work well done, and we can thank Him too for the lives of consecrated and devoted workers who pioneered the way. We reap where they have sown, and they sowed thickly of the Love of God to men.

The work goes on in the Strength and with the Help of the Master. Though not faced with the dangers of the early days, yet there are difficulties yet ; and we need all the help from above ; all the prayers of the faithful ; and sympathy and understanding , to carry on Christ's work in the ay that He would have it go.

Our buildings, worn with time and wracked with storm are fast approaching their latter days ; and it is our prayer and hope that this year will see the erection of a building with large capacity, that will stand as a living witness to the zeal of the Church , a monument to the pioneers of days gone by, and a tribute of co-operation and interest on the part of the Department of Indian Affairs.

Both spiritually, educationally and morally these schools have abundantly justified their existence, and with the blessing and guidance of God, much can be hoped for in the future.

Let us take this opportunity of thanking those who made the printing of this magazine possible. The Diocesan Board of the Columbia W.A. , in donating a mimeograph to the Schools have performed a work, the value of which will increase as time goes on. Keeping in touch with ex-pupils ; contacts with the Sunday Schools and Churches that are actively interested in our work ; reports on progress to parents of children in the schools ; scripture study project work ; hymn sheets, and many other uses too numerous to mention, are all made possible by this splendid gift of fellow workers in a common cause - the advancement of Christ's Kingdom on earth.

We do not know just how often it will be possible to publish this little magazine. It is hoped to get it out quarterly at any rate, and later, if results justify, to make it monthly. In order to defray the cost of paper, postage and ink, we are making a charge of ten cents, and we would ask who like our effort to send us this amount when next they write. Suggestions and comment whereby we can improve will be welcomed. Please address all letters to the Principal, Residential Schools, Alert Bay, B.C.

With this school magazine we are incorporating a section dealing with other Mission activities in Alert Bay and district ; including the work of the Columbia Coast Mission with its hospitals and mission ships ; and the outlying stations of Village Island and Kingcome. Material for our next issue will be gladly received. We wish to urge on those engaged in Missionary effort to help us with this work. Our magazine will cover a wide field, and the Churches are keen and anxious to hear of the work.

A Page of Interest for all Our Ex-Pupils

My Dear Friends :-

To all our ex-pupils, whether you left last year, ten, twenty or more years ago, do we extend greetings and best wishes with the hope that in this magazine of ours you will find much to help and encourage you in the battle of life ; that in its pages you may find news of fellow pupils of your day in school ; and that you may be linked up with us in our work for the present generation now in the Schools.

Too often alas, is it said, that after the Schools have trained and educated our Indian children, they leave and have no further link with the place that has been home to them, often for many years ; the place in which they have been taught to know and love Jesus Christ to lead a Christian and a godly life ; and then return to their homes and villages to lead out and live out those lives in Service to the Master and their fellow men.

Hear Friends, do not think that school days are over. Do not think that you are no longer linked with us - for you are still pupils - older perhaps, but yet in training. Here the ground work was laid ; the foundation put in - though remember that the strength and stability of that foundation depend greatly on the application paid to your teaching whilst in school - and then you left the small school of training for the bigger school of life . It was the Master Himself who said, " Go ye into all the World, and preach the Gospel to every Creature " - So you too were sent forth equipped with all the armour we could give you - ~~xxx~~ to preach the Gospel - to show it to others by your lives - to live out in the world the teaching of Christ received here in the Schools. Just a continuation of School, isn't it ? With the same help waiting there as helped you here - the Spirit of Christ still seeking to help and guide you if you will let Him. Have you ?

We know by record and report that many have ; that numbers have gone forth from here and have led lives that are creditable both to themselves and their School - for we see it right here in the children ; sons and daughters of old pupils of the Schools - God bless you for your lives so freely given to His service, for your children shall rise up and call you blessed. May you go on from strength to strength, sure in His trust and loyal to His cause.

And to those of you who feel that you have not got all out of school that you hoped for ; to those who found the going rough and the way hard ; and to those few, if any there be, who thought it better and easier to paddle their own canoes, to go their own way - to you all we have a message ; remember, Christ in His love is always there to help - He longs for you to try and walk His way - the path of lowly Service - not always the easiest or the best paying from the worldly point of view, but certainly the best from every other. My friends your School and all it stands for, is still willing to be your guard and guide - it watches patiently, prays daily that in God's good time you will turn to Him as you leaned on Him here in school - that you will see that His way is best - and that you will go forward for Him and with Him.

When on earth, Christ told us not to hide our light under a bush, but to let it "So shine before men that they may see your good works." Like St. Paul, "Let us not be weary in well doing, but let us run with patience the race that is set before us." Let us do some active work for the Master. There is a crying need among our Indian people for more Missionaries. Are you doing your share - you who were sent forth to preach the gospel? Every boy and girl sent forth from these Schools is a Missionary, whether they will it or not, either for good or for evil.

Go to work, my friends, and help the cause of Christ. Your people need you, and they would sooner hear you than hear us. Are you now teaching the Word of God; taking your share and part in Church life seeking new sheep for His flock; and taking every opportunity of helping His work to progress? If you are not, may we not urge you now to at once make a start.

At this coming Eastertide, let us consecrate ourselves anew to the Risen Christ, to go forward in His strength to do the task that He has set for our accomplishment, trusting in His help and relying on His word, "Lo, I am with you always, even unto the end of the World"

Very sincerely your friend,
Charles Anfield
Principal.

Notes on Ex-Pupils of the Schools.

We were glad to have a visit last summer from Paul Mercer, a graduate of 1902. Paul's two boys are both in the school now and doing well. It is a pleasure for us to hear that Paul is a strong worker for the Church in his village on the Naas River.

George Luther, one of the earliest of our graduates still presides at the teacher's desk in the Alert Bay Indian Day School. He also both preaches and teaches in Christ's Church and is a power for good among his people.

Nellie Hamilton, now Mrs. Reggie Cook, is the proud mother of a fine baby boy. The little man was baptised in our Church recently.

We regret to say that Caleb Starr of Bella Bella, is confined to the Hospital there with lung trouble. We trust and pray that he will be soon restored to health and strength again. He writes often to the school, and we wish that some of his old friends would write to him.

Elizabeth Mason, a graduate of 1927, was the winner of a medal from the Department of Indian Affairs for her essay on Confederation. We regret that we have not a copy of this essay for publication.

Simon Brown, that smiling youth from Klemtu, continues to make good progress in health, and we hope that he will soon be his old self again.

We would like news items from ex-pupils for our next issue. Send them along.

SCHOOL NOTES OF INTEREST TO ALL

From.

Great advances are shortly to be made in land clearing when, through the kindness of the Indian Department, nearly thirty acres are to be brought under cultivation for pasture and farming land. This land will be most welcome in view of the possibility of an early increase in pupilage for the long looked for new school.

Our cows are all under regular test for T.B., and we are glad to say that Drs. Frank and Thompson found the animals all clear of the dreaded disease.

Manual Training. This most essential subject for boys was re-started in the spring of 1927, and though handicapped a little by lack of sufficient tools, the boys are making remarkable progress. They have turned out paddles, step ladders, wheelbarrows, and many other useful things, as well as making all the bench equipment for their shop. We are going to exhibit this fall at the Exhibitions, and try and wrest some of the honours from our good friends at Coquilleetza. We hope to start basketry for the younger boys and girls shortly.

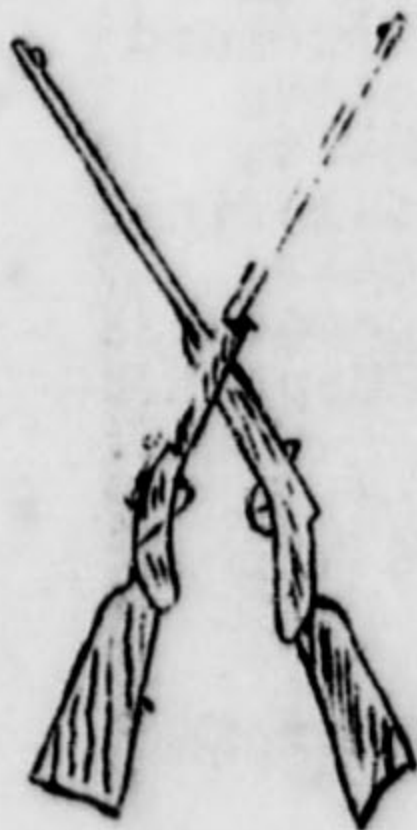

Sport.

Thanks to our good friend, Dr. Mandy, we have two complete sets of football uniforms, one red and white, and the other blue and brown. The boys enjoy football very much and we usually have at least two organised games each week. Contrary to usual practice, these youngsters play football as a summer game instead of during the winter, and will go through a gruelling game on the hottest game in summer. The girls are now taking up basketball, whilst the boys enjoy volleyball.

Cadet.

For the second year in succession the Cadets of this School won the I.O.D.E. Challenge Shield for the best Indian Cadet Corps in the Province. The boys are very keen on their work and thoroughly enjoy it. Great credit to due to Rev. F.S. Spackman, who in his time here as Principal, made such success possible.

The Senior Rifle team is now competing in the Dom. of Canada Miniature Range Championship. In the first month of the shoot, they averaged 92% and we hope to do better yet before we are finished.

Peter Neasloss won a special medal for shooting last year. Well done.

The boys go to the Parish Hall for Physical Training very Tuesday evening. They play organised games, and are now taking up Badminton. Some of them show promise of becoming excellent players.

The Girls go to drill every Monday afternoon with their teacher, Mrs. I.D. Woods. They also enjoy it immensely.

W.A. Activities We are proud of the fact that all our Girls are in the W.A., the senior ones belonging to the Girls' Br., and the Juniors to the Little Helpers. Wonderful, though secret plans are being made now for the Bazaar already, and needles ply busily through the meetings.

School Notes. (Cont'd)

Schoolrooms. Both the Girls' and Boys' schools won honours at the Provincial Exhibitions last fall, when they took first prizes in art and writing. Part of this collection was composed of a remarkable set of Indian Designs, which attracted very favourable attention.

The boys are now rejoicing in a fine new schoolroom built by the Indian Department last summer. The building is really the Manual Training shop for the new school, but will be used as a classroom until we move into our new home.

We re-print herewith the prize essay of Peter Neasloss which won a medal and a special honourable mention from Ottawa in connection with the subject of "Confederation". Let us also take this opportunity of extending our congratulations to Minnie Wesley and her school at Coquileetza, for securing the first place in the Dominion.

"CONFEDERATION"....Peter Neasloss, Grade VII.

Years before Confederation took place, Lord Durham in his famous report, had advised a union to unite the British North American Provinces under one main Governor.

Upper and Lower Canada had their own Prime Ministers, one for the British and one for the French; who helped to guide each other's part. This the people did not like. Although one part had more population than the other, they only allowed equal representation. The people thought they should have representation by population, and so became dissatisfied. The country came to a state of deadlock.

The great men such as Sir. John A. Macdonald and George Brown of Upper Canada, Sir. George E. Cartier of Lower Canada, Sir. Leonard Tilley of New Brunswick, and Sir. Charles Tupper of Nova Scotia and several great men met at Charlottetown in September, 1864 to discuss what was best to be done for their country; the following month, thirty-three delegates together with E. P. Tache as their Chairman met again at Quebec; here they drew a bill and decided on a federal union. The conference had lasted for eighteen days, a result of seventy-two resolutions.

In 1866 there was trouble on the American border which made the people realise that they must have a Union.

In 1866 thirty-three delegates now known as the Fathers of Confederation went to London, England, with Macdonald as their leader.

On March 29th, 1867, the Bill was stamped and signed by Queen Victoria which is now known as the British North America Act, which formed Upper Canada, (now Quebec,) and Lower Canada, (now Ontario), New Brunswick and Nova Scotia into the Dominion of Canada.

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

The Imperial Government appoints the Governor General as the representative of the Sovereign.

Since Confederation each Province is allowed to have representation by population. Quebec is used as a base, who is allowed sixty-five representatives in the House of Commons.

Lord Monck was the first Governor General of the Dominion of Canada, and John A. Macdonald was Prime Minister. Today Lord Willingdon is the Governor General and Mackenzie-King is the Prime Minister.

Queen Victoria chose Ottawa to be the seat of government. On May 22nd the Queen proclaimed July 1st to be set aside each year to be known as Dominion Day, to be kept for a great national holiday. This July 1st will be the Diamond Jubilee of Confederation.

By 1870 Manitoba, in 1871 British Columbia, and in 1873 Prince Edward Island had joined the Dominion. In 1905 Alberta and Saskatchewan formed a part of the Union. Newfoundland alone stayed out.

Now Canada is a great Dominion stretching from the Atlantic to the Pacific Ocean, and has made great progress ever since. She has a great railroad system from the Atlantic to the Pacific. She has wonderful educational systems. She is one of the leading countries of the world in her wheat growing, lumbering, mining and fishing.

Essay.... "My Desk"..... Frank Wilson, Grade 111 Sr.

My desk is made of wood which used to be a tree. A man cut me down and cut my branches off. I was so large that the man sawed me in half. He then took me to the big mill, where the people sawed me into pieces, which they called lumber. After that, they made me smooth and I was put into a big pile to dry. A man then bought me and took me home and cut me into smaller pieces to form a nice little desk. Then when I was a desk, they polished me to make me look good so that somebody would buy me, and now I am in the Indian Residential School having a fine time with the boys who write on me.

IN MEMORIAM

It was with real sorrow that we at the Schools learned of the passing of Dr. J. C. Spencer of Bella Bella, B.C., for many years United Church Missionary at that centre. Both to his people, Indian and white, his family, and his Church we extend our deepest sympathy. Dr. Spencer did a splendid work for the Indian people of the coast, and it is our prayer that God will raise up another great man to take his place among the Indian people at Bella Bella. For the work to go on to bigger and even greater things would be the greatest memorial one could give the late Missionary, and the one that he would choose.

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

We were pleased to receive a visit from the Field Secretary of the M.S.C.C. Dr. Westgate, with his genial smile and happy way won the hearts of all the children. Whilst here, Dr. Westgate gave an illustrated lecture on his Missionary experiences in Africa during the war. Very kindly, too, he showed and explained a set of M.S.C.C. slides to the Girls of the School, they, unfortunately being down with epidemic measles at the time.

Other visitors during the year included Mr. R.H. Cairns, Inspector of Indian Schools, Mrs. Ferrabee, Dominion President of the W.A., Miss Dalton, on her way to India, Archdeacon Heathcote of Vancouver, Rev. and Mrs. Redman of the United Church, Rev. Robt. Connell of Victoria, and a number of local friends interested in our work.

His Lordship, the Bishop of Columbia, administered the rite of Confirmation to a class of boys and girls from the Schools last year. Those confirmed were Annie Williams, Gertie Hunchitt, Rhoda Cook, Pauline Adams and Alice Johnson in the Girls' Home, and Jack Scow, Robert Mountain, Ernest Mason, Simon Hopkins, Mark White and Billy Joseph in the Boys' School.

Our School dining rooms now look very nice with their snowy white tablecloths and china dishes and you would hardly believe how few dishes the children break or how few bad spills occur on the cloths. We feel that they appreciate our efforts to make school life as 'homey' as possible.

It is often stated that institutional life at its best is not a very good substitute for the home (however humble it might be) in the upbringing of a child. We must bear in mind however that the Indian is a gregarious type and seems to take kindly to the mass activities of a large school - a relic perhaps of the community house custom of bygone days - Perhaps in the not far distant future the Church and the Indian Dept. might design a school on the 'cottage plan' at one of the new centres. It would be an experiment well worth watching from the viewpoint of modern child welfare ideas.

An unnamed friend donated a beautiful silver shield to be competed for monthly, the winner to be the best all round boy in the School. Keen competition and strenuous effort has won the Shield for the following boys this school year :- August, Ernest Mason; September, Jack Scow; October, Peter Neasloss; November, Gordon Reid; December, Ernest Mason; January, Fred Cook; February, Peter Neasloss and Ernest Mason (tied). The high man for the year will keep the Shield and take it home with him.

Among our ex-pupils who signed the marriage register last year we find the following names; Alvin Alfred, Ethel Hanuse, Willie Dawson and Hudson West. We trust that in their married life these young people may find much happiness.

Mark White, graduate of 1927, is now working in his father's store at Bella Bella. We wish him all kinds of luck in his new field, but we miss his cheery face around the School and Church where he performed such happy service.

Sam Campbell and Peter Mason, both ex-pupils, have visited us lately.

Just a word to the Churches and Sunday Schools who are 'adopting' boys and girls of these Schools.

My Dear Friends :-

The great thing in this "Adoption Scheme" of our Missionary Society from the point of view of the Schools is the linking up of the work in our Indian Missions with that carried on in the Parish life of the country. We like to feel that children all over the country are thinking of us, praying for our little ones, and helping to make the work of these Schools possible through generous financial assistance. We have ever so many children on our lists now, although there is room for more, and I think it would be so nice if some of you would try and influence others to take on the active support of some Indian child from this centre. We appeal especially to the Parishes of the big cities where often little is known of the Indian of this day, and where often the children have never seen an Indian child at all. It will help you to understand them by having one to care for, and to pray for; for we do need to know and understand our Indian people. The potentiality for good in them is tremendous, but it needs sympathetic understanding and careful guidance, so that in time, blessed by God and supported by His people, the Indian people of Canada may become a power for good in this great Canada of ours.

Among recent children adopted we find the names of George Alfred, who is being assigned to Christ Church, Amherstburg, Ontario; Kenneth Henderson by St. Peter's, North Augusta, Ontario; James Puglas by St. John's S.S., Stamford Ont.; William Rufus by the S.S. of St. Paul's Garrison Church, Esquimalt, B.C.; Christopher Clayton to St. Peter's S.S., Hamilton, Ontario; James Nowell to All Saint's S.S.; Mission City, B.C.; Jack Hanuse to St. Paul's S.S. Dauphin, Manitoba; Roy Nelson to St. Peter's, Hamilton, Ont. Roger Mercer and Frank Wilson to Mrs. MacAllister, 74 Beechwood Ave, Hamilton, Ontario; Calvin Rufus to the Boys' Missionary Clubs, Brandon Manitoba; Roy Watts to the A.Y.P.A. of St. Paul's Church, Wingham, Ontario; Jack Scow to the S.S. Mission of St. Catharines, Ontario. Eva Adams to St. Stephens Jr. W.A. Calgary; Fanny Rufus to St. George's S.S. Ottawa, Ontario, and Mary Jane Alfred to the W.A. Milverton, Ontario.

Others, such as Alice Seaweed, Dorothy Azak, Patsy Wilson, John Hunchitt, Harry Joseph are still being faithfully supported by their respective Churches, and we owe them a great debt of gratitude for for unfailing interest in our children. All the children are well and happy, and beginning to get a little interest in the approach of the fishing season which brings to them their annual holiday season, when their home becomes either a fish boat in the case of the boys, or a cannery in that of the girls. We would like all our friends to pray especially for our children during these holiday months, as it is a time of great danger for them, and when if they are not strong in faith and loyal to Christ, they can easily fall into temptation and sin.

In closing, let me assure you all of how glad we are to get word from you. Do write to the children you 'Adopt', wont you? They just love to get letters, and will answer if they can.

Faithfully and sincerely yours,

John H. Joseph

The Beaver.....Annie Seewitt, Grade Jr. 4.

I am a little beaver and I am not lazy like some other animals. I build my house myself, nobody helps me. I cut trees down every autumn, as I have to cut trees down for the winter time. When I get the tree down, I run away to my house for a while because I am afraid the wildcat might eat me. Then I go back to work again and cut the tree into short pieces. I pull them into my dam and if there are any holes in it I put some sticks and stones and mud on it. I make a tunnell through it for the pantry so that I do not have to swim when I go out to work.

I have a little son and he thought there was no work to do and one night he came with me to the forest and cut a tree down. When it was nearly down, I told him to run away to our house to hide himself. Then we went back to to work and we took it home.

When my son and I were working we saw a man. I told him to hide himself and the man tried to shoot me but didn't get me. I went to hide myself as I was badly wounded in the hind legs. I told my son to be very careful for the men will shoot him. One day he ran away from me and he never came back. I think he had some friends but where he had gone I did not know. Now I have a little daughter.

St. Valentine.....George Alfred, Grade V.

St. Valentine was a Bishop. The people liked him very much because he was so kind to everybody. He fed the hungry, clothed the poor, and did everything he could that was good. He soon became very old and could not go about to teach the people about God, but this did not his good work for he sent messages to his friends. The people who did not like St. Valentine got very angry with him, and put him in chains and threw him in prison because they were jealous of him for his goodness. In the prison he was very much ill-treated and there he died. When the people became good, they felt very sorry for what they had done so they said, "Weep for our wickedness, and we will keep in memory his birthday," and we have been keeping it ever since.

We are indebted to Mr. R.H. Connell, our Farm Instructor, for the front cover design of this magazine. It depicts one of the famous "Thunderbirds" of the Kwakwalth Indians. We trust that they will not mind our adapting it to our School, so intimately associated with them for so many years.

The back cover design is the work of Pauline Adams, Grade V, and we feel that it is a very creditable piece of work. The original is even better than the mimeographed copies, as it is not possible to bring out all the light and shade. The boys will do the design for the next issue.

Our motto, "Omnia ad Dei Gloriam" means "Everything for the Glory of God" - May we all make it our own and endeavour to live up to such a standard that our Schools may be worthy to boast of such a motto.

THE ALERT BAY MISSION -

- A Message from the Rector -

"Come ye yourselves apart, and rest awhile ". One day in the hurry and bustle of life our Lord addressed these words to His followers. The reason we are told was "That there were many coming and going, and they had no leisure." One of the complaints of modern life is that there is so much coming and going - so much rush and turmoil -that we have no leisure to think.

Many a modern man and woman longs for a desert place to rest awhile. What was to be the occupation of the disciples during this time of rest? I am sure that the correct answer is hard work. Probably the hardest task we do, is when we really concentrate on a certain subject with all the faculties God has given us. If you think it is not hard work, try it. We flit from one subject to another, because it is so easy to obtain a smattering of things today. The Radio, the modern newspaper and popular magazine enable us to do this without much hard work, for they give popular knowledge in a predigested form, and we are all so busy that we prefer it that way, rather than do any research work ourselves. We want enough knowledge to pass examinations of our fellow men and women, or the school inspector.

To give two practical examples of what I mean - I was speaking the other day to an old Indian pupil and he gave me a long treatise on the Atwater-Kent system of ignition which he had recently installed on his boat engine. He described some of the advantages of the new system over the old, and I realised that it was time I endeavoured to learn something about this system of ignition in order that I might pass the examination he was giving me. The other example concerns the children who are growing up in Alert Bay. I visited a school recently during a lesson on Canadian History and I was watching the faces of the scholars to try and discover who and how many were really interested. If they read this and I misjudge them, I apologise. But judging from the interest displayed in the faces, only a very few were really interested. Why not?

The great names in Canadian History were just names, no more. The boys and girls were not thrilled with the experiences of the early pioneers in this land. They were willing to try and learn enough to pass examinations. History to them was like the Atwater-Kent system of ignition to me. Yet we study history and especially the history of our own land, that we may be thrilled and try in our small way to be worthy of such an inheritance.

How can we who aim to be teachers really make a subject live, so that we rouse attention and interest? The men and women Jesus called to Him, in order that they might be first disciples and afterward teachers are called to "Come apart, and rest awhile"; to concentrate and learn. The greatest Teacher realised that men and women are very much like "wells"; - in a time of drought, they soon go dry - Unless there is a spring in the well in August our water supply soon vanishes. A well can only give out according to what goes in. Men and women who have to be constantly giving out soon become "wells without water".

Jesus told the woman of Samaria that He was the source of Living Water, and "Whoever drinketh of the water that I shall give him, shall never thirst, but the water that I shall give him, shall be in him a well of water springing up into everlasting life." The woman naturally answered, "Sir, give me this water." When Jesus called the disciples to "Come apart in a desert place" He saw there was a danger

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

of the wells in the disciples becoming dry. They were giving out day by day in service to mankind, and many of their nights were spent on the Lake providing food for themselves and families. Hence, Jesus said, Come and replenish, so that you may have more to give. If I am asked to give the meaning of Lent, I do not know a better answer than that; it is a time for parents to come apart so they may have something more than "bread alone" to give to their children. It is a time of replenishment for all of us, so that we may have something worthwhile to give to those who are spiritually hungry and thirsty.

Jesus, before He began his earthly ministry, spent a certain time in a desert place apart. St. Paul tells us his desert was Arabia where, not taught by men but by God, he learned "The Master's Secret".

Then, if you read the soul stirring message of Amos in the Old Testament, you will realise that he spent a long time as a herdsman and cultivating fruit before he was able to say, "Lo, He that formed the mountains, and createth the wind, and declareth unto men His thoughts, that maketh the morning darkness, and treadeth upon the high places of the earth, the Lord, the God of Hosts is His Name."

Furthermore the great Psalms that haunt us were written in the desert of captivity. St. John banished to the island of Patmos, sent out his message, not only to the Churches in Asia Minor, but to the Churches in the world today.

"Come apart" - It may be the hardest work you have ever done. I am sure the first disciples found it harder than toiling all night, dragging a heavy net and catching nothing; but they gained a rich experience that they share with us today. They were no longer wells without water, but men who had seen God face to face.

Don't be satisfied with just enough knowledge, and Bible knowledge too, to pass examinations but endeavour so to know a book, or some character that will reveal to you "The Master's Secret" - Then in the dark days of life, as well as in the bright ones, you will not only have enough "Living Water" for your own personal needs, but directed by the Master, minister to the thirst of others.

During Holy Week the Archdeacon of Columbia will be with us to conduct a Lenten Mission. There will be a daily celebration of the Holy Communion, a special teaching service for women in the afternoons, and services every evening at 7.30 p.m. in the Church. The Mission will commence on Palm Sunday, and end on Good Friday.

Will you make an effort to "Come apart" for these services, and pray for God's Blessing on the Mission?

Your friend and Rector,

J. L. L. L.

Church Notes.

Our delegates to the Diocesan Synod this year were the Rector and Mr. F.W. Kenmuir. They brought back a report of increased zeal and effort on the part of the Diocese in the work of the Master, and also the interesting news that Alert Bay shines forth as a beacon light in the active support of Missions.

This is our Jubilee Year, and already the long looked for improvements in God's House are under way, and it is hoped that much more will be done before the Bishop arrives for the Jubilee Festival.

"The Kwawkewlth Agency".....W.M.Halliday.

There is an old saying that, "An old man talks of the past, a young man talks of the present, and the dreamer or the fool talks of the future."

I have been asked by the Principal of the Alert Bay Residential Schools, to write a short article on the Indians and the work of the Kwawkewlth Agency; and to write this article fairly it must partake of all three of the above mentioned heads. It is necessary to speak of the past and the present, and in justice to the Department of Indian Affairs and those associated with them in their work, also to go into the realms of the future.

It has been my lot to have been intimately associated with the Indian and Indian work for the past thirty-four years, over six years of which was as Trade Instructor in the Industrial School, and twenty-two years as Indian Agent, in which time many changes have taken place in the Indians, as well as much development of the country round about.

The Kwawkewlth Indian Agency embraces about Thirty Thousand square miles, and while there are many portions of this agency where there are no Indians living, still they have isolated reserves scattered here and there throughout the whole district. Thirty-four years ago when I first came to this part of the country I lived at Kingcome for about three years, where the nearest neighbours were the Tsawataineuk Indians, about two hundred and thirty in number. This band is composed of four subdivisions, the Tsawataineuk, Ahwahineuk, Kwawawaineuk, and Klwikswotaineuk Bands. When I first came amongst them they had a very great distrust of the white man and the white man's ways, and were not at all desirous of having white neighbours live amongst them. This at first led to considerable friction but gradually they themselves recognised that the advent of the white man was for their betterment. During the summer months they wore very little clothing and lived very uncivilized lives. Today their men and women are well dressed in the very best of modern clothing, silk stockings for the ladies, patent leather shoes for the young men, and everything else to correspond with it. Their houses at that time were large barn-like structures, made entirely of split cedar boards and all the cracks left open, and anything but comfortable. Today they have very comfortable cottages, linoleum on the floors, gramophones, pianos and all the modern appliances, and can talk very intelligently on many subjects.

The Nimpkish Indians living at Alert Bay possibly have had better opportunity than any of the other Indians, as Alert Bay has not only been the educational centre for the Agency, but has also been the religious centre, as the Anglican Church have their headquarters here, and the schools are under their active management. Formerly the village of Alert Bay was principally noted for its totem poles, but many of these have been removed, some in Stanley Park in Vancouver, one I believe in Toronto, and others scattered here and there throughout Canada. Newer ones have taken their places, but not in the village itself, but are now being erected as monuments in the cemetery.

In the Southern part of the Agency, at Cape Mudge, they have an entirely modern village. Formerly the Cape Mudge, (or Wewaikei Indians as they should properly be called) were a very dissolute lot, and bore a very bad reputation. Very largely through the instrument-

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

ation of one man, Chief Billy Assu, this village is now absolutely modern, and they have a very fine type of young man. They have a water system, and electric light plant, own two donkey engines, and the greater number of them own their own seine boats or other fishing boats and are practically independent.

The Wewaiakum or Campbell River Indians have been a little slower in development, and unfortunately have been placed too near the scene of their great temptation - strong drink, but this is gradually being overcome, and they are now living in comfortable modern homes, each with a garden around it and several of them owning their own automobiles, and all of them owning their own fishing gear.

On the west coast of Vancouver Island the Koskemo and the Quatsino Indians are not very progressive. About twenty-five years ago their young men used to go out on the sealing schooners. Two schooners were lost with all hands, which left the tribe in rather a bad way, the result being that their women married and drifted away to other places, and they have very sadly decreased in numbers. The same may be said of the Newitti Band, living at Hope Island where they have a very large reserve. The Nakwakto Indians living at Blunden Harbour and the Kwashela living at Smith Inlet, have not the same advancement as those living nearer by. The village of the Mamalilikulla Band at Village Island is exceptionally well kept, while the two villages of Tsatsisnukomi or New Vancouver, the home of the Tanakteuk Indians and Karlukwees, the home of the Klawatsis and Matilpi Bands are beautifully situated and fairly well looked after. During the past ten years the old houses have nearly all been removed and modern cottages built in their place.

In the advancement that has taken place a great deal of credit is due to Missionary enterprise. Where there has been advancement the Missionaries have first taken hold and by showing them and by teaching them, advancement has followed. In the villages already mentioned where progress has been slow there has been little if any missionary work done. There has always been a very strong, friendly feeling of co-operation between the various Missionary Societies and the Department of Indian Affairs, and the Department has always been very generous with financial help.

It has been decided that in the very near future, a large and suitable building will be provided, with a capacity of approximately two hundred pupils. The School will be on the Industrial School site at Alert Bay, and will be absolutely modern and up-to-date. A contract is now being arranged for to largely increase the acreage under cultivation.

The Department is contributing liberally towards hospital and medical attention, with the result that the physical manhood and womanhood of the Indians will be largely improved, and I can feel a great deal of satisfaction that our labours among them have not been in vain. There is still room for improvement, but to quote an old saying, "The largest room in the world is the room for improvement," and this saying pertains to the whites as well as to the Indians.

**ALERT INDIANS
PUBLISH PAPER**

British Columbia

ALERT BAY, March 30.—There has been much activity inside and out at the Indian Industrial schools here. A large piece of ground has been cleared this year and a contract for the clearing of a further twenty-eight acres has been given. A school magazine has just been organized. It is called The Thunderbird. A splendidly drawn design by one of the boys is on the front cover, and the back has a conventional design of a lily made by one of the girls. Articles by Rev. F. Comley and Mr. Anfield, the principal, and some contributed by the boys themselves, together with events of the past year, form some of the contents of this number. It is proposed to publish the magazine three times a year. The mimeograph forwarded by the Columbia W. A. has proved most useful.

Principal's Annual Report letter to Parents and Friends.

My Friends :-

By the time your mail reaches you with this letter, the long looked for annual vacation of our children will have started and the youngsters will be scattered up and down this vast Pacific Coast where they will engage in one or other of the different branches of the fishing industry of our Province of British Columbia.

To them all holidays are a testing time, to try and put into practice the lessons taught during the school year. We know well that this teaching is only valuable insofar as it will be applied during the long days of holiday life, when, if used well, it will act as a ground work for the bigger life of after-school-days. But these children are still young and there lies on the shoulders of the parents and those in charge of them during the two months of holidays an important and great God-given responsibility, and one that must not be shirked or put aside. Our children must be guided, guarded and helped, both by wise counsel and by prayer, so that no harm may befall them. Keep before them always the ideals of school life; urge them to live that life at home; to keep Christ ever foremost in their lives, and then, and only then, will have the holidays been a blessing to them. Fathers and mothers, your bounden duty as parents demands that you keep an ever watchful eye on your children, especially the girls. You know the dangers of cannery life, so please "watch and pray that they enter not into temptation". They cannot do it alone, but must have your help.

The children journeyed home on Wednesday the 13th of June. Unfortunately the Cardena was packed and it must have been a very trying journey for all concerned. We must try and arrange things better next year, but with the great changes in fishing regulations that take place this year, it was difficult to gauge the best sailing date for this year, when holiday periods have to be set at least two months ahead of the date of departure. Miss E.W. Erryman, the Vice-Principal went as escort on the trip, and her own statement, "it would have been absolutely criminal not to have sent an escort", sums up the whole situation in regard to conditions on the coast at this time of the year.

Only a few children remain at the Schools now, six girls and two boys. Three of the girls are staying in at their own request, as they do not wish to go home. Poor Indian girls - their's is truly a hard lot, isn't it? One girl and one boy have to stay in for not returning on time last year, and we do hope that there will be no further trouble in this connection. The Department is allowing two months holiday on the condition that the children return on time, and if you wish the privilege to be continued, make it your business to see that the girls and boys return on the date set, and not a day later.

Now about new children. We have so many applications for children to come to school that we cannot possibly put them all in, until the new school is built, so please do not send any new children to the Schools unless you have definite word from me to do so. I will write during July and notify the parents which children I can take. I am sorry that it will be only a very few.

Sunday, the 3rd. of June was a great day in the life of the School,

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

POOR-COPY

when fourteen children were presented to His Lordship, the Bishop of Columbia for the rite of Confirmation. Five girls, Lucy Elliott, Louisa Gladstone, Gertie Martin, Annie Johnson and Lena White, and nine boys, John Humchitt, Gordon Reid, Patsy Wilson, George Alfred, Abel Hall, Clayton Mack, Claude Morven, Christopher and Henry Nelson, thus signified their intention of trying to lead and live upright Christian lives, as co-workers in the cause of Jesus Christ. Your earnest prayers are especially asked for them during the next two months that they may remain true and faithful to their voluntarily accepted trust. All these children made their first Communions prior to the close of the School term.

Great honour has come to our School through the splendid shooting of our Senior Team in Musketry, who in the Winter series 11. of the Dominion of Canada Rifle Association took third place in the Dominion and first among the Indian Schools of the land. Seven of the team won medals which were presented at our Annual Prizegiving Day by Mr. W.M. Halliday, Indian Agent.

We are planning on sending a large and very representative exhibit of the work of the Schools to the Provincial and Pacific Exhibitions this summer. Outside of the competitive interest for the youngsters, these exhibitions do good work in bringing before the public just what the Indian children can accomplish.

Empire Day was joyously spent by the children in a long round of sports and games. After a flag raising ceremony in the morning, the youngsters watched the Championship game. During the afternoon, nearly fifty athletic events were run off and some good times were noted. Principal interest centred around the Mile Race, which was won by Claude Morven of Aiyansh. Our Senior Football Team, we are sorry to say, went down to defeat in the game for the Martin Cup, but we were proud to see them lose like gentlemen, and we wish them better luck next time. As the Empire Day Sports are a community effort, we had our own School Sports on June 4th, after which the Junior Football teams played for the School Championship. Points were given for all events and the athletic champions were Helen Wilson at the Girls' Home and Alfred Mack at the Boys' School.

Annual Prizegiving Day dawned with cloudless skies, and in the afternoon the children and many friends of the School met on the lawn at the Girls' Home, where prizes and honours for the year were distributed by Mr. W.M. Halliday, Indian Agent at Alert Bay, who also gave the children some good advice and friendly counsel. Singing and drill exhibitions on the part of the girls and boys featured the programme. The School Honour Shield, premier honour of the year, was won by Ernest Mason of Klemtu, whilst the equivalent prize at the Girls' Home went to Louisa Gladstone. The grade prizes for School-room efficiency went to the following :- Girls, Fanny Rufus, Primary; Grade 1, Helen Wilson; 111, Doreen Alexander, 1V Annie Seaweed, 1V Sr. Agnes King, V. Pauline Adams, VII Gertie Martin. Boys - 1. Harold Wright, 11 Amos Vickers, 111, Basil Carpenter, 1V, Herbert Morven, V, Richard Carpenter, VI, Patsy Wilson, VII Peter Neasloss. Other prizes for departmental work in the Schools went to Louisa Gladstone and Mary Alfred for conduct; Nora Gladstone, Lena White and Alice Lawson for Dining room and Kitchen. Annie Johnson for laundry; Rhoda Cook won prizes for sewing and housework, whilst other prizes went to Sophia Nelson, Olympia McKay, Agnes King, Mary Martin, Maggie Wilson, Annie Williams, Lucy Adams, Daisy Elliott, Lucy Elliott, and Violet Nowell. At the Boys' School, Patsy Wilson took the prize for Manual Training, Peter Neasloss for engineering, Ernest Mason for Farming,

Clayton Mack for milking, Jack Seow and James Puglas for Scripture, while prizes for other departmental subjects were awarded to Herbert M. Mason, Charlie Mason, Amos Vickers, Harry Joseph, George Waks and John Hunchitt. The Prize for Scripture at the Girls' Home went to Lena Kate Shaw, which is very creditable when one knows that this girl only came to school last fall.

Health. The general health throughout the year has been good. Although we were visited with epidemic measles last fall, no serious results were apparent at the close of the term, for which we are all truly thankful. A slight touch of flu and danger of chickenpox were noticeable this spring but happily they were averted from the Schools. A study of the weight charts of the Schools is interesting indeed, showing as they do a total increase of weight from August of last year until June this year of 709 lbs. in the ten months of School life. This averages out at 9 lb. per pupil, which is highly satisfactory from a health point of view. A great deal can be done by the parents to aid in keeping good health if they will see that the children look after themselves during the holidays. Cases of skin trouble should be taken to the nurse or doctor, and any signs of more serious illness should at once be looked after. During the holidays last year, there was a serious loss of weight among the children which this year should be prevented by more care and attention, as Indian children cannot afford to lose weight.

We will be publishing our second edition of our school magazine, "The Thunderbird" during the month of July, and trust that all will like it. If any of the readers of ~~the~~ this letter have items of interest, will they please send them in at once.

This letter will give you a fair report of our year's work. The children have, as a whole, been well-behaved, and we feel that good progress has been made. What next year will bring, we do not know; but with steady and persevering interest on the part of the children; a keen and loyal co-operation on the part of their parents and friends joined with the blessing and guidance of Almighty God and faithful work from we who are entrusted by Him with the training of the children, we may go on bravely and thankfully to do what is His Will.

Praying that God's Blessing may richly endow you all,

Your sincere friend,

H. Earl Anfield

Clayton Mack for milking, Jack Scow and James Puglas for Scripture, whilst prizes for other departmental subjects were awarded to Herbert Mervin, Charlie Mason, Amos Vickers, Harry Joseph, George Waks and John Hunschitt. The Prize for Scripture at the Girls' Home went to Lena Kate Shaw, which is very creditable when one knows that this girl only came to school last fall.

Health. The general health throughout the year has been good. Although we were visited with epidemic measles last fall, no serious results were apparent at the close of the term, for which we are all truly thankful. A slight touch of flu and danger of chickenpox were noticeable this spring but happily they were averted from the Schools. A study of the weight charts of the Schools is interesting indeed, showing as they do a total increase of weight from August of last year until June this year of 709 lbs. in the ten months of School life. This averages out at 9 lb. per pupil, which is highly satisfactory from a health point of view. A great deal can be done by the parents to aid in keeping good health if they will see that the children look after themselves during the holidays. Cases of skin trouble should be taken to the nurse or doctor, and any signs of more serious illness should at once be looked after. During the holidays last year, there was a serious loss of weight among the children which this year should be prevented by more care and attention, as Indian children cannot afford to lose weight.

We will be publishing our second edition of our school magazine, "The Thunderbird" during the month of July, and trust that all will like it. If any of the readers of ~~the~~ this letter have items of interest, will they please send them in at once.

This letter will give you a fair report of our year's work. The children have, as a whole, been well-behaved, and we feel that good progress has been made. What next year will bring, we do not know; but with steady and persevering interest on the part of the children; a keen and loyal co-operation on the part of their parents and friends joined with the blessing and guidance of Almighty God and faithful work from we who are entrusted by Him with the training of the children, we may go on bravely and thankfully to do what is His Will.

Praying that God's Blessing may richly endow you all,

Your sincere friend,

H. Earl Anfield

Principal.

when fourteen children were presented to His Lordship, the Bishop of Columbia for the rite of Confirmation. Five girls, Lucy Elliott, Louisa Gladstone, Gertie Martin, Annie Johnson and Lena White; and nine boys, John Hunchitt, Gordon Reid, Patsy Wilson, George Alfred, Abel Hall, Clayton Mack, Claude Morven, Christopher and Henry Nelson thus signified their intention of trying to lead and live upright Christian lives, as co-workers in the cause of Jesus Christ. Your earnest prayers are especially asked for them during the next two months that they may remain true and faithful to their voluntarily accepted trust. All these children made their first Communions prior to the close of the School term.

Great honour has come to our School through the splendid shooting of our Senior Team in Musketry, who in the Winter Series 11. of the Dominion of Canada Rifle Association took third place in the Dominion and first among the Indian Schools of the land. Seven of the team won medals which were presented at our Annual Prizegiving Day by Mr. W.M. Halliday, Indian Agent.

We are planning on sending a large and very representative exhibit of the work of the Schools to the Provincial and Pacific Exhibitions this summer. Outside of the competitive interest for the youngsters, these exhibitions do good work in bringing before the public just what the Indian children can accomplish.

Empire Day was joyously spent by the children in a long round of sports and games. After a flag raising ceremony in the morning, the youngsters watched the Championship game. During the afternoon, nearly fifty athletic events were run off and some good times were noted. Principal interest centred around the Mile Race, which was won by Claude Morven of Aiyansh. Our Senior Football Team, we are sorry to say, went down to defeat in the game for the Martin Cup, but we were proud to see them lose like gentlemen, and we wish them better luck next time. As the Empire Day Sports are a community effort, we had our own School Sports on June 4th, after which the Junior Football teams played for the School Championship. Points were given for all events and the athletic champions were Helen Wilson at the Girls' Home and Alfred Mack at the Boys' School.

Annual Prizegiving Day dawned with cloudless skies, and in the afternoon the children and many friends of the School met on the lawn at the Girls' Home, where prizes and honours for the year were distributed by Mr. W.M. Halliday, Indian Agent at Alert Bay, who also gave the children some good advice and friendly counsel. Singing and drill exhibitions on the part of the girls and boys featured the programme. The School Honour Shield, premier honour of the year, was won by Ernest Mason of Klenutu, whilst the equivalent prize at the Girls' Home went to Louisa Gladstone. The grade prizes for School-room efficiency went to the following; - Girls, Fanny Rufus, Primary; Grade 1, Helen Wilson; 111, Doreen Alexander, 1V Annie Saawood, 1V Sr. Agnes King, V. Pauline Adams, VII Gertie Martin. Boys - 1. Harold Wright, 11 Amos Vickers, 111, Basil Carpenter, 1V, Herbert Morven, V, Richard Carpenter, VI, Patsy Wilson, VII Peter Neasloss. Other prizes for departmental work in the Schools went to Louisa Gladstone and Mary Alfred for conduct; Nora Gladstone, Lena White and Alice Lawson for Dining room and Kitchen. Annie Johnson for laundry; Rhoda Cook won prizes for sewing and housework, whilst other prizes went to Sophia Nelson, Olympia McKay, Agnes King, Mary Martin, Maggie Wilson, Annie Williams, Lucy Adams, Daisy Elliott, Lucy Elliott, and Violet Nowell. At the Boys' School, Patsy Wilson took the prize for Manual Training, Peter Neasloss for engineering, Ernest Mason for Farming,

The Legend of Qunnusila and Namugwazalas,

Namugwazalas was the first man of one of the clans of the Nimpkish Tribe of Indians. He was camped on the Nimpkish River just below the Lake at the time of this story. Ozaulas is the name of the present site of the fishing village of the Nimpkish.

This man became tired of the migratory life he was living, and wanted a permanent home, so in his mind he made a plan of the present type of Indian Community house. To build it he secured and prepared huge cedar timbers, each shaped and cut with a hand adze. He put in the huge posts and cross pieces, but he had not foreseen that he could not put up alone the huge ridge beams, and so when all was ready he found to his sorrow that he could not lift the big timbers into place. When he realized this he was very sad. He sat out on the bank of the river and could have cried had he not been a brave man. As he sat there feeling so glum, he looked across the river and saw a huge Thunderbird sitting on a large stone.

He said to the bird, "If you were only an intelligent human being, what a help you could be to me with your great strength." The Thunderbird said to him, "Why, I am human, what do you wish?" As he spoke, he lifted up the visor of the Thunderbird costume, and showed his face, the face of a man. "I wish you could help me to put up the beams on my house," said the man. "Surely", said the Thunderbird, who closed up his visor and flew up and lighted on the middle of the big beam and seized it with his enormous claws, carrying it up and placing it in position on the posts.

He then asked the man what this building was to be. Namugwazalas told him of his idea of building for himself and his people a permanent home. The Thunderbird said it was a grand idea. "I think" said he, "I will join you and together we will form a tribe" Then the brave Namugwazalas told him that he would rejoice in his company.

So the Thunderbird undressed himself of his Thunder dress, and sent it back to the heavens with these words, "Go back to your home, and take heed that you thunder not out of season. At one time only shall your voice roar forth, and that only if one of my future posterity is near to the borders of death."

This is the Legend of the Thunderbird, telling why its spreading wings adorn all totems of the Nimpkish Tribe. It is still believed that when there is thunder over the Nimpkish River, one of the Tribe or line of the Nimpkish is in danger of death, near death, or dead.

Written by Mrs. Stephen Cook, Hereditary Chieftainess of the Nimpkish.

The back cover of this issue is the work of Ernest Mason, Honour Boy for the School during the past year. It represents one of the Indian crests of days gone by, and doubtless there are interesting legends connected with it. We will try and find one for next issue.

The rose design is the work of Peter Neasloss, Grade VIII.

What of the Future of Indian Education.

To all who live on this far Pacific Coast who are in any way interested in Indians, whether commercially, spiritually or educationally, there must at this time be a most recurring thought. What is to be the future of the Indian Race. In Cannery store, on fishboat, in the porch of the Church and in the Schools, and above all in the homes of the Indians themselves, this question is being asked and thought over. For a change is coming and that before many years are by. The other day I was talking with the captain of a large seine-boat passing through to Bella Bella. A fine type of Indian he was, well educated and a Christian man. His children have been pupils at these Schools for many years, and his eldest boy, a second year high school student is this fall, through the generosity of the Indian Department to enter Technical School for a three year course in machining. This captain asked me, Mr. Anfield, he said, "What are you doing to meet the changing conditions of Indian life?" I waited for him to go on. "You know, times are changing. The time was when for an Indian to be able to read a little, write a little and know how to figure, coupled with a sound religious training was enough for our people. They could hardly handle more. But life was easy for them then. They had hand logging, trapping, and fishing made them rich. They could hunt all the year round, and their bodily wants were easily satisfied. But what about now. Hand-logging is gone, and the trapping is scarcely worth while. And as for fishing, well, the time is not far distant when that will be gone too. And then what? What are our children to do? Are our boys to have to loaf around all the winter because they have no trade?"

And another day as I waited for the mail outside the Cannery store, I heard two men talking. They were looking across the Bay to the Nimpkish where could be discerned the fishing fleet catching the sockeye in tens where formerly they netted them in hundreds, nay often in thousands. "Well", one of them said, "Fishing's nearly gone" "Yep", said the other, "and what are those Indians going to do then?"

And on yet another day, further up the Coast, I talked with a cannery manager, and in answer to a question of the future of the fishing industry, he gave me this answer. "The fishing industry is not done yet, but there must be changes and big ones. The purse seines must be radically cut down in number, and there must be all round increases in economy of operation. More machines in the canneries and less human labour"

Thus the story goes, and when one sorts it all out and pigeonholes the facts where they belong, one thing is plainly to be seen, and that is that the day of the Indian in fishing is nearly done, unless he can be trained to fish scientifically like his white brother. For like it or not, the Indian must face the fact that the white man is consistently beating him at his own games. More and more are the canneries putting in white crews, and with the inevitable cut in gear that must come soon, it is the Indian that will be laid off. Then in the canneries themselves, machinery will in time oust the Indian women and girls who depend on work at filling cans to help support the large families during the winter months. On the trap line, the white man is fast encroaching on preserves formerly held almost entirely by Indians, and in many cases is consistently getting more pelts per line of traps too. Not that the white is robbing any land belonging to Indians, for all trap lines are registered, but they are more and more moving in on lands not previously trapped by

POOR-COPY

the whites. Hardly anyone living on this coast can deny that the "writing is on the wall" as affecting the fishing industry. Last year was a terrible failure, and so far this year, things are not much better, though there is promise of improvement. Too much gear is the cause of the trouble, and cut down gear means cut down man power.

And so we on the Coast are facing what the Indians of the Plains faced some years back. They had to seek new occupations and they found the best in farming, and one has only to read the Annual Report of the Indian Department to see how ~~xxx~~ well many of them are doing under careful supervision on the part of the Department and through systematic training on the part of the Schools.

But here on the Coast, hemmed in by gigantic mountains, the Indians cannot turn to farming. He has not the land for one thing. Many reserves on this coast could not be farmed even with the best intentions in the world. Then too, the Coast Indian is a man of seasonal occupations. In our Schools at present, one could count on one's fingers the number of boys who will return to areas capable of being farmed successfully.

The solution seems to lie in technical training for the boys and domestic science for the girls, so that the children can be discharged from Schools, the boys with some sort of trade, and the girls with a sound knowledge of housekeeping, dressmaking, and kindred subjects. Thus by economical living, coupled with the earnings brought in from seasonal employment in the restricted fields open to them, they will be able to make an honest livelihood. Indian boys should leave school with a good knowledge of carpentry, capable of building their own homes with help in planning, buying, etc. They should also be able to make or at least repair their own and their families boots and shoes, and in cases where intelligence and aptitude warrants such help, others should receive course in machinery and electricity. Native arts, now alas almost lost, should be revived for both boys and girls, for therein lies a sure source of income, outside of the fact that such a revival would preserve to posterity arts and crafts unrivalled in their class.

This is the programme that lies ahead of these Schools, but it will need such careful study and thought, coupled with sympathetic help and above all with Divine guidance and aid to make it the success that we would have it be. We have assurance that the Department of Indian Affairs are fully willing to help and are keenly alive to the needs of the Coast Indians. So we hope for great things in our new school, though a start on this programme has been made even with the poor equipment at our disposal in these old buildings, and results so far attained augur well for the future.

Editor.

We are deeply gratified at the splendid reception given to the first edition of our magazine. Many letters from all parts of the Dominion have been received showing clearly the intense interest on the part of Church people in our work. Our mailing list is growing but we would bespeak yet more subscriptions in order to meet the necessary expenses of publishing our little effort.

These children will have learnt a certain amount of English so that the first year away from their homes and home life will be less strange and trying. They will have seen too, some of the different habits of the white people, learnt something of their different code of manners, all of which will make life away come easier to them. And too, the rudiments of reading, writing and arithmetic will enable them to take their place in a grade more suitable in many cases, to their age.

Altogether the village mission can often act as a link between the Indian homes and the Schools, and look to the latter to produce what is surely the aim of us all, not some exotic being, but good villagers, living in sanitary villages, made up of sanitary houses, happy, healthy, bright and playful children running in and out of happy homes founded on happy married life; an end that can only be attained, as has been proved in other lands, through working for and in the strength of Christ, on the part of all, white man and red.

K.O'Brian...Village Island.

School notes

We were very proud to receive a visit from the Deputy-Supt. of Indian Affairs, Dr. Duncan C. Scott, L.L.D., who, accompanied by Indian Commissioner W.E. Ditchburn of Victoria, and the newly appointed Director of Medical Services, Dr. Stone, arrived at the Bay on August 5th. to look over the question of the long looked for new school. It is nice to record that as a result of this visit, construction will be under way within a very short time. Dr. Scott was very interested in all that is being done at the Schools, and in the village and outlying stations too. We wish that we could see more of him.

A very pleasant event took place during the holidays, when the staff of the schools were hosts to the people of Alert Bay, at a silver tea in aid of the expenses of shipping our exhibits of school-work to the Pacific Exhibition at Vancouver. A large and keenly interested number, both white and Indian, came during the two afternoons of the Exhibition here, and we glad to announce that a sum, quite sufficient to cover all expenses, was taken in. We wish to thank all our guests for the kindly appreciation of the work of our children, and trust that the bond of interest thus formed may continue. As we run off the last sheets of the magazine, word has come from Vancouver to the effect that these Schools have taken 21 prizes at the Exhibition in town, including the grand awards and diplomas for Manual Training and the best Educational Exhibit. As soon as he heard, Mr. W.M. Halliday, Indian Agent, came to the Schools and congratulated the children and their teachers on the splendid results attained.

Among new faces on the staff, we welcome Mr. and Mrs. T.H. Dudley, who arrived to take over the positions of Housemaster, Manual Training and Cadet Instructor in the case of the former, and the position of Kitchen Matron at the Girls' School for the latter. We wish them all the luck and happiness in the world, and God's blessing on all they will do for our children.

School Notes.

We were glad to welcome to the Schools this year, His Grace, the Archbishop of New Westminster. It is 13 years since Dr. DePencier visited the Schools, and he brought a cheery message to the youngsters who gave him a rousing reception. His Grace afterwards proceeded to Kingcome Inlet on a round of the Missions.

Mr. R.E. Cairns made his annual inspection of the Schools this summer and was pleased with the progress the children are making. Whilst here, Mr. Cairns presented the medals won by pupils for Confederation essays. Peter Neasloss at the Boys' School and Elizabeth Mason at the Girls' Home were the winners.

Holidays are now in progress and the schools are almost empty, and are most unusually quiet. We miss the youngsters so much, although we appreciate the rest that holidays bring to some. We trust that all the youngsters return with minds made up for a bigger and better year in all things. Most of the staff are also away on holiday and trust that they will benefit greatly by the rest.

Among the graduating class of this year we find the following names, Gertrude Kuschitt of Bella Bella, Annie Williams of the same tribe, Gertie Martin of the Kwawkwalth, all of the Girls' Home. Gordon Reid and Abel Hall of Bella Bella both left this term, as did Clayton Mack of Bella Coola. Charlie Mason of Klemtu had to be sent home with pleurisy, and is now in hospital at Bella Bella, where he is making great strides towards returning health and strength. If he can pass a doctor's examination, we hope to welcome back to our happy home, that smiling young man from Klemtu, Simon Brown. Our only regret is that we cannot put in all the children now on our rapidly growing waiting list for admission. Be patient my little friends, and we will doubtless find room for you sometime in the next year or so.

Miss Long, Teacher of Junior Grades, is now in Victoria taking a summer school course in preparation for her work next year, when she intends starting basketry and other manual arts. Mail will reach her at the Victoria High School, Victoria, B.C.

We take this opportunity of extending congratulations to the Diocese of Caledonia on the election of Archdeacon G.A. Rix to the episcopate. We know that under the new Bishop, the Indian Missions will continue and extend their work for the Kingdom. It is hoped that within a short time plans will be complete for the building of a large Residential School to take care of the Indian children of the Diocese, and whilst we will be more than sorry to lose our northern children, yet we realise the fact that it is far better for them to be nearer home.

This coming term will see the introduction of co-education in the Schools for the first time. It has been long wanted and is an absolute necessity in a school of this type. The change will be all for the best as the teachers instead of having eight grades each, will now have only four at the most, and usually three for one grade is always out each session taking vocational work.

The Junior W.A. members of the Schools were delighted with the visit of Mrs. B. Chrow of Victoria, who was the recipient of several nice mementos of her trip.

- W . A . N O T E S -

From the W.A. of Christchurch, Alert Bay, B.C., to all members of other branches who may receive this magazine, greetings. No doubt, you, as we, have been resting from the usual monthly meetings, laying up we trust renewed strength and energy for the great venture before us during the coming winter months; namely to fulfil the mission which is our as members of the Woman's Auxiliary, which is none other than helping to carry on the great work entrusted to the Church by her Divine Founder and Leader; to make disciples of all nations.

It is true that some must tarry at home by the "stuff" (1 Sam. 30-24), but they are to have their part in the great reward and to them perhaps more than to others who go to the front lines, will the great "General" say, "Well done, good and faithful servant", to the soldier of Jesus Christ must also be a servant and to each one of us is given the opportunity to prove our faithfulness, even tho' we cannot all be successful.

It has been said by some, perhaps by many, that the W.A. seems to be just a money-making machine. If we omit the word "Just", and instead call it a "Great" money-making machine, then it will be nearer the truth, "in fact, part of the truth", but not the whole truth. In answer to this criticism, we would ask what greater honour can we have than to raise the money for carrying out the last command of our Master?

How shall those, who today are still in the darkness of ignorance and superstition hear "the message which will dispel the darkness without a preacher, and how shall they preach except they be sent, and how shall they be sent without money? It has ever been the same, if we would help, we must pray, give our time, talents, money, for the service of the King of Kings.

Even in our Lord's day, money was needed for the Temple and the Synagogue services, and Jesus sitting by the treasury one day, took notice of those who contributed, and He said there were those who gave and had plenty left, for they gave of their abundance, but the one particularly mentioned was a widow and she was poor, but she gave and it was money she gave. "How little", some say, "only two mites". "How much", Jesus said, "for she has cast in more than they all, for she has given all that she had."

To those who depend very largely upon sales of work for raising their funds, it has been said that such is not the ideal way of giving, but recommend direct giving as the highest form. Granted that is so, we have yet to ask that whether as a whole, we are able to give the equivalent of what is now being raised by the sale of garments and other things made by willing capable fingers, costing much thought and time, as well as money, but the former added to the latter makes a sum much larger than could otherwise be given directly. Money makes money we are told, but so does brains and ability, and those who may have little of the one, yet who using the gifts that God has so freely bestowed upon them, are able to give back to Him all that they have and in this way speed forward the work of bringing His Kingdom on earth.

"And is it uphill ~~xxxxxxxxxxxx~~ all the way?

Yes, to the very end.

But it is the mountain climbers and especially those who reach the summit that can enjoy the most perfect view and purest air. Lest we grow weary in the climb, may God inspire us with fresh vision of His sustaining Grace and Power and something of the ultimate issue of our undertaking as W.A. members.

Much might be said and has already been said regarding the W.A. as a great praying machine, and which is of course the most important side of the work as well as the most difficult, but we need to remind ourselves that by raising the funds we are thereby used by God to answer the prayer of faith. How better can we aid and encourage missionaries than by helping to provide the means to carry on?

How sad the cry, sometimes heard from some of Christ's faithful soldiers at the Front, "unless men and money are forthcoming, we shall be obliged to close down" this or that station. Shall we not then take courage and go forward with renewed zeal, praying that we may be content to labour and not to ask for any reward save that of knowing we do His Will.

K.Dibben. Pres. Snnior W.A.

School Notes.

School re-opened on Monday the 13th. of August, and we are glad to say that by eveing of the opening day, both schools were almost full, and are now running at full capacity. This is a wonderful tribute to the children's interest in their work, and of their parents desire for education for them.

Word has been received from Wapt. J.M.Cunning to the effect that the Cadet Corps has for the third successive time won the I.O.D.E. Challenge Shield presented to Indian Schools. A very nice letter of congratulation has been received from the Provincial Chapter of the Order, and we wish to thank them for their kindly words.

We must extend our thanks to Mr. W.S.Rowe, who very kindly and at great pains set up our exhibit in town for the Pacific Exhibition. It is nice to think that our friends will go to such lengths to help forward the work of the Schools.

During the holidays we were pleased to have a short visit from Mr. E.W.Mermagen, Office Secretary of the Indian and Eskimo Comm., of the M.S.C.C. Mr. Mermagen was on his way to Carcross and hence had but little time here, and we hope that he will come again and spend a week or so with us.

As we go to type Mr. Chester Warren, the Govt. Engineer is laying out the site for the new building, and testing the ground to make sure that it is safe to support a building the size contemplated.

During the past year Rev. W.Govier, Missionary on the Columbia Mission Ship has been teaching our boys singing, and we trust that with the opening of the new term we will have him with us again.

Columbia Coast Mission News.

Many accounts have been written of journeys made on the Mission ship Columbia, and it would be hard for the writer to cover new ground, though a few impressions of the journey recently made ~~by~~ might be of interest. Thanks to the courtesy of Rev. John Antle and the crew of this most useful little ship, I was privileged to journey on the northern run and to view at first hand some of the diversified interests of this British Columbia coast. Leaving the Hospital Wharf at the Bay on a Saturday we proceeded to Englewood, a huge lumbering and mill centre, where the M.O., Dr. Stringer spent some hours in tending to the sick. A patient was brought back to the hospital and then off to the north. First call, Hardy Bay. No, it was Fort Rupert, a deserted Hudson's Bay post. What tales that place could tell if only its broken down stone fire-places and community house could talk. It is now an Indian winter village, but a few of the older folks were living there when we called and social calls were made on them all. Ailments peculiar to old people were described and prescribed for, and then with an A-la-Ki-asla to all we were off to Port Hardy and Hardy Bay, key centres to the pulp mills at Port Alice. Hardy Bay is growing fast and many new houses were in course of erection. The Missionary of the Columbia, Rev. W. Govier takes regular services at all these places all the year round. Shushartie was the next stop, but not much life was there found, as the Cannery has been moved lock, stock and barrel down to Bones Bay near to the entrance of Knight's Inlet. After a short call at the Indian village of Nahwitti, tenanted only by an old Chief who remained as watchman, we dropped our hook, which is nautical for anchor, in the still and beautiful bay of Bull Harbour, seat of a Government Wireless Station. This is an extremely beautiful place, with an almost landlocked harbour on one side, its very stillness accentuating the thunderous roar of the vast Pacific Ocean rolling in on the other side of the small peninsula. It must be a lonely life for these men, though they seemed cheery enough, and more than one boasted of over five years at the Harbour. The loneliness must tell on them, and a change of environment might not be out of place at times.

As evening fell, so fell the fog, and all night long the strident voice of the fog horn on Pine Island boomed out its warning call to "those in peril on the sea". We waited the next morning until nearly ten and still the fog showed no sign of lifting to me, but the Skipper's sea-wise eye or nose, I know not which, told him other-wise, and off we went in a regular pea-souper of a fog, right out into the Pacific. Sure enough after half an hour or so of running up went the fog, and we speeded up for the other side, where we tied up at Allision Harbour at the mouth of Seymour Inlet. We were now on the mainland of the ~~Raxitke~~ B.C. Coast, and several trips took us up small inlets and harbours, visiting in most cases empty Indian villages, or small handlogging settlements, where the crew knew everyone and everyone knew the crew. Large stacks of papers and magazines are given out at all these places, and to hear a little girl of nine or thereabouts ask for "A grade 11 book, please", followed instantly by "Where's Mr. Govier", gives one most all the information needed as to the value of such a craft as the Columbia.

On down the coast, with a short stay at Blunden Harbour, where the doctor's services were rewarded by a big basket of strawberries for the engineer, and then into the logging settlements of Wells Pass.

POOR-COPY

The beauty of some of these Inlets, with their towering mountains abutting on either shore is quite indescribable and has to be seen to be appreciated. Almost a dozen calls were made at logging camps, thus giving medical protection to hundreds of men. Very little work awaited the doctor but the chance to speak with these people and to give them all some reading material or pass on the news received over the radio seemed to be a sort of health cure in itself. Regularly every hour the Columbia engineer talks over the radio-telephone to the operator at the Alert Bay station, so messages, recalls or medical advice are never very far away, no matter how mountain enclosed the boat might be. That night saw us tied in the entrance to Kingcome Inlet. Its great how one can sleep on this boat.

Seven o'clock in the morning was the zero hour for Kingcome, but several other calls had to be made first, and it was nearly noon before we got properly into the Inlet. Up to now the scenery had been wonderful, now it became grand, as the somewhat dirty Kingcome river pours its waters into the swirling tides of the Inlet.

A long time was spent at Charles Creek cannery, some seven miles below the river proper, and the doctor was a busy man if the one can judge by the number of bottles of medicine he dispensed. A long chat with Miss E.G. Westbury, the Missionary to the Kingcomes, gave one of good idea of the work to be done. Hers is a noble task, and nobly done. Miss Westbury hopes to start school for the children resident at the Cannery this summer, as a building is on the site though not jacked into position yet.

Late that afternoon all hands got into the longboat whose speedy little outboard engine soon drove us up the winding river en route for the Indian village and the Hallidays ranch. The latter was reached first, and the hospitality of these good people and welcome extended to the Columbia's crews, need no eulogising here. Visits to the other ranches of the settlement were made and it was in the wee small hours that we journeyed back with Reg. Halliday down the river in pouring rain and with the night blacker than the proverbial Kilkenny cats to the safe haven of the Columbia's decks. How that man found his way down there I know not, and what conditions must be like in winter I care not to think about.

The next afternoon saw us back in Alert Bay, and my thanks go to the boys of this boat for a chance to see the work being done. It is lovely in summer, but I know somewhat of what it is in winter too, when the southeasters rear for weeks at a time. Then it is not so nice. It is an indispensable work that this boat is doing and one worthy of all the help and support that our Church can give. "Let us not be weary in well-doing".

Editor.

We are greatly indebted to the M.S.S.C. for the electros and cuts that enable us to publish our cover in colours, and we feel sure that our readers will like the change. The colour scheme is the work of pupils of the School.

We were interested to hear of the official opening of the new St. George's School at Lytton. It is a magnificent building, erected by the Indian Department to replace the one established more than twenty years ago by the New England Company. We wish it success.

Ottawa, May 3, 1929.

Reverend Sir:

I have your letter of the 27th ultimo, with reference to the pupilage at the new Alert Bay Indian Residential School. Accommodation is being provided for approximately 175 pupils and grant will be allowed for this number whenever earned. At a later date, when the school is filled, it may be found that a few more children can be admitted if there is adequate space, and arrangements would then be made for an increased per capita grant. In the meantime, it can be considered that the pupilage at this school is 175.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Dear Sir:-

As the Commission have nothing on record to show the capacity of the new School at Alert Bay now under construction, I shall be obliged if you will furnish me with a written statement in this connection. My understanding is that it will accommodate 175 pupils, namely, 100 boys and 75 girls. It is important that our Commission should have this information on file in order that they may advise the School Management with regard to the question of recruiting the full number of pupils required to fill the School to capacity.

Believe me, Sir,

Yours very truly,

INDIAN AND ESKIMO COMMISSION

MR. F. EARL ANFIELD
PRINCIPAL

INDIAN RESIDENTIAL SCHOOL

ALERT BAY, B.C. Nov. 1st. /28

To,
Russell T. Ferrier Esq.,
Supt. of Indian Education,
Ottawa, Ontario.

Dear Mr. Ferrier :-

I have had a long talk with Rev. F. Comley, Rector of Alert Bay, on his return from Ottawa, where he had an interview with you on matters pertaining to the work here.

Let me assure you that I am well aware that I must have been somewhat of a thorn in the flesh to the Department of late, and I wish to take this opportunity of apologising most sincerely for any trouble that I might have caused. I see fully the justice of your request in asking me to approach the Department through the properly organised channels, and I can assure you that I will do all in my power to carry out your wishes in this respect. The sympathy and interest of the Department are both well known to me, and I suppose that it must have been mere over-enthusiasm that allowed my typewriter to do so much overtime work!

Things have been difficult here, and the equipment required sadly lacking, and there have been times when I have been compelled to approach the Department direct, but thanks to your kindly words as expressed to Mr. Comley, I feel that the right way might after all be the best way. At any rate it shall be the way I shall pursue in future.

There is a big work to be done on the Coast, and the ever-hastening approach of an acute economic situation among the Indians is one that requires all our energies to solve, and one in which the new school to be erected here by the Department is to play an extremely important part.

With kind regards and many thanks for your unfailing help in the past,

Believe me most sincerely,

F. Earl Anfield
Principal

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

MEMO FOR FILE:

In 1881, Rev. A. J. Hall, an Anglican missionary to the Indians, believing Alert Bay the most central locality for his work, established a mission there and erected a classroom. Day school activity was commenced, and, in addition, classes were held in the evening. This work was recognized by the Government in 1883, when a grant of \$12 per pupil per year was allowed for the activity. He and his wife kept a few girls in their own home, without any grant for their maintenance.

Indian Agent R. H. Pidcock, of the Kwawkwalth agency, with headquarters at Alert Bay, wrote in 1889, urging the Government to establish a vocational training centre for Indian young men at Alert Bay and that the present school reserve be secured from the Provincial Crown for the purpose. A year later, Rev. A. J. Hall asked for the establishment of a girls' boarding school. In 1891, Mr. Hall was offered a \$70 per capita grant if he would provide the maintenance and educate Indian girls in a boarding school there. Mr. Hall was unable to accept this offer at that time, because of his approaching furlough to England.

In 1892 and the following year, the boys' industrial school was erected and equipped. The funds were provided by Parliament. In 1894, under the principalship of the Rev. A. W. Corker, the school was opened. Per capita grant of \$130 per annum was allowed for 35 pupils. It is interesting to note that the present Indian Agent, Mr. W. M. Halliday, was appointed in 1897 as the first trades instructor.

Rev. Mr. Hall renewed his application for a girls' boarding school in 1894. He and Mrs. Hall were boarding from 5 to 10 girls in their home at that time. The Department gave assistance for the first time, and, in the following year (1895) a pupilage of 10 and a per capita grant of \$60 per annum was allowed. The building was owned, of course, by the church authorities.

Boys' school was conducted, without interruption, to the present date. From 1905, however, after some difficulty in connection with supervision and because of poor enrolment generally, the girls' school was closed. The Department erected a building for the girls' boarding school in 1911. It was opened in 1912, with the Rev. Mr. Corker principal of both schools. The management of the boys' school was in the missionary society, while the girls' institution was managed by the diocesan authorities.

Future principals were as follows:-

Mr. V. S. Lord	-	1921
Rev. F. S. Spackman	-	1923
Mr. F. Earl Anfield	-	1927

EARL A.
PRINCIPAL

INDIAN RESIDENTIAL SCHOOL
ALERT BAY, B.C.

September 13, 1929.

Dr. Duncan C. Scott, M.L.D.,
Deputy Superintendent General of Indian Affairs,
Ottawa, Canada.

Dear Dr. Scott:

We regret to hear from Mr. Ditchburn that it is not likely that you will be able to attend our opening ceremony in person, as we would have much liked to have been honored with your presence. We were wondering if you would be good enough to write a message for the school to be printed in our special number of the school magazine shortly after the opening. We would greatly appreciate this, and hope that it would not be too great a favor to ask.

As this school has been built under your superintend-
entship, we were wondering if it would be possible for us to sec-
ure a photo of yourself to be hung on the walls of the school.

With very kind regards,

Sincerely yours,

Earl A. Scott
Principal.

Dear Mr. Anfield:

I am happy to have this opportunity to convey a message to the staff and pupils and to all friends of the Alert Bay Indian Residential School. Your school magazine, "The Thunderbird," is a most commendable enterprise, and I wish to express the Department's congratulations and, through this medium, to reach the Indians for whose benefit the school has been established.

To understand and appreciate the present situation, it is necessary to cast a backward glance at the first educational efforts of the Church of England in your district. In 1881, Rev. A. J. Hall, believing Alert Bay the most central locality, established a mission there and commenced a school. Classes were held both in the daytime and in the evening, and a few girls were kept by Mrs. Hall in her own home. The work was recognized by the Canadian Government in 1883 and a grant of \$12 per pupil per year was given.

Improvement was gradual but continuous. In 1892, the Department commenced the erection of the Boys' Industrial School, which was opened two years later, under the principalship of the Reverend A. W. Corker. It is interesting to note that the present Indian Agent, Mr. W. M. Halliday, was the first trades instructor at the school. The Boys' School has been conducted without interruption since that date.

The Boarding School for Girls, managed by Reverend and Mrs. Hall, was assisted by the Department of Indian Affairs in 1895 - an annual grant being provided until the

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

work was discontinued ten years later. In 1911, Parliament provided funds for the erection of a building suitable for the maintenance and education of girls. A year later, girls were admitted and the new institution was placed under the control of Mr. Corker, Principal of the Boys' School.

The Alert Bay training centre has become an important factor in the lives of British Columbia coast Indians. Encouraged by the constant zeal of those in charge, the Dominion Government has erected one of the most modern Indian school buildings in Canada. The re-establishment of the institution has been effected at a cost of \$223,000.00, and I hope you will be proud of your new school and will face the future with new confidence.

Indian educational work at Alert Bay had humble beginnings; but, all through the years, representatives of the Church of England and of the Department have striven for success, and their efforts have been supported by Indian parents. The future appears bright. New standards of efficiency can be achieved. I appeal to graduates of the school and other Indian supporters, upon whose loyalty and interest success will largely depend.

Yours very truly,

Duncan C. Scott

Order of Service

- (1) At 2:45 p.m. the school bell shall ring, and the children of the schools advance from their stations at the old buildings, small children in front, and seniors in rear. They shall converge at front of new school, girls to right of front door, and boys to the left. Peter Neasloss, head boy of Boys' School, and Rhoda Cook, for the girls, shall carry the flags of Church and State at head of their processions. Gathered on front verandah shall be the official representatives of Church and State.
- (2) Then shall follow the flag-raising ceremony. Principal shall request Mr. W. E. Ditchburn, Indian Commissioner, to raise the school flag for the first time. As the flag is being raised, the Head Matron shall lead the school in the National Anthem. As soon as the flag is hoisted, the Principal shall request the Indian Commissioner to unlock the building and to allow the pupils, and those assembled, to enter therein, for the purpose of occupation, and for dedication to the Glory of God and the education of the Indian children on this Coast.
- (3) Mr. W. E. Ditchburn, Indian Commissioner, shall then unlock the front doors, assisted by Mr. W. M. Halliday, Indian Agent, and the procession shall then enter and pass into the auditorium in the following order:
 - The Vice-Principal;
 - The head prefects, Peter Neasloss and Rhoda Cook, carrying the flags of Church and State;
 - The girls of the school, under charge of Girls' Supervisor and Intermediate Teacher;
 - The boys of the school, under charge of Boys' Supervisor, assisted by Senior and Junior Teachers;
 - Head Matron;
 - Rev. Geo. Raley, Rev. A. R. Lett, Capt. E. M. McBrayne, M.C.;
 - Mr. W. M. Halliday;
 - Mr. W. E. Ditchburn;
 - Rev. C. K. K. Prosser (Chaplain), Rev. A. W. Corker;
 - Archdeacon E. P. Laycock, Archdeacon F. C. C. Heathcote;
 - The Principal.
- (4) Whilst the procession is being seated, and visitors placed, the guest organist shall play selections. As soon as all are seated, the Principal shall ask Archdeacon Laycock to pray for God's blessing on the ceremonies of opening and dedication.

Archdeacon Laycock: "Let us pray."

"O Lord Jesu Christ, who hast the key of David, who openest and no man shutteth, give Thy power, we pray Thee, to us Thy servants, and grant that this school, now to be opened, in Thy service, may always be filled with Thy presence, and may ever remain a refuge for Thy faithful children. Who with the Father and the Holy Ghost livest and reignest, one God, forever and ever. Amen."

(5) Hymn No. 363:

"Christ is made the sure Foundation,
Christ the Head and Corner-stone,
Chosen of the Lord, and precious,
Binding all the Church in one,
Holy Zion's help forever,
And her confidence alone.

All that dedicated city,
Dearly loved of God on high,
In exultant jubilation
Pours perpetual melody,
God the One in Three adoring
In glad hymns eternally.

To this temple, where we call thee,
Come, O Lord of hosts, today;
With Thy wonted loving kindness
Hear Thy servants as they pray;
And Thy fullest benediction
Shed within its walls alway.

Here vouchsafe to all Thy servants
What they ask of Thee to gain,
What they gain from Thee forever
With the blessed to retain,
And hereafter in Thy glory
Evermore with Thee to reign.

Laud and honor to the Father,
Laud and honor to the Son,
Laud and honor to the Spirit,
Ever Three, and ever One,
Co-substantial, co-eternal,
While unending ages run. Amen."

- (6) The Principal shall ask Mr. W. M. Halliday, Indian Agent, to act as Chairman and Master of Ceremonies; he shall then take the chair and give an address.
- (7) Mr. W. E. Ditchburn, Commissioner for Indian Affairs, shall then give an address in which he shall declare the building open and formally hand over the keys of the school to Archdeacon Heathcote, representative of the M. S. C. C. in British Columbia.
- (8) Archdeacon F. C. C. Heathcote, L.Th., shall accept the keys on behalf of the M. S. C. C., and shall announce that the school shall be named "St. Michael's Indian Residential School."
- (9) The assemblage shall stand in prayer.

Archdeacon Heathcote shall say: "The Lord be with you."
The assemblage shall answer: "And with thy spirit."
Archdeacon Heathcote: "Let us pray."
"We beseech Thee, O Lord, graciously enter this school, and within the hearts of Thy faithful children establish for Thyself an everlasting habitation that they may be glorified by the indwelling of Him by whose building they live, through Jesus Christ our Lord. Amen."
"Let Thine eye, O Lord, be continually upon this school, which we now consecrate to Thee, and dedicate in the name of St. Michael, archangel of God; and grant likewise unto all the children of this school, that, encompassed by Thy Spirit and consecrated to Thy service, they may be a living temple, blameless and undefiled unto the day of Thy Son, Jesus Christ our Lord. Amen."

"Oh Almighty and everlasting God, who hast ordained and constituted the services of angels and men in a wonderful order, mercifully grant that as Thy holy angels always do Thee service in Heaven, so by Thy appointment they may succor and defend us on earth, through Jesus Christ our Lord. Amen."

(10) Then shall the assemblage praise God in the words of the Doxology:

"Praise God from whom all blessings flow,
Praise Him all creatures here below;
Praise Him above, ye heavenly host,
Praise Father, Son, and Holy Ghost."

(11) The Chairman shall then call upon the following representatives of Church and State:

Rev. A. W. Corker, first Principal of the schools;
Capt. E. M. McBrayne, M.C., District Cadet Officer, M. D. XI.;
Rev. A. R. Lett, Principal, St. George's Residential School,
Lytton, B. C.;
Rev. Geo. H. Raley, Principal, Coquileetza Residential School,
Sardis, B. C.

(12) Hymn—

"Now thank we all our God,
With heart and hands and voices,
Who wondrous things hath done
In whom this world rejoices;
Who from our mothers' arms
Hath blessed us on our way
With countless gifts of love,
And still is ours today.

"O may this bounteous God
Throughout all our life be near us,
With ever joyful hearts
And blessed peace to cheer us;
And keep us in His grace,
And guide us when perplexed,
And free us from all ills,
In this world and the next.

"All praise and thanks to God
The Father now be given,
The Son, and Holy Ghost,
Supreme in highest heaven;
The only eternal God,
Whom earth and heaven adore;
For thus it was, is now,
And shall be evermore. Amen."

(13) The Benediction will be pronounced by Rev. F. C. C. Heathcote,
Archdeacon of Vancouver.

Provisional Nov 5/29
E. VANCOUVER BRITISH COLUMBIA, TUESDAY

New School at Alert Bay

ST. MICHAEL'S INDIAN RESIDENTIAL SCHOOL.

THIS fine building, erected at Alert Bay at a cost of \$225,000 by the Indian department, was formally opened Saturday by Mr. W. E. Ditchburn, commissioner of Indian affairs for British Columbia.

INDIAN SCHOOL AT ALERT BAY OPENED

Congratulatory Addresses at Ceremony in Fine New Building.

ALERT BAY, Nov. 5.—Glorious weather marked the formal opening of St. Michael's Indian Residential School here on Saturday. Principal P. E. Anfield had arranged an attractive programme, beginning with the march of the boys and girls from the old school building to gather around the flagpole at the new building, while W. E. Ditchburn, Indian commissioner for B. C., raised the flag. Mr. Ditchburn unlocked the doors and the pupils and visitors marched into the assembly hall.

After Archdeacon E. P. Laycock of Victoria had invoked Divine blessing, W. M. Halliday, Indian agent, took the chair, and Mr. Ditchburn gave an address.

Expressing pleasure in handing over the keys of the school to Archdeacon F. C. C. Heathcote, as representative of the Missionary Society of the Anglican Church in Canada, Mr. Ditchburn briefly told of the progress of government assistance to education of the Indians in Canada. He stated that from 1871-1879 the expenditure by the government was only \$10,000, but that sum had been gradually increased until in the decade from 1919-1929 the sum of \$5,123,399 was spent in Indian education. In the fiscal year of 1929-1930, the sum of \$475,000 will be spent. This school has cost to date \$213,000 and by the time it is completed, with up-to-date barns, the cost will be \$225,000.

Archdeacon Heathcote then accepted the keys and announced that the school would be known as St. Michael's Indian Residential School. At the conclusion of a prayer which followed the archdeacon's address, Rev. A. W. Corker, first principal of Indian schools at Alert Bay, spoke in the Indian tongue, Kwakwaka'wakw.

Capt. E. M. McBrayne, M.C., district

"On to Fairbanks" Is New Highway Club In Alaska

Taking advantage of Premier Tolmie's proposal to construct a highway from Southern British Columbia to the Yukon, the International Highway Association, which gives its address as Fairbanks, Alaska, suggests that the road be built through Alaska to Fairbanks.

The new association names a distinguished list of Alaskans on its advisory board, and also includes the names of Capt. George Black, M.P., for the Yukon, and Mr. W. E. Payne, secretary of the Vancouver Board of Trade. Both these Vancouver men state that permission to use their names was not obtained.

The association states it is strictly a non-profit organization, but to tell "our story to the world, stock is being sold at \$5 a share." The association's advertising literature modestly states that "there is no limit to the number of shares one may purchase."

Edmonds Conservatives to Meet.

EDMONDS, Nov. 5.—President J. E. Hawkshaw of Edmonds and Northeast Burnaby Conservative Association announces that the annual meeting will be held on Wednesday night in St. Alban's Hall. Senator J. D. Taylor, Mr. W. G. McQuarrie, K.C., M.P., and Mr. R. W. Furlledge, M.L.A., will address the meeting.

ministration of the Mission Society of the Church of England in Canada. There is a personnel of fourteen, including principal, vice-president, head matron, head matron nurse, farm instructor, manual training instructor, domestic instructor, four teachers, engineer, kitchen matron and supervisor.

Dear Sir:-

During my visit to your Department on Sept. 17th last, I discussed with the Superintendent of Indian Education the question of an increased pupilage at our Alert Bay School, and was informed that the earliest date when this increase could be sanctioned would be on April 1st, 1931.

In a letter received from the Principal of this school some time ago he stated that he could easily secure 200 pupils and still be unable to accommodate many who wish to be admitted. I shall be obliged if you will kindly let me know if the pupilage at this school may be increased to 200 at the time indicated.

Believe me, Sir, .

Your obedient servant,

T. B. R. Westgate

163/23/1

Sir:-

I am enclosing voucher No. 67 for \$68.85 for escort expenses incurred in sending the children home from the Residential School, for which authority was given in your letter of May 8th, No. 156/0/10.

I am more or less dubious as to the advisability of these expenses in connection with an escort. Looking at it from the view of an outsider, one would say why should the Department be called on to pay these expenses in the first place. The reason advanced by the Missionary Society is a very good one, that they want to see the children safely home and without being unduly exposed to temptation on the way. On the other hand, as soon as they get home they are turned loose, and if they have not sufficient character to stand up against temptation after they arrive home, why incur the expense in seeing that they get safely home; let them have the temptation when they first leave, instead of later. However the Department in its wisdom has decided otherwise, and in all probability for the sake of public appearances the view taken is the correct one.

The Principal has written to see if the per capita grant earning pupilage cannot be increased to the full capacity of the building, namely two hundred. He states in his letter that they have made such alterations as will give another dormitory and another classroom and if permission is granted to increase from 175 to 200 they will be able to fill to capacity as soon as the holiday is over.

In view of the wonderful structure that we have there, and of the need there is for the education of the Indian children, many of whom are unable to attend day school, I would recommend that the authority be given to increase the pupilage to 200. The building is capable of accommodating really more than that; the dining room has a seating capacity of 240, and this is the place where they usually run short in all these buildings.

Sir:-

Some time ago you wrote me asking for some photographs of the new Indian Residential School at Alert Bay, and pending receipt of them I sent some snapshots. Since that time I have photographed the building myself, but as I had no proper solutions for making the prints, I kept the negatives until I had an opportunity to go to Vancouver. I have had them printed by the Eastman Kodak Company, and am sending four prints which gives a very fair idea of the school. One print shows the view from directly in front of it, one taken from the south-east from the top of a boat in the harbor, one showing a back view, and one showing the perspective taken from the end of the sawmill wharf. The copies are intended to be complimentary.

Rev. W. H. Gibson,
United Church Missionary,
Bella Bella, B.C.

Dear Mr. Gibson:

Thank you for your kind letter of recent date in connection with the United Church children who are pupils of this school. I quite appreciate your feelings in the matter of religious education of these children, who will be members of the United Church when they leave the school. May I impress upon you the fact that it is not, and never will be our desire to take United Church children from the church of their fathers, though this church is administered by the Anglican Church; it has always been my endeavour to see that the children have their opportunity to worship God in the manner in which they have been brought up. On the other hand, however, we have to consider the children themselves, and the question of admitting United Church children to communion in our church is a delicate problem. What are we to do if these children demand access to the sacraments of our Church? The preparatory classes for communicants is now in progress, admission to which is entirely voluntary on the part of the girls and boys attending. Several of your United Church children are attending, and I have spoken to them privately about the relationship of their own church ties. The children are quite insistent that they wish to continue in this communicant's class, and I do not in any way feel justified in refusing them such communion. In fact I think it would be a very serious thing if we were to refuse them equal rights with their fellow pupils of the schools. Nice distinctions of interdenominationalism are quite foreign to the Indian mind, and it would be fatal in my opinion to try and distinguish such for them. Far better for them to grow up to learn the hopes and possibilities of one great church of Christ, be it named United Church, Anglican or otherwise.

I will be grateful to you for a frank expression of your opinion on this matter, as I am quite open minded on the whole thing myself. With very kind regards and best wishes for the success of your work, believe me

Sincerely yours,

(Signed) F. Earl Anfield.

Bella Bella, B.C.,

Sept. 20, 1929.

Dear Mr. Anfield.

Yours dated Sept. 13th to hand. I am very glad you opened your heart to me in this matter. Above all else I desire that our Children should become Christians. And I would not mind if they were all members of the Church of England, but under present conditions it must be that they remain members of the United Church for that is the Church working in their home town.

Now I see no reason at all why our Children could not attend the preparatory or communion classes and when the time comes for Confirmation, let it be understood that they are members of the United Church of Canada, and I could send membership cards to you, and you hand them to the Children. I see nothing in the Confirmation Service that would conflict with such an arrangement.

I understnad that the Rev. Raley has invited a Church of England Minister to go into his School and instruct Church of England Children.

You will have a large number of our Children from Bella Bella, and other missions attending your School and it is only right that you see our Children are true to their Church.

I will be glad to hear from you regarding this matter,

With kind regards,

I beg to remain yours faithfully,

(Signed) W. H. Gibson.

Rev. W. H. Gibson,
Bella, Bella, B.C.

Dear Mr. Gibson:-

The plan outlined in your recent letter is entirely satisfactory to me, and I am extremely grateful to you for your very generous treatment of this somewhat perplexing question. It is nice to feel that we who work in the different denominations can get together for the welfare of those entrusted to our care. The following children from United Church centres are taking instruction in our Communicant Classes, and if you will send me the membership cards for them, I will be pleased to see that they are given to these children at the proper time and the fact of their membership in their own church made plain to them.

Agnes King, Bella Coola
Sophia Nelson, Bella Coola
Kate Shaw, Hartley Bay
Frank Wilson, Bella Bella
Willie Windsor, Bella Bella

Daisy Elliot, Bella Coola
Norah Gladstone, Bella Bella
Simon Brown, Klemtu
Richard Carpenter, Bella Bella
Alfred Mack, Bella Coola.

In addition to these children, the following are pupils at these schools from United Church centres:

Basil Carpenter, Bella Bella
Peter Neasloss, Klemtu
David Watts, Klemtu
Alice Lawson, Bella Bella
Lena White, Bella Bella
Viola Mason, Klemtu

Stephen Wilson, Bella Bella
Amos Vickers, Bella Bella
Lydia Brown, Bella Bella
Lottie Wilson, Bella Bella
Lucy Elliot, Bella Coola
Louisa Gladstone, Bella Bella.

Trusting that this will make the question plain to you, and with very kind regards and thanks for your interest, believe me,

Most sincerely yours,

(Signed) F. Earl Anfield,

Principal.

Oct. 18th, 1929.

Dear Mr. Rendle,

I have been writing Mr. Anfield of Alert Bay about United Church Children attending his school, and the question of confirmation arose, and we decided that it would be better for our children to attend the confirmation classes and receive confirmation just as the other children are doing, but instead of them being received into the Church of England that each Minister, of our Church, should forward to Mr. Anfield a membership card and Mr. Anfield would explain to them that they were now received into the Communion of the United Church, with their membership in their own town or village.

I have just received a list of a class and find three names from Bella Coola.

I don't suppose that you have any cards so I am sending you three or four, three made out for you to fill in and send to him.

This is the very best way out of the difficulty.

I trust that you are keeping fit,

Kind regards to you all at the mission,

Yours faithfully,

(Signed) W. H. Gibson,

Bella Bella, B.C.,

Feb. 22, 1930.

Dear Mr. Barner.

I am sending you letters which passed between Mr. Anfield, Principal of the Anglican Residential School at Alert Bay and myself. They will explain themselves.

I have been dismayed reading a letter from Rev. G. A. Wilson, D.D., Supt. of Missions, Vancouver. Which letter is a report of a joint meeting of the Anglican Church and the United Church re the building of Residential Schools. A copy has no doubt been sent to you.

There are three resolutions which were adopted by the conference. . the item which troubles me is No. 2, which reads thus - That each Church should recruit only from its own constituency.

To enforce this section would be to inflict upon the Indian people a great wrong. At this time when there is so much talk of Union and cooperation surely this is a backward movement, and will be misunderstood, for the Natives of this Coast make no fine distinctions. Both Churches are as one to them.

I find children coming home from the Anglican school are quite as good as those coming from our own schools, so WHY make a difference? And why send children hundreds of miles away from home when there is a good school near at hand? Of course some parents have a decided choice, but most want their children not so far away.

In case of sickness it is a real hardship upon both parents and children.

At the present time we have about twenty-five children at the Alert Bay school and about sixteen at Coqualeetza.

You will see by the enclosed letters the arrangement between Mr. Anfield is working fine.

I beg to remain yours faithfully,

(Signed) W. H. Gibson.

Ottawa, December 15, 1930.

Rev. Sir:

In further reference to your letter of the 5th instant, relative to an increased pupilage at the Alert Bay Indian Residential School, I now have to inform you that there is dormitory accommodation for a pupilage of 200, and provision will be made for a per capita grant for that number from April 1, 1931. We are requesting the local Indian Agent to inform the Principal accordingly.

Your obedient servant,

[Handwritten signature]
A. F. MacKenzie,
Secretary.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

Alert Bay, B. C.,
December 4, 1930.

520/23/1

Sir:-

With reference to your letter of November 26, file 156/0/1, regarding dimensions of the dormitories of the Alert Bay Indian Residential School, I would advise you that there are the same number of dormitories, namely four in number, on each side of the building.

On the top floor on each side the approximate dimensions of the large dormitory is 60' x 32'6", and the overflow dormitory is approximately 27'6" x 34'6". On the floor immediately below this, there are two dormitories, one approximately 31' x 23'6", and one approximately 35'6" x 31'6".

What is referred to in my letter is an additional dormitory is what I have called in this letter an overflow dormitory, but has not been used for dormitory purposes, but for the storing of clothes, and if the additional pupilage is recommended and granted, these overflow dormitories can be used for dormitories, thus easily increasing the area for the pupilage of the school to the two hundred requisitioned for. This will make a total number of eight dormitories in all.

Your obedient servant,

W.M. Halliday

R

EXTRACT FROM REPORT OF SCHOOL INSPECTOR BARRY, DATED
APRIL 13 & 14, 1931, ON HIS INSPECTION OF THE ALERT
BAY INDIAN RESIDENTIAL SCHOOL.

Original on File 156-0-6.

Music Room:- Teacher Mrs. Kenmuir.

Mrs. Kenmuir visits the school five days a week. She gives lessons on the piano and organ. This class was organized last September and has 26 children who have lessons individually. Since last September, 18 of these children have learned enough to play hymns at the evening services. Their progress has been remarkable. As this is an extra, the Principal endeavours to collect small fees from the parents of the children learning the piano. These fees are supposed to pay the teacher. If this work is to be continued, some other and better way will have to be found for the payment of the teacher. The children love these lessons and I consider it would be a great pity if the class has to be discontinued.

Dear Sir:-

The Principal of our Alert Bay School has forwarded to me the enclosed form which he had just received, and desires to know if he is obliged to fill in the same. I presume that the Principals of all Indian Residential Schools, regardless of denomination, have received the same forms, but as this appears to be the first time they have been sent out, I shall be obliged if you will inform me if it is your wish that the information requested should be given. After an examination of the quarterly returns and annual reports made by Principals to your Department it seems to me that all the information desired could be secured from those documents, instead of through the various school managements, all of whom are already heavily taxed with daily routine duties. Your ruling in the matter, however, will be appreciated.

EX'D.
ST. MICHAEL'S INDIAN RESIDENTIAL SCHOOL; ALERT BAY, B.C.

NEWS LETTER, # 1.

SEP 29 1931
RECORDS
September, 1931.

Dear Friends ;-

We hope this school year to be able to send out to you all regular news letters from St. Michael's giving you an idea of what the youngsters are doing, and at the same time to keep in touch with the parents and friends interested in our work for Indian children.

School re-opened on August 16 with an almost record opening attendance of 205 children which number has now reached the full capacity of 210. From the emptiness of holiday days to the happy laughter of the children these days is a considerable and very pleasant change, and we are glad indeed to have the children back to school and settled down for the year's work.

Generally speaking, the health of the children was reasonably good when they returned to school, though unfortunately since re-opening we have had several down with a nasty type of flu'. Under the providence of God, and with good care and nursing, all are now well again, and the school infirmary practically empty. We hope it may remain so.

We had better speak a few words about fishing, the natural industry of our Indian people on the entire coast. As predicted earlier in the year, fishing has in no way approached the plentifulness it showed in 1930, and as a result many of our Indian people are going to be in hard luck this coming winter. We would at this time urge most strongly on all the parents not to send large amounts of clothes or food to their children at the school. Your children are well fed and well clothed, and apart from an occasional gift of fruit or dried fish, they do not need much more. You will need all your money to care for your own homes, so please learn to say "NO" when your children write and ask for the most unnecessary things. Of course, as long as you will send, they will keep on asking, for that is the way of children.

The latest report from the northern districts show a decrease of over 300,000 cases compared to last year's catch, mostly in the pink variety. Sockeye was fairly good, especially in the Skeena, but the poor old Naas River was almost a complete failure. Prices were low all over, which has made things harder. Smiths Inlet was a failure, Rivers Inlet fair, and Alert Bay fair. The outlook for fall fishing is only fair, though a lot of dog salmon will be put up by the salteries, with low prices all round. This condition will mean trying times for our Indian friends, but we trust that they will see the need of storing and saving in good times, so that they may have something when fish harvests are bad.

Our many friends will be extremely interested to hear the results of the Indian school competition at the Vancouver Exhibition, ten Residential Schools competing. St. Michael's won twenty eight awards, including the grand diploma and first prize for manual training, and second for the educational exhibit. The Vancouver press spoke very highly of the work done, and we are sure that the parents who are con-

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

cerned all be very interested to hear the results secured by the pupils at Alert Bay.

We are glad our many friends may know that this year for the first time several of our senior children have undertaken active work for the Church by becoming Sunday School teachers. Over one hundred ten of our junior children attend the parish Sunday School in Alert Bay, and nine of our senior children, Mary Martin, Agnes King, Violet Russ, Ellen Newman, Richard, Carpenter, Leonard Mercer, Daniel Hanuse, and Freddie Cook have offered themselves as teachers, in the work of teaching the young. Such a work is a very creditable one, and we would ask the prayers of all interested in our school that these young people may in their work find a real field of service and inspiration to bigger and greater things when their time comes to leave the school. We realise that we must get the senior children actively interested in Church work whilst at school if they are to carry on when they go home to their villages. Hence you will realise the great importance that we place on such an enterprise.

You will be interested to hear three of our children wrote the Entrance Examinations in June and we have to congratulate George Alfred of Alert Bay on making a very satisfactory pass. He will be taking High School work with us this fall.

Quite a number of children, mostly from Massett in the Queen Charlotte Islands stayed in school during the summer months of this year, and we are glad to say that they had a most pleasant time. The move to allow children to stay in school during the vacation is meeting with a great deal of favour by our Indian people, as those who stayed in during the holidays are without exception in better condition when school opens than those who go out to the canneries. The youngsters who stayed in with us this year, had a wonderfully happy time and as a result of their regular meals and plenty of sleep, that they were able to obtain at that time, are off to a flying start in the new school year. If more of our Indian friends could see the value of leaving their children in school, say every other year, there is no doubt that the health standard as well as the moral and academic would be considerably advanced. All too often, the two months holiday set them back in health to a considerable extent.

We are all now looking forward with interest to keeping St. Michael's Day at the end of this month. This day is to be a great one in our school year, as far as athletics are concerned, and our children are now busy practising for the races and other events of that day. We will give you a full report of the events of St. Michael's Day in our next news letter.

We would like all our Indian people and parents of our children to make a real effort this year to write to their youngsters at least once a month. We encourage the children to write home regularly and provide them with paper, envelopes and stamps. Yet we do have children who do not hear from home once during the school year. This tends to make them forget the ties of home, as well as making them considerably unhappy at times. Now as most of our Indian people can either write themselves, or can get someone to write for them, there is really no excuse why the children in school should not hear from home at least once every few weeks. We would suggest if stamps cannot be afforded, that three or four families might put their letters together and send them direct to the Principal, who will see that the

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

children get them and answer them too.

We also wish to tell you that this year, any money or parcels sent for the children will be acknowledged direct from the office of the school with a school receipt form. We have found in the past that some children do not always acknowledge gifts from home, and we know how anxious parents must be if they send parcels or money to their children and then hear no word as to their arrival. If you do not get a receipt from the school inside of two weeks, please write and enquire further from the Principal.

Such a lot of our new children especially the younger ones, seem to have such bad teeth when they come to school, that when the dentist comes, all he can do is to pull a lot of them out. This is too bad, as mothers should try their best to take care of the first teeth, which are very important to the health of the children. Bad and decaying teeth such as we find in so many mouths are responsible for a lot of the sickness among the younger children. Will you not try this winter to take more care of the youngsters teeth. Teach them to clean them with a brush, or better still clean them yourself, and then keep the brush in a proper place. The large amount of candy eaten by so many Indian children makes it absolutely necessary that they clean their teeth twice a day at least.

Wishing you all a very happy winter and praying the work of all the missions along the coast may be greatly blessed as they settle down for the winter's endeavours,

Believe me, with kind regards,

Sincerely yours,

McEwen
Principal.

Dear Mr Scott:-

The Executive Committee M.S.C.C., at its meeting yesterday, very cordially approved the recommendation of its Indian Residential School Commission, that the name of Mr F.E.Anfield, though he is not in Holy Orders, should be submitted to you for promotion from the position of Acting Principal to that of Principal of the Alert Bay Indian Residential School.

The reasons submitted, by the Commission, are set out in the enclosed copy, in part, of letter, dated Dec.11th. 1931 received from Dr.Westgate.

Believe me,

Yours very faithfully,

SG-G

WINNIPEG, Man. Dec.11th. 1931.

Rev. Canon S.Gould, M.D., D.C.L.
General Secretary M.S.C.C.
604 Jarvis St.
TORONTO.

Dear Canon Gould:-

"Some time ago Mr Anfield who holds the position of Acting Principal of our Society's Indian Residential School at Alert Bay, requested the Commission to have his status changed to that of Principal. He was informed at that time of the ruling of the Society that Principalships were given to men in full Orders only, and after they had been in charge of a school for some years. He was also informed that appointments to Principalships were subject to the approval of the Indian Department, who, if they approved the same, would have the appointment confirmed by an Order-in-Council.

..... Mr Anfield has been in charge of the Alert Bay School since January 1st. 1927, and in view of the satisfactory services he has rendered, coupled with the fact that the Rector of Alert Bay is able to discharge the duties of Chaplain to the school, the Commission agreed, at a meeting held on the 8th inst. to ask the Executive Committee M.S.C.C. to recommend to the Indian Department that his status be changed from "Acting Principal" to that of "Principal"

In taking this action the Commission did not desire it to be understood that they favoured a change in the existing policy and regulation which requires Principals to be men in full Orders. It is their opinion that the situation at Alert Bay is exceptional - (1) because of the close location of the Rector of the local parish to the school, and the happy relationship which exists between the school and the parish, and (2) because the Acting-Principal, although a Layman, has rendered such faithful and efficient services for nearly six years. They feel, therefore, that Mr Anfield is entitled to the encouragement and recognition which the change in status would afford, and they trust that their recommendation may be accepted by the Executive Committee and also by the Indian Department.

With kind regards,
Faithfully, Yours,

(sgd) T.B.R.Westgate,
Field Secretary M.S.C.C.

VISIT OF HIS HONOUR,
LIEUTENANT GOVERNOR OF BRITISH COLUMBIA

to

Alert Bay, B.C.

October 17th - 20th, 1931.

Alert Bay was honoured when, on the afternoon of Saturday October 17th, H.M.C.S. "SKEENA" carrying His Honour, the Lieutenant Governor of British Columbia and suite arrived in the harbor for a four days visit to this historic settlement. Accompanying His Honour were Major H. S. Humphreys, A.D.C., and Mr. A. M. D. Fairbairn, Private Secretary.

As soon as the anchor of Canada's own warship dropped into the placid waters of the Bay, the Provincial Police boat bearing an official welcome party moved alongside and were received by Commander Brodeur of the "Skeena" and the Governor's Secretary, who escorted the party below where they were introduced to His Honour. Arrangements for the four day visit were rapidly consummated, and that evening His Honour came ashore and was entertained at the home of Mr. W. M. Halliday, Indian Agent, where a representative gathering of citizens spent a pleasant evening.

The "Skeena" was thrown open for public inspection on Sunday and a large number of residents boarded the splendid vessel on a tour of inspection.

At 2:30 P.M. Sunday the Lieutenant Governor and party came ashore and were met by the Principal of the Indian Residential School, Mr. Indian Agent Halliday, and Rev. C. K. K. Prosser, the Chaplain of the school. Arriving at the school, His Honour planted a tree in commemoration of this, his first visit to Alert Bay, and then the party proceeded into the large and spacious auditorium where the entire student body and staff, numbering over 225, rose to greet him. A short programme was carried out, the children taking part in the singing of "O Canada" and the National Anthem. In a few well-chosen words, His Honour gave a message to the children of the school, and informed them that we was giving for annual competition a medal to be presented to the pupil earning the highest marks in the Provincial Government Entrance examinations. A picturesque touch was added to the ceremony when two of the younger children carried forward a flag-draped table which was presented to His Honour as a mark of esteem and as a souvenir of this, his first visit to an Indian Residential School. The gift proved to be a beautifully inlaid chess table in five native woods, the entire work having been done by two of the boy pupils of the school in the manual training section.

Following the brief ceremony in the auditorium, the official party inspected the entire school and were then entertained by the Principal and staff at a delightfully informal tea, following which His Honour proceeded back to the "Skeena".

POOR-COPY

That evening a community service was held in the Anglican Church at which the Rector, Rev. C. K. K. Prosser and the United Church minister, Rev. W. R. Ashford, officiated. His Honour the Lieutenant Governor and A. D. C. attended this service, during which Mr. Ashford gave an inspiring address on the need of broader views and firmer faith if the destiny of Canada was to be fulfilled and this country become the home of a Christian race.

Nearly four hundred children from the settlement of Alert Bay were, through the courtesy of Commander Brodeur enabled to pay a visit of inspection to the "Skeena" on Monday afternoon, when the launches of Mr. W. M. Halliday, Indian Agent, and Mr. Harry Douglas, Fishery Inspector, were placed at the disposal of the youngsters to take them out to the warship anchored in the Bay. The children were thrilled at the sights unfolded before their eyes, as the large majority of them had never at any time seen a vessel comparable in any way to the "Skeena". From the deepest depths to the highest bridge they ran, in spite of rain and the slippery decks, and though the adults may have "inspected" the ship on Sunday, it is a truism indeed that the children "searched" it very thoroughly on Monday. They kept the sailors busy with weird and wonderful questions, none of which however seemed to lack for an answer of some kind or other. The thanks of the residents of Alert Bay are certainly due to Commander Brodeur, his staff and crew for their extreme courtesy in making such a visit possible.

The playground of St. Michael's Residential School was the scene of a stern combat when football teams representing the "Skeena" and the School met at 3:15 P.M. on this day in a very exciting match. Honors went to the School, to the tune of 6:0 but the disadvantages of poor ground and a gravelly pitch made things very difficult for the sailors. The game was refereed by Constable F. Putland, but we are glad to say that his official services were not at any time in demand. The score was not indicative of the game, which was a very good one, and in the first half might have been anyone's victory.

Teams from the "Skeena" and the School met again, in the evening in a basketball game which was a duel to the finish. The "Skeena" boys netted a long fast shot with less than twenty seconds to go, winning a victory of thirteen to the twelve scored by the School. This was one of the finest exhibitions of basketball ever seen in this district, and the boys from the ship are to be congratulated on having such a team, more so when it must be remembered that opportunities for practice must necessarily be few.

The visit of His Honour the Lieutenant Governor and the "Skeena" wound up with a magnificent public reception and dance on Monday evening when four hundred citizens met to do honor to the representative of His Majesty the King in this province. The affair was informal, and all made themselves at home and were made to feel at home by His Honour who received them with a hearty handclasp and a word of welcome. Dancing was carried on until well on into the night hours, a large party of sailors from the "Skeena" enjoying

- 3 -

themselves in their characteristically nautical fashion.

Early Tuesday morning a short puff of smoke from the steam whistle of the "Skeena" signified the hoisting of the anchor and the closing of a chapter that will go down in memory as one of the most pleasant in the history of Alert Bay.

NEWS LETTER # 1

EX'D. DEPT. OF INDIAN AFFAIRS

APR 19 1932

SCHOOLS BRANCH

Friends:-

"Easter Triumph, Easter Joy" - This surely must be the key-note of this message to you all from St. Michael's. Like yourselves, our children have gone through the forty days of the Lenten season; they have tried in special services to understand how to love God in everyday life; they journeyed on Good Friday with those who with sorrowful hearts saw our Blessed Lord walk the road to Calvary, but our hearts were not as sad as theirs, because beyond the veil and through the gloom and darkness that overhung the Tree of crucifixion, we could see the dawning glory of Easter which was so soon to turn a seeming failure and defeat into the most glorious triumph of all time. And if you had heard the children sing the great hymns of Easter, you, like us, would thank God for their beautiful faith, for they really rejoiced in the glory of the Risen Lord, and we believe that their Easter was the more greatly blessed because they had tried so hard to keep a good Lent.

On Easter Monday the sun shone for the first time for oh so long. It seemed like a special blessing, so we all had a wonderful Sports Meet on our new racing track. Fifty-two events were run off before 3 P.M., when, because we had finished, down came the rain again. Some very good races were seen, the senior champion, Fred Cook of Alert Bay running the 100 yards in ten and two-fifths seconds. The mile brought the same boy home first in four minutes thirty-eight seconds, which was pretty good for a new and yet rough track. Jack Hamuse took the pole vault at 8'4" and the 120 yard hurdles in 20 seconds, whilst Frank Wilson captured the broad jump with 16'5". Young Billy Alfred took the Intermediate championship winning four out of five events entered, as also did the running-up Daniel Hamuse, whose little brother Freddie won the Junior championship, also winning four out of five events. On the girls' side, Stella Robinson took senior honors, Mary Moody the Intermediates and Alice Mason the Juniors for the second time running. The younger girls did some very good work, but the seniors are still rather shy. Sports are new to them and our hopes all this line of endeavour must perforce lie in the younger generation. In the evening the youngsters enjoyed seeing Harold Lloyd in "Welcome Danger" and the roof almost lifted between screams of laughter and those of terror. They had a great time and are now happily back at their studies for the last lap of the school year.

We are sorry indeed to tell you all that due to the need for economy, the Olympiad will not be held this year. It will be a keen disappointment to the children who have been working faithfully to earn places on the school team. However they are young, and we are sure that many of them will make the grade for the Meet in 1933. Our school football team are busy getting tuned up for May 24th, when they have to meet all comers to hold the Football Challenge Cup for the second time. It should be a great game.

We have added another teacher to our staff, making five classrooms working now, and all children up to and including Grade 3 Junior go to school all day. This is in line with our policy of lowering the grade age in this school and will prove a decided help in getting the children along more quickly. The Principal recently went north to Bella Bella and was royally entertained by the entire village, to whom he was privileged to speak both in Church and in their community Hall on the work being done for their children in school. At the Sunday evening service, over four hundred were in church, which was packed to the doors. At a very wonderful concert

lasting from 7:30 P.M. until well after midnight, ex-pupils gathered in many and varied ways that they have learned much, both in skill and happiness. At another meeting an association of ex-pupils was formed, forty-nine signing the charter roll of members. One cannot pass on without voicing a tribute to the wonderful work being done by Rev. & Mrs. Gibson and Fr. Darby, Medical Superintendent of the R.W. Large Memorial Hospital.

School health continues fairly good, though we have had several children quite ill. This past winter has been a severe one on children all through the coast villages, and we have not been free of our share of worry and sorrow. We have had a dentist here during the past month and it may interest you to know that he put fillings in 531 teeth and extracted 83. We can hardly say the youngsters enjoyed it, but they were very brave and good.

Sixteen children are now busily preparing for the examiner of the Royal College of Music, whilst five are studying hard for the Entrance examinations. One boy is shortly to take up his Grade X studies in commercial work in Vancouver; you will wish them all success we are sure. These are busy days and they just fly along.

All interested in our Indian people will hear with regret of the retirement of Dr. Duncan C. Scott, Deputy Superintendent General of Indian Affairs, who after fifty-five years work for the Indian people of Canada, is now to earn a well-deserved rest. Dr. Scott recently wrote to us wishing all in the school every success, and we echo back the wish that the success he has already earned may be attended by those joys and blessings that accompany the evening of a life well lived in service to his fellow-men.

All too soon we will have to give thought to the question of holidays and we will be glad to hear from some of our friends in the Indian villages giving us their views as to the most suitable dates for commencement of the annual vacation. We may say quite definitely that it is not our intention to allow as many children out as usual, though more of this later.

Already we have a considerable waiting list of children seeking places in the school this fall, and parents desiring to have children admitted should arrange for the applications to go in to the Indian Agents as soon as possible.

Spring is here now and our school gardens are soon to be beautiful with flowers and our fields with vegetables. We hope many of you will enjoy the same pleasure as we do in planting and growing the bountiful gifts of a loving God.

This must be all for this time, and with kindest regards to you all,

Sincerely yours,

H. H. Anderson
Principal.

St. Michael's
Residential School
Alert Bay, B.C.

February 15, 1933.

E.G. Newnham, Esq.,
A/Indian Agent,
Alert Bay, B.C.

Dear Mr. Newnham:-

After considerable thought we have to ask you to place the question of vacation for the pupils of this school before your Department for their consideration and advice.

We have to apply for a vacation period for this year of two months, same to start on June 15 approximately ending August 15 approximately. This period will be for the main body of the school. There is a group, however of local boys with perhaps a few girls, regarding whom special consideration is asked. As you are aware, fishing opens in the Nimpkish River on May 1st and we have among our senior pupils a number of boys who belong to the Nimpkish tribe who have been asked to take positions in boats working in the river this year. Parents have applied to us for permission for them to leave school at the start of the fishing season and we have informed them that we cannot concur in any such request as it would mean the disorganization of most of our senior classes of the school. We have however promised to recommend to the Department that this special group be allowed to take their vacation as from June 1st for a period of two months on a grant earning basis. If for any reason it was felt necessary or advisable to extend this period, it would be understood that the school would draw no grants for the additional period of leave granted. The problem this year appears to be largely an economic one, and the only hope of many of these youngsters earning any money this year would seem to be by their taking these positions not later than June 1st. In their case we would request that you recommend to the Department to allow their vacation to start from this date.

Enclosed please find copies of correspondence between the School and Inspector of Schools G.H. Barry of your Department. Our entire High School Entrance class writing examinations this year is composed of boys of an age permitting them to work and earn funds for the maintenance of their people during the coming winter and to assist in the necessary expenses of cloth-

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

ing and transportation to and from school. This correspondence speaks for itself and we would request that you consider it with a view to giving your concurrence to the suggestion outlined by the Inspector. This would permit all pupils of the school to get away on their vacation on the date recommended for the closing of school for the two summer months.

We would be grateful if you would ask the Department to give us their views regarding which children are to be allowed home and which retained in school, and further as to the possibility of the Department making any grant towards transportation for pupils proceeding home on vacation. It will, as in former years, be necessary to send escorts with the children proceeding home, and we would ask that you recommend an amount of \$72.00 to cover expenses in this connection.

We would also appreciate a ruling from the Department as to whether or not children whose courses are completed and who are being graduated from school this year may expect the Department to pay their fare home.

Thanking you,

Sincerely yours,

"F. Earl Anfield"

Principal.

EX 4.

Ottawa, February 28th, 1933.

Sir,-

The Department is in receipt of your letter of the 18th instant, with reference to the holiday period at the Alert Bay Indian Residential School this summer.

In reply I beg to say that the vacation period may commence on June 15th and extend to August 15th.

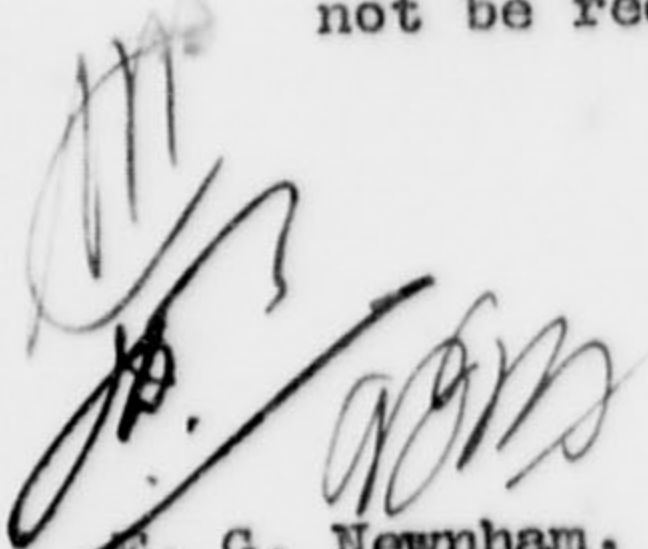

With regard to the special group who, it is desired, should be allowed to leave on June 1st, it has been decided to leave this matter with the Principal and yourself to make whatever arrangements you consider necessary in the circumstances.

It might be well to accept the offer made by Inspector Barry, viz., that he visit the Alert Bay School during the early part of May and carry out a testing programme with the senior grades in order that he can decide what pupils should be promoted.

In preparing the June and September quarter returns, care should be taken to show the exact date on which each pupil leaves for holidays and the date of their return. Grant should not be requested for more than two months' leave.

Your obedient servant,

A. F. MacKenzie.
Secretary.

File # 23-2

Sir:-

The attached copies of correspondence which I have received from Mr. F.E. Anfield, Principal of the Alert Bay Residential School are for your information, and I would recommend that his request in regard to allowing pupils to leave school on the dates stated be granted.

This matter has been viewed from all possible angles and it is impossible at the present time to furnish any probable forecast as to how the operations of the coming fishing season are likely to develop. I understand that in past years there has been some possibility of making an approximate estimate of this, but this year it is unsafe to do anything of the kind.

However the special arrangements that Mr. School Inspector Barry proposes to make if carried out, would render the whole question less complex.

Your obedient servant,

Inspector of Schools G.H. Barry,
Department of Indian Affairs,
Victoria, B. C.

Dear Sir:-

We would much appreciate your views as to whether or not we are justified in holding our pupils for Entrance exams until the end of June, when by so doing they will forfeit their chances of getting a job at fishing this summer. As perhaps you know, fishing starts early in June this year, and in the Nimpkish before then. There are signs of considerable curtailment as regards the number of boats, and already the parents are writing to their children informing them that they have positions for them provided that they are there to take the boats over on the first day of fishing. We have six boys in the Entrance class, five of whom are from the Skeena Agency and already have jobs booked for this summer on the one condition that they are available by June 16th to take them on. The other boy is a local and has an offer of a place in a drag seine over at the river if he can be there by the 1st of June. He is Daniel Hanuse, with a widowed mother. We have two Grade 1X pupils Jack Hanuse and Agnes King. The former was sick all last summer and has not earned anything to help his mother and a large family for two years. Again, there is the question, are we justified in holding him to write Grade 1X Government exams and thereby depriving him of his chance to earn enough to make it possible for him to come back to school next year and continue his course.

The problem seems to be an economic one entirely; the parents are glad and in most cases anxious for their boys to go on and complete their courses provided that they themselves can earn sufficient to make expenses of fares and clothing needed, and where possible contribute something to the support of the family. Otherwise the parents say that if the children are not given an opportunity of earning, then they cannot return them to school. We are quite satisfied that competition is keen enough this year to deprive late arrivals of any opportunity of getting boats or gear.

Your remarks will be awaited with interest.

Yours very sincerely,

"J. G. Anfield"
Principal.

Victoria, B.C.,
February 10, 1933.

E.E. Anfield, Esq.,
St. Michael's Indian Residential School,
Alert Bay, B.C.

Dear Sir:-

I am in receipt of your letter of the 8th instant in which you refer to the question of justification in holding some of your Grade 8 and Grade 9 pupils in school long enough for them to take the examinations set by the Provincial Department of Education at the end of next June.

In your letter you mention that Agnes King is one of your two Grade 9 pupils. In the list you gave me during my last inspection of the school your Grade 9 girl is named Ellen Newman. Are these just two names for the same girl? It was Ellen Newman who was examined by me, and who made a score of 95 in the B.C. Achievement Test on October 17, 1932. Perhaps you would be good enough to clear up this matter in your next letter.

I have given some considerable thought to the questions raised in your letter, and have come to the following opinion.

The parents of the children concerned should be communicated with, if this has not been done, and it should be pointed out that for the children to miss taking their B.C. Departmental examinations is a grave matter, and may have a very unfortunate result on their future educational progress. I wish to make it very clear that those children who fail to obtain Entrance Certificates will be unable to take advantage of High School instruction under the B.C. Department of Education, either in the way of a Correspondence Course or by instruction at a Technical High School. The substance of this paragraph should be communicated to the boys themselves, and their wishes taken into consideration.

Owing to the peculiar economic conditions of the present time, and to the fact that you certify that the six boys of your Grade 8 class will be actually employed during the period for which they are given leave of absence, I consider that it would be unfair to keep them in school till the end of June. To thus force the boys to remain till after the conclusion of the Entrance examination would probably cause strained feeling between the boys, their parents and the school authorities. This would be particularly unfortunate in the case of the boys from the North.

Should you so desire, I am prepared to visit your school during the early part of next May, to carry out a testing programme with the Senior grades, particularly with the Entrance candidates. If I do this, the decision as to the promotion of these children to a Grade 9 class in September must be left in my hands. Those whom I do not consider fit then for High School must, if they return to school, repeat Grade 8 next year.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

Your wholehearted agreement in this is necessary if I am to devote several days during a particularly busy period of the year, to the carrying out of this special work for your Indian children. The matter contained in this letter is to be taken as a professional opinion, and in no sense an authority for the giving of this special leave of absence to some of the boys of your school. The Indian Agent will no doubt have to be consulted, and the matter taken up in the ordinary manner.

Your Senior Teacher should have the Grade 7, Grade 8 and Grade 9 children write examinations in all the subjects of their courses. These examinations might well be taken just before Easter. The marks out of 100 in each subject ought to be tabulated against the name of the candidate, so that I can see at a glance the Name of the child, Standing in Class, Age, Mark in each subject, Total percentage obtained, and teacher's estimate of attitude to work and suitability for promotion.

My own work in the classroom will be supplementary to this and will take the form of Standard Tests in certain of the subjects, and an Intelligence Test.

Please consult your Senior Teacher with regard to the above, and let me have a reply when the matter is finally approved through the Indian Agent, so that I may plan my future itineraries to suit. I should have to visit you on my way to other schools on the coast and in the North, and a number of arrangements have to be made well ahead.

Your obedient servant,

"Gerald H. Barry"

District Inspector of Schools, B.C.

Your file #156-0-1.

OFFICE OF
INDIAN AGENT

Alert Bay, B.C.

June, 21st, 1933.

Sir, -

In connection with your letter dated June, 10th, re the above, I have to state that when the matter referred to therein, was first brought to me, it had reached a stage where it was obviously impossible for the Principal to adjust it, he being one of the parties against whom the complaining teacher had a grievance and I succeeded in inducing the lady to consent to having it brought to the notice of Dr. Westgate of the Anglican Indian Residential School Commission, in preference to her having her case put into the hands of a lawyer.

At no time did it reach a stage where it was necessary for the Department of Indian Affairs to enter, although it was undoubtedly in my capacity as acting Indian Agent that Dr. Westgate requested me to act in company with Rev. C. K. K. Prosser and Mr. F. E. Anfield in investigating the matter. The result of this investigation has been reported to Dr. Westgate and certain staff re-adjustments are being made at the Residential School. I have now withdrawn from the case entirely.

Apart from the combination of unfortunate circumstances which led to the trouble, I would point out that amongst the white community of Alert Bay - not a large one - there are certain people who are always ready to criticize, condemn and also obstruct the different phases of work involved in taking care of the Indians and just now, keen resentment is being expressed by this particular faction of the white community, at the public expense entailed in the maintenance of the Indian Residential School at Alert Bay with the result that the slightest opportunity of attaching the slightest breath of scandal to the institution is made the most of.

In this case, it is believed that the loyalty and the proper conduct of the staff as a body, in the contacts with outside members of the community, have obviated the possibility of any reflection being cast upon the honour of the School.

Your obedient servant

The Secretary.

*No action
See under
JOT*

Sir, -

Pursuant to my letter dated June, 3rd, I have to report that in compliance with a request from Dr. Westgate, head of the Anglican Indian Residential School Commission telegraphed from Winnipeg, a committee was formed consisting of the Rev, C. K. K. Prosser, Anglican Rector at Alert Bay, F. E. Anfield Esq, Principal, St Michael's Indian Residential School and myself as acting Indian Agent, for the purpose of determining whether the complaints of Miss Annie Ripley, a teacher of the Residential School warranted an investigation by the Commission.

I declined to make any comment or take part in any discussion relating to the lady's teaching abilities, stating that this was within the purview of Capt. G. H. Barry, District Inspector of Indian Schools for B.C., who was due to arrive at Alert Bay on June, 7th, in connection with other business.

*Discussed this
with A.M.
JOT*

On June, 5th, the committee dealt with the matter, a series of discussions taking place, first between Rev. C. K. K. Prosser and Mr Anfield, then between Mr Prosser, Mr Anfield and myself followed by one between Mr Prosser and myself.

On Miss Ripley being called, Mr Anfield requested to be allowed to withdraw but was subsequently recalled on my support of Miss Ripley's contention that he should be present during the whole of the proceedings. The final discussion was by all three members of the committee with Miss Ripley present, submitting her evidence both documentary and oral, which was dealt with and the following decisions were reached.

(1) So far as the Commission were concerned, the allegations of unprofessional conduct made by Miss Ripley against the head matron-Miss Leonard, had been disposed of, as Miss Leonard was leaving the institution on June, 30th, next, whether by resignation or dismissal was not disclosed, but apparently she was content to leave without making any defence to the charges against her. Miss Ripley was not desirous of taking her case to a lawyer and stated that as Dr Westgate was now evidently giving it further consideration, she was prepared to abide by his decision. This phase of the matter was therefore not pursued.

(2). The Principal-Mr Anfield-admitted that he had not

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

he had not

been aware of all the facts and agreed that a "terrible mistake" had been made which had caused Miss Ripley considerable physical hardship and mental worry during the past six months. He therefore approved of Miss Ripley writing a report to the Commission stating her case in full, which would be accompanied by a covering letter from himself in which he would seek to nullify the effects of an adverse report which he had previously submitted on Miss Ripley and which no doubt had led to her being officially notified that her teaching contract which automatically terminated on June, 30th next, could not be renewed. Miss Ripley stated that she would like to remain on the Residential School staff if possible, but if not she had no desire to leave "under a cloud". This was her chief concern and had led to her bringing her case to me, she and the Principal apparently being at cross purposes. She implied that her father would go to any expense to see that she was justly dealt with. However she was satisfied with this decision and again agreed to abide by Dr. Westgate's decision.

Last December, whilst playing basket-ball at the school with pupils and other staff members, Miss Ripley was accidentally hurt. She suffered great pain but continued with the game and in the course of a few days was admitted to hospital where she was treated for pleurisy being subsequently diagnosed as tubercular by the local doctor, she was not "X-rayed" at that time, but it later transpired that she had actually sustained fractures of a number of ribs. Suffering great pain but being unaware of the nature of her injury she had carried on teaching after discharge from hospital, under most difficult conditions which had made her irritable and drew some censure from the Principal. She then obtained leave to go to Vancouver, where she was examined by Dr. G. Barker a specialist, who furnished her with a certificate stating that she was not tubercular and which in fact was a "clean bill of health".

Whilst in hospital, she came under the care of Miss Leonard, at that time on the hospital staff and who a short time later was appointed Head Matron at the Residential School where evidently the bad feeling which existed between her and Miss Ripley was renewed, Miss Ripley being subjected to further mental stress by Miss Leonard's allegedly open statements to the effect that she (Miss Ripley) was "tubercular" "a mental case" and other remarks as to her physical condition, which led to her being practically ostracized by other members of the staff. This had its effect on her teaching and resulted in Mr Anfield rendering an adverse report to the Commission, also in her class not making a good showing during a recent inspection by the Inspector of Indian Schools for B.C.

Before referring the case to Dr. Westgate, I took an affidavit from Miss Carrol, another member of the staff, who swore to having heard Miss Leonard make the statements complained of

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

complained of.

Miss Ripley is a lady of mature age, and apart from official duties, courtesy demanded that I give her complaints some attention and I do not regret bringing them to the attention of Dr Westgate, in whose hands they now rest. As an official of the Department of Indian Affairs, I feel compelled to make the following comment.

Mr. F. E. Anfield, is undoubtedly a very capable school principal, but according to statements made during this recent inquiry, which he himself admitted, he evidently has difficulty at times-probably due to him being a young man and a bachelor-in maintaining proper discipline in regard to some members of the staff.

Heated controversies in his office, which can possibly be overheard by pupils-Indian children-regardless of whether the door is closed or shut, and remarks addressed to him by a member of the staff, such as "If you think so much of Miss Leonard, why don't you marry her and take her off to your own residence?" would appear to savour somewhat of insubordination and not conducive to the proper upbringing of Indian children.

Your obedient servant,

E. G. Newnham

Sir:

I have your letter of the 3rd instant, relative to the complaint made to you by a teacher on the staff of the Alert Bay Indian Residential School as set forth in your letter.

In reply I have to say that the discipline and harmony of the staff are matters which should be adjusted by the Principal of the school, and, in this case, by the Missionary Society of the Anglican Church, under whose auspices the school is conducted. It is noted that you have taken this matter up with Rev. Dr. Westgate, Field Secretary of the M.S.C.C., and he informed you enquiry would be made into the matter complained of by the teacher. At the present stage, the matter does not appear to be one which this Department should be called upon to enter.

Your obedient servant,

A. F. MacKenzie,
Secretary.

OFFICE OF
INDIAN AGENT

Alert Bay, B.C.

June, 3rd, 1933.

Sir, -

On June, 1st, Miss Annie Ripley, a teacher on the staff of St Michael's Indian Residential School called on me and made certain complaints against the present matron of the school and to a lesser degree against the principal.

The lady was distressed and somewhat overwrought and undoubtedly indulged in personalities which I persuaded her to eliminate. She sought my advice in my capacity as Justice of the Peace. After hearing her story I decided that if the matron's conduct had been as Miss Ripley stated and which was corroborated by the affidavit of another member of the school staff, that the matter could not be dismissed as trivial, particularly as, apparently through no fault of her own, circumstances had arisen which would in a most unfair way, jeopardise Miss Ripley's future career.

The most serious of Miss Ripley's allegations are in regard to the fact that after being examined by the local doctor, she received an adverse report as to her physical condition which was publicly discussed by the matron of the school, who is a qualified nurse and who before assuming her present duties was engaged at the Alert Bay Hospital. Being considerably distressed and subjected to unnecessary annoyance she was subsequently examined by a specialist in Vancouver, who furnished her with an absolutely clean "bill of health" and whose report she showed to me.

Miss Ripley further informed me that on lodging a complaint with the principal - Mr. F. E. Anfield - he had dismissed it with a remark to the effect that "the Commission at Winnipeg, were always receiving complaints and took no notice of them". I then decided to accede to her request and wire to Dr. Westgate head of the Indian Residential School Commission and I have to-day received a telegraphic reply that the Commission is taking the necessary steps immediately to inquire into conditions at St Michael's.

In it's present stage the matter does not appear to come within the purview of the Department of Indian Affairs. I was appealed to judicially and feel that in bringing it to

DEPT. OF INDIAN AFFAIRS
FEB 28 1933

EXTRACT from Inspector Barry's Report regarding
his visit to the ALERT BAY INDIAN RESIDENTIAL SCHOOL on
October 17, 18 and 19, 1932.

Original on File 156-0-6.

Miss D. Winstanley: Age 21.

Miss Winstanley is quite unsuitable for a teaching position in any Indian school. She is a very small girl, not as big as many of the girls at Alert Bay. Her control of her class is simply non-existent. Her appointment here was authorized by Dr. Westgate, ~~XXX~~ of the M. S. C. C., and like many other of the appointments made by the Anglican Church to the teaching staff here, appears to me to be most unfortunate. Dr. Westgate told me this girl has a B. C. Teaching Certificate. As a matter of fact only INTERIM CERTIFICATES are issued at the close of Normal training, and it is one of these which Miss Winstanley holds at present. The mere holding of a teaching certificate of this nature does not imply any particular ability to teach or control Indian children. We have numbers of well trained and recommended ANGLICAN teachers, and I fail to see why such inferior candidates should be selected by the Church. I WOULD RECOMMEND MISS WINSTANLEY'S DISMISSAL AT THE FIRST OPPORTUNITY. This matter has been thoroughly discussed with the Principal of the School, Mr. Anfield, and I believe he agrees with me.

St. Michael's Indian Reserve School, Alert Bay, B. C.

News Letter No. 1.

-oOo-

1933 - 1934

To the Parents, all Ex-Pupils & Supporters of the School :

My Dear Friends;-

A long time has passed since last we sent out a news letter to you all, but it has not been on account either of lack of news or of interest, but due to a combination of work and financial stress. We feel the need of contact between the school and our friends is however so important, that whatever expense is required will somehow or other be forthcoming, so here we go for Number One news letter for this term.

School re-opened with a capacity attendance towards the end of the month of August. The children who did not go home had a wonderful time at our school camp, and they are certainly among the healthiest of our children today. It is hoped that the camp will continue each year and that more of our Indian people will see the wisdom of leaving their children in charge of the school each summer, especially in these times when money for fares is so difficult to obtain.

We are sorry for our Indian people in the far north who this year faced one of the worst fishing years in the history of the Coast, but it is a fine thing to know that so many of them worked hard to be able to send their children back to school. What a big step forward it would be if more of our people could see the wisdom of leaving younger children at home in the villages with the older people and those without work, instead of all going off to the Cannaries where living is so much more expensive and where so many often have to live on the small earnings of the few. If more people stayed in the villages, more gardens could be planted with potatoes, fruit and vegetables and there would be a lot less distress and poverty during the winter months. It is hardly worth while to plant a garden in the spring and then go and leave it for three or four months, where as if more people spent their summer months at home, they themselves would be healthier and the gardens would have good care and would produce much more food for you. It is quite certain that the young children would be better at home than around canneries where machinery within and wharves without are ever present dangers to the youngsters. It is hoped that our Indian young people will try and see the wisdom of this suggestion and then sell the idea to the older folks.

The bad summer and fishing season had its effect on the health of the children who went out from school for vacation, as most of them returned underweight and became easy victims of the flu which visited us just after school opened. At the time of writing, however, the general health of the student body is very good and the children are practically all gaining in weight and look well. They are certainly a lively crowd this year and keep us all on the jump.

All the classrooms are busy and the children working with keenness and energy. We have the biggest High School class in the history of the school and it is our hope that as the years go by, the standard will get steadily higher and the general grade age of the children improve. It must be the effort of us all to build up the mental equipment of all our Indian young people, not just a few here and there, and here is where the villages must help more and more. We are all facing difficult times and it is hard to see just what the future holds. I am quite certain, however, that the future holds more for the boy or girl with an education than for those without, and it is the duty of every Indian mother and father to see that their children have as good or better chance than they had themselves, because the need of men and women trained to think things out in bad times is greater than in good times when life moves along easily and we do not have to worry from whence is coming our next meal. Your greatest duty is to see that your children get to the day school when they are young. See that they attend regularly and back up the teacher and missionary in what they are trying to do. The biggest difficulty we have to face in the Residential School is the lack of day school education in the children that come to us. We have to spend money on primary education you should have given to your children in their own villages. This money could well be spent on more technical work for the older children, but, until our Indian people really get in and use the day schools provided for the young children, they are holding back the work of these larger schools and it is their own children that suffer as a result. When a girl or boy comes to us at eleven or twelve years of age, unable even to get into grade one, you can hardly expect us to be able to do as much for him or her as for a child who has been going regularly to the day school and goes right into grade three or four when admitted here. This is one of the biggest reasons for keeping children at home during the summer. It would mean that the day school could be started in September instead of November. Do you know that as I write this letter, there are day schools not yet started because children are still out with their parents fishing. This is not right and the day will come when the parents will be bitterly sorry for it, because their children will blame them for not giving them a chance to equip themselves with education for the battle of life.

Now a word or two for those girls and boys who graduated this past term. Do not think, will you, that your education is completed because you have ceased to be a pupil of St. Michael's? You have only changed your school, from Alert Bay to your village. Whether you have gone up a grade or down depends pretty largely upon yourself, doesn't it? Your teachers have changed too, from those here to your parents, the missionary and your friends. I do hope you will all give them the same attention and respect as you gave to us here at school. You enjoyed learning here or you should have - I hope you will enjoy learning in your school, that of home and village life. Be careful that you choose only the best teachers. In school you learned that everything depends on our Christianity or lack of it, and really, it is just the same at home. Be as faithful there as you were here.

be regular in your attendance at the services of your Church, take a real and active part in Church life. Make a real friend of your missionary. I know most of them and you will find them fine fellows and anxious to be your friends. They are hoping great things of you; so are we; and of course God is too. Don't disappoint anyone, will you. It is not always going to be easy, sometimes it is going to be as tough as possible. You are going to miss School I know. I did myself when I left school many years ago, and so can know how you will feel. But I have found one friend all through life. I met Him first in school where I went when I was only five. So will you, Jesus Christ, the same today, yesterday and forever. In Alert Bay, at St. Michael's, in your home; in your parents, in your missionary, your Church and games and work; and oh I hope in your heart. He will help you make friends, good ones, who will stay with you when the storms come and that is when you need a friend, don't you? By the way, we would like ever so much for all girls and boys to write sometimes to the old school, your home for many years. Tell us how you get along, your joys and triumphs, yes and your defeats. We have them too and may be able to help you sometimes.

Do you know that 1934 is our Golden Jubilee year? Fifty years ago the old school started and since then 450 boys and 200 girls have been through the school. We must try and plan a great re-union of ex-pupils next spring. What do you think about the month of February for a big re-union at St. Michael's? How many will come? Bring your basketball and football teams, and we could have a wonderful ten days of re-union and fellowship together.

Our monthly challenge shield system is working again this year and on the girls' side, Lydia Brown's team, the Crescents won the Shield for September and October. On the boys' side, Madrick Nelson's team won in September and Roger Mercer's team in October.

It is nice to hear that Dave Bernard of Rivers Inlet, an ex-pupil of the school and a returned soldier, is a regular and trusted employee of the Dominion Government Hatchery at the Inlet.

Twenty pupils are taking music this year, thanks to Mrs. Kenmuir, who gives her services so wonderfully in this way. As the course is free, we choose a few pupils from each village, thus trying to spread musical education over as large an area as possible.

The children have been greatly interested in the campaign for the Restoration Fund and have subscribed this year the sum of \$ 85.00 to this great cause.

Our Harvest Festival this year was held on Sunday, October 15th and as a result of a special appeal, the collections totalled \$ 210.00.

St. Michael's Indian Residential School, Alert Bay, B. C.

New Letter No. 4.

-o00000o-

January - 1934..

My Friends:-

Our first word to you all must be one of very sincere greetings and all good wishes for the New Year now opened before us. May this year be to one and all the hope and answer of our deepest thought and prayer; may it be a period of making good the failures and disappointments of last year; and may the blessing of the good God and Father of all be upon you.

With these letters going out to the parents, you will find the half year reports of your children. Will you study them carefully and write to the youngsters about them, as it is a great help if they feel and know that you are deeply interested in their progress and welfare. As we look over the reports, we are impressed with the splendid health of the children. In spite of a short attack of colds, which was more or less general on the coast, our youngsters were never in better health than they are now and everyone who visits the school remarks on how wonderfully healthy and well they all look. With a family as large as ours, it may be expected that some sickness will prevail, but we are glad to tell you that throughout the Christmas festival, not one child was in our infirmary and only one little boy in the hospital.

You will of course want to know about the Christmas, won't you? We certainly had a very wonderful time, made the happier, I know by our children's efforts to make others happy as well as themselves. The great festival started with a pageant of the Nativity, shown in our Church, when the children were able to see the glorious story of the Incarnation acted before their own eyes. I believe there is room for great development of the dramatic form of teaching for our Indian children and we would be glad to offer our experience to any villages interested. We are giving careful thought at this time to staging on Good Friday the story of the Passion of Our Lord, using the entire staff and student body as the actors in the story. But we must get back to our Christmas activities, mustn't we? The joyful day dawned fine and early, almost too early, and down into the school, beautifully decorated for the holiday, surged our huge family of over two hundred. Santa Claus had visited the dormitories during the night and so breakfast was chiefly an occasion for exchanging cards and greetings; following which, all prepared to offer their welcome to Him who at the first glad Christmas gave Himself to mankind for evermore, and Who, in very truth, came once again to earth to greet us and be greeted, as together we knelt in Communion with Him. It seemed no time till noon had come and all sat down to partake of the good things provided for the Christmas dinner. During the afternoon many group leaders were busy preparing for the great school service and Christmas tree. Once more, as in previous years, the entire student body was divided into groups, representing the eight large tribes enrolled in the school, and our Hall was a glorious sight. At one end was the altar, the gift of the Staff to the School, with its riddells and beautiful hangings. In the centre of the Hall a huge Christmas tree, blazing with lights and banked with gifts for the children.

POOR-COPY

All around the walls were the wigwams, teepees, community houses and camp fires of the various tribes, the members of which were all dressed in costumes of the olden days. One does not describe these things well, one just remembers them; and as the organ pealed out the opening notes of "O Come, all ye faithful", a great silence replaced the whispered excitement of the children; and one silently thanked God for the privilege of being used in the work of showing Christ to these, His Indian children. It was a real Indian service, all in Indian dress, many painted and be-feathered; here and there gorgeous dancing blankets and grim masks - some stood, others knelt and yet others sat on the blankets strewn upon the floor; but all worshipped Him, the Lord of Light and Peace, Jesus Immanuel. Once more the children were given the opportunity of giving what they could for the needs of children less fortunate than themselves, and it was possible to send away next day a worthwhile gift to one of the poorest parishes in Vancouver. Our worship over, our gifts presented, the children prepared to receive their own and soon to the tinkling of bells, the old yet ever young Santa arrived and in short order our Christmas gift tree was stripped and the children playing with their presents. And so to bed.

During the week that followed, high festival was held, group after group met for parties, culminating in a Xmas pantomime, staged and acted by the staff and entitled "Robinson Crusoe and Mr. Friday". We certainly did not realise until we saw them in this play, what talents had been hidden by our staff. This pantomime was presented twice; on the first night for the school and the second, it was given as a token of goodwill from the School to the whole community, and in all some seven hundred adults and children were enabled to enjoy a good laugh and a pleasant two hours of entertainment. All too soon the week passed by and we met at the close of the old year to thank the great Giver of All for blessings received; to ask His forgiveness for opportunities wasted; and as the New Year dawned; that His blessing may remain with us.

Such was Christmas, and it was a good time too; it gave us a chance to get close to the great love of God to men; and its joys; its divine spirit; and its great urge to give will stand us in good stead in the days that lie before us.

We have been thinking seriously for some time about starting a school band, we can get a good instructor locally; but the great drawback is the enormous cost of instruments, and we were wondering if some of our Indian friends in the villages of our Coast would not be able to donate us a few pieces here and there. I know that the people are keenly interested in music for their children, and we have a piano and organ class of nearly twenty who make wonderful progress. But as far as a band goes, we cannot do much without the instruments. Surely in each of our villages there must be unused instruments. Will you think of this and look around and if you have any instruments you care to donate, we will be glad to pay the freight on them. We would even be glad to accept them on loan and will take every care of them, should it not be possible to donate them outright.

Much thought is being given to the question of our anniversary this year, and we are inclined to think that a celebration might be arranged to take place here at the school around May 24th, as this would seem to be a time when most of our villages could send teams for a week's games and festivities. Nothing definite has been settled, but enquiries are being made and we hope in our next letter to be able to tell you something fairly definite.

Now a few words for our graduates and ex-pupils. Much thought is being given to your needs these days, Ways and means are being sought to help you use the teaching, training and experience of school days, but I wonder often if we all really do enough ourselves. In every village of our Coast are groups of young men and women who passed through this school. If they were united in aim and effort to make their village the best there is, what a power they would be. We cannot do very much alone, we may say! Well, what about joining together in a group and, having definite aims and objects see what can be done. I am certain your missionaries will stand behind such an ex-pupil's association. Will you not give thought to forming a "St. Michael's Club" in every village - ask your Missionary to become one of its officers, say the Chaplain. If any group will meet and form such a Club, and will write to me, I will send up a suggested outline of rules and possible forms of service that might be undertaken. There will have to be officers; there must be regular meetings and the Clubs must set a definite plan of how they will help forward the work and life of the village. What a help to some of our hard worked Missionaries it would be if a Club of say twenty or thirty young people would say to him and mean it - "Here we are, what can we do to help your work - we will stand with you and back you up in anything and everything that will extend the Kingdom of God in our village. Some Missionaries I know would at once think Heaven had come on earth. You would need a watchword. How about "All for Jesus" and I say this because there is always the danger in Clubs of having a motto that works out like this "All for us" - which is the cause of half the trouble in the world today. Above all, Clubs of this kind would mean such a lot to the graduates when they first reach home; something to carry on with from school days and something to join school life with the new life of a young man or woman at home.

May we in closing this letter thank one and all who in ways known and unknown, helped to make Christmas the happy time it was for our children, and may I add a personal word of thanks for the scores of cards and gifts sent me from friends up and down the coast and across Canada, and very especially the ex-pupils who wrote to me at the blessed time of Christmas. As I looked at my piled up desk on Christmas Day, my heart was very full for you all, and it shall ever be my prayer that I may be found more worthy to carry on this great work for you and yours.

With every good wish,

Yours very sincerely,

F. Earl Anfield

*Re letter from
Principal of Alert Bay
Dec 16/33*

Ottawa, February 23, 1934.

Sir:

I beg to acknowledge receipt of your letter of the 10th instant, enclosing copies of communications received by you from the Principal of the Alert Bay Residential School, with reference to a proposed re-union of former pupils of this school.

The Department agrees with you that such a re-union might bring good results, but, owing to the fact that our Appropriation has been reduced, it will not be possible for the Department to allow any grant towards the cost of such a re-union.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Secretary.

OFFICE OF
INDIAN AGENT

Alert Bay, B.C.,
February 10, 1934.

Sir:-

I am today in receipt of a letter from Mr. F.E. Anfield, Principal of St. Michael's Indian Residential School at Alert Bay together with enclosures which are self-explanatory and which I am forwarding to you for your perusal.

While I agree that such re-union might be conducive of good results, yet in these difficult times when we are endeavouring to economize at every turn, I feel we should not recommend anything of that nature at this time, and would suggest that I be instructed to advise the Principal accordingly.

Your obedient servant,

M. S. Todd
(M. S. Todd)

Dear Sir,-

I have your letter of February 10 with enclosures in which you request that I take up with the Department the matter of a proposed re-union.

First let me say I agree with you that no doubt this would be conducive of good results, but I must remind you at the same time we are passing through most difficult times and when you state an expenditure of three hundred dollars would be necessary and that a special grant for this amount would have to be asked for, I hesitate to believe the Department would be willing to do this. I will, however, forward your request to Ottawa and will advise you as to their opinion on the matter.

Yours truly,

ST. MICHAEL'S INDIAN RESIDENTIAL SCHOOL
Alert Bay, B.C.

February 10, 1934.

The Secretary,
Indian Residential School, Commission, M.S.C.C.,
39-43 The Bible House,
Alexander Avenue, East,
Winnipeg, Manitoba.

Dear Sir:-

Considerable thought has been given to the possibility of St. Michael's celebrating 1934 as an anniversary year, and I would like to lay the following general outline of a scheme before the Commission, for their consideration and further advice. It is proposed:-

(1) That the School celebrate its fiftieth anniversary during the week May 20th to 26th.

(2) That the affair have as definite objects for all participants (a) a revived spiritual emphasis (b) the arousing of a definite "education" consciousness (c) a more real sense of fellowship among the different villages of the coast (d) the friendly rivalry of competition in an organized sports meet.

(3) Every village having graduate or ex-pupils will be invited to send a delegation, to comprise where possible a competitive unit for purposes of sports.

(4) The following groups may be reasonably expected to appear as delegations: Naas River, (all villages) 12 participants - Bella Bella, 18 to 20 participants - Klemtu, 6 participants - Bella Coola, 6 participants.

(5) These groups are the only ones around whom any expense may be involved and it is now suggested that the school will take no responsibility whatever for cost of travel to or from Alert Bay, but that between the dates suggested, viz; May 20-26th the school will board any active participants from villages north of the Queen Charlotte Straits; to wit, all villages named in para. 4.

(6) That permission be granted the school to apply to the Department of Militia and Defence for the loan of tents and other essential equipment.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

2.

(7) From the local agency it may be fully expected that participating groups will appear as follows:- Alert Bay, 18; Kingcome Inlet, 18; Village Island, 12; Cape Mudge 12; but as stated in para 5 these people will find habitation locally among friends.

(8) From available data it would appear that a special grant of \$300.00 will be required made up as follows:-

For board and all expense in connection with food	\$225.00
For freight and other charges	26.00
For prizes and incidental expenses	50.00

(9) As the provision of this grant is essential, it will be as well to hold up definite arrangements until the Commission have given their ruling.

(10) It should be remembered that preliminary suggestions have been very well received, and letters to hand evince a keen desire on the part of most villages to participate. It is my opinion that such an occasion would give a very real impetus to the work of the school, especially in its relation to the very live issue of follow-up work among the graduates.

Very sincerely yours,

FEA/c

February 10, 1934.

Questionnaire

To,-
The Chief Councillor or Leading Chief,
"Kitkathla, Aiyansh, Kincolith, Greenville,
Klemtu, Bella Coola, Bella Bella, Alert Bay,
Village Island, Cape Mudge, Kingcome River."

Dear Friend:-

St. Michael's School, Alert Bay, is planning to keep this year it's 50th Anniversary, and should it be possible for us to raise sufficient funds for same, we would like to arrange a week's celebration during which time we could have a re-union of graduate pupils of the school, represented by a delegation of graduates from each of the villages from which pupils have in the past been drawn to the school.

Bearing in mind the fact that nothing certain can be arranged until (a) we are sure of a financial grant to cover the expenses involved in such a celebration and (b) we have definite information from the villages re what part they can take in such a proposed re-union, it would be greatly appreciated if you will arrange at the earliest possible moment to call a meeting of all graduates and ex-pupils of this school, to which meeting we would earnestly beg you to invite your Missionary or any resident officer of the Indian Department so that their advice and help may be sought, and then to advise me as soon as possible of your views on the following points,-

- (1) Do you think this a suitable year in which to arrange for a re-union? If not, will you tell us why you do not agree?
- (2) What do you think about the week of May 20th to May 26th as the best time?
- (3) Could your village send 12 men who could form a football, basketball and track team?
- (4) Could your village send a team of girls as a basketball and track team?
- (5) Should the re-union be possible will your village take part?

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR COPY

(2)

(6) Should your village take part, will you agree to provide transportation for all members of the delegation? (Should the re-union take place, we are recommending that the school will provide food and accommodation to all competing delegates from villages north of Vancouver Island.)

(7) What do you think of this as a general outline of the week's programme?

- (a) Special religious services some of which to be lead by members from visiting villages.
- (b) Lectures by outstanding people on such subjects as Indian education and round table conferences on how the schools can help the Indian people more; what the Churches can do to help and what the Indians can do to help the Churches; and other subjects.
- (c) An inter-village track meet in which the school would enter competitors.
- (d) Football, baseball and basketball games between the competing villages and the school teams.

(8) Have you any suggestion as to other activities that would be well included in the programme?

(9) Should your village send a delegation, how and when would they arrive?

(10) How many graduate boys and men - women and girls are resident in your village? We really hope you will give this matter very earnest consideration, and as time is short, an early reply will be appreciated.

With every good wish,

Your very sincere friend,

"F. Earl Anfield"

Principal.

MAR 20 1934
Michael's Indian Residential School, Alert Bay, B. C.

News Letter No. 4.

- ooOoo -

March 12, 1934.

My dear Friends;-

Time flies along so fast at school that it seems only a very little while since we last wrote to you all, and yes it is getting on for two whole months, so it would seem a good thing to let you all know something of what is being done at St. Michael's for your children.

First of all we are pleased to tell you that the children keep well and practically all of them are in splendid health. In a school as large as this it seems almost impossible to escape from sickness altogether, but the number of children ill seems to get less each year, which looks as if the general health standard is slowly improving in the villages, a tribute to the patient work being done both by the Indian Department and the Church in those places. The children are now well into the second half of the school year and many of them have been moved to higher grades, where we trust they will continue to make steady progress in their studies.

After a very long and trying winter from the point of view of weather, the spring at last seems to be arriving and glorious sunny days are with us now, bringing new joy and healthy sun rays to the youngsters, with longer hours and brighter days for outside games.

So too in our Church life, the long days of Lent are moving on, and we strive to see beyond the darkness of the approaching Passiontide the glorious and certain hope of new and better life in the triumphant glory of the Feast of Easter.

On Good Friday in our Church we will endeavour to portray the "Story of the Passion" and many from the school, both pupils and staff, are among those chosen to act in this solemn play. May God help them all to reverently portray those terrible days in the earthly life of His Beloved Son; that through their service in word and action, others of His flock may learn to love Him more.

Through the kindness of the Superintendent of the Oriental Mission of B. C., we have secured the loan of a very fine set of slides on the life of our Blessed Lord, and these are being used in the mid-week Lenten services at the School. It is very wonderful to observe the reverence of the children as they see and hear that old but ever new story unfolded to them.

During Lent we are undertaking our second year's drive for the Restoration Fund and once more the children have taken this great cause to their hearts and are giving generously as they did last year.

POOR-COPY

On Sunday next, March 18th, over fifty of our children will be presented to the Bishop of the Diocese for the sacred rite of Confirmation. For them all we ask your prayers as they take upon themselves fuller citizenship in the Kingdom of Our Lord and Saviour. May they go from strength to strength and be a power for good among their people.

With these news letters to the parents, go out the holiday applications for this year and we would ask your careful attention to them and their quick return to the school so that plans may be made in plenty of time for the annual vacation. We would like you to know that a splendid site is being secured for a summer camp for the children who will remain with us during the holiday, and we would urge on you to give careful thought before deciding whether to take your children out or not. We know that last year was an exceptionally bad year for fishing, with the result that many of the children had but a poor holiday in the canneries, especially from the health stand point. From the money side it was very bad and the school was put to considerable expense in getting some of the children back, so we want you to be very careful in what you do this year. Things do look a little better for this summer and I think fish prices will be higher, but we would urge our Indian people to keep away from strikes at all costs. They do nothing but harm and when the fish runs are so short, the fishermen are always the greater losers in the end.

During the winter I have been able to visit several of the villages from which our children come to school, and I have been much impressed by the brave way in which our Indian people are trying to meet these difficult times. A long overdue visit was paid to Massett on the Queen Charlotte Islands, where the people gave me a splendid reception and welcome and when it was possible for them and the Principal to really get together and try to understand the problems and viewpoints of both parties. A remarkable band and choir concert was given, as a result of which I am the more certain that greater attention must be paid to choral and instrumental work in the school.

It is a pleasure to tell you that the proposed Re-union of ex-pupils of this school has been settled to take place in the week of May 20 -26th, when we shall fittingly celebrate a half century of Residential School work in Alert Bay. We do hope that delegates from all the villages will be with us and every effort will be made to see that a worthwhile programme is put on. More detailed news of this great event will go forward to the villages direct in a little while.

In closing this letter, may we wish you one and all a very Happy and Holy Eastertide, with the prayer that into our hearts and minds may come the power and strength of the Risen Christ. May the victory that was His that first great Easter morn be ours by His help; may we learn that in Him, we too may conquer sin and death, and like Him, we too may rise to new life in His service, both here on earth and hereafter in Heaven above.

Yours very sincerely,

F. E. Anfield, Principal.

Ottawa, May 28, 1935.

Sir:

I have your letter of the 16th instant, regarding the request of the Principal of the Alert Bay Indian Residential School for a grant for an increase of 10 in the pupilage.

In reply I have to say that it will not be possible to provide for an increased pupilage at this school during the current fiscal year. Our appropriation for per capita grants to Indian residential schools has been entirely assigned. There are many demands for increases, and the Department was unable to make any provision for an increase over the 200 for which the grant is allowed at the Alert Bay School. I may add, however, that when our Estimates for the next fiscal year are being prepared, full consideration will be given to the matter of an increased pupilage at this school.

Your obedient servant,

A. F. MacKenzie,
Secretary.

OFFICE OF
INDIAN AGENT

Alert Bay, B.C.,
May 16, 1935.

Sir,-

On September 14th last I wrote the Department enclosing copy of a letter received from Mr. F.E. Anfield, Principal of St. Michael's Indian Residential School in which he requested an increase in per capita earning pupilage from the present scale of 200 up to 210.

The Department replied to this letter on September 25th, No. 156-0-1 stating consideration would be given to the matter of providing grant for an extra pupilage when the Estimates were being prepared for the next fiscal year.

Mr. Anfield has again written me requesting that this be granted for the next term commencing after the summer holidays. It might be as well for me to explain the situation somewhat so that the Department will be fully aware of our position. During the past year Mr. Anfield has carried in the school pupils in excess of 200 but has received no grant for them. In the Kwawkewlth Agency during the past year I have found a considerable number of children who are physically fit but who have no Day School available and I am insisting that these children be put into the Residential School. Three other Agencies to the north of us, namely Bella Coola, Skeena and Queen Charlotte, are also making demands on this school, and it would appear unless we can raise the pupilage some children who have no opportunity of education are going to be left out. There is ample accommodation in the school for 210 pupils, and so long as we are able to accommodate them properly I feel the pupilage grant should be raised to 210, and am therefore asking the Department to give this their serious consideration.

Your obedient servant,

The Secretary,
Department of Indian Affairs,
Ottawa, Canada.

Indian Agent,
Alert Bay, B.C.

Dear Mr. Todd,-

Will you please approach the Department with a view to obtaining for us an increase in per capita earning pupilage from the present scale of 200 up to 210. We will have this number in residence by the end of the week and as we have sufficient space and accommodation for them, we would like to draw grants for their upkeep. We have very few discharges this year and the Agents have practically insisted on our taking in cases of special merit and emergency. As you are aware, we have been handling an average of 205 for most quarters for the past two years.

Thanking you,

Sincerely yours,

"F. Earl Anfield"

Principal.

Indian Canoes and Fishing Boats

Indian Brass Band -

Alert Bay -

MOST people are inclined to forget that at one time our fair Province was entirely in possession of the Indians. It is true they had no governmental regulations and each tribe or nation carried on its business as seemed best in their own eyes, and there was little or no cohesion between the different tribes. Book learning, which most people look on as education, was entirely unknown, but all were taught in the school of experience to provide for themselves and have a little to spare to give away to others.

Unfortunately, when the white man came to British Columbia, he overlooked the fact that the Indians owned the country, and in his arrogance and conceit believed that in some way and for some undefinable reason he must assume the position of overlord wherever he went. Being full of his own superiority complex, he did not stop to reason the thing out, and took possession of the country without first gaining the consent of the native population, which with a little diplomacy could easily have been obtained, either by treaty or purchase. We simply absorbed the whole country, and since then, by degrees, have so curtailed the opportunities and privileges of the Indians that the old freedom they loved is entirely gone.

Formerly a native could hunt and fish where and when he liked, excepting that in doing so he absolutely never trespassed on the fishing or hunting grounds of his neighbor, as the law of inheritance, even though never in written form, was rigidly observed. When he wished to make a canoe or build a house, he went where he could find the kind of cedar tree to suit his requirements. When he desired to have his totem made, nobody denied him the right to take what material he needed. In his hunting and fishing he took care not to overdo it, and conserved his natural resources. Bush fire were practically unknown, and there was abundance for everybody.

Liberty Restricted

TODAY the Indian, with a few slight exceptions, gets no privileges. He cannot even use a fish for his own use without a permit from the Department of Fisheries, which year by year is tightening the regulations. Timber lands are all held by whites either as Crown grants or licences, and he cannot even cut a stick of firewood on them without the risk of being prosecuted.

Prior to 1871 British Columbia was a Crown Colony, and when it became part and parcel of

the Dominion of Canada it was understood and agreed that the Federal Government should take over the care of the Indians, who thus became wards of the whole of Canada, and from that date the Dominion has been responsible for the welfare, maintenance and education of the Indians.

The Indians did not meekly submit to the will of the Province of British Columbia in the matter of title to the lands in the Province, but kept up a continual agitation for their aboriginal rights and insistently demanded that the matter of their title be taken to the Privy Council. This could not be done without the consent of the Parliament of Canada, and that august body finally referred the matter to a Parliamentary Committee. It was soon perceived by this committee that to refer the decision on titles to the Privy Council would be to endanger all titles given by the Provincial Government, and even if the decision went against the Indians, the fact remained that at least during the time of consideration of the Judicial Division of the Privy Council the title to all lands would be under a cloud. As a consequence, the Parliamentary Committee threw out the claims of the Indians to aboriginal title, but recommended that the sum of one

hundred thousand dollars per annum be paid to the Indians in this Province, not in cash, but in assistance in education, agriculture and medical assistance. This sum was to supplement the ordinary grant.

Education Essential

THE early missionaries seemed to have a vision or premonition of what was about to happen, and they saw that the Indian must be equipped with book learning and taught the ways of the white or he must cease to exist. Accordingly, the first schools for the natives in British Columbia were commenced and conducted by the devoted band of clergy and lay missionaries, who sacrificed their own comfort and conveniences to what they deemed a noble cause.

For a number of years there was no set standard for the teachers who were engaged in Indian schools. For the most part they were either ordained clergymen or lay helpers, who worked very hard and devotedly. As time went on and education became more advanced, it became necessary for every teacher to have a certificate from some one of the Provinces in the Dominion in order to be allowed to teach.

Difficult Task

IMAGINE yourself to be a teacher in a strange country where the language used had no possible resemblance to your own, where no written language existed, where lines of thought were diametrically opposed to your own; you, having only a very faint smattering knowledge of their tongue, and the children you were trying to teach, little, if any, knowledge of yours. Such was the position of the early teachers. It was not so difficult to get the children to pronounce "A B C," but the sounds meant nothing to them. Was it any wonder that they soon got tired of school and were inattentive? From personal experience my kindest sympathy goes out to the early teachers.

It is only a matter of about sixty years since the first Indian schools were founded, but at the present time there are few villages where the children can not attend a day school; and to provide for those who have no chance at home, and as well to give a better education than is possible in a day school, there are large residential schools which house, care for and educate up to three hundred children in each of such institutions. These schools are built and equipped by the Department of Indian Affairs and then usually handed over to whatever church has had charge of the spiritual welfare of the particular district, and the system is working out very well.

The writer has just returned from a re-

union at Alert Bay, which commemorated fifty years of residential school work in that place. St. Michael's School, which is the logical successor of the original residential school, which Rev. A. J. Hall, B.D., and his devoted and efficient wife organized in their own home, with six pupils, is beautifully situated close to the waterfront, and is a credit to the Department of Indian Affairs and a tribute to the efficiency of the Anglican Church. The school has sleeping accommodation for two hundred and twenty boys and girls and a staff of sixteen. From the first day school, Hall up to the present is a wonderful growth for only fifty years. The children come from all parts of the Kwakwaka'wakw and also from other agencies. As the different tribes speak different languages or dialects, it makes English the common tongue, and the whole system is productive of much good.

P. Earl Enfield, the principal of this institution, is a natural born organizer and a very hard worker. On account of it being a jubilee celebration, all ex-pupils of the older schools, together with all teachers and others interested in the work were invited to be present, and while all did not, or could not, avail themselves of the invitation to be present, those who were able to be present certainly enjoyed a great treat.

There were present, in addition to the times immediately at or surrounding Alert Bay, delegations and ex-pupils from Quatsino, Smith's Inlet, Rivers Inlet, Bella Bella, Bella Coola and Klmtu. Arrangements had been made for their housing and accommodation, and nearly a week of gay festivities was happily spent. In addition to book learning, which is not neglected, the pupils are taught many other things. There is a manual training instructor, and the products of the shop have from time to time taken prizes at the Vancouver Fair. Farming, gardening, a knowledge of mechanics, boat building, engineering and such like trades are taught to the boys, while the girls take a thorough training in domestic science and housekeeping. They were all exemplified and exhibited at the reunion, and received very favorable comment.

Good Sportsmanship

IN the sports which were held, real sportsmanship was very evident during the entire proceedings. Nobody was a quitter because he was being outdistanced in a race or outplayed in a game, and the loser invariably congratulated the victor. The competition

was very keen although very friendly, and too much credit cannot be given the management. One day of the celebration happened to be Empire Day, and the citizens generally took over the events. No more orderly or better-behaved crowd could be assembled.

Pupils attending these residential schools have the same curriculum as the public schools of the Province, and the same examination papers, and when they leave school they compete with the citizens generally in making a living, and every effort is being made to convert the Indian into a good citizen.

Health Guarded

THE Department of Indian Affairs is not neglectful of the health and medical attention of its wards. Hospitals all over the Province are subsidized by the Government, and whereas formerly the rate of infant mortality was very high, now, through the care of the women at the hospitals and the ministrations of the district nurses, one of whom is provided at most of the villages, this has been reduced to a minimum. In the place of the native foods on which these people formerly existed, they are now learning to use the only substitute they can get, namely, the white man's food. On the whole this has not been conducive to the best of health, but what else can they do but use it? At St. Michael's school, wherever possible, native dishes are provided, such as seaweed, codfish grease and soap elastic, which is a berry grown on the interior plateau and has always been a matter of barter with the Coast Indians. The berries are dried, made into cakes, and when wanted are put into water, sugar is added, and the whole contents are then beaten up into a lather, much resembling in appearance ice cream stained with blackberry juice, and make a wholesome dessert, besides being a tonic. During the time of the first flu epidemic, codfish grease was largely used by the natives, with very favorable results.

The Coast Indians do not engage to any extent in farming operations and as a rule are not successful farmers, but it all tends to make them independent and self-supporting. They are very successful fishermen and loggers, and their logging operations are for the most part overlooked by the local Indian Agent. In this way they are taught business methods. The day may come when the native population will be sufficiently advanced to meet on an exact par with their white brethren, and not until that time will the contract entered into by the Dominion be entirely fulfilled.

156-0-1.

Ottawa, April 9, 1934.

Sir:

I beg to acknowledge receipt of your letter of the 17th ultimo, with reference to the request of the Bella Coola Indians for a grant of \$40, to assist in the payment of transportation of certain members of the Band to attend the proposed re-union of former pupils of the Alert Bay School.

The Department is not prepared to allow the grant requested, and, for your information, I may say that we would not consent to providing any amount from Band Funds for this purpose.

Any Indians who attend this re-union will have to provide their own expenses.

Your obedient servant,

A. F. MacKenzie

156-0-1
OFFICE OF
INDIAN AGENT

Bella Coola, B.C.
March 17, 1934.

Sir:

I beg to report that Indian chief, Pat. Schooner came to the office today bringing with him a letter from Mr. F. Earl Anfield, Principal of St. Michael's Residential School at Alert Bay, containing the information that the school in week May 20 - 26th was going to celebrate its 50 years' anniversary, with re-union of ex-pupils, asking Indians of Bella Coola to attend, promising free board and lodging at Alert Bay, but not transportation expenses.

The Indians have held a meeting about this, result of which being that eight young men expressed their desire to go. Steamship fare from here (steerage) is thought to be \$80.00, \$10.00 for each. The band is prepared to pay 50% of this; the balance, 40.00 dollars they hereby, most respectfully, asks the Department to contribute towards this end.

I may say that this celebration will take place between seeding and fishing time, so Indians will be free to go.

Obediently yours,

J. Fougner,
Ind. Ag't.

ST. MICHAEL'S INDIAN RESIDENTIAL SCHOOL.

ALERT BAY, B.C.

NEWSLETTER NO. 1 - TERM OF 1935 - 36.

My dear friends,

Holidays are over and the school is once more filled to overflowing for a new term of work which started officially on September 1st. On the Pacific coast the subject of talk during most of the year is fishing, which industry reaches its zenith during the two months our youngsters are out on vacation, giving most of those who are old enough to work an opportunity to earn some much needed money to buy clothes for themselves and to help their parents through the winter. I have in the past ten years at Alert Bay been much struck with the self-sacrifice of many of our older girls and boys who have done well during the fishing season and yet who, during the school year, have very little pocket money and I have often found that they have given almost all their earnings to their people, after buying an outfit of clothes for themselves. This is a nice thing to notice and makes us happy in our work for the children.

On the coast this year we have had the extremes of poverty and wealth in the different fishing areas. In our own district around Alert Bay we have seen the greatest run in years and our Indian people should all be very well off. The same can be said for Rivers Inlet, where in the last week of the run, literally hundreds of thousands of salmon were caught by the gill-netters, glutting the Canneries with fish to an unheard of extent. Whilst the fishermen did so well in Rivers Inlet, getting 45¢ per fish with an average catch per man of over 1200, the Cannery Companies will not profit greatly as this fish was not of very good grade for sock-eye, and will not bring high prices. The Bella Coola run was a failure as was also that of the Naas River, which was the worst in years. The run in the Queen Charlotte Islands was very poor, and that in the famous Skeena River was only fair. Generally speaking, our northern Indians will be very badly off whilst those of the south have done remarkably well. It is a great pity that more of them do not learn to save their money, though I am happy to say that some of our ex-pupils have brought their money either to the School or the Indian Agent to have placed in a bank for safe-keeping.

Only a few children were in school during the summer holiday, so few that we did not consider it worthwhile operating our camp. However, they had a very nice time and all but one improved greatly in health. The one exception who unfortunately has never had much of a chance from infancy, was finally taken to a hospital near his home where our prayers for his recovery follow him with our love and best wishes. We had a busy summer due largely to a superabundant crop of good things from the farm, and the staff were strenuously engaged in putting up jam and pickles, over 1½ tons of which were put by for the winter.

The largest class of graduating pupils we have known left this year to try out in their new village life at home the foundation they have been building at school. Few of us will ever forget the service held in our School for them at the close of term, and we do pray and beseech your prayers as well, that the resolutions there formed may be helped and strengthened in them all; and that the blessings there besought may be ever around them, to protect and fortify as they meet the cold challenge of the outside world. To you graduates, I say, be strong and of good courage and hold fast to that which is good. Make firm friends and counsellors of your village missionaries and teachers, and above all, get actively into God's work among your people. Write when you can and tell us of your joys and sorrows and remember always that your school is home for you and will welcome a visit whenever you are near Alert Bay.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

As a result of the large graduating class, we have a smaller school from the individual point of view, but every bed is full and five classrooms are working well. We have happily been able to relieve several difficult situations this year, taking in children from areas where no schools exist, and from others where children needed so badly a measure of home life, which, in spite of the size of the place, we do strive to give in this school. The health standard is good at the time of writing and it is our hope that this year, as last, we may be spared any undue worry over the physical welfare of our children.

During this summer, thanks indeed to generous help from friends in the different Government Departments at Alert Bay I have been able to follow up the children at the Canneries, and by boat and seaplane have visited them and their parents, much to the joy of us all. It was a tremendous help to see and feel the welcome they gave me at the Canneries this year, and also to know how well the Cannery officials co-operate - getting net lofts ready for services at which, thank God, we sometimes had over a hundred attending. Our Indian people need all the ministration we can give them, and especially so during the fishing season when violent sin is so often all around them. One feels, in services such as those taken this year something of the joy that must have animated our Master, when beside a lakeshore, lined with fishing boats, He taught the people that man does not live by bread or fish alone, but by the living word of God.

The first special event for the opening School was of course, St. Michael's Day and we did indeed have a happy Patronal Festival, made more so by a pleasant remembrance in the form of a cablegram from Rev. C.K.K. Prosser in England. Rev. Prosser was the School Chaplain for five years and he won the love and esteem of all at St. Michael's. A perfect day saw a well run programme brought to a successful conclusion, and the champions who came up to receive the Challenge Cups were Hester Jones of Massett and Marjorie Wilson of Metlakathla on the girls' side; Sam Guno and Jacob Davies, both of Aiyansh, on the boys' side.

A week later we kept Harvest Festival and welcomed to the School for the first time our new Bishop Co-adjutor, Rt. Rev. H. E. Sexton, whom the School took to its heart in a great way. He brought wonderful messages to us, and with them the loving greetings of the Diocesan, our dear friend, Bishop Schofield, whom, we were glad to hear, is rejoicing in better health. Bishop Sexton was present at a special service in our school when the school captains were commissioned for their year's work. Those who lead the school this year are: Patricia Thompson - "Eagles", Alice Mason - "Ravens", Hester Jones - "Orchids", Mary Munday - "Royal Rose", Stanley Adams - "Vikings", Reggie Percival - "Comets", Jacob Davies - "Crusaders", Edwin Cook - "Wanderers".

The School was also pleased to welcome our friend, Dr. Westgate, Executive Secretary of the Indian Residential School Commission of our Church. We are always glad to see him and to listen to his friendly counsel and wise advice and we wish he would come more often. With him on his visit was Canon Vale, Principal of the School at Chapleau, Ontario, and a veteran missionary among our Indian people for the past 28 years. The visit of these two good people was enjoyed greatly by one and all and helped us get off to a happy start in the new school year.

We welcome several new members on our staff this year, and especially Capt. J. E. Allsopp of the Church Army in Canada, who comes to us as Vice-Principal. I believe this to be a very fine choice by the Commission in view of the large part played by the Church Army in the work of many of our northern villages.

The letter must close, it has been far too long. We shall write again to you all at Christmas and in the meantime wish you one and all God speed every blessing.

Ever your sincere friend,

Paul Schofield
Principal.

OFFICE OF
INDIAN AGENT

Alert Bay, B.C.,
May 14, 1936.

Sir,-

It has come to my notice that aeroplanes landing at Alert Bay generally approach the landing location by flying low over the Residential School farm located at the head of the Bay. In doing so the planes follow a course which takes them immediately over the playgrounds of the school, often flying very low, where there are sometimes two hundred children playing on the grounds.

It appears to me should anything happen to the plane while flying low over the playgrounds in making their landing, a very serious accident might be the result. This office does not desire to interfere in any way with the air service coming into this station, and we are only thinking of the safety of the children in case of an accident, and wish to bring this to the attention of the Department so that some definite location can be set aside for the planes to use other than flying immediately over the playgrounds and thus avoid any accident which might occur.

I would appreciate if the Department would kindly take the matter up with the proper authorities and see if this cannot be arranged satisfactory to all concerned.

Your obedient servant,

DEPT. OF INDIAN AFFAIRS
APR 3 1936
RECEIVED

Alert Bay, B.C.,
March 27, 1936.

clerk
Sir,-

Enclosed please find copy of a letter dated March 24th received from Mr. F.E. Anfield, Principal of the Alert Bay Residential School, in which he is again requesting an increase of ten pupils to the grant earning capacity of this school.

This matter has been placed before the Department on several occasions, and as there is sufficient room to accommodate the extra pupils, I would request that the Department give it their favourable consideration.

Your obedient servant,

M. S. Todd
(M. S. Todd)
Indian Agent

ALERT BAY INDIAN RESIDENTIAL SCHOOL

24th March, 1936.

M.S. Todd, Esq.,
Indian Agent,
Alert Bay, B.C.

Dear Mr. Todd,-

Further to your letter of May 16th last to the Department, and their reply of May 28th re the increased pupilage at this School, it would be appreciated if you will once more lay before the Department a request for an increase of ten pupils to the grant earning capacity of this School.

As you are aware, we have been carrying well over our grant earning capacity for years and the Commission, will, I know, deeply appreciate any help you can secure for them in caring financially for these extra children.

Yours very truly,

"F. Earl Anfield"

Principal.

INDIAN OFFICE

At Mill Bay, P.O., Nass River, B.C.

Sept, 21st, 1934.

MEMO.

Dear Sir, -

When I returned North in March last, you were good enough to arrange with the Union Steamships Company, that the S.S. "Catala" would make a special call at Mill Bay, which was off the winter schedule.

The steamer will make the last call here, until next spring, on October, 1st, and I would now ask that in the event of me being transferred elsewhere before then that you would kindly request that the S.S. "Catala" make another special call at Mill Bay, one week later than I am notified of the move, in order to facilitate our departure with our effects.

I have no more desire to settle in Prince Rupert, under present conditions, that I have to settle on the Nass River and my only object in requesting a move to Prince Rupert was, that my final departure from this part of the country, when it comes, would not be unduly delayed.

Thanking you.

Your obedient servant,

E. G. Newnham

(E. G. Newnham.)
Dominion Constable.

EXD

Ottawa, May 29th, 1936.

Dear Sir,-

The following letter, dated May 14th, 1936, has just been received from Mr. M. S. Todd, Indian Agent, Alert Bay, B. C.-

"It has come to my notice that aeroplanes landing at Alert Bay generally approach the landing location by flying low over the Indian Residential School farm located at the head of the Bay. In doing so, the planes follow a course which takes them immediately over the playgrounds of the school, often flying very low, where there are sometimes two hundred children playing on the grounds.

"It appears to me, should anything happen to the plane while flying low over the playgrounds in making their landing, a very serious accident might be the result. This office does not desire to interfere in any way with the air service coming into this station, and we are only thinking of the safety of the children in case of an accident, and wish to bring this to the attention of the Department so that some definite location can be set aside for the planes to use other than flying immediately over the playgrounds and thus avoid any accident which might occur."

Our Agent does not state the name of the company operating the planes which land at Alert Bay.

I would appreciate your advising me if it is possible to avoid having the planes land at Alert Bay from across the school playgrounds.

Yours truly,

A. F. MacKenzie.

Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:

I beg to acknowledge your letter of May 29th, file 156-0-1, quoting a letter received from Mr. M.S. Todd, Indian Agent, Alert Bay, B.C.

The Department is advising the District Inspector, Civil Aviation, in Vancouver and asking him to draw to the attention of all aircraft operators in his district to the necessity for avoiding, as far as possible, low flying over the children's playgrounds at the Indian Residential School at Alert Bay. I trust this will have the desired effect.

Yours truly,

[Signature: J.A. Wilson]

ST. MICHAEL'S INDIAN RESIDENTIAL SCHOOL, ALERT BAY, B.C.

NEWSLETTER NO. 3 - 1936

My dear Friends,

EX'D.

JUN 9 1936
DEPT. OF INDIAN AFFAIRS

In our last letter we told you something of the ~~mission~~ of Renewal held for staff and pupils during the season of Lent, an opportunity God given, for spiritual research and fresh endeavour. Weeknight lantern services with instructions during the weeks of Lent prepared the way for an intensive day by day Mission during Holy Week, and we will not soon forget those wonderful services conducted by Captain Allsopp of the Church Army, now the Vice-Principal of our School. On Good Friday evening at the concluding service of the Mission, nearly one hundred of our company, staff and pupils alike, in response to a definite challenge, came forward from the congregation and kneeling before the altar, publicly renewed their Baptismal and Confirmation vows and re-dedicated their lives to fuller Christian service. For each and all of them we ask your prayers that they may continue loyal and faithful members of the living Church of Christ. Nearly half of those who made decisions in the Mission are preparing themselves for Confirmation, when Bishop Sexton comes to us at the end of May. Just as it required a Calvary to glorify an Easter morn, so our mission of renewal brought to us all its own reward in a wonderful Eastertide, one of the happiest we have ever known at St. Michael's, for so many of our children had learned the real meaning of "everlasting life" and in their Communion on that glorious day sought and received from on high the power to live a life that lasts, triumphant over time and space; a life which can conquer sin and death and which can be used as the Evangel of a new day in the hearts of all mankind.

Due to the nearness of Empire Day to which the children are looking forward with great glee, we did not have a Sports Meet on the Easter Monday holiday this year, but treasure hunts, picnics, and a very fine football game in which our boys were victorious over the Village team, 2 - 0, seemed to fill in quite nicely and the children voted the day, which ended with a party, quite one of the best yet. They seemed quite contented to be back at their studies the following day and now they are on the last lap of the school year. Their minds of course, are looking ahead to vacation time, which will be upon us all too quickly. The holidays will start around the end of June, and I am sure even our smallest and youngest child can, without hesitation tell you the exact number of days still to wait. In some ways, prospects for a good fishing year seem brighter than those of last year, but the fishing industry is a rather elusive one on which to prophesy.

Toward the end of April it was possible for me to make a trip north, and in two weeks I travelled over 1300 miles and visited practically every Indian village north of Alert Bay to the Alaska boundary, most of the travelling being done in motor launches. I would be most ungrateful were I not to express thanks and appreciation to the Indian Agents, Missionaries, Doctors and teachers who made the visits possible and so greatly worthwhile. Leaving Alert Bay on a Wednesday, we worked north to Bella Coola by steamer, and en route visited the people of the Oweekayno tribe in Rivers Inlet, and

met Dave Bernard and John Thompson, graduates of 1915 and 1935 respectively. They were busy building a gill net boat for this season's work, but dropped the tools to hear news of the school and their relations therein. So quickly did time fly that I had almost to fly, too, to get the boat and ran 100 yards faster than I have moved for years. The steamer had freight and passengers for every cannery in Smith and Rivers Inlets so it was not until 2.30 a.m. on Friday that the ship's whistle blew for Bella Coola, but even such hours of arrival have their compensations, for I sat on the front steps of the Church in the village and watched a perfectly glorious sunrise splash gold on the glacial peaks on either side of the Bella Coola valley. Shortly after nine, accompanied by Inspector Barry and the Indian Agent, Mr. Fougner, we visited the village and the day school, where after a few words with the children, I left to look up the Missionary and then the ex-pupils. If I were to name all I met on the trip this letter would become a magazine, so I must just say I met them all and if I was glad to see them, I know they were glad to see someone from the old school and quite soon they were hot-foot after news. I was lucky to have with me photos of most of the present pupilage and the gift of these to the parents was a great joy. As one of them said, "It is almost as good as seeing them ourselves." The Missionary, Rev. G. Knox, warned me that the Young People's Association had asked that I speak at the Church that night, so after a visit to the Hospital, I went off for a walk towards the river to think things through, but had to go further afield as the olachan grease makers were just skimming off a boiling. As it is from this village that we get the olachan grease for the School, I strolled over later to see how they were getting on - they were doing fine. In spite of a nasty outbreak of 'flu in the village, the Church was filled that evening for a very enjoyable service made doubly pleasant for me by the sight of so many young people who in the past years have learned within these walls. The ushers and bell-ringers were all ex-pupils, and it was so encouraging to hear the Missionary speak of them as his right hand. But all good things must end, and so noon on Saturday saw us pulling out on the Agency launch, which under the skilful pilotage of Constable Levelton was to be our home for a week's trip to Prince Rupert.

Saturday night was spent at Ocean Falls where I met and had a short talk with Bishop Rix of Caledonia Diocese, and after attending Matins on Sunday morning in the beautiful little Church in that busy paper-making town, we left for Bella Bella, in which village live scores and scores of our graduates. We were welcomed by the Missionary, Rev. W. R. Welch, and the entire rising generation of Bella Bella; then, accompanied by the odd dozen or so we made our way towards the Mission House for supper, following which we went back to the wharf to meet the "Thomas Crosby", of the United Church Marine Hospital, on which ship I met Principal Scott of the Coqualeetza Residential School. He, like myself, was on a tour of the Indian villages in the interests of the Church and School, and it was a splendid gesture on the part of the Missionary that we should each be asked to preach a sermon at the evening service. We did, and perhaps our mutual friends will hope that in future, School Principals will not travel in couples. The following day passed with lightning speed, and into a very few hours were crowded interviews with the parents of children in St. Michael's; a check on new pupils; and a visit to the

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

d school, where in this village as in many others, simply splendid work is being done under very difficult conditions. A visit to the Hospital and a quiet talk with the patients known to me, and then the journey started again and the good ship turned her bow towards Millbank Sound, which stretch of water can, under given circumstances, produce conditions that would devastate one's wildest imaginings. The Sound was, fortunately, on its best behaviour, but the skipper decided to show us the inside channel and we turned in just below Ivory Light to calm waters, through channels deep and narrow, and scenery of indescribable beauty quite unknown to those who travel in steamers and tourist boats. Just as the sun went down we entered Jackson Passage where one could touch shore from either side of the boat, and two hours later saw us tied up at Klemtu village. A visit to the Mission House and Church and an hour with ex-pupils, watching the girls' teams play basketball, completed the day, and we retired to our berths for the night. Next morning we were awakened to the noise of hammering, and going out on deck found the men of the village all busy building a deck and freight shed on their new wharf. As many of them had children in School, I stayed on the launch and they came down to see me about their youngsters' progress. Later on I visited the day school and at noon we once more cranked the willing engine and set off for Kitamaat, arriving the following day at noon.

In this village live some 250 Indian people; there is a United Church Mission and Residential School for 30 pupils and a day School. It seems rather isolated as they only get mail boats once a month, but they were all cheerful and busy with their tasks. We spent several happy hours among them, rowing out later into a beautiful moon-lit night to where the launch was anchored. Almost before sleep came to me at all, I heard the anchor being hoisted and we were off at 4 a.m. towards the Skeena River, via Hartley Bay, at which village we stopped for a couple of hours to inspect the day school and pay a call on the Missionary and his good wife. It is a long run up Grenville Channel, which seems to maintain the same width and straightness for hours on end, but eventually we saw the opening of the Skeena, one of the greatest salmon rivers of B. C., and at seven in the evening the engine slowed down at Claxton. Here occurred the only mishap of the trip - just as we were pulling into the wharf, the clutch chose that moment to break in two and we had a pleasant few minutes making a landing. Going ashore, I was delighted to meet some of the ex-pupils, especially Roger and Leonard Mercer, and Claude Morven, all of whom are now happily married. We had a most enjoyable chat in the home of their father, Paul Mercer, a licensed lay reader of Caledonia Diocese and a graduate of this School in 1902. I was most impressed all through the trip with the large number of really happy marriages which have taken place between boy and girl ex-pupils. In only two cases did I find genuinely unhappy marriages, and in both cases the ex-pupil was married to a partner who had not been to school at all.

After repairs were completed next day, we moved up river to Port Essington where the Inspector had work in the day school. This town is, apart from some 100 Indians, almost entirely populated by Japanese, and I understand that in keeping with the Nationalist movement among these people, they are building a Buddhist Temple in

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

Essington. Our work completed, we finally reached Prince Rupert after calling at Cassiar and Inverness Canneries to see parents of pupils at present in the School. Here ended the first part of our journey and after bidding farewell to our genial skipper, we left the launch and embarked on the "Naaskeena" of the Prince Rupert Indian Agency, and on the following day set sail for the Naas River, via Port Simpson, with a population of 650 Indians, the largest village I believe, in B. C. We had with us in addition to the Inspector and Indian Agent, the Asst. Director of Medical Services for the Department of Indian Affairs in the person of Dr. McQuarrie, and I am more than grateful for the opportunity afforded for a long conference on the problem of T. B. control, and the educational opportunities of the Residential School in this work.

After a short call at Kincolith, we anchored for the night off the deserted cannery at Naas Harbour, and the following morning we once more changed boats, this time into a river boat in charge of Captain Stephen Clayton, a native of Gitlakdamix, under whose extremely skilful guidance we started the twelve hour trip up the Naas River, whose shallow waters and innumerable sand bars in the lower stages, and roaring canyons and rapids further up, were a challenge to the highest degree of skill and river lore. Captain Clayton's father was a river man before him, and Stephen had started to learn his trade of river pilot as a boy. On this trip his own son Silas, a fine strapping young man, was in the bow of the boat watching the river, making it part of his very being, so that in turn he, too, could follow in his father's steps. The boat was a thirty-foot tunnel craft with a 40 H.P. engine, built and equipped by the skipper himself. A stop was made at Fishery Bay, the olachan camp of the Naas River people, where I met both parents and ex-pupils. Grease making was nearly completed, and I was glad to note that even in this camp in which the people would spend at most but two months of the year, they had built a splendid little Church, capable I suppose of seating 150 people. It was late that night, about eleven, when we saw the lights of the village of Gitlakdamix, to which village many years ago, the people had returned following the flood at Aiyansh Village started by the late Rev. J. B. McCullough of missionary fame. Tired after our long trip, we were more so after climbing the 89 steps up to the Mission House, but the very genuine welcome of Rev. and Mrs. Kinley, and a bounteous supper soon put things to rights. As there was a phone from Gitlakdamix to the Big Canyon, word of our progress had gone before and the good missionary and his wife were ready with smiles (and Irish ones too), food, and restful beds. One could not ask for more, and we had a wonderful rest, fitting us all for our respective tasks on the morrow, when doctors examined the sick, the Inspector the schools, the Agent heard various and sundry delegations, and I went forth to find ex-pupils and parents. This village of 240 people is one of the best on the B. C. coast, wide streets and sidewalks, large halls for athletics and meetings, and one of the largest and most beautiful Churches one could visit anywhere. They also have a fine Church Army Hall, and in the tower of the Church a large illuminated clock which keeps the village on time. The houses are all fairly modern, though bad fishing seasons in the north have held back the building of as many new homes as I noticed further south. In Gitlakdamix and in Greenville, further down the

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

For, one would almost imagine that a town planning commission had been at work, so well and spaciouly laid out are the homes, and there is a telephone in almost every house. It is more than evident that mighty solid foundations have been laid by those who pioneered the faith in these parts. At noon the flag was hoisted and an hour later we met the Council to discuss education. They appealed for a Residential School, and one can hardly blame them for they have not even got a day school, the teaching being done in a room in the Mission house by the Missionary who is, however, a qualified teacher. As there is no likelihood of further residential schools being built, I urged them to support their teacher, and send their children to school at the Mission House until such time as the Department can find the means of building a proper day school for them, but that the Residential School would help by taking in special cases where and whenever opportunity and vacancies permitted. Since writing this we are very glad to note that the Department has, in the supplementary estimates, sanctioned the building of a day school for this village.

After a two-day stay we once more set our faces toward the south, and the run down the river was accomplished in about four hours running time. There were, however, two villages to visit on the way down, Canyon City, perched up on the rocks in the middle of the Canyon, and Greenville. At Canyon City I met the Azak youngsters, Ernest, Percy and Dorothy, now all grown up to be fine young people. It was nice to hear such good reports of them from the Missionary. This village lies opposite the Naas River lava beds, the volcano of which pushed the river five miles out of its course some 200 years ago. From the village one can see clear across the ten miles of lava to the mountains along which the river must have run in days gone by.

By noon we were off again, and in the afternoon we moored our craft at Greenville, a village about the same size as Gitlakdamix. We had not much time here, but managed to visit the missionary, Rev. W. Cooper, spend some time in the day school, attend a meeting of the Council at which the same plea for a Residential School was made and later we were all the guests of the Council and Village at a splendid banquet in the Town Hall, where we enjoyed a feast of spring salmon with all the trimmings. One could not have had a better cooked or more tastily served repast anywhere, and the good people must have gone to a lot of work to entertain us. I was especially impressed with the day school in this village, and urged the people to support it fully. At 8.30 p.m., as night was falling, we set out on the last stretch of our journey for the day, and at 22 miles per hour came down to Kincolith in black darkness and pouring rain across the sandbars. At midnight the very welcome and hospitable roof of Dr. Macdonald's home at Kincolith was over our heads; our soaked clothing was changed and we were at peace. There is a fine day school in this village and it was a pleasure to once again meet Miss Aylwin, the teacher, who was on the teaching staff at St. Michael's some years ago. During the following day, I paid a call on the Missionary, Rev. O. Thorne and his wife, real veterans on the Naas. The good man was busy in his garden, one of the finest in the north and a great joy to him. Most of the people of Kincolith were away at the Canneries so we did not see much of them, but in Dr. and Mrs. Macdonald and Rev. and Mrs. Thorne they have real friends and helpers, who have all given a lifetime of service to the Nishga people.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 3)

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

The following morning saw us on our way south once again, with grateful thoughts for all who had so hospitably entertained and cared for us on our wanderings. Back in Prince Rupert to a long conference with the Agent and Inspector on school matters, and then off home on the steamer to our big family at Alert Bay.

One must make a trip such as this to know the worthwhileness thereof. The personal contact means so much, doesn't it? One ex-pupil, writing to one of the pupils in school after my return said "Mr. Anfield's visit meant so much to us all, it gave us new life to go on with." Putting aside the personal element, one can only say that it surely is our duty, who have these children in our hands for as long as ten years in some cases, to see that the link of friendship and trust is not broken by neglect. We owe it to our ex-pupils and the parents to visit the villages as often as possible, and I can assure you that our Indian Residential School Commission is both anxious and glad for such visits to be made. The improvement in the day schools is tremendous and this is a good sign indeed. The work of this School is clearly defined, and need never interfere with or overlap that of the day schools. We stand ready to help by taking children orphaned or neglected from any village; and also children from villages where there are no day schools and from villages where the day schools are overcrowded; and this School can be filled twice over with children from these groups alone.

This has been the longest letter yet, but I know many will be glad to get some little insight into the extent of the work undertaken by our Church for the Indian people on the coast of British Columbia.

With kindest regards and all good wishes,
Very sincerely yours,

J. Earl Anfield

Principal.

ANNEKEWLTH AGENCY REPORT FOR OCTOBER 1936.
x x

x EX'D.

On October 11th I left Alert Bay on a business trip to Victoria and Vancouver and while there besides attending to Departmental business I attended the International Arts and Crafts Festival which was held at the Vancouver Hotel from the 14th to 17th inclusive. St. Michael's Indian Residential school at Alert Bay displayed the work done by the pupils during the past term, which created a great deal of interest amongst the people who visited the exhibit, and many genuine favourable comments were made as to the workmanship and Indian designs. Arrangements had been made by the Vancouver School Board whereby the children of the Vancouver schools were escorted by their teachers to visit the exhibit, and each day thousands passed through the building, and I am sure the work from our Indian school taking into consideration the ages of those doing the work was far superior to any work done by the same aged children in the white schools in Vancouver. We feel this is something really worth while as it gives us an opportunity to show the general public just what is being done by the Indian children at our schools.

B.

Dear Sir,-

The Department is in receipt of your letter of the 27th ultimo, with reference to the request of the Principal of the Alert Bay Indian Residential School for a grant of \$300.00 towards the cost of a celebration to be held at the school next year.

Our Estimates for the next fiscal year have not yet been approved by the Treasury Board and, as you are aware, will not be considered by Parliament for some months. No special provision was made in our Appropriation for a grant for the purpose mentioned by Mr. Anfield and, under the circumstances, it is not possible, at the present time, to favourably consider his request.

Yours truly,

A. F. MacKenzie.

CANADA

OFFICE OF
INDIAN AGENT

Alert Bay B.C.,
November 27, 1936.

Sir,-

Mr. F.E. Anfield, Principal of St. Michael's Residential School, Alert Bay, has written me in connection with plans for a celebration to be held here next year when all ex-pupils of the Residential School and other Indians on this coast will be invited to participate.

As next year is Coronation Year, and celebrations will be held throughout Canada, it is our desire that the Indians take part on this historic occasion and thus emphasize the relationship between our Indian people and the Crown.

Mr. Anfield and I have discussed plans for this event, and we feel it would be of great value to the Indians in many ways, but in order to carry out our programme it is necessary to have some financial help, and I am therefore writing the Department to see if they would be good enough to give us a grant of \$300.00 to put on this Pageant of Empire in the interests of all Indians.

It will entail a great deal of work and money, but we feel if the Department would assist us in the amount requested, the celebration could be made a real success. The Indians along the coast have expressed a desire to attend, and it will no doubt be the only celebration put on in the interests of Indians on this coast. I would therefore kindly ask the Department to approve of this amount and advise me as soon as possible in order that our plans may be got under way.

*delivered
1st as sent

December 17, 1936.

Sir,-

Replying to your letter No. 156-0-1 dated December 9th last, in reference to our request for a grant of three hundred dollars towards the cost of a celebration to be held at the Residential School at Alert Bay in connection with the Coronation, it is noted the Department do not feel it possible at this time to favourably consider our request.

The celebration which is contemplated is in my opinion, a very worthy cause, and I would appreciate if you would keep it in mind and if possible at a later date, try and help us to this extent.

Indian Affairs Branch, Dept. of Mines and Resources,
Ottawa, Ont.

Reference Department Letter 156-0-1 (WT 1)
dated February 21, 1947.

March 7, 1947.

M. S. Todd, Esq., Indian Agent, Alert Bay, B.C.

Your letter of February 10th, 1947, addressed to the Department regarding the need of repairs etc., at the Alert Bay Indian Residential School, has been referred to this office.

The maintenance of government owned school buildings and equipment, is one that should receive the attention of the Indian Agent. I am unable to find anything in the Department's instructions issued to the Inspector of Schools, which indicates that responsibility in this respect devolves on him, although I am sure the Department would welcome information from the Inspector in this regard in cases of evident neglect.

The Department expects the Indian Agent to discuss with the Principal, the matter of repairs and improvements necessary to maintain the buildings in proper condition, and make provision for the expenditures indicated in the annual agency estimates. It does not follow, however, that the Department will be in a position to approve the total expenditure involved, but it would be reasonable to expect that under normal conditions some of the work will be provided for. Repairs and improvements at the school should be carried out in so-far-as possible during the summer months, when the school is not in session.

You should confer with the Principal, Reverend S. J. Wickens, regarding the repairs that should be attended to this summer, advising this office of the cost involved in order that the matter may be placed before the Department for attention.

/MHW

D. M. MacKay,
Indian Commissioner for B.C.

EX'D.

Alert Bay, B. C.,
July 9th, 1947.

Indian Affairs Branch, Department of Mines and Resources,
Ottawa, Canada.

Recently it has come to my notice that correspondence from the Educational Branch, Ottawa, is being directed to the Principal of St. Michael's Indian Residential School, Alert Bay, in which new instructions have been given and new arrangements made in respect to policy and the administration of the school. This office has never been advised with respect to any changes in policy or administration.

We are expected to check and supervise accounts and Returns received from the school and have been requested to have them correct before submitting to Ottawa. We questioned the correctness of the June Quarterly Returns of St. Michael's Indian Residential School, and were rather embarrassed to be told by the Principal that he had received instructions direct from the Indian Affairs Branch, Ottawa, to increase the per capita grant and also make other changes in respect to their Quarterly Returns. As we have not been advised of any changes we are accepting Principal Wickens' word and forwarding the Returns as received.

It has been found desirable in the past that any correspondence taking place between Ottawa and the Principal of the Residential School effecting administration in which the Agent has a responsibility, that a carbon copy be forwarded this office. Possibly the Department would advise me in respect to any new instructions which have been issued to the Principal during the past few months.

Colonel B. H. Neary,
Superintendent of Education,
Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Ontario.

Dear Colonel Neary, re: St. Michael's School, Alert Bay.

When I visited Alert Bay School in company with Mr. Arneil, we agreed that considerable painting and repair work was in need of attention this coming summer. He recommended that, if Indian Affairs supplied the paint and materials, the I.S.A. might be responsible for the labour. This I agreed to.

The type of work is of such a nature that it would have to be done when the children are out of residence but the amount is so great that it could not be accomplished within a two month holiday period.

With the above in mind would you please inform this Administration whether the Indian Affairs Branch would approve a three month holiday period this coming summer, instead of the usual two. This would entail closing the school at the end of May instead of the end of June.

Considering the state of financial emergency, it is also asked that the grant be continued for the additional holiday month.

May this request have your sympathetic consideration and a report back to this Administration would be appreciated.

Yours faithfully,

Henry G. Cook

Ottawa, Ontario.

Dear Mr. Hoey,

Knowing that you must be busy at this particular time, I thought it wise to write you a short letter rather than take up time by calling personally.

I want to thank you very much for the co-operation of Indian Affairs during my recent visit to the Alert Bay school. As you know, Commissioner Arneil paid the school a visit during my stay there and he and I, in company with the Principal and Acting Agent Letcher, were able to make a very thorough survey of the whole problem. Mr. Arneil's report will, no doubt, bring you up to date on conclusions reached. I might say that both Mr. Arneil and Mr. Letcher were most helpful and considerate at all times. It was a real joy to be with them.

Yours faithfully,

Superintendent.

ALERT BAY RESIDENTIAL SCHOOL.

We have in the past received recommendations that the old classroom block at the above school be replaced when conditions improve. It is hoped that steps can now be formulated for the replacement of this classroom block.

The following proposals have been discussed with Major Mackay and are submitted for your comment and for action where necessary by Inspector Davey:

- (1) That a four classroom block or larger be erected to replace the present classroom block building. The new classroom block would be similar to that at St. Catherine's Day School. A plan is being forwarded under separate cover.
- (2) That this new building along with the four room day school now nearing completion be used by both the day and residential school pupils.
- (3) That the teaching staff at this school be appointed entirely by the Department.
- (4) That the present residential school be a hostel for those children who have to come from isolated reserves as at present. This hostel would be operated by the Church of England.
- (5) That the hostel children attend the new day school on the same basis as the children from the village.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 5)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

In other words, we are considering a somewhat similar set-up to that operated at the Fairbridge Farm School where the Provincial Department of Education operates a day school within the frame-work of the farm school. This proposal has been discussed with Mr. Todd and we would appreciate your views on this matter.

It should be realized that the above proposals constitute a departure from the present system and are in the nature of an experiment.

It is felt that Inspector Davey should make:

- (a) Specific recommendation as to the size of the classroom block which would have to be erected. The plans forwarded are only a suggestion.
- (b) Recommendation as to the most suitable site for the new building bearing in mind the location of the four classroom block now nearing completion.

The residential school pupils would, of course, attend on a full day basis. Provision should be made for eventually providing High School education for these children either by the Department or through co-operation with the Alert Bay School Board. The Department appointed principal would be in charge of both the proposed classroom block and the block now nearing completion. The Anglican Church would appoint a superintendent for the hostel.

The above proposals have not yet been discussed with the Indian School Administration of the Missionary Society of the Church of England.

Ottawa, 2nd December, 1947.

Dear Mr. Varcoe -

Minimum Wage Order No. 52 (1946)
Province of British Columbia.

Enclosed herewith please find correspondence received by the Director of Indian Affairs from Major General G. R. Turner of the M.S.C.C. This correspondence, it will be noted, relates to the application of the Minimum Wage Order No. 52 of the Province of British Columbia to the Alert Bay Indian Residential School. This school was built and equipped by this Department, from appropriation, and is maintained from year to year by per capita grants also provided from appropriation.

It will be noted that in a copy of the letter from the Superintendent of the School to the Board of Industrial Relations, Province of British Columbia, dated the 31st October last, copy of which is attached, the statement is made that the cost of operating these schools is borne mainly by the Dominion Government who pay a per capita grant for each pupil in attendance. The balance of the funds required, which is considerable, is provided "by missionary contributions of various church congregations throughout Canada". This statement does not apply to this school in question as the said per capita grants pay the salaries of all staff including the teachers.

Please advise if, under the circumstances, the Minimum Wage Order No. 52 of the Province of British Columbia applies

(a) to the employees of the Alert Bay Indian Residential School which is operated entirely on per capita grants furnished from appropriation, or

(b) to employees of other Indian Residential Schools where the employees are paid partly by per capita grant from appropriation and partly from funds provided by missionary contributions of various church congregations throughout Canada.

If you are of opinion that in either or both of the above two cases this Minimum Wage Order applies the charge upon public funds in cases of this kind will, by necessity, be greatly increased.

Please return the attached correspondence.

[Signature]
F. P. Varcoe, Esq., K.C.,
Deputy Minister,
Department of Justice,
OTTAWA.

Yours very truly,

[Signature]
Deputy Minister.

March 9, 1948.

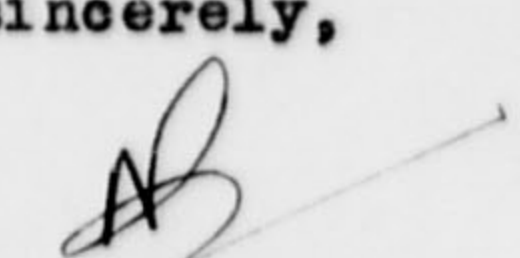

Dear Archdeacon Cook:

We have your letter of the 5th instant with reference to the Alert Bay Residential School. It is noted that in connection with the painting and repair work that you consider necessary at the Alert Bay School, you offer to supply labour if the Department supplies the material. We appreciate your co-operation in this regard but it appears that this would be contingent on increasing the holiday leave from two months to three months.

For many reasons we feel that it is inadvisable to increase the holidays at any one school unless the situation is more serious than at Alert Bay.

We are writing to Indian Commissioner Arneil requesting him to let us have an estimate of the cost of the labour in carrying out the repairs and painting during the months of July and August. We are instructing him to communicate with the Reverend Principal of the Alert Bay school with a view to ascertaining how much labour can be supplied by the school staff and intimating to him that we will be prepared to pay the cost of the labour over and above what is supplied free by the staff. We are also requesting him to submit a requisition for the paint and materials required.

Yours sincerely,

Bernard F. Neary
Superintendent of Education.

AIR MAIL

Mr. W.S. Arneil, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

I enclose for your information a letter recently received from Archdeacon Cook with reference to the Alert Bay Residential School. It is noted from this communication that the M.S.C.C. is prepared to be responsible for the labour required for painting and repairs, provided the annual vacation period be extended for three months.

We feel that any such extension of the holiday period would be inadvisable for many reasons and consequently we would like you to give us an estimate of what labour would cost to do the work that is absolutely essential. Previous to submitting this estimate you might communicate with the Reverend principal and ascertain what assistance in the form of labour the school staff is prepared to give during the months of July and August and if you have this information it would reduce the amount that the Department would be expected to pay.

You should also forward a requisition for the paint and materials for repairs that you recommend and let us know the approximate cost of these, and if they can be purchased in British Columbia you should submit the names and addresses of the firms from whom the paint and materials can be secured.

Bernard F. Neary
Superintendent of Education.

March 19th, 1948.

Ref. No. C.11-8-18

Dear Doctor Keenleyside:

Re: Enforcement of the Indian Act in British Columbia

1. Please refer to your letter of the 7th of November, 1947, addressed to Gordon S. Wismer, Attorney General, and the latter's reply of the 3rd of December, 1947.

2. In accordance with Mr. Wismer's suggestion, I communicated with Commissioner Shirras of the British Columbia Police. Copies of correspondence in this connection have been forwarded to Mr. R.A. Hoey, Director of Indian Affairs Branch, under date of the 8th of December, 1947. Particular reference is made in the above correspondence to those sections of the Act having to deal with the illegal sale, consumption, etc. of liquor by Indians.

3. We pointed out at that time that an old Order-in-Council was still in effect under which responsibility for enforcement of the Act rested upon the Provincial authorities, and the fines collected in relation to liquor offences go to the Treasurer of that Province.

4. It has recently been necessary for me to survey some of the work the Force is doing with a view to effecting some economies in manpower. In that survey I found that among other things we carry out certain work in and about Vancouver in relation to the enforcement of the Indian Act which employs one man full time and another part time. For the period from April 1st, 1947, to March 1st, 1948, this effort resulted in 134 convictions for violations of the Act, of which all but 13 pertained to liquor offences. I am informed also that the fines collected are eventually credited to the City Treasurer in Vancouver and do not go to the Province, also that the Provincial Police do not undertake any work of this sort in Vancouver.

5. Our Officer Commanding at Vancouver - Supt. J. Healey - has been in touch with your Commissioner, Mr. Arneil, and with Mr. Taylor, the Indian Agent at Vancouver. There is apparently some dissatisfaction with the general enforcement arrangement.

6. I feel that until the policy is altered by Order-in-Council this Force should take no part in the matter and should restrict its activities to assisting the British Columbia Provincial Police when that Force asks for our help. I am loath to permit a situation to continue which might cause some confusion as to the actual division of responsibility.

7. As matters stand now the British Columbia Provincial Police are responsible for the enforcement of the Indian Act in that province and the fines should go to the Provincial Treasurer. If the policy is to be changed, I submit that the old Order-in-Council would have to be cancelled, and if this is done the R.C.M. Police detachments would have to be strengthened very materially and, in fact, new ones might have to be opened. This I am prepared to do.

Yours very truly,

(Signed) S.T. Wood
(S.T. Wood)
Commissioner.

Re: Alert Bay Residential School
Your file 156-0-1 (E)

The proposals outlined in Mr. Hoey's letter of March 2nd with respect to the future operation of the above mentioned school are in our opinion in every way satisfactory and will, I hope, remedy the present unsatisfactory conditions at the school.

With regard to the additional classrooms required I am enclosing for your information a memorandum dated March 24th from District School Inspector Davey wherein he suggests various alternatives and recommends the construction of a four room classroom block with manual training and domestic science rooms in the basement and use of the building which we intended to construct from Port Hardy Camp materials originally planned for use as domestic science and manual training for two additional classrooms, which will provide a total of ten classrooms, the minimum necessary to accommodate the expected combined enrolment of 320 Day and Residential School pupils.

With regard to the site of the classroom block it is agreed that this should be constructed on lot 23 on the West side of the road and across from the new Day School building. Mr. Indian Agent Todd estimates that it would cost approximately \$700.00 to clear this lot and dispose of the refuse. I should appreciate being advised as soon as possible when funds are available to have this clearing proceeded with.

I might mention that Mr. Todd has obtained an offer from a local contractor to do the labour by contract, the Department to supply materials, but I have yet to secure details

MEMORANDUM

March 24, 1948.
Vancouver, B.C.

To: The Indian Commissioner for B.C.

From: The District School Inspector.

Re: Alert Bay Residential School

I refer to Mr. Hoey's letter of March 2nd concerning the construction of a four room classroom block at the above mentioned school and the suggested combination of the academic work for ~~all~~ the Day and Residential Schools at Alert Bay.

Mr. Hoey has asked for a definite recommendation from me regarding the size of the block and the site.

Size:

In addition to the four room block just completed, six classrooms are required to accommodate the expected combined enrolment of the Day and Residential Schools of 320 pupils. There are three ways of providing these six classrooms:

- (1) The construction of a new four room block and the use of the two classrooms in the Residential School building for primary classes. These rooms are excellent for classroom purposes and would also obviate the primary children walking in inclement weather to the combined school from the Residential School and would also reduce the distance which the junior pupils would have to walk from the more distant parts of the reserve.
- (2) The construction of a four room block with manual training and domestic science in the basement and the use of the building to be constructed from the materials at the Port Hardy Army Camp which was originally planned for use as domestic science and manual training for two additional classrooms.
- (3) Construct a six room classroom block and use the vocational training building as originally planned. This would provide

ample play space in the basement when the weather is not favourable for the pupils to play on the school grounds.

Of these three suggestions I favour the second plan because:

- (a) It would avoid any possible friction due to the presence of pupils in the dormitory building who do not normally come under the control of the person in charge of that building.
- (b) Because it would simplify the problem of administration by having all of the classrooms centralized.

The third suggestion I do not favour because the advantages hardly seem commensurate with the additional cost.

Site:

You will recall that when we visited Alert Bay we were in agreement with Mr. Indian Agent Todd that the new classroom block should be constructed on lot 23, on the west side of the road and across from the new Day School building.

W. S. Arneil, Esq., Indian Commissioner for British Columbia,
Vancouver, B.C.

I am enclosing herewith a copy of a letter addressed to the Deputy Minister from the Commissioner, Royal Canadian Mounted Police dated March 19th, and also the reply from this Branch dated April 1st, regarding enforcement of the Indian Act in British Columbia.

Please note particularly the contents of Para. 7 regarding the increases in the establishment of the Royal Canadian Mounted Police as suggested in Commissioner Wood's letter.

It is the wish of the Department to proceed cautiously in this matter and only to consider creation of new detachments for Indian work where they are really necessary, where the services of the Provincial Police cannot be availed satisfactorily.

Please submit a report on this matter at your convenience.

T.R.L. M

T.R.L. MacInnes,
Secretary.

Ottawa, March 31st, 1948.

Dear Commissioner Wood:-

This will acknowledge your letter of March 19th addressed to the Deputy Minister re enforcement of the Indian Act in British Columbia, which has been referred to me for attention.

The copies of correspondence referred to in your paragraph 2 have been reviewed carefully.

As you intimated to the Attorney-General, the Order in Council P.C.2535 with amendments dated December 11th, 1890, whereby the Province undertakes Indian Act enforcement and receives the fines imposed under the Indian Act, is still in effect.

On the whole the arrangement made between the Dominion and the Province under this Order in Council has worked out reasonably well over a long period of years. I believe you will agree with me when I say that in any co-ordination of law enforcement work as between the Dominion and a province, occasional local difficulties and problems are bound to arise from time to time. We have had our share of these, but it has always been possible to find a solution through consolidation and co-operation with the Provincial authorities. In the present instance, I feel satisfied after reading a letter of November 10th from Commissioner Shirras to you, that the situation will receive proper consideration and attention from the Provincial authorities responsible for law enforcement. The specialized control problems that have arisen in recent years in the Prince Rupert area are difficult.

On this subject in a report dated January 20th, 1948, the Indian Agent for the Skeena River Indian Agency whose critical observations concerning the work of the British Columbia police gave rise to the present correspondence, has this to say:-

"In the City of Prince Rupert, the sum of \$10,178.00 was paid in police court fines on all charges in 1947. In the same year, 196 natives were convicted of offences under the Indian Act, paying fines totalling \$2,612.25 and serving 731 days imprisonment.

A total of 102 suppliers were charged, of whom 96 were convicted paying a total of \$4,425.00 in fines.

In the year, the number of Indians charged decreased over previous years, whilst the number of suppliers charged and convicted

..... increased

PUBLIC ARCHIVES

CANADA

ARCHIVES PUBLIQUES

POOR-COPY

increased, due to a real effort by the B.C. Police to cope with the Indian liquor problem. A lot of credit is due Sgt. L. Potterton, i/c Prince Rupert City Detachment of the British Columbia Police, for this increased activity.

The liquor situation on the Reserves is serious, particularly on the Nass River where the natives can bring in liquor from the American side. It should be noted that apart from the "P.M.L. 15", there is no organized police protection on any reserve in the Agency. Native constables, without supervision, are of no real value."

This seems to be an encouraging indication of improved enforcement efforts in Prince Rupert, although unsatisfactory on the reserves.

After mature consideration and discussion with the senior officials, who have followed the problem on the ground over a long period, the conclusion has been reached that it would not be advisable at this time to undertake a major change in policy involving the rescinding of the Order in Council governing the agreement between the Dominion and the Province as mentioned in your paragraph 6.

At the same time, I should like to say that this Department greatly appreciates your offer to increase your establishment if necessary in British Columbia, and information is being sought as to where this might be done with advantage to both forces.

Yours truly,

Director,

The Commissioner,
Royal Canadian Mounted Police,
Ottawa.

Dear Mr. Wismer,

You will recall that we have had some correspondence about problems of law enforcement in connection with the Indian population of British Columbia. The difficulties experienced in this field have recently reached a climax with the unpleasant events that have happened at Alert Bay.

In conversation with Commissioner Wood of the Royal Canadian Mounted Police this morning, I was informed that although there had at one time been a detachment of his organization at Alert Bay, it was withdrawn at the request of the Provincial authorities of that day. It would be inappropriate to consider the re-establishment of this detachment, except under agreement with the Province. Even if such an agreement were to be arranged, it would take sometime, and would not assist in solving the current difficulties. Commissioner Wood has been so good as to say that he will write personally direct to Commissioner Shirras in regard to the present troubles. This should assist in straightening out the situation at Alert Bay where the Provincial Police representative is apparently under the impression that he has no responsibility in relation to the maintenance of order among the Indian population. This, of course, is a complete and serious misapprehension.

I thought that I should write and let you know about the step that Commissioner Wood is taking, as neither he nor I want to do anything which would not be known to and approved of by you.

While dealing with this general subject may I express the hope that your Department will shortly be in a position to take effective steps towards remedying the bootlegging situation in and around Prince Rupert, which was dealt with in my previous letters.

Yours sincerely,

(Signed) H.L.Keenleyside,

PERSONAL

Dear Mr. Wismer:-

I had hoped to have the pleasure of calling on you during my recent visit to Victoria but unfortunately for me you were out of town during the three days of my visit. I am now taking the liberty of writing you to mention a matter that has recently been giving me and the members of the Department of Mines and Resources some concern. I am writing to you personally as the suggestion I have to make is a little out of my field and I do not wish to interfere with the official responsibilities of others.

When I was in Prince Rupert ten days ago I found that the liquor situation there as it affected the Indian population in the city and in the Skeena Valley seemed to be pretty much out of hand. The local Provincial Constables were doing their best but were finding it difficult to get time to handle this matter in addition to their other responsibilities. The same situation existed with regard to the Royal Canadian Mounted Police Post in Prince Rupert.

It has occurred to me that this situation might perhaps be more effectively handled if a Provincial constable of Indian race (preferably a Haida or Tsimtsiam) could be appointed and sent into the district in order to handle this particular problem. It might be easier for such a man to discover just how widespread the bootlegging is and to take effective action against both the Indians and Whites concerned. It would moreover do something for Indian morale for one of their people to be given the dignity of membership in the Provincial Police and the responsibility of applying the law to the White residents of the area as well as to the Indian population.

I don't know how this idea may appeal to you but I think perhaps it might be worth considering and Commissioner Parsons who knows the Indians very well indeed might be prepared to express an opinion in regard to it.

The Honourable G.S. Wismer, K.C., M.L.A.
Attorney General, for British Columbia,

[Handwritten signature]
Personal & Confidential

P.O. BOX 70
VANCOUVER, B.C. Feb. 24, 1948.

Dear Mr. Hoey: .

I very much appreciated your personal letter of January 29th enclosing copies of correspondence relative to working conditions and wages at the Alert Bay Indian Residential School.

An opportunity presented itself to discuss the matter at length with Mr. James Thomson, the Deputy Minister of Labour and Chairman of the Board of Industrial Relations at Victoria, and he has agreed, as confirmed in the attached letter dated February 12th, to leave the entire matter in abeyance for a period of three or four months. I found Mr. Thomson most co-operative and with a sympathetic appreciation of our problem.

I visited the Alert Bay Residential School during Archdeacon Cook's visit and spent two days interviewing the staff and inspecting the buildings and adjacent land. I contemplate later making this visit the subject of a separate report when I have interviewed the Indian Agent, Mr. Todd.

My discussions with Archdeacon Cook regarding school staff and salaries were quite frank and I feel sure if it is within his power to rectify salaries to at least the minimum requirements of the British Columbia Board of Industrial Relations that he will do so despite what he terms "a possible precedence which might upset the remainder of the M.S.C.C. school salary schedules throughout the Dominion." For myself

Indian Education

Editor, *The Sun*: Sir.—Apropos the recent letter of Rev. Canon C. F. Hives, "The Work of One Indian School," I would state that having had some contact with St. Michael's Indian Residential School at Alert Bay, B.C., back in the '30's and knowing how that institution was administered at that time and, since returning from overseas, having heard of the difficulties now experienced by the Columbia Coast Mission in financing under present conditions, I do not consider that it is at all out of order to draw special attention to an excerpt from the third paragraph of Canon Hives' letter, viz., "Being a Church institution, this grant is supplemented by financial support from an old missionary society in England."

With all due respect to the very fine work which has been carried out since time immemorial by the missionaries of all denominations among the Indians, it is an established fact that this has been facilitated by the generous financial support of British people and, although the Indians are officially the wards of the Federal government, this has undoubtedly eased the burden of taxation in this direction on the Canadian public.

It is most interesting to learn now, that after all the trials and tribulations which have been experienced and are still being experienced in the "Old Country," the education and well-being of our native people are still being assisted by the British.

Edmonton Bulletin

Apr. 22 1948

Edmonton Girl Works With Indian Children

*Indian Children Lovable, Natural,
Adapt Themselves to Learning*

When Betty Kingzett left Edmonton for Alert Bay, B.C., last January, she probably didn't imagine herself president of an Anglican Young People's group of 25 members, all Indians except herself and another white girl. Yet, that's what she is today and she loves it.

Miss Kingzett is on the staff of St. Michael's Indian Residential School at Alert Bay, 200 miles north of Vancouver, and she is back here for two weeks.

Finding her work intensely interesting, she loves the children, who range in age from 6 to 16 and follow her around like little puppy dogs. "One can't help but love them," she says. "They are all so affectionate and natural."

Declaring that she would rather have a group of Indian children to manage than any others, she explained that they are not spoiled or precocious and make no fuss about things like having inoculations or taking medicine.

Indian children are quick at learning and if given the same chance could equal white children, according to Miss Kingzett. The big trouble, she says, is that their environment is backward and antiquated and they don't learn the little things at home that a white child is taught.

Education and a feeling of equality with white people are what the Indians need most in Miss Kingzett's opinion. One example of what can be accomplished is that of a young Indian boy, a graduate of the school, who is now in his last year of law at university.

There is a farm in connection with the school where the boys receive agricultural instruction. Many of the older girls want to be nurses and teachers. A lot of their spare time is taken up with Girl Guide activities.

A shortage of staff at the school makes it necessary for a person to be prepared to do anything, including nursing. During a recent flu epidemic, there were 120 children in bed, says Miss Kingzett. There are 220 at the school.

A well-known singer when she was in Edmonton, Miss Kingzett has started a choir at the school. She finds that music and stories will keep the children satisfied for hours, even the 68 small boys in her Sunday school class.

She says the young people know few of the war chants and songs but they can sometimes be coaxed to perform the native dances.

Re: Alert Bay Principalship.

Dear Mr. Hoey:-

As you probably know we have recently lost the
Rev. B.O.G. Dixon as Principal of St. Michael's School,
Alert Bay.

After very careful search and consideration by
our Indian School Administration I write to ask that in
place of the Rev. B.O.G. Dixon, the Rev. John Edwin Allsopp
be appointed Principal in his place.

Mr. Allsopp is an Englishman by birth and a graduate
of the Anglican Theological College in Vancouver. He has
spent nine years as a worker in the Church Army and nine years
also in parish work. For four years he was Vice-Principal at
St. Michael's under Mr. Anfield. He is 43 years of age,
married and has two children. Our Indian School Administration,
after careful enquiry, feel that his qualifications would fit
him for the work of Principal.

I should therefore be grateful if he might be
appointed as Principal of St. Michael's School, Alert Bay.

Yours sincerely,

L. A. Dixon

Memorandum:

DIRECTOR

Alert Bay Indian Residential School.

Please find hereunder Inspector Davey's report on the Alert Bay Residential School. In a discussion with him I was able to learn that little improvement can yet be noted in the classroom work, general discipline and morale of this school.

Therefore I called Canon Cook and General Turner to a meeting in my office to discuss this situation.

They realize the staff situation is far from satisfactory but advise that it is almost impossible in British Columbia to compete with local industry for general staff and with our Indian day and provincial schools for teaching staff.

I advised Inspector Davey that funds would be made available for the purchase of furniture for the staff quarters and also for paint which can be used to advantage in brightening the teachers' living accommodation.

Inspector Davey does not recommend the painting of the interior of the school until discipline has been restored to a much greater extent than at present.

While this is primarily a staff problem, the Principal would seem to be at fault in that he had not held a

Indian Affairs. (RC 10, Volume 6426, file 875-1, part 5)

ARCHIVES PUBLIQUES

CANADA

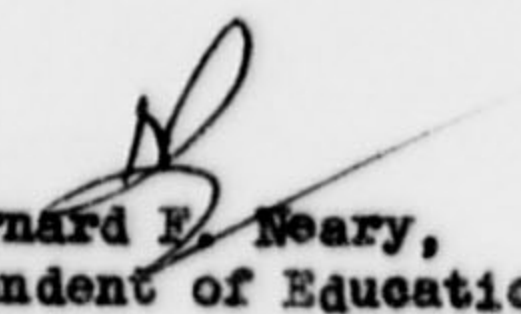

POOR-COPY

single staff meeting up to the time of Inspector Davey's visit. He is apparently trying to do too much himself and is even handling some of the classroom work. This leads to the unhappy position of having the Principal tied up in a classroom when he should be supervising the many other activities of the school.

As you are aware, the contract for the heating repairs will shortly be let and we had just finished waterproofing the outside of the building. In other words, the Department has done its share in restoring this building to proper working shape and the M. S. C. C. has not been able yet to provide the proper staff.

Inspector Davey has recommended that either Mr. Caldwell or Mr. Anfield be sent to this school for a period of two weeks or more in order that their experience can be used to advantage in reorganizing the entire staff and working conditions.

I feel that these matters should be brought to your attention as this is the only residential school in British Columbia which is now not functioning in a fairly efficient manner.

MEMORANDUM

To: The Indian Commissioner for B.C.

From: The Inspector of Indian Schools in B.C.

Re: Alert Bay Residential School

I refer to Mr. Phelan's letter of September 26th concerning the report of Mr. Todd on the above mentioned school.

It is quite obvious from Mr. Todd's letter that the above-mentioned school is far from operating efficiently, in spite of some improvement. It would appear that Mr. Todd's criticism is based on two things. First, the failure of the school to obtain qualified teachers and second, the unsatisfactory service of the engineer, Mr. W.P. McNeill. To my mind there are three contributing factors which make it difficult for this school to secure satisfactory staff. The first of these is the school's inability to operate on the grant and consequently pays salaries insufficiently high to attract good staff members. The second factor is the unsavory reputation which this school has acquired in the last three years. The third factor is the deplorable working conditions at the school. Two of the classes are held in an old condemned building locally known as the "old girls' home". The principal informs me that the roof of this building leaks so badly that it has been necessary for him to discontinue classes on several occasions during the current academic year, and it is also impossible to keep these class-rooms warm. The main building, as the Department knows, is not kept sufficiently warm for the staff members. This has resulted in both illness and resignations. I understand however, that the Department has already advertised for tenders for the necessary repairs to the heating system. It was also planned to construct a class-room block to permit the abandonment and dismantling of the old building formerly used as a residence for girls.

It might be interesting to contrast the policy of administration of the Alert Bay School with that of the school at Alberni. The primary concern at Alert Bay appears to be to operate the school within the budget, whereas at Alberni

the policy is to operate the school efficiently and give first consideration to the welfare of the children. The Alberni Residential School has adhered to this policy in spite of the fact that it has not been able to finance the operation of the school within the funds made available by government grants. In the last year the Alberni School received a loan of \$5000.00 from the United Church.

(156)

Alert Bay, B. C.,
Sept. 19th, 1949.

Mr. R. F. Davey, District School Inspector, Department of Mines and
Resources, Vancouver, B. C.

In reply to your letter of September 1st last, file #6-11-2,
the Rev. J. E. Allsopp, Principal of Alert Bay Indian Residential
School has forwarded me a list of present employees at that institution
showing their respective positions, net salary, value of board and living
accommodation and gross salary.

You will please note there are two vacancies in the present set-up
of the staff: Manual Training Instructor and Intermediate Teacher. I
have had a chat with Mr. Allsopp this morning and he informs me he is
going to Vancouver to-morrow with a view to try and get a teacher to fill
the intermediate room. He is also going to discuss the matter with your-
self. Mr. Allsopp informs me he has had several opportunities to employ
teachers but they refuse to accept a position there at the salary offered.
This is the reason why one classroom is without a teacher.

It is also noted that both the senior and junior teachers are not
qualified. They are only working under a permit.

It has always been my understanding that the fundamental function
of a Residential School is education. Here we have over two hundred
children in residence for that purpose. The M.S.C.C. evidently cannot
obtain qualified teachers because they refuse to pay adequate salaries,
with the result this school has only one certified teacher, two teachers
teaching under permits and one classroom with no teacher. The same applies
to the Manual Training. In other words we only have one qualified teacher
for this school of over two hundred pupils.

This seems to me a very serious situation and one which should be
rectified forthwith. To make a comparison with the salaries paid at the
Residential School and those paid at our Indian Day Schools, I will give
you one example. If Mrs. K. Bridge, primary teacher in the Residential
School, who holds a second-class certificate, was paid under the same
schedule as Day School teachers she would be getting 150% more salary.
It is no wonder the M.S.C.C. cannot find teachers who will work for the
disgraceful salaries they pay them!

P.t.o.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 5)

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

The result appears to be that the Department is still allowing this Residential School to operate as a hostel rather than an educational institution, and the children's education cannot help but suffer. I am dwelling on this because I think the time is overdue when the Department must insist that the M.S.C.C. appoint certified teachers and pay the same salaries as paid Day School teachers; and failing this, the Department should assume the responsibility of appointing qualified teachers and paying them direct, just the same as Indian Day Schools. This applies to Manual Training as well.

I should like to refer to Mr. W. P. McNeill, whom the M.S.C.C. have employed as an engineer. Several reports in respect to the services and qualifications of this employee have been made previously. I am informed he tried to write off his fourth-class papers this year but was not allowed to sit for the exam on the grounds that he had not had sufficient experience. I must again point out to the Department that the Government have a very large investment in valuable, important equipment installed in this school, all of which comes under the supervision of Mr. McNeill. In my opinion as well as others, in a better position than I, who are conversant with the needs of a proper engineer, feel that a qualified engineer should be appointed in charge of this equipment, otherwise we are going to be faced with endless repair bills and finally replacement of equipment which will be of major proportion.

Alert Bay Residential School has almost the same equipment as the old Coqualeetza Indian Residential School, Sardis, now under the administration of the Department of National Health and Welfare. Here at Alert Bay we have a man in charge of similar equipment who cannot obtain his fourth-class papers, receiving a net salary of \$72.50 with a gross salary of \$132.50; as compared to the present staff at Coqualeetza Indian Hospital, Sardis, where they have a Chief Engineer and either two or three Assistants. I am given to understand the Chief's salary is \$215.00 a month, and his Assistants' starting at \$165.00, graduating to \$190.00 a month. Surely there must be something wrong!

I would feel satisfied myself if we had one good qualified engineer, someone who could and would take care of our equipment and do ordinary maintenance work. How long is this situation going to continue?

I am satisfied that the Rev. J. E. Allsopp cannot do otherwise than carry out his instructions from the M.S.C.C. in respect to staff salaries. Therefore, no blame can be attached to him in this respect.

The Department must not overlook the fact that this school is now twenty years old and requires more maintenance work than when it was originally built. Even in early days we had good qualified engineers when maintenance work was at a minimum.

p.t.o.

Indian Affairs. (RC 1C, Volume 6426, file 875-1, part 5)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

The evident policy of retrenchment by the M.S.C.C. through employment of inefficient help is slowly but surely costing the Department large sums of money for repairs and replacement. In my opinion we have two major situations to deal with:

- (1) Employ a qualified engineer who can do maintenance work and give proper care to equipment.
- (2) Employ qualified teachers in every department.

Other minor problems can be dealt with locally.

I am writing at some length as we are doing everything possible to put this Residential School back to enjoy the same good administration as it did years ago.

Diocesan W.A. Hears About Indian School

Mrs. H. G. Horth, social service secretary, was guest speaker at the regular board meeting of Anglican Diocesan W.A. held in St. John's Hall recently. Mrs. Horth was on the staff of St. Michael's School,

Alert Bay, ~~one of the~~ largest Indian residential schools.

Mrs. R. O. Taylor, Diocesan president, was in the chair and made tribute to the late Archbishop Harding.

New officers were introduced by the president who are Mrs. S. Tucker, recording secretary; Mrs. P. G. Raven, Juniors' secretary; Mrs. Horth, social service secretary and Mrs. N. P. Jobbins, Living Message secretary.

Mrs. S. G. Wilson, treasurer, re-

ported total receipts of \$2,551.43 and that the Caroline Madrlam Memorial fund now stands at \$1,331.

The Dorcas secretary, Mrs. A. Roach, reported hospital and muslin bales sent to Lytton, Pender Harbor, Cortez Island and Vanderhoof. Also a relief bale of clothing to Prince Albert and a shipment of shoes for Indians there, as well as warm blankets for a clergyman at Wells, B.C.

The next meeting will be held at St. Mary's, Metchosin, on May 20.

QUARTERLY PER CAPITA GRANT

The per capita grant received by the M.S.C.C. from the Dominion Government on behalf of your school for the quarter ending 31st Dec. 1948, was \$13,534.20. This was computed by the Indian Affairs Branch on an average pupilage of 208.22.

Increase is due to authorized increase in per capita grant of \$10.00; i.e., from \$250 to \$260. Notification of this increase has just been received from the Department.

Mr. D. M. McKay,
Director of Indian Affairs,
Ottawa, Ontario.

10236

Dear Mr. McKay:

Recently I appealed to Mr. Robinson, Chief librarian of the Vancouver Library, to send some suitable books, simple in type and well illustrated, to the Indian pupils in the Residential School at Alert Bay, B.C., and to the children in the adjoining Preventorium.

I made this appeal because I found, when I taught last spring for a few weeks in St. Michael's School, that the library there was so inadequate that I could scarcely find a book that was suitable for, or appealed to the pupils.

Indeed I was distressed over conditions in general in that school, Mr. McKay. If "white" children were taught in so dilapidated a building as the one that accommodates all the senior students of St. Michael's school the outcry would resound from Vancouver to Halifax. Moreover effective teaching is not given, for, owing to the general discomfort that prevails, and the inadequate salaries paid, teachers will not remain, and moreover few are properly qualified.

I am a (retired) Ontario High School teacher, and I assure you that I speak from definite knowledge of conditions. I appeal to you most earnestly on behalf of the pupils and also of the staff of this Alert Bay and other Indian schools.

Faithfully yours,

Alexandria Howson

P.S. As an Anglican I have been asked to go to St. Paul's school at Cardston, Alberta, in January. I may write you again from there.

A.A.H.

P.S. Will you kindly send a copy of the Census of the Indians of Canada, and also a complete list of Indian schools, address me, please, to St. Cardston school. A.A.H.

AIR MAIL

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

The Department is advised by the M.S.C.C. that Reverend B.O.G. Dixon has given up duties as principal of the Alert Bay Residential School.

We have approved the appointment of Rev. John Edwin Allsopp as principal. With reference to the new principal we are advised as follows:

"He is an Englishman by birth and a graduate of the Anglican Theological College in Vancouver. He has spent nine years as a worker in the Church Army and nine years also in parish work. For four years he was Vice-Principal at St. Michael's under Mr. Anfield. He is 43 years of age, married and has two children. Our Indian School Administration, after careful enquiry, feel that his qualifications would fit him for the work of Principal."

Copy of this letter is being sent to Superintendent Todd.

Dear Colonel Neary: Re: Alert Bay

You might be interested in the following letter
received from the Principal at St. Michael's school.

"Dr. Tennant, yesterday, completed a thorough medical
examination of all our children, and I thought you would
be interested to know that he was very pleased with
the general condition of the children, stating, that he
noticed a marked improvement in their health since his
last visit about a year and a half ago. He found the
menu quite satisfactory and the only suggestion he had to
make, was, that he thought it would be a good idea to
put a little margarine on the childrens' 4 o/c biscuit."

Progress is being made.

Yours faithfully,

Henry G. Cook.

Alert Bay Indian Residential School

We have read with interest Dr. Tennant's report on his visit to the above school. As you are aware, it is now the only "problem school" in British Columbia from the point of view of management, feeding and dormitory accommodation. We are pleased to note that Dr. Tennant finds the morale of the staff and the children better than on his last visit. As you are aware, we are providing new heating throughout this building and have recently water-proofed the outer walls.

I was pleased to note Dr. Tennant's satisfactory report on the new four-room day school. We are already adding two rooms to this school now and intend to build four more this summer.

All children at Alert Bay will be educated by this Department in day schools and the Alert Bay Residential School will eventually become a hostel only.

I am pleased to note that Dr. Tennant has written to Mr. Alsepp concerning the diet at this school and Inspector Davey will no doubt also stress this matter with the school management.

Bernard F. Neary,
Superintendent of Education.

Ottawa, July 21, 1950.

MEMORANDUM TO ACTING DEPUTY MINISTER:

Alert Bay Indian Residential School

Two years ago the Missionary Society of the Church of England in Canada agreed to have the children from the above-named Residential School educated at the Alert Bay Indian Day School. We have gradually been providing sufficient accommodation at the Alert Bay Indian Day School to carry out this agreement.

Two years ago a four-classroom block was provided from buildings secured through War Assets Corporation from the Port Hardy Military Camp. A two-classroom building from the same source is to be provided this summer.

It is planned to erect another four-classroom block this year, but to date plans have not yet been completed.

In accordance with our agreement with the Church of England, it is therefore recommended that the Department take over the payment of the salaries of the three remaining teachers at the Alert Bay Indian Residential School. This will mean nine divisions being operated with approximately three hundred and sixty pupils. About two hundred will come from the Residential School and the remaining one hundred and sixty will come from the Alert Bay Indian Village.

This will provide a unified system of education at Alert Bay and will ensure a better calibre of teachers.

The Residential School teachers have been resigning regularly each year due to the higher salaries, better working conditions and superannuation benefits which can be obtained in teaching in Indian Day Schools.

I would recommend, therefore, that the Acting Minister grant authority in the usual way for the payment of salaries of these teachers at the Alert Bay Indian Residential School. It is anticipated that the salaries involved will amount to about \$6,500.00 a teaching year.

Re: Consolidation of Classroom Work,
Alert Bay Day and Residential Schools.

With reference to Canon Cook's letter of July 12th. to Mr. Neary, I was very surprised by the tone of this letter, particularly in view of the events which preceded Mr. Allsopp's conversation with Mr. Cook. On June 24th. I made a special trip to Alert Bay in order to arrange the details necessary before any consolidation could take place and on the evening of June 26th. I met with the two Principals and Mr. Todd so that a full discussion could take place with respect to the arrangements. At this meeting there was complete accord on all proposals except one. This point was raised by Mr. Allsopp and was with respect to the observance of Days of "Obligation". Mr. Allsopp wished that the pupils in residence at his school should be permitted to observe three days and be granted leave from classroom work for the whole or part of these days. I stated that I did not believe it was the Department's policy to grant leave to Protestant children on such occasions. I further stated that I felt that since the classroom work would take only five hours of the day there was ample opportunity for the Residential School to give whatever religious instruction the Principal thought necessary outside of classroom hours. Mr. Allsopp stated that it was probable that such an arrangement could be made but he was unwilling to make an adjustment in the routine of his school when he knew that the Roman Catholic Church received these privileges.

After a discussion of probably ten or fifteen minutes, in which only Mr. Allsopp and myself participated, Mr. Todd suggested that, after all, this was a matter of policy which should be decided by the Department rather than at the meeting. With this I concurred. This seemed to be a reasonable solution to the impasse which had developed and I was certainly under the impression that Mr. Allsopp was quite content to have the matter left to the Department. I wish to repeat that this was the only point upon which there appeared to be a difference of opinion and also that the discussion was entirely between myself and the Principal of the Residential School, aside from the final suggestion by Mr. Todd. At no time did Mrs. Scanlon enter into the discussion.

POOR-COPY

In view of the above, I am at a loss to understand Canon Cook's statement: "Mr. Todd apparently is taking the attitude that he and Mrs. Scanlon are going to be in full control of the activities of the children and that St. Michaels will simply be a place where they eat and sleep".

In order that the Department may be fully informed, I shall outline all of the decisions which were made at this meeting on June 26,:

1. It was decided that as a temporary arrangement three classrooms would be held in rooms made available by the Residential School.
2. The assignment of Teachers to the rooms and grades was made.
3. Mr. Allsopp agreed to provide living accommodation for two teachers, namely, Mrs. Lamperson and Mrs. Bridge. The amount of board and lodging was to be set by the Principal of the Residential School at a figure which would be fair and reasonable.
4. The pupils from the Residential School would be escorted to and from the Residential School.
5. A report would be provided by the Residential School each morning of the absentees of Residential School pupils.
6. The Classroom Teachers would report each morning to the Principal of the Day School any absentees from their classes.
7. In order to permit ample time for the Residential School children to return to the Residence for the lunch hour, the morning session would be closed at 11:45 and the afternoon session would open at 1:15. The afternoon session would end at 3:30. This adjustment in hours was to be tried to see if the hour and a half lunch period was suitable.
8. No child was to be detained more than thirty minutes after school and no child in the Primary grades (Grades 1 to 3) was to be detained at all.
9. Teachers detaining children in Grades 4 to 8 were to report such detentions to the Day School Principal so that the Residential School would be informed.
10. Teachers in classrooms at the Residential School were to

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 5)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR COPY

share the responsibility of supervision of the Day School pupils in the lunchrooms and playgrounds at noon and recess.

11. The Principal of the Day School would be responsible for the grading and grouping of pupils.
12. All village children would report to the Day School for class assignment on the first day of school.
13. The matter of the observance of Days of Holy Obligation would be referred to the Department for a decision.
14. Copies of these arrangements were to be duplicated and copies sent to the Principal of the Day School, the Principal of the Residential School, the Indian Superintendent and to each of the Teachers.

- - - -

You will note from the above that at no time was there any suggestion that the enrollment of pupils from the Residential School at the Day School implied that the Day School Principal would exercise any authority over the pupils once the normal classroom day had ended, nor is there any suggestion that the Principal of the Residential School should interfere with the operation of the Day School. If Mr. Allsopp felt that there was any attempt at interference with his authority or responsibilities, he certainly did not say so in my presence. I am confident that there was no wish on the part of either Mrs. Scanlon or Mr. Todd to do so. Surely Mr. Allsopp is not suggesting that he should control the operation of the Day School, particularly in view of the very inefficient manner in which the classroom work has been conducted in his school in the past three and a half years. I am at a loss to understand what Canon Cook means in his sentence: "In their zeal to "secularize" the school system there is grave danger that Mr. Todd, Mrs. Scanlon and the School Inspector are going to overlook the fact that the children in the Day School from St. Michaels are still residential school children". If he means that I feel that children from the Residential School in attendance at the Day School should conform with Day School regulations, he is quite correct.

I take very strong objection to the implication in the third paragraph of Canon Cook's letter that the Day School has not a good standard of discipline; in fact, the Alert Bay Day School has made a very great contribution to the improvement of the behaviour of the children in Alert Bay. Unfortunately, a similar statement cannot be

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 5)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

made with respect to the Residential School. I have no hesitation in saying that the Alert Bay Day School is the most efficiently operated Indian Day School in British Columbia and compares very favorably with Provincial schools.

Canon Cook makes inquiry concerning religious instruction. It has not been the practice of the Alert Bay Day School to devote 25 minutes per day to religious instruction as is permitted by Departmental regulations, but I know that the Day School has made a considerable contribution in the way of moral instruction and character building through the efforts of the teachers. There is no reason why the Residential School should not follow the practice that is general in many Residential Schools of holding a brief religious period before the commencement of the classroom day or in the evenings, which I understand is the time set aside at the Alert Bay Residential School for prayers.

Canon Cook asks: "Our handicrafts have played an important part in school life and this year an exhibit has been sent to Victoria - is this to be forfeited?". Some time ago I was asked by Mr. Allsopp whether the Residential School would be permitted to retain the tools now used at the Residential School for Industrial Arts. I informed him that as far as I was concerned I could see no objection to such an arrangement and I was fairly confident that the Department would permit this. I certainly do not feel that the Residential School should dictate to the Day School the program that should be instigated or interfere with Industrial Arts program which we are able to establish at the Day School.

I regret that it is not possible for me to sit down with Canon Cook, Mr. Allsopp and Mr. Neary for a discussion of this whole matter, but I cannot help but feel that this problem has assumed proportions quite beyond what is warranted. It is possible that Canon Cook gained an impression from Mr. Allsopp which the Reverend Principal did not wish to give.

Colonel B.F. Neary
Supt. Indian Education
Indian Affairs Branch
Dept. Citizenship & Immigration
Ottawa, Ontario.

Dear Colonel Neary: Re: St. Michael's School, Alert Bay

In conversation with Principal Allsopp, after our visit with you, (It's a pity it was not discussed when we were with you) he brought up the matter of co-operation between the St. Michael's School authorities and the day school authorities at Alert Bay when the experiment of having the residential school children attend day school classes goes into practice.

In their zeal to "secularize" the school system there is grave danger that Mr. Todd, Mrs. Scanlon and the School Inspector are going to overlook the fact that the children in the day school from St. Michaels are still residential school children. Mr. Todd apparently is taking the attitude that he and Mrs. Scanlon are going to be in full control over the activities of the children and that St. Michaels will simply be the place where they eat and sleep. Such an attitude is altogether different from I.S.A. understanding of the experiment.

It must be remembered that through the years the Church of England has expended thousands of dollars and the labors of many of its adherents at St. Michaels in an effort to give the children a Christian upbringing and help them to adjust to changing conditions. If the control of the children is going to be taken out of the hands of the Principal the experiment is doomed to failure before it begins. We are willing to co-operate most certainly and fully expect to have to make many adjustments in residential school life but if the St. Michaels children are going to be allowed to become undisciplined youngsters such as the village children now are the whole purpose of the Church maintaining workers at St. Michaels is lost.

As in the Roman Church - we too have days of obligation - is the observance of these special days to be discontinued? St. Michael's Day has, since the founding of

the School, been a day of celebration without any loss to the academic interests of the children - are these things to go by the board? What about religious instruction - is time in the curriculum to be allowed for this? Our handicrafts have played an important part in school life and this year an exhibit has been sent to Victoria - is this to be forfeited?

We realize that because of this experiment we shall have to concentrate more and more on extra curricular and evening activities largely to overcome the influences the children will experience in their association with the village children. This letter is not meant to be a stumbling block in the way of progress - not by any means but simply to show how problems will arise unless all parties concerned have a firm understanding of the whole purpose and conduct of the experiment.

It would be appreciated if you would issue a directive on this topic to both the Day School and the Residential School authorities so that the matter may be clarified..

Yours faithfully,

Henry G Cook

Re: Alert Bay Indian Residential School

I have for acknowledgment your letter of July 17th enclosing original of a letter received from Canon Cook which I return herewith as requested.

From the attached memorandum to me from Mr. Davey you will note that he feels the questions brought up by the School Principal have apparently assumed proportions to a greater extent than warranted. I might add that I fully concur with Mr. Davey's memorandum and feel that the matters mentioned can easily be remedied locally without disrupting either the day or the residential school pupils.

I should like to try and come to some arrangement with Mr. Allsopp regarding the observance of days of obligation referred to by him as I feel it would be a pity to have the entire residential school pupilage absent when the other pupils are required to attend. I shall be glad to hear your further comments in due course.

Dear Colonel Neary:

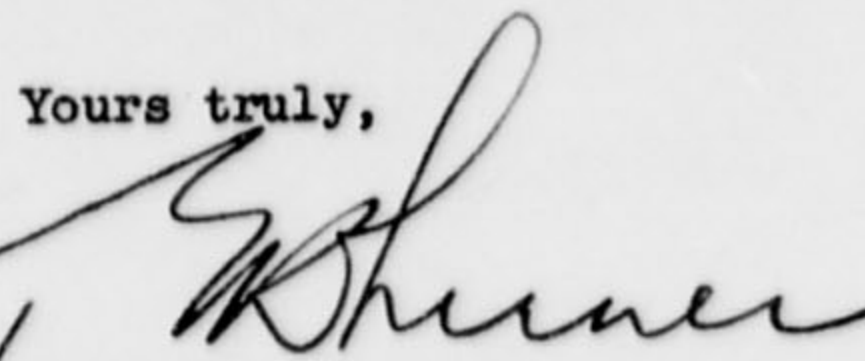

Re: St. Michael's Anglican Indian
School, Alert Bay, B.C.

Hereunder is an extract from a report, dated
19th July, 1950, just received from the Rev. J. E. Allsopp,
Principal of the above School:

"I have today received a telegram advising that St.
Michael's have been awarded the cup for the best
outstanding exhibit of Indian arts and crafts, al-
so two individual prizes. This exhibit is spon-
sored by the Indian Arts and Crafts Society and
is open to all Residential Schools, Day Schools,
and individual Indians in the Province of British
Columbia."

I am certain that you not only will be in-
terested in the above information but also will agree that
it emphasizes the point I made in the latter part of the
fourth paragraph of my letter of 12th July regarding the
control of childrens' activities when the day school class
system goes into effect.

Yours truly,

for

share the responsibility of supervision of the Day School pupils in the lunchrooms and playgrounds at noon and recess.

11. The Principal of the Day School would be responsible for the grading and grouping of pupils.
12. All village children would report to the Day School for class assignment on the first day of school.
13. The matter of the observance of Days of Holy Obligation would be referred to the Department for a decision.
14. Copies of these arrangements were to be duplicated and copies sent to the Principal of the Day School, the Principal of the Residential School, the Indian Superintendent and to each of the Teachers.

11

You will note from the above that at no time was there any suggestion that the enrollment of pupils from the Residential School at the Day School implied that the Day School Principal would exercise any authority over the pupils once the normal classroom day had ended, nor is there any suggestion that the Principal of the Residential School should interfere with the operation of the Day School. If Mr. Allsopp felt that there was any attempt at interference with his authority or responsibilities, he certainly did not say so in my presence. I am confident that there was no wish on the part of either Mrs. Scanlon or Mr. Todd to do so. Surely Mr. Allsopp is not suggesting that he should control the operation of the Day School, particularly in view of the very inefficient manner in which the classroom work has been conducted in his school in the past three and a half years. I am at a loss to understand what Canon Cook means in his sentence: "In their zeal to "secularize" the school system there is grave danger that Mr. Todd, Mrs. Scanlon and the School Inspector are going to overlook the fact that the children in the Day School from St. Michaels are still residential school children". If he means that I feel that children from the Residential School in attendance at the Day School should conform with Day School regulations, he is quite correct.

I take very strong objection to the implication in the third paragraph of Canon Cook's letter that the Day School has not a good standard of discipline; in fact, the Alert Bay Day School has made a very great contribution to the improvement of the behaviour of the children in Alert Bay. Unfortunately, a similar statement cannot be

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 5)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR COPY

made with respect to the Residential School. I have no hesitation in saying that the Alert Bay Day School is the most efficiently operated Indian Day School in British Columbia and compares very favorably with Provincial schools.

Canon Cook makes inquiry concerning religious instruction. It has not been the practice of the Alert Bay Day School to devote 25 minutes per day to religious instruction as is permitted by Departmental regulations, but I know that the Day School has made a considerable contribution in the way of moral instruction and character building through the efforts of the teachers. There is no reason why the Residential School should not follow the practice that is general in many Residential Schools of holding a brief religious period before the commencement of the classroom day or in the evenings, which I understand is the time set aside at the Alert Bay Residential School for prayers.

Canon Cook asks: "Our handicrafts have played an important part in school life and this year an exhibit has been sent to Victoria - is this to be forfeited?". Some time ago I was asked by Mr. Allsopp whether the Residential School would be permitted to retain the tools now used at the Residential School for Industrial Arts. I informed him that as far as I was concerned I could see no objection to such an arrangement and I was fairly confident that the Department would permit this. I certainly do not feel that the Residential School should dictate to the Day School the program that should be instigated or interfere with Industrial Arts program which we are able to establish at the Day School.

I regret that it is not possible for me to sit down with Canon Cook, Mr. Allsopp and Mr. Neary for a discussion of this whole matter, but I cannot help but feel that this problem has assumed proportions quite beyond what is warranted. It is possible that Canon Cook gained an impression from Mr. Allsopp which the Reverend Principal did not wish to give.

Memorandum:

DIRECTOR

Alert Bay Indian Day School

Our experiment seems to be off to a good start. Canon Cook will be leaving shortly for Alert Bay and I asked him particularly to check into the matter of co-operation between the day and residential schools.

As you are aware, we have funds provided for the erection of a four-room school at Alert Bay but the plans have never been completed by our Engineers.

re:ALERT BAY RESIDENTIAL SCHOOL

Dear Colonel Neary:-

Thank you for letting me have the information
contained in your letter of September first.

The terms of the agreement regarding the inter-
relationship between the Residential and Day Schools at Alert Bay
seem to me to be reasonable. I believe that if everyone does his
part the plan ought to work.

A copy of your letter is to be sent Principal
Allsopp and he will appreciate having your decision as recorded in
the last paragraph of your letter.

Yours faithfully,

Henry G Cook
Superintendent.

MEMORANDUM - Mr. W. S. Arneil:

Re: Consolidation Classroom Work,
Alert Bay Day and Residential
Schools.

On September 17, 18, 20 and 21 I visited the Alert Bay Day and Residential Schools in order to make an assessment of the effect of consolidating the classroom work of the two schools. In spite of some unavoidable difficulties occasioned by the recent railway strike and the late arrival of teachers, this scheme has gone into effect with less difficulty than I had anticipated. These minor difficulties were overcome quite quickly and I was impressed with the smoothness with which the scheme was going forward. The calibre of the teaching staff is good, the movement of children from the Residence to the Day School is taking place without friction, the classroom facilities, although inadequate at the present time, are far superior to the arrangement which prevailed at the Residential School in preceding years. Both the Principal of the Residential School and the Matron have stated that far fewer difficulties have arisen than they had anticipated. I am sure this scheme will be even more effective when the new classroom block is provided, which will give adequate classroom space and relieve the crowded conditions which now prevail in the Residential School and also lighten the teaching load.

The Principal of the Residential School informs me that his staff is overworked at the moment because of two staff vacancies. In spite of this, my observation of the Residential School indicates that conditions there are much better than they have been since 1947 when I first visited the Residential School. In addition, all of the pupils are attending class on a full day basis under competent teachers. A review of my reports indicate that in both these respects there has been a very marked improvement. The general tone of the children's behaviour has also greatly improved.

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

- 2 -

The chief difficulty is the failure of the two schools to coordinate their extra curricular work. This point was discussed at a meeting of the two Principals and Mr. Superintendent Todd. At this time I expressed the belief that there was no reason why there should not be more co-operative work and both Principals have agreed to try and work out a program which would make fuller use of the recreational facilities at both schools. I cannot help but feel that part of this difficulty is occasioned by something less than full confidence on the part of the Principal of the Residential School in this experiment. I do not wish to imply that the Rev. Principal has not made some effort to be co-operative, quite the reverse is true, but it was evident that he wished to retain as much control as possible over his pupils and seemed to resent the loss which had already taken place. I feel confident, however, that as time goes on the effectiveness of the experiment will convince Mr. Allsopp that the scheme is practical and that there is no loss in moral instruction and character building.

The primary weakness appears to be the lack of an over-all authority to control and co-ordinate the work. I am hopeful that this deficiency will be minimized by the full co-operation of both schools.

The use of three rooms at the Residential School and the shortage of staff at the Residence has placed an unfair load on Mr. Allsopp and I should like to state that he has in this respect been the most co-operative and most understanding.

Although it is somewhat early to make a complete assessment as to how effective this scheme will be, there is no doubt that it has already made a marked improvement in the efficiency of the educational program at Alert Bay.

Re: Alert Bay Indian Day & Residential
Schools - Ref. your 875-1(E) Sept. 1.

Your letter of above date indicates that permission has been granted for the observance of a maximum of three Days of Holy Obligation for Anglican and Catholic Residential Schools for the normal academic year. May we please be informed as to the designation and dates of these?

Since the Residential School pupils are to be excused from class, may I suggest that the Day School pupils at Alert Bay should also receive this privilege. I feel that it is essential that all students be placed upon the same basis if this experiment is to be successful.

OFFICE OF THE
DIRECTOR

875-1

(E)

DEPARTMENT OF CITIZENSHIP AND DEPT. MINISTER'S OFFICE

Ottawa, September 1, 1950.

Memorandum to

THE DEPUTY MINISTER

Alert Bay Indian Residential School

Two years ago the Missionary Society of the Church of England in Canada agreed to have the children from the above-named Residential School educated at the Alert Bay Indian Day School. We have gradually been providing sufficient accommodation at the Alert Bay Indian Day School to carry out this agreement.

Two years ago a four-classroom block was provided from buildings secured through War Assets Corporation from the Port Hardy Military Camp. A two-classroom building from the same source is to be provided this summer.

It is planned to erect another four-classroom block this year, but to date plans have not yet been completed.

In accordance with our agreement with the Church of England, it is therefore recommended that the Department take over the payment of the salaries of the three remaining teachers at the Alert Bay Indian Residential School. This will mean nine divisions being operated with approximately three hundred and sixty pupils. About two hundred will come from the Residential School and the remaining one hundred and sixty will come from the Alert Bay Indian Village.

This will provide a unified system of education at Alert Bay and will ensure a better calibre of teachers.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 5)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

The Residential School teachers have been resigning regularly each year, due to the higher salaries, better working conditions and superannuation benefits which can be obtained in teaching in Indian Day Schools.

The present per capita grant rate at this school is \$290.00 per annum. The last audit report for the year ended December 31, 1949, shows that the dollar cost per pupil at this school was \$300.75. In view of this information, I would recommend that we do not reduce the per capita rate at this school but leave it at the present amount. We should also inform the M.S.C.C. that this school has been given an increase in grant in that the Department has assumed the cost of paying the teachers.

I would recommend, therefore, that the Minister grant authority in the usual way for the payment of these teachers at the Alert Bay Indian Residential School, now to become teachers at the Indian Day School. It is anticipated that the salaries involved will amount to about \$6,500.00 an academic year.

Alert Bay Indian Residential School

Dear Canon Cook:

You will recall our recent discussion concerning the decisions reached with regard to our new proposals for this school, at a meeting on June 26, 1950, at which the following were present:

Mr. Todd,
Inspector Davey, and
The Reverend Mr. Allsopp

1. It was decided that as a temporary arrangement three classrooms would be held in rooms made available by the Residential School.
2. The assignment of Teachers to the rooms and grades was made.
3. Mr. Allsopp agreed to provide living accommodation for two teachers, namely, Mrs. Lamperson and Mrs. Bridge. The amount of board and lodging was to be set by the Principal of the Residential School at a figure which would be fair and reasonable.
4. The pupils from the Residential School would be escorted to and from the Residential School.
5. A report would be provided by the Residential School each morning of the absentees of Residential School pupils.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 5)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

6. The Classroom Teachers would report each morning to the Principal of the Day School any absentees from their classes.
7. In order to permit ample time for the Residential School children to return to the Residence for the lunch hour, the morning session would be closed at 11:45 and the afternoon session would open at 1.15. The afternoon session would end at 3:30. This adjustment in hours was to be tried to see if the hour and a half lunch period was suitable.
8. No child was to be detained more than thirty minutes after school and no child in the Primary grades (Grades 1 to 3) was to be detained at all.
9. Teachers detaining children in Grades 4 to 8 were to report such detentions to the Day School Principal so that the Residential School would be informed.
10. Teachers in classrooms at the Residential School were to share the responsibility of supervision of the Day School pupils in the lunchrooms and playgrounds at noon and recess.
11. The Principal of the Day School would be responsible for the grading and grouping of pupils.
12. All village children would report to the Day School for class assignment on the first day of school.
13. The matter of the observance of Days of Holy Obligation would be referred to the Department for a decision.
14. Copies of these arrangements were to be duplicated and copies sent to the Principal of the Day School, the Principal of the Residential School, the Indian Superintendent and to each of the Teachers.

Indian Affairs. (RG 10, Volume 6426, file 875-1, part 5)

Alert Bay Indian Residential School

Reference your 156/25-1-875 of July 27

Please find attached a self-explanatory letter sent to Canon Cook today, concerning the operation of the Alert Bay Day School. I discussed this matter at some length with the Canon recently and pointed out to him the fairness of the 14 points covered in Inspector Davey's report of July 20. The only matter about which there seemed any difficulty is Number 13. I have given him a ruling on this matter, which should assist towards a solution of this difficulty. I believe that the question of Days of Holy Obligation will apply only to Catholic and Anglican Residential Schools and that no others will be affected.

I believe that this entire matter originated because of Mr. Allsopp's feeling concerning Mr. Todd as mentioned in my previous letter of August 2.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

POOR-COPY

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the INDIAN RESIDENTIAL SCHOOL
ALERT BAY, B. C. School for the Quarter
ended December 31 1944

Principal S. J. Wickens
Dated January 16 1945

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Mrs. Jean
Indian Agent
Dated at Alert Bay, B. C.
this 25th Jan 1945

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the INDIAN RESIDENTIAL SCHOOL School for the Quarter ended March 31st 1945

Dated April 5th 1945
Principal S. J. Wickens

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Alert Bay, B.C.
this 5th apr 1945

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the INDIAN RESIDENTIAL SCHOOL
ALERT BAY, B. C. School for the Quarter

ended June 30 1945

Principal S. J. Wilkins

Dated June 30 1945

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Alert Bay, B.C.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the School for the Quarter ended 19.....

5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the.....School for the Quarter

ended.....*Sept 30*.....19*45*

Principal.....

Dated.....19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the School for the Quarter ended 19.....

Principal.....

Dated 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

POOR-COPY

Ottawa, June 11th, 1947.

Reverend Sir:-

I am enclosing herewith form I A 409 which is used by teachers of Indian day schools in forwarding their quarterly returns to the Department.

As are including the Alert Bay Preventorium Indian school in our School Statement for the Annual Report of the Department for the Fiscal Year ended March 31st, 1947, I would ask you to fill in the enclosed form and return it to the Department. Only one copy is required. This return should cover the period January 1st, 1947, to March 31st, 1947. Only the names of the Indian children who receive tuition should be included. Please have these forms returned at once.

In future, I would ask you to forward a return on Form I A 409 at the end of each quarter. Copies of this Form can be obtained by sending a requisition to the Department for the quantity required.

Yours sincerely,

Bernard F. Neary
Supt. of Welfare & Training.

Rev. S.J. Wickens,
Principal,
Alert Bay Indian Res. School,
Alert Bay, B.C.

SD/MGD

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the INDIAN RESIDENTIAL SCHOOL School for the Quarter ended March 31st 1947

Principal S. J. Wickers

Dated Apr 26/1947 1947

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

M. J. Leau

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the.....School for the Quarter

ended.....19.....

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the School for the Quarter ended 19.....

Principal

Dated 19.....

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the School for the Quarter ended 19.....

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

DAY SCHOOL RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. Michael's School School for the Quarter ended June 30th 1948

Teacher Miss Jennie Mairhead

P.O. Address Alert Bay, B.C.

Dated June 30th 1948

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the Instructions of the Department.

M. J. J. J.
Indian Agent.

Dated at Alert Bay, B.C.

this July 3rd 1948

Agents should see that full explanations are given by the teacher in the column for "Remarks", if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names of other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September, and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

Form No. I. A. 469
R. 2329

INDIAN DAY SCHOOL REGULATIONS

1. The morning session shall be from 9 a.m. to 12 noon and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes. No variation of this regulation should be made without the Department's approval.
2. Salaries of teachers will be paid on a basis of ten teaching months in each school year. Summer holidays are not taken into account in payment of yearly salaries.
3. Regarding the number of days school should be kept open and the holidays allowed, teachers should be guided by the yearly instructions issued by the Department. If a copy of these instructions is not in the school, the teacher should apply immediately to the Indian Agent, or to the Secretary, Indian Affairs Branch, Department of Mines and Resources, Ottawa.
4. All teachers will be required to give at least one month's notice of their intention to resign.
5. All questions relating to the day school should be referred to the local Indian Agent.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. Michael's, Aleut Bay School for the Quarter ended MARCH 31 1948.

Principal Adair
Dated April 12 1948

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. Michael's, Alert Bay School for the Quarter ended MARCH 31st 1948.

Principal [Signature]

Dated April 12th 1948.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Alert Bay, N.S.
this 5th June 1948

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. Mary's, Alert Bay School for the Quarter ended MARCH 31st 1948.

Principal [Signature]

Dated April 12th 1948.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance

and tuition at the 18th St. H. Kitchell School for the Quarter

ended June 30 1948

Principal W. J. W. W.

Dated June 30 1948

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the H. Kuchel's School for the Quarter ended June 30 1948

Dated June 30 1948 Principal H. Kuchel

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at June 30 1948 this June 30 Indian Agent

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.
7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

Ottawa, May 21st, 1940.

Dear Sir:

With reference to requisition dated May 8th for Bibles and Anglican Combined Prayer and Hymn Books for presentation purposes at the Alert Bay Indian Residential School, I regret that, owing to lack of funds, we can only supply the regular editions, and an order is today being placed with the Government Stationery Office for twenty-five of each.

Yours truly,

Philip Phelan,
Chief, Training Division.

POOR COPY

12th June, 1940.

The Indian Agent,
Alert Bay, B. C.

Dear Sir,

Herewith Requisition for School Material for the Preventorium. The Matron of this unit in submitting her requisition states as follows:

"Considering the number of patients (14) at the Preventorium, it is realized that some items on this list may seem in excess of normal requirements. This is due to several factors. In the first place, the Preventorium is operated as a unit separate from the school, and it is felt it will be much more satisfactory and more economical in the long run if the supply is established at the Preventorium. There can, of course, due to circumstances, be practically no "doubling up" in the use of text books, and since we are subject to an irregular change of patients there is an unpredictable change of grades. However, there is a careful supervision of supplies with no waste.

With regard to material for occupational therapy, which includes such things as raffia, paints, build-up posters, etc., even a small amount would be greatly appreciated since mental contentment plays such an important part in eventual cure, and it is a problem to keep little hands happily occupied with a minimum of physical expenditure.

Careful consideration has been given to the quantities and varieties of school supplies requested, and it is hoped that the requisition will meet with favourable consideration."

The Indian Agent,
Alert Bay.

In spite of this request, I have cut this requisition drastically in line with the Department's request in their circular C 1-1-4 of April 13th for economy, and it is hoped that as it now stands the Department may see fit to sanction the items requested.

Yours very truly,

FEA/L.
Encl.

Principal.

OFFICE OF THE
INDIAN AGENT

CANADA
DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE _____

Alert Bay, B.C.,
18th June, 1940.

Sir,-

Attached please find a requisition for school material for the Preventorium operated in connection with St. Michael's Residential School, Alert Bay.

The enclosed letter from Principal Anfield will be self-explanatory, and I agree in his remarks and would kindly ask the Department to furnish the requisition if at all possible, as submitted.

At the present time there are fourteen patients in this Preventorium, and splendid work is being done by the staff in charge, and while the requisition may appear a little large, nevertheless once a certain amount of the material is provided, future requisitions will be more of a minor nature.

I would therefore recommend that the requisition as requested be shipped direct to the "Matron-in-charge, St. Michael's School Preventorium, Alert Bay, B.C.".

Your obedient servant,

M. S. Todd
(M. S. Todd)
Indian Agent

Dear Sir:

We are informed by the Superintendent of Stationery that, through error, they forwarded to you 18 Workbooks in English Usage & Composition, Grade 4, and 6 only Reading Exercises, Grade 4, instead of 12 as ordered on our requisition.

We should be glad if you would keep the six extra Workbooks in English Usage & Composition for future use. If you really require the 6 Reading Exercises, Grade 4, at once, please forward another requisition.

Yours truly,

Philip Phelan,
Chief, Training Division.

Referring to requisition No. 21726 for
Alert Bay Residential School, this requisition includes
12 Workbooks in E.U. & Comp Grade 4, and 12 Reading
Exercises Grade 4.

Through an error, my shippers have sent
18 in place of 12 Workbooks, and 6 in place of 12 of
the Reading Exercises.

I would ask you to kindly let me know if
your teacher will retain the oversupply of these work
books. Also if I should forward six more of the Reading
Exercises.

Yours truly,

JD/WB

PLEASE QUOTE
FILE _____

Alert Bay, B.C.,
18th June, 1940.

Sh
Sir,-

I beg to forward herewith a Requisition for School Material which has been submitted by Principal Anfield of St. Michael's Residential School for the requirements of the 1940-41 academic term.

Mr. Anfield assures the Department in his letter of June 12th, copy of which is attached, that every effort has been made to keep quantities requested to a minimum in view of the urgent need for economy, and I would recommend that the requisition as submitted be approved by the Department.

Your obedient servant,

M. S. Todd
(M. S. Todd)
Indian Agent

The Secretary,
Indian Affairs Branch,

INDIAN RESIDENTIAL SCHOOLS
ALERT BAY, B.C.

June 12th, 1940.

The Indian Agent,
Alert Bay, B. C.

Dear Sir,

Herewith Requisition for School Material for the
academic year, 1940 - 41.

In accordance with Departmental circular O 1-1-4,
April 13th, requesting economy in requisitions, a very real
effort has been made in this regard and quantities have been
severely cut down over previous requisitions. In fact, in
many instances, they have been cut well below actual usage
as shown in our class room material stock book.

We are, however, anxious to co-operate with the
Department in their request for economy, and it is hoped that
the requisition as now prepared may be sanctioned.

Yours very truly,

FEA/L.
Encl.

W. H. D. Field
Principal.

Schools
Sir,

Alert Bay, B.C.
7th May, 1941.

I beg to forward herewith the following requisitions as submitted by Principal Anfield of the Alert Bay Residential School for the coming year:-

1. Requisition for Drugs for School.
2. Requisition for School Material.

Principal Anfield informs me that every effort has been made to keep these requisitions to a minimum, and I would recommend and request that the supplies listed be forwarded in their entirety.

Your obedient servant,

M.S. Todd,
Indian Agent.

The Secretary,
Indian Affairs Branch

Dear Sir:

Re: Requisition 22348

On the above requisition there were ordered 9 Anglican Hymn and Prayer Books. From previous correspondence I understand that you have been unable to secure this book from the usual source of supply. However, I am now advised that the General Board of Religious Education, 604 Jarvis Street, Toronto, can supply these. They are known as catalogue No. 8121C. It would be appreciated if you would communicate with this firm and have them supply immediately the 9 copies mentioned on the requisition as the Principal of the Alert Bay School would like to have them for their graduation ceremonies on Sunday, June 22.

Yours truly,

Philip Phelan,
Chief, Training Division.

Alert Bay, B. C.

May 28th, 1941.

The Secretary,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa. Ont.

Attention Mr P. Phelan. Training Division.

Sir:-

Answering yours of May 15th file 156-0-4, I note that our Anglican Supply Board has a number of combined Hymn and Prayer books #8121 C, as per attached sheet received from them to-day.

It may be possible that the Stationery Office would consider purchasing these direct so they arrive in time for graduation ceremonies which commence on Sunday June 22nd.

Thanking you,
Sincerely yours,

F. Earl Anfield

Principal.

Ottawa, May 15th, 1941.

Dear Sir:

With reference to your requisition dated the 29th of April for Bible and Prayer and Hymn Books for presentation to graduates, I would point out that the Anglican Prayer and Hymn Books are printed in England. The Government Stationery Office has tried several firms, but up to the present time has been unable to secure these books, although an order for a large supply was placed several months ago. As you are aware, the delay is due to shipping conditions.

These books may arrive at any time, and we are forwarding a requisition to the Government Stationery Office, so that they can send them on as soon as they are received.

Yours truly,

Philip Phelan,
Chief, Training Division.

INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE _____

156-0-10

Alert Bay, B.C.,
5th May, 1941.

Sir,-

As the end of the school term is approaching, Principal Anfield has forwarded a list of the graduating pupils of the Alert Bay Residential School, and is making request that the Department grant to each pupil a Diploma as a record of this achievement. Eleven diplomas are requested, and the names of the pupils are shown on Mr. Anfield's letter of April 29th, copy of which is attached. I would request that the Department give this matter early attention so that the diplomas may arrive in time for the closing exercises.

In another communication of the same date, copy attached, Principal Anfield is placing before the Department a request for Bibles and Prayer and Hymn Books as graduation gifts to pupils leaving the school this year, and has submitted a requisition covering the quantities required. Such gifts have been the practice in the past, and if possible I would recommend that the Department continue this very worth-while gesture. These too would be appreciated, if granted, in time for the closing exercises of the School.

Your obedient servant,

M. S. Todd
(M. S. Todd)

Ref. - Publications

Dear Sir,-

We are in receipt of yours of the 2nd instant, and regret that we cannot furnish you with the bulletin you require dealing with "Indian Arts and Crafts and their Preservation" as we have no copies of same. It may be that the Department of Mines and Resources, Indian Affairs Branch, could furnish you with same, and we are therefore today referring your letter to the above Department for their attention.

Yours truly,

E. J. LaRochelle

POOR-COPY

Ottawa,
September 30, 1942.

Dear Sir:

I have for acknowledgment your letter of the 22nd instant and also copies of correspondence relating to the purchase of a "Book of Knowledge" for the Alert Bay Residential School.

The records here indicate that a few years ago, when money was plentiful, a few sets of these books were purchased by way of experiment. In a period as critical as this, however, and at a time when we are called upon to use both sides of the paper, a request such as this cannot be even considered.

Indian Agent Todd's reference to canvassers, who sold approximately \$1500.00 worth of cheap jewelry to Indians, is somewhat disturbing. I appreciate very fully, of course, that it is exceedingly difficult for Indian agents to keep a close check on such matters. It might be advisable, however, to remind Indian agents again and residential school principals that canvassing on Indian reserves and canvassing at Indian residential schools should not be permitted. Now that the Indian Act is up for revision it is just possible that certain amendments may occur to you that would assist Indian agents and residential school principals in correcting these abuses.

Yours truly,

Major D.M. MacKay,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

Dear Sir:

I enclose herewith Mr. Indian Agent Todd's letter of the 15th instant with enclosures as stated wherein Mr. F.E. Anfield, Principal of the Alert Bay Indian Residential School, requests the supply of a set of the "Book of Knowledge" which is published by the Grolier Society Limited of Toronto, at a cost of \$69.00 plus express, and which it will be observed is not recommended for approval by the Indian Agent.

I have no personal knowledge of the books, their content, nor the suitability for a Residential School. However, if the Department is satisfied that they are of educational value, they will no doubt give the application consideration.

Yours faithfully,

D.M. MacKay,
Indian Commissioner for B.C.

FILE _____

Alert Bay, B.C.,
September 15, 1942.

Dear Sir,-

The enclosed correspondence and Order Form received from Principal Anfield of St. Michael's School will be self-explanatory.

While no doubt this set of books would be valuable equipment for the school, nevertheless I cannot understand Principal Anfield making such a request when the Department are having difficulty in obtaining funds for the essential services which must be provided if our schools are to be kept in operation, and I cannot recommend that the Department make this purchase at this time.

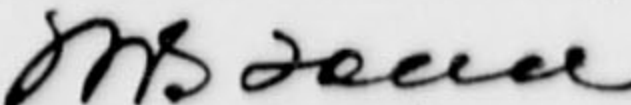

I might add the Agent for this Society called on me, and I gave him no satisfaction and requested that he not prevail upon the Indians to purchase this set of books. I pointed out to him that I felt the Indians should be expected to put their money into Victory Bonds or War Savings rather than into this sort of thing at the present time; however I understand he did sell one or two sets to Indians, and quite a number to the white settlements in this district.

While I appreciate the value of this set of books for children in ordinary times, it seems to me these matters should be drawn to the Government's attention when they are striving for a total war effort, as there are thousands of dollars yearly being spent in this way which would otherwise be available to help finance the war if such sales were prohibited for the duration.

I would like to also point out that during the past year an Agent selling jewellery made a canvass of Alert Bay, and it is definitely known to me that he sold approximately fifteen hundred dollars' worth to Indians in the district before I got to know about it and ordered him to leave the Reserve.

No doubt there will be other Agents in this district at the close of the present fishing season when the Indians have lots of money, and I personally will do everything I can to discourage sales of this nature.

Your obedient servant,

(M. S. Todd)
Indian Agent

FOR YOUR INFORMATION

INDIAN RESIDENTIAL SCHOOLS
ALERT BAY, B. C.

SEPT. 11, 1942.

M. S. Todd, Esq.,
Indian Agent
ALERT BAY B. C.

Dear Mr. Todd:

We recently had a series of visits from the representative of the Grolier Society, Mr. R. B. McLure. He asked me to consider through the Department the purchase of a set of the "Book of Knowledge". He had sundry other enducements in which we are not particularly interested, but a ten volume set of "Book of Knowledge" would be of real help in the School, should the department have the inclination and the funds to purchase same. They purchased a set for the School some fifteen years ago, it did yeomen service, and was highly valued by both Teachers and Pupils alike.

I have no wish in these days of war to request unnecessary equipment, and pass attached bids on for consideration should the Department find itself towards the close of the year with a few unnecessary dollars from School votes.

Thanking you,

Sincerely yours,

J. Earl Anfinil

Sir,-

I am pleased to recommend that the enclosed requisition for graduating gifts of bibles, Anglican Prayer and Hymn Books and United Church Hymnaries be supplied to Principal Anfield of the Alert Bay Residential School for presentation at the closing exercises of the school at the end of the term.

Mr. Anfield's letter enclosed will be self-explanatory, stating the reason for the required number of such gifts.

Would the Department kindly give this their early attention so that the shipment may be certain to arrive in time, as shipping facilities are these days more or less off schedule.

Dear Mr. Todd:

Attached please find special requisition
for Bibles, Anglican Prayer and Hymn Books, and
United Church Hymnaries.

These will be presented to our Graduat-
ing Class of 1942 at the Closing Exercises and
Graduation to be held on Sunday and Monday, June
21st and 22nd, at which time we hope you will be
with us.

It will be noted that the number
requested is in excess of the fourteen children
who will have reached sixteen and over this term.
The extra number is to take care of pupils of
fifteen and over whom it is proposed to graduate
by special permission to enable them to partici-
pate in essential war service in canneries and
fishing fleets.

Thanking you,

Sincerely yours

J. Paul Anfinrud

FOR YOUR INFORMATION

INDIAN RESIDENTIAL SCHOOLS
ALERT BAY, B. C.

April 27, 1942.

The Indian Agent,
Alert Bay, B. C.

Dear Mr. Todd:

Attached please find special requisition for Bibles, Anglican Prayer and Hymn Books, and United Church Hymnaries.

These will be presented to our Graduating Class of 1942 at the Closing Exercises and Graduation to be held on Sunday and Monday, June 21st and 22nd, at which time we hope you will be with us.

It will be noted that the number requested is in excess of the fourteen children who will have reached sixteen and over this term. The extra number is to take care of pupils of fifteen and over whom it is proposed to graduate by special permission to enable them to participate in essential war service in canneries and fishing fleets.

Thanking you,

Sincerely yours,

J. Earl Anfinrud
Principal.

Mr. F. EARL ANFIELD, S.M.
Principal

ST. MICHAEL'S SCHOOL
Alert Bay, B. C.

APRIL 22, 1943

Indian Agent,
Alert Bay B.C.

Dear Mr. Todd:-

Attached please find Requisitions in triplicate for the supply of 32 Bibles; 19 Anglican Hymn and Prayer Books, and 13 United Church Hymnaries.

These are required as gifts to the pupils of the Graduating Class of this year.

The Department has been very generous in past years in this matter, and it is hoped that they will see their way clear to sanction this requisition for prompt filling. Our Graduating Exercises are set for June 20th. --21st. and if granted it is hoped that these will arrive in ample time for this occasion.

Thanking you.

Yours sincerely,

PRINCIPAL

MINOR REQUISITION SUPPLY
ALERT BAY, B.C.

JUNE 16, 1943.

Indian Agent
Alert Bay B.C.

Dear Mr. Todd:-

Attached please find Supplementary Requisitions
for Classroom material.

You will recall that the main Requisitions were
submitted some months ago, and have now been filled by the
Department. It is regretted that this Supplementary Requisition
is necessary at this time, but it was considered unwise early
in the year to try and estimate the text books required. We
have now completed the annual classroom examinations, and these
text books have been ordered in the light of the new grading
set-up for the next School year. In the Past we have been in
the unhappy position of either having too many or too few texts
for the grades. And either situation is particularly wasteful
in these times of war.

In connection with the Hymn Books, these are
absolutely essential for school use. The Department has not
been asked to supply any of these for some three or four years,
and extraordinary care has been taken to look after the
hymn books supplied. Our present supply is completely worn
out and cannot possibly be used next term. We would appreciate
the small cloth covered hymn book only, which costs about
twenty-five cents retail.

Your approval of these Requisitions will be
appreciated.

Yours sincerely,

W. A. Duffield

Re: Requisition 24251

On the above requisition we ordered 48
copies of "The Beaver and the Muskrat" and your
attached S.D. 251922 was sent to the Principal.
In a letter dated the 23rd of November I am
advised that these books have not yet reached
the school. Consequently the receipt is being
returned unsigned. It would be appreciated if
you would check this shipment and advise me
later.

Alert Bay, B. C.,
Oct. 5th, 1943.

The Secretary, Indian Affairs Branch, Department of
Mines and Resources, Ottawa, Canada.

Enclosed requisition has been received from
Principal Anfield of St. Michael's Residential
School, together with his accompanying letter, and
is being forwarded the department for their attention.

In view of the contents of Principal Anfield's
letter I would recommend that the enclosed requisition
be forwarded the school as submitted.

FOR YOUR INFORMATION

INDIAN RESIDENTIAL SCHOOLS
ALERT BAY, B.C.
OCT. 2nd. 1943.

Indian Agent
Alert Bay B.C.

Dear Mr. Todd:-

It is regretted that we must place before you for consideration the attached School Requisition, which we would ask you to place before the Department with the following explanation.

The last large Requisition was sent in December 42. In accordance with a circular from the Department this requisition was for supplies for the entire 43-44 School year. Unfortunately our Senior and Intermediate class rooms were in the hands of inexperienced teachers, whom we now find grievously underestimated the requirements of their classes. The Senior class room teacher in particular completely failed to appreciate the text needs of his room.

This year we are fortunate indeed to have four experienced and highly capable teachers, and a survey of our stock and class room material has proven alarming. After a conference with these teachers and a careful check of supplies I instructed them to prepare the attached requisitions which are minimum requirements to get us through the present academic year 43-44.

The School is filled to capacity, we have a Grade 8 class of 8 pupils, and it is certified that the texts and material on this requisition are urgently required and essential for the efficient operation of the School.

Yours very truly,

H. Hallfield.

Alert Bay, B. C.,
May 10th, 1944.

The Secretary, Indian Affairs Branch, Department of
Mines and Resources, Ottawa, Canada.

The enclosed requisition received from Principal
Wickens of St. Michael's Indian Residential School,
for:-

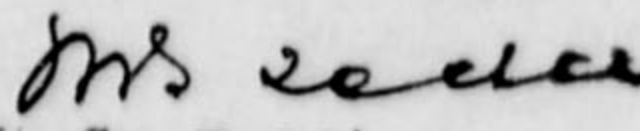

Holy Bibles

New Anglican Hymn and Prayer Books

The Hymnary, United Church of Canada

is approved, and I would appreciate if the department
could give this their early consideration in order
that the same will arrive in time for the graduating
exercises.

Dear Mr. Todd:-

I am a little late in making requisition for the usual gifts to graduates of this year. Attached please find Requisition in triplicate for the supply of 30 Bibles, 18 Anglican Hymn & Prayer books, and 12 United Church Hymnaries.

Would you be kind enough to expedite the enclosed request so that we may get these books in time for our Graduation exercises June 19th or 20th.

Yours truly,

S. J. Wickens
Principal.

Ottawa, May 10, 1944.

Mr. J. W. Driscoll, Supt. of Stationery, Dept.
of Public Printing & Stationery, Ottawa, Ont.

Re Requisition No. 24315.

I have for acknowledgment your letter of the 9th instant in which you state that an official of the Alert Bay Indian Residential School has advised you that the 3 packages of industrial weaving mats ordered on the above requisition have not been received.

PH
We have had so much difficulty in endeavouring to have these particular supplies delivered to the Alert Bay Residential School that I would suggest you ask your supplier to send the weaving mats which are ordered on the attached requisition - No. 24742 - by registered mail. My reason for asking this is that the teacher in question has been pestering us with letters about the non-receipt of weaving mats ordered by her and if we can keep her happy by delivering the mats it will certainly have a good effect on the school.

Philip Phelan,
Chief, Training Division.

Mr. P. Phelan,
Chief, Training Division,
Department of Mines & Resources,
Ottawa.

On March 3rd I received a note from your official at Alert Bay Indian Residential School stating that he had not received the 3 packets of Industrial Weaving Mats No. 128 on requisition No. 24315. I endeavoured to trace this item but find that the 5 packets of Construction paper went forward by Parcel Post to the consignee on November 15th and the 3 packets Weaving Mats were sent by Parcel Post on December 28th. The Company states that there is very little they can do with the Post Office at this late date regarding proof of delivery.

Dear Mr. Todd:-

I am sending in a supplementary requisition for
School materials.

Some of these items are those strongly recommended
by the School Inspector, some represent a deficiency on
the requisition for the current year and others were
forgotten in the last requisition.

Thanking you, I am,

Yours truly,

(signed) S. J. Wickens.
Principal.

Dear Sir:

I have received today from the
Department of Public Printing and Stationery six (6)
copies each of Junior Arithmetic book No.3 and book
No.4.

My requisition of September asked
for twenty-eight (28) copies for each grade. Since
we had no copies on hand it is obvious that with six
(6) only now received we cannot arrange for our child-
ren to work from individual books as we desire.

Could you possibly order for us
the outstanding twenty-two (22) copies in each grade.

Thanking you, I am,

Yours very truly,

S.J. Wickens

Dear Sir:

Our requisition for School supplies of December 1944 asked for six (6) boxes of white chalk. No chalk has been received to date and we are desparately short. Will you please expedite delivery or authorize local purchase of the same if such is permissable.

May I also draw your attention to my letter of December 1st, a copy of which I enclose. Our Grade 4 teacher is still operating her class with only one box on hand.

Thanking you, I am,

Yours very truly,

S.J. Wickens

Ottawa, February 5, 1945.

Mr. M. S. Todd, Indian Agent, Alert Bay, B. C.

We are in receipt of a letter from the Principal of the Alert Bay School with regard to the non-receipt of six boxes of white chalk.

We placed this order, as usual, with the Government Stationery Office, but they have found it impossible to secure white chalk in the quantities required by this Branch. However, I realize that chalk can be purchased locally in many places, and if you can secure six boxes for the Alert Bay School, you may do so.

Philip Phelan,
Chief, Training Division.

Re Requisition No. 25554.

PP
We have been advised by the Principal of the Alert Bay Indian Residential School that the 50 copies of the Anglican Combined Prayer and Hymn Books ordered on the above requisition have not been received. These books were required for presentation to graduates at the closing of the school in June, last.

I would appreciate it if you would check this requisition at once and let me know what action you have taken so that I may advise the Principal.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:

Last spring I made special requisition for fifty Bibles, twenty-five United Church Hymnaries, and fifty copies of the Book of Common Prayer and Hymn Book. These were intended for presentation to our graduates at the June closing exercises. The United Church Hymnaries were received in time, and the Bibles arrived soon after graduation. The requisition for the fifty copies of the Prayer Book from the General Board of Religious Education, 604 Jarvis Street Toronto, has not been filled. Can you please rush this order for us and oblige,

Yours truly,

S.J. Wickens

OFFICE OF THE
INDIAN AGENT

156-0-4.

CANADA
DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE _____

Alert Bay, B. C.,
Oct. 17th, 1945.

Indian Affairs Branch, Department of Mines and
Resources, Ottawa, Canada.

About the middle of March last this office
forwarded a requisition for school supplies for
St. Michael's Preventorium, Alert Bay, B. C., but
to date no supplies have been received.

Rev. S. J. Wickens, Principal of St. Michael's
Residential School, wrote the Department a while ago
inquiring when the supplies would be forwarded, and
the Principal informs us the Department stated they
have never received the requisition. That is rather
difficult to understand as the requisition was for-
warded from this office. However, a duplicate re-
quisition has been made, which is attached hereto,
and it would be appreciated if the supplies could
be forwarded at an early date.

Ottawa, November 12th, 1945.

Rev. S. J. Wickens, Principal, Alert Bay Indian
Residential School, Alert Bay, B.C.

With reference to your letter of the 13th ultimo listing certain supplies for classroom use which you state you have not received, I wish to advise you that your requisition dated May 11th called for only 36 Highroads to Reading, Book 4, and these were ordered from the Government Stationery Office. Six dozen Nature & Language Workbooks, No. 1, and 10 pkts. drawing paper, 9x12, white, were also ordered. I am communicating with the Government Stationery Office regarding the latter items.

The 24 small pencil sharpeners were not allowed and only 6 copies of the Canadian School Atlas were ordered.

At the present time it is impossible for us to obtain footballs bladders and large sheets of blotting paper.

Yours truly,

Philip Phelan

INDIAN & ESKIMO RESIDENTIAL SCHOOL COMMISSION

REV. S. J. WICKENS, B.A., B.D.
Principal

ST. MICHAEL'S SCHOOL
Alert Bay, B. C.

November 21st 1945.

Mr. Philip Phelan,
Chief, Training Division,
Department Mines & Resources,
Indian Affairs Branch,
OTTAWA, Ont.

Dear Sir:

I thank you for yours of November 12th and regret my own letter of October 15th listed our deficiencies in the number of "High Roads to Reading" - Book 4, as eight dozen. As you say, the original Requisition was three dozen only. I note that you have ordered that number from the Government Stationery Office, but they have not yet arrived. We shall also be glad to get the six dozen Nature and Language Books, and the drawing paper you have ordered.

I have also received a parcel of eleven text books quoting an order #2021 - 2022. I cannot identify that order, but we shall find these books very useful.

I am,

Yours truly,

S.J. Wickens

S.J. Wickens,
Principal.

Dear Sir:

We have identified the order #2021 - 2022 as material requisitioned by our T. B. Preventorium some months ago. With respect to the last paragraph of my letter to you dated November 21st I have identified these books as also belonging to our Preventorium.

I am,

Yours truly,

S.J. Wickens

S.J. Wickens,

FILE

Alert Bay, B. C.,
Dec. 19th, 1945.

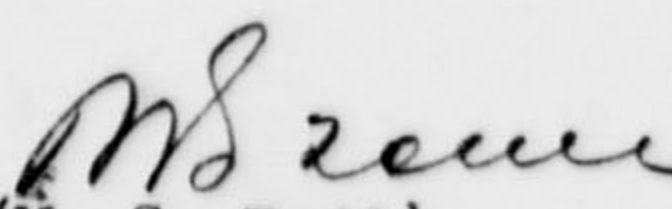

Indian Commissioner for B. C., Department of Mines
and Resources, Vancouver, B. C.

On November 15th Principal Wickens of St. Michael's Indian Residential School, Alert Bay, informed me that he had arranged for five pupils to return and take grade 9 work. One of the teachers is instructing this class. He also informed me that it was necessary for the School to purchase the text-books, etc., and forwarded me invoices covering same which have been paid for by the School.

He is now asking the Department to reimburse the School for this amount, namely \$44.80. Mr. Wickens stated he did not have time to refer the matter to me in the first instance and obtain the Department's approval before purchasing the supplies as it was necessary to start the class at the beginning of the school term.

In view of this I would recommend that the Department reimburse the School for the amount of the enclosed voucher No. 271.

Requisition for School Material

SUPPLEMENTARY LIST

Date January 15th 1946

Alert Bay
For Indian Residential School KWAKEWLTH Agency
NOTE:— ALERT BAY, B.C. 26200

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "Number Authorized".

ARTICLES	NUMBER ON HAND	DATE OF LAST RECEIPT	NUMBER REQUIRED	NUMBER AUTHORIZED	REMARKS
"A" Scribblers	10 doz	Aug. 22/	20 doz.	250	
"B" Scribblers	10 doz	" "	20 doz.	250	
"C" Scribblers	40 doz	" "	15 doz.	200	
Pencils	2 doz	" "	12 boxes	6900	
Erasers - 1 doz box	Nil	" "	15 boxes	1900	
not Grayolas Prayer and Hymns	Nil	" "	4 doz.	48 photos	
Anglican Book Common/ Combined Prayer Hymn Book (word only)			100 copies	100	General Board Religious Education 504 Jarvis Street, Toronto Ont.
Holy Bible (new inexpensive edition)			60 copies	60	General Board Religious Education, 604 Jarvis St. Toronto
United Church Hymnary (word only)			60 copies	60	United Church Publishing House, Toronto Ont.

The copies of each book listed above are intended for Graduate presentation. No Anglican Prayer and Hymn Books were sent in reply to our Requisition for last year's Graduates. We shall need the balance of the other supplies listed above to finish the ^{present} next School Term. The 1946-1947 Requisition requested in Circular Letter dated December 17th 1945 will be forwarded later.

Mr. Philip Phelan,
Chief, Training Division,
Welfare & Training Service,
Department of Mines & Resources,
Indian Affairs Branch,
Ottawa, Canada.

Dear Sir:

The date for our Graduation is drawing near and up to the present I have not received copies of the Anglican Hymn and Prayer Book for presentation to the graduates. Last year I received none, so that our graduates proceeded to their homes without the accustomed gift. On January 15th of this year I asked for one hundred copies. The United Church Hymnaries ordered at that time have arrived, but only nine Bibles of the sixty requisitioned. If you can expedite the delivery of these Bibles and especially the Hymn and Prayer Books I shall be very grateful. I have written to the General Board of Religious Education, 604 Jarvis Street, Toronto quoted as the Agency from whom these goods could be secured, and I have asked them to communicate with you if they have Hymn and Prayer Books on hand.

Thanking you for past courtesies,

I am,

Ven. Henry G. Cook

Mr. P. N. Phelan,
Chief, Training Division,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

Dear Mr. Phelan:

Purchase of Pencils
St. Michael's Indian Residential School
Alert Bay, B.C.

Attached is a receipted account, in triplicate, covering purchase of 10 dozen pencils required at the above School.

In forwarding this account, the Principal writes as follows:

"Ronnie's account, December 3rd, 'O & S', is sent receipted in triplicate so that you can claim payment from the Indian Affairs Branch. The 1947 requisition was very short of pencils and the Indian Agent has wired and written Ottawa without result. The Indian Agent asked me to send this account to you. Unless a supply arrives soon I shall have to place an order with a Vancouver firm to carry us through to June."

In the circumstances outlined, it will be appreciated if you reimburse this office for this expenditure.

Yours truly,

Henry G. Cook

Ottawa, November 7th, 1947.

Dear Sir:

Re Requisition No. 27592
-Alert Bay Residential School.

We have been advised by the Principal of the above school that only 6 dozen lead pencils were received on the above requisition. As 23 boxes were ordered, I would ask you to check the above requisition and forward any outstanding balance at the earliest possible date. It is our understanding that each box contains 72 pencils.

Yours truly,

Bernard F. Neary,
Supt. of Welfare and Training.

Alert Bay, B. C.,
October 30th, 1947.

Indian Affairs Branch, Department of Mines and Resources,
Ottawa, Canada.

The attached letter has been received from St.
Michael's Indian Residential School, Alert Bay, with
regard to short-shipment of lead pencils.

It would be appreciated if the Department would
kindly forward the balance of the lead pencils requisitioned
by the School, as early as possible, as the shortage of
pencils is working a hardship on the pupils.

INDIAN & ESKIMO RESIDENTIAL SCHOOL COMMISSION

REV. S. J. WICKENS, B.A., B.D.
Principal

ST. MICHAEL'S SCHOOL
Alert Bay, B. C.

October 22nd 1947.

Mr. M.S. Todd,
Indian Agent,
Alert Bay, B.C.

Dear Mr. Todd:

On our Quarterly Requisition for School supplies, sent to your office in March of this year, we ordered twenty-three boxes of lead pencils, each box containing six dozen pencils, as the minimum requirements for the fall opening and the School year's needs.

The Department, however, only sent roughly six and a half dozen pencils which were immediately absorbed by the various classrooms, and the Primary room in particular are in urgent need of this item. It would be greatly appreciated if you could arrange for the balance of this order to be sent immediately, in fact, if possible I should like the original order increased from twenty-three boxes of six dozen each, to forty boxes of six dozen each.

Thanking you,

I am,

Yours very truly,

S. J. Wickens

Ottawa, June 19th, 1947.

Dear Miss Kent:

I have for answer your letter of May 22nd.

We are sending you the following books from the Safe and Healthy Living Series:

5	copies	Your Health and Safety,
2	"	Health, Safety and Success,
2	"	Safety Every Day,
2	"	Growing Big and Strong,
4	"	Health Parade,
9	"	Spick and Span.

These books are provided on this scale only for children who are in preventorium as normally the issue is as outlined in Indian School Bulletin No. I.

With reference to the T.B. posters, etc., we would refer you to the list of health materials published in Nos. 2 and 3 of the Bulletin, which you can obtain directly from the Department of National Health and Welfare in Ottawa.

For the Social Studies texts, we are sending you the Silent Readers for Social Studies.

We are also sending 24 boxes water colours, 48 pkts. wax crayons, 60 drawing books, small, 60 drawing books, large, 4 tins Dry Tempera, asst. colours, 4 pkts. construction paper, 9x12, assorted colours, and 2 pkts. construction paper, 6x9, assorted colours.

The books on agriculture you will find listed in Indian School Bulletin No. 5. You should forward a

- requisition

requisition for those you require.

The film slides required can be rented from the Provincial Department of Education, Victoria. If you will consult Major Davey, our Inspector of Schools for British Columbia, Vancouver, he will give you further advice in the matter. We are prepared to meet rental charges in this instance.

The question you raise concerning a travelling library can best be answered by the "Open Shelf" of the Provincial Library in Victoria, who do provide travelling libraries.

I hope that the above will answer most of the points raised in your letter.

Yours sincerely,

Bernard F. Neary,
Supt. of Welfare and Training.

Dear Sirs:

I am newly appointed teacher here. I find I need school supplies for the quarter beginning promptly Sept. 3. What is the procedure to secure good service immediately?

We need Health material for 18 students - 4 Grade 8, 1 Grade 5, 1 Grade 4, 1 Grade 3, 3 Grade 2, 8 Grade 1 & Kindergarten. I would like Health Verses and Posters depicting care and prevention particularly of T.B., other communicable diseases; pretty pictures of good food, care of eyes, proper posture

Reverend Sir:

With reference to your request for fifty Anglican Combined Prayer and Hymn Books, I have endeavoured to obtain, without success, the type of Combined Prayer and Hymn Book that we supply to our Anglican Indian Residential Schools from both the General Board of Religious Education, 604 Jarvis Street, Toronto, and the Oxford University Press, Toronto, who have supplied us in the past. These books are printed in England and are, therefore, extremely difficult to obtain.

We have, in stock, a limited number of Combined Prayer and Hymn Books, with words and music, which we supply for teachers' use only. If there is none of these in your school, you might forward a request for one for each teacher.

Yours truly,

Bernard F. Neary,
Supt. of Welfare & Training.

Dear General Turner:-

With reference to your letter of the 6th instant, file AB-6, arrangements will be made to forward you a cheque for \$4.80 covering the cost of pencils purchased for use at the Alert Bay Residential School.

I note the principal's statement that "the Indian Agent and wired and written Ottawa without result". Our files show that in a letter dated October 30th the Indian Agent forwarded a letter dated October 22nd from Reverend Mr. Wickens stating that they had not received a sufficient number of lead pencils. On the original requisition we had ordered the number of pencils requested by the principal and when we received the letter mentioned above we immediately communicated with the Government Stationery Office and arranged to have them check the matter and send the additional pencils if they had not already done so. We have no record of any telegram coming from the Indian Agent.

Yours sincerely,

Philip Phelan
Chief, Training Division.

Dear Sir:-

Re: Requisition No. 27952
Alert Bay

I desire to refer you to our letter of November 7th in connection with the number of lead pencils supplied on the above requisition. We have not received any reply to that communication and we are anxious to know if the additional number of lead pencils has gone forward to this school.

For your information I may say that a recent letter from the principal reads in part as follows:

"Unless a supply arrives soon, I shall have to place an order with a Vancouver firm to carry us through to June".

Yours sincerely,

Philip Phelan
Chief, Training Division.

Mr. W.J. Driscoll,
Supt. of Stationery,
Dept. of Public Printing & Stationery,

Principal

ST. MICHAEL'S SCHOOL
Alert Bay, B. C.

December 22nd 1947

The Indian Agent,
Alert Bay, B.C.

Dear Sir:

On October 22nd of this year a letter was written from the School advising you that we had not received our full requisition of lead pencils. We have been in communication with you in this regard from time to time and have had to buy pencils locally, but to date have not received definite word as to when we may expect the balance of this requisition.

The pencils are urgently needed for the opening of the new term in January, and it would be appreciated if you could arrange for us to receive them at the earliest possible date.

Yours truly,

B.O.G. Dixon
B.O.G. Dixon,
Principal.

Indian Affairs Branch, Department of Mines and Resources,
Ottawa, Canada.

The attached letter has been received from Rev.
B. O. G. Dixon, Principal, Alert Bay Indian Residential
School, re not receiving their full requisition of lead
pencils.

This matter was the subject of correspondence
under date of October 30th last, and it would be much
appreciated if a special effort could be made to supply
the school with the necessary pencils. You will note
Rev. Dixon states he has been purchasing pencils locally
in order to keep the pupils supplied.

Dear Sir:

I have your requisition for
supplementary reading books.

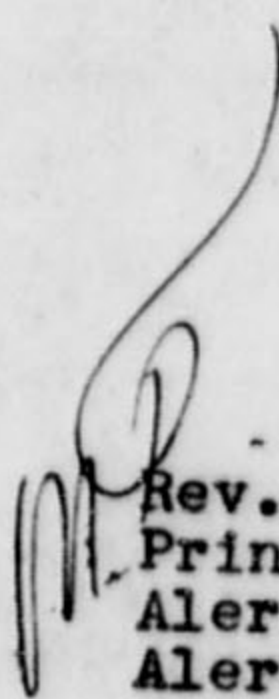

As this requisition is dated
June 1948, it cannot be filled as our supply
of these books is exhausted.

In the February 1949 issue of the
Bulletin, there is a new list of books which will
be supplied when this requisition is submitted.

Your requisition is being returned.

Sincerely yours,

Bernard F. Neary,
Supt. of Indian Education.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.,

I have your requisition for a typewriter with an 18" carriage for the Alert Bay Residential School.

It is noted that this machine is required for work in connection with the Quarterly Return which is made out four times a year.

As a machine of this kind will cost approximately \$100. and as the school already has a machine, I would be prepared to supply such a machine if I was assured that the other machine could be used to advantage at the Alert Bay School or some other school.

Please advise if any arrangement could be made, as I do not feel justified in supplying a 2nd machine when one will do.

Bernard F. Neary,
Supt. of Indian Education.

Re: Alert Bay Residential School
Your 875-4 (E) of May 23rd

I refer to Mr. Neary's letter concerning the requisition for an 18" carriage typewriter for the above mentioned school.

Mr. Davey informs me that there is a possibility of pupils attending the local Provincial High School who could make good use of the machine with which the school is at present supplied in connection with the typing option in their high school course.

It is recommended that the 18" carriage machine be supplied.

OTTAWA

Sept. 16, 1949

Colonel B. F. Neary,
Supt. of Indian Education,
Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Ontario.

Dear Colonel Neary:

Prayer & Hymn Books, St. Michael's
Anglican Indian Residential School,
Alert Bay, B.C.

At the above school they have only mimeographed hymn sheets for daily school prayers. For Sunday Services they are obliged to borrow prayer and hymn books from the local parish church.

Early in July Mr. Todd, your local Agent, accepted from our Principal a requisition for 100 Hymn Books and 24 Prayer and Hymn Books but up to 12th September, 1949, they had not reached the School.

It will be appreciated if you will take such action as will ensure that this requisition is filled and the books shipped to this School at an early date.

Will you please let me know when delivery can be expected.

Yours sincerely,

Henry G. Cook

Henry G. Cook,
Superintendent.

February 5, 1952.

Mr. P. Phelan,
Supt. of Indian Education,
Indian Affairs Branch,
Dept. of Citizenship & Immigration,
Ottawa, Ontario.

Dear Mr. Phelan:

Re: Books and Pictures for
Alert Bay School.

Your File: 875-4(E6)

Thank you very much for the information of your
letter of January 31, 1952.

I have written Principal Cheales advising him to
see Mr. Todd as soon as possible in regard to borrowing some
books from the Indian Day School.

It is unfortunate that no pictures are available
for use in the children's dining-room. The place is rather
drab and a few pictures on the walls would have cheered the place
up considerably. At a later date I intend looking around to see
if some pictures cannot be procured from some other Government
Department.

Yours faithfully,

Henry G Cook

Superintendent.

Alert Bay, B.C.

January 31st, 1952

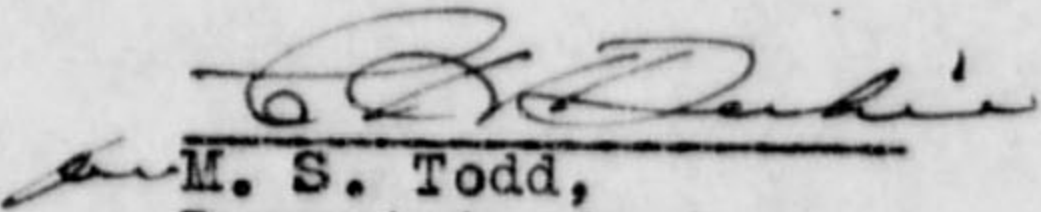

Indian Affairs Branch,
Ottawa.

Attention: Supt. of Education.

With reference to your letter 875-4(E6) dated
January 28, 1952 and attached requisition for
text books etc. for Alert Bay Indian Residential
School, Preventorium.

As the Preventorium is a separate unit from the
Alert Bay Indian Day School where all the children
of the Alert Bay Indian Residential School are
educated, it is thought that it would be more advisable
to have these items shipped direct and separately.

Your action as necessary or further advice would
therefore be appreciated.

M. S. Todd,
Superintendent,
Kwawkwalth Agency.

Rev. Canon H.G. Cook,
Superintendent,
M.S.C.C.,
102 Bank St.,
Ottawa.

Dear Canon Cook:

With reference to your letter of January 28th regarding books and pictures for the Alert Bay Indian Residential School, we have reviewed our files and note that library books valued at \$235. were shipped to the Alert Bay Day School this year and similar allotments were shipped to the day and residential school during the past number of years.

It is presumed that you would like to have a number of books placed in the reading room adjoining the dormitories in the residential school for the children to use in the evenings. It is felt that a satisfactory circulating library can be arranged between the day school and the residential school for the purpose you mention. The Principal of the residential school should be able to arrange with the teachers to loan a quantity of books from each classroom for a period of two or three weeks and place these in the residential school reading room.

After a period agreed upon, these books can be returned to the day school classrooms and new lots brought to the residential school. In this way, the books will serve two purposes and will become more attractive to the children in new surroundings.

Mr. P. N. Phelan,
Supt. of Indian Education,
Indian Affairs Branch,
Dept. of Citizenship & Immigration,
Ottawa, Ontario.

Dear Mr. Phelan:

Re: Pictures & Books

I've just completed a visit to St. Michael's School, Alert Bay, and noted that there was a lack of reading material for the children in the way of light fiction. Could you please let me know if there is any way the Principal can requisition for a quantity of good fiction for both boys and girls? There are 210 pupils in the School and a goodly number of them like to spend their free time reading.

It was also noted that the walls in the dining room were rather bare. Is it possible to procure through Indian Affairs Branch six or eight of the cardboard reproductions in frames which one sees in government offices? Such pictures placed about the dining room would do much to brighten what is now rather a plain room.

Yours faithfully,

Lemy J. Cook

Mr. M.S. Todd,
Supt. Indian Agency,
Alert Bay, B.C.,

Attached I am returning the
requisition for supplies and text books for the
Preventorium at the Alert Bay Indian Residential
School.

As this is a part of the Alert
Bay Indian Residential School, it would be
appreciated if you would ask the Principal when
preparing the requisition for the school to include
the items requested on this requisition, as it is
felt that all supplies for the residential school
should be requisitioned, shipped and stored together.

Philip Phelan,
Superintendent of Education.

Dear Mr. Davey,

Re: Requisition for Supplies.
Reference, yours of January 10 and my reply of Jan. 15.

I wish to draw to your attention the fact that we have not yet received any of the supplies requisitioned for some months ago. We are right out of some essential supplies while others are drastically low in quantity.

Would you please look into this matter and have Requisition filled and Supplies sent us as soon as ever possible?

Yours very truly,

Principal.

Re: Alert Bay Indian Residential School.

Enclosed herewith is a letter addressed to Mr. Davey from the Principal of the above named school in connection with a requisition for supplies. According to our file this requisition was forwarded to the Department on January 19th, 1952. In the event it has not been received another copy is attached hereto and in view of the urgency for this material it would be appreciated if preference could be given it.

C/S

INDIAN AFFAIRS

St. Michael's Indian Residential School,
Alert Bay, B. C.
April 1, 1952.

Dear Sir,-

Attention: Mr. R. F. Davey

You will recollect having discussed with me requisition for Office and School supplies on your last visit to Alert Bay. You mentioned that you would ~~take~~ the requisition with you, have it filled, and supplies sent to our School. As yet we have received nothing, and some office supplies are becoming drastically low.

Recently I sent a reminder to your office in Vancouver and have had no acknowledgment of same. Just this week I heard that you were transferred to Ottawa, and am writing you with the hope that you will look into this matter.

Yours very truly,

Indian Affairs Education Department,
Ottawa.

(R.F.D.) *W. L. Cheales*
Principal.

INDIAN RESIDENTIAL SCHOOL
ALERT BAY, B. C.

P.S. You will recall I placed this requisition several months ago, and you brought it with you when you visited us. Please expedite shipment of at least the office supplies, stationery etc.

Rev. A.B. Cheales,
Principal,
Alert Bay Indian Res. School,
Alert Bay, B.C.,

Dear Sir:

I have your letter of April 1st
regarding supplies for the Alert Bay Indian
Residential School.

Please be advised that we have
forwarded your requisition for these supplies to
the Department of Public Printing and Stationery
on March 17th and it is expected that delivery
should be made shortly.

Due to limited funds at our disposal
for school supplies it was not possible for us to
forward the requisition to the Department of Public
Printing and Stationery prior to the middle of March
for necessary action. By dealing with the requisition
after the middle of March the cost of these supplies
will be charged against the fiscal year 1952-53.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

BANK STREET CHAMBERS
102 BANK STREET
OTTAWA, 4

July 25, 1952.

Mr. R. F. Davey,
Education Division,
Indian Affairs Branch,
Dept. of Citizenship & Immigration,
Ottawa, Ontario.

Dear Mr. Davey:

Re: Office Supplies - St. Michael's
Anglican Indian School, Alert
Bay, B.C.

It is understood that shortly before you left B.C. you secured at Superintendent Todd's office at Alert Bay a requisition for office supplies prepared by the Principal of St. Michael's School.

The Principal now reports that the majority of the supplies asked for have reached him on Printing & Stationery Requisition Number 5935459 dated 19th April, 1952, but that the following items either were delivered only in part or not at all.

Catalogue No.	Description	Remarks
✓-4481	Earn pap 8 x 10	2 boxes ordered; 1 delivered
✓-4185	Bond Pink 8 x 9½	2 boxes ordered; 1 delivered
+3183+	T.W. Carbon 8 x 10	4 boxes ordered; none delivered
✓-3279	+ Fast straight No.2	2 boxes ordered; none delivered
-3072	+ Fast straight No.4	2 boxes ordered; none delivered
X 140 +	Holy Bibles	48 ordered; NONE delivered

As regards the Bibles, the Principal writes as follows:

" One very essential item has not been forthcoming at all, namely, 48 copies of the Holy Bible. It is most unfortunate that, of all items, this one should be left off, as it has been our policy for years to present each graduate of our School with a copy of Holy Scripture. This year we would have had none whatever, had I not, as a last resort, ordered same direct from Vancouver, and paid for them from limited Petty Cash."

It will be appreciated if you will look into this

General G.R. Turner,
M.S.C.C.,
102 Bank St.,
Ottawa.

Dear General Turner:

With reference to your letter of July 25th addressed to Mr. R.F. Davey regarding school supplies for the Alert Bay Indian Residential School, we have taken the matter up with the Department of Public Printing and Stationery regarding these items and are advised as follows:

1. # 4481 Earnscliffe Paper, 8 x 10
2. # 4185 Bond, Pink, 8 x 9½

The above paper is normally packed for requisitioning purposes in packets of 500 sheets. When the above items were sent to the Alert Bay School, one packet of 1000 sheets of each of the above two were shipped, consequently the Principal requested 1000 sheets in two packets and received 1000 sheets in one packet.

3. # 3183 T.W. Carbon Paper, 8 x 10
4. # 140 Holy Bibles

The above items were not in stock when the requisition was received, consequently could not be shipped. The Queen's Printer has back-ordered these two items and they will be shipped when available.

Indian Affairs. (RG 10, Volume 6427, file 875-4, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

- 2 -

5. # 3279 Fasteners, straight # 2
3072 Fasteners, straight # 4

These two items will be shipped
shortly.

It is regretted that the shipment
of the Holy Bibles could not be made when requested.
However, it is expected that these will reach the
school within a reasonably short time.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

AIR MAIL

March 9, 1953.

Indian Affairs Branch,
Dept. of Citizenship and Immigration,
Ottawa, Ontario.

I am enclosing a requisition in triplicate for a Model 120 Gestetner for the Alert Bay Indian Residential School. The Rev. Principal, Mr. Cheales, has discussed the supply of this equipment with Mr. Parminter and it is considered that the machine requested will best meet the requirements of the school.

It would be appreciated if purchase of this machine could be made at an early date as the school mimeograph which is quite obsolete is inoperative and the time for preparation of the school's regular news letter to the parents is drawing near.

Alert Bay, 12th. March 1891.

Sir,

I have the honor to forward by this mail the Plans and specifications of the proposed Industrial School, Alert Bay.

I see ^{that} in the margin opposite the word "Foundation" in the specification you have put the word "Stone", but I have ventured to retain the specification as first made out, as it would cost very much more, as the stone would have to be brought from an Island four miles distant, as no stone which could be used for building purposes can be procured any nearer.

In regard to drainage I have not mentioned it in the specifications as it will only require an ordinary box drain to be run into the sea and the slope is sufficient without any difficulty in the matter.

By the plan you will see that I have placed the Play Room and Work Shop at right angles to the main building, my idea in doing so was that

I

A. W. Vowell Esq.

Indian Superintendent.

Indian Affairs. (RC 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

(2)

I thought it improved the appearance of the main building, and also that if at some future time the Government could see their way to erect a Girls school(which is really quite as much needed as a Boys school) this Play-room and Workshop would form a connection between the two buildings and a lawn and garden be made in the space between the two buildings . I estimate the cost of the buildings as shown and specified to be four thousand dollars(\$4000.00), not including the furnishing inside which would include Clothing for the boys and all requisites, this I estimate at \$1600, and to this must be added a further sum of \$1500 for provisions and payment of employees and \$500 more for contingencies making a total of \$7600 to get the proposed school fairly started.

I have the honor to be

Sir,

Your obedient servant,

(Signed) R. H. Pidcock

Indian Agent.

25th March, 1891

Sir,

I have the honor to
enclose herewith copy
of a letter received from
Mr. Sidcock together with
Plans and Specifications
for the Industrial Indian
School proposed to be
established at Alert
Bay.

What Mr. Sidcock
states in reference to
the use of Cedar for
instead of stone for the
foundations, I have no doubt
is correct, as I believe
that in soil such as is
to be found at Alert Bay
the former will be almost
everlasting.

The establish-
ment of schools for the
training of Indian girls I
think is worthy of consideration
as a means of carrying out
the ameliorating ends expected

P. VanKoughnetto, Esqre
Deputy of the Sup. Genl.
of Indian Affairs

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

to result from the Indian
 Schools for Indian boys
 when the youths & train
 grow up they necessarily
 marry and, unless they
 can find Indian women
 of a similar enlightenment,
 their training is apt to go for
 nothing, or less than nothing
 as the Indians when failing
 to see any permanent advantage
 to be arising from their years
 of training etc. will be inclined
 to lose all faith in the efficacy
 of such institutions.

The man
 especially an Indian, as a
 rule, when marrying a woman
 steeped in ignorance and a
 slave to the barbarous customs
 of her tribe etc. is certain to
 come down to her level,
 where what he has learned
 should he be an educated
 Indian, is more hurtful in
 many ways than beneficial
 things - At the same time
 I may state that I do not
 think it wise to have both
 boys and girls under the
 same roof, or at the same
 school -

I have the honor to be

Your most devoted

A. B. Howell

matter the undersigned begs to
report that the plans and
specifications, as well as the
estimate of the cost of the buildings,
submitted by the Agent, are for a
regular industrial school,
whereas the Dept understood

To the Hon

E. D. Cundney

Supt Genl of Ind Affrs.

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

from the commencement that it was not proposed to establish a school at which Indian boys should be boarded, but that merely workshops were to be erected at which young men and boys could be instructed in trades, such as carpentry, blacksmithing and boat building, instructors being provided at the expense of the Dept. It was supposed that the pupils would give daily attendance at the workshops for the purpose of receiving instruction in these industries, and that they would reside at their homes in the vicinity. Mr Agent Pidcock, in a previous communication, expressed the opinion that, were an institution of this kind established at Alert Bay, it would induce many Indians from other parts to remove there and settle down in the

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

vicinity of the institution;
 and he submitted estimates
 of the cost of erecting a
 building for such an institution
 and of affording instruction
 in the above lines of industry
 to the pupils attending thereat.
 The first estimate submitted
 by him placed the whole
 cost at from \$1500 to \$2000.
 Subsequently this estimate was
 amended: and he then stated
 it as his opinion, in which
 Mr Indian Reserve Comr O'Reilly
 concurred, that the buildings
 would cost \$1200; that the
 wages of the instructors in
 the ~~three~~ trades above
 mentioned would amount to
 \$2700 per annum, being
 \$75 a month each; and that
 the cost of articles required
 to be purchased in order to
 admit of the instruction
 being given would be about
 \$300 - making the total
 amount of his estimate \$4200.

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR COPY

In the supplementary estimates for 1890-91 this amount was included, and it is still available for the purposes of the institution.

Now, however, Mr Pidcock submits a more extravagant estimate, based upon plans and specifications for a regular industrial school at which pupils are to be boarded, the cost of which he estimates at \$4000, without including ^{the cost of} furniture, clothing for boys and other requisites, which he estimates at \$1600, and the cost of maintenance and salaries of employees, which he places at \$1500, besides \$500 for unforeseen expenses: thus making a total estimate of \$7600 to get the proposed institution fairly started. This last estimate, it will be observed, is \$3400 in excess of the preceding one, and no provision has been made for the excess of cost. Mr Agent Pidcock gives no reason or explanation in his

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

CANADA

ARCHIVES PUBLIQUES

POOR-COPY

letter for his changing his views in regard to the character of the institution to be established.

The undersigned considers that, before the Dep't can intelligently take his proposal to establish an industrial school at which pupils shall be boarded into consideration, he should be called upon to explain why he has made the recommendation in the direction which his last communication on the subject indicates; and that the Visiting Indian Supt at Victoria should also be asked to give his views on the proposed change in the original intention in regard to the suggested establishment.

The undersigned would add that, in view of the uncivilized character of the Kwawkwalth Indians, who, as stated in a previous report, are probably the most debased in the Dominion, it is exceedingly questionable whether the time has come for the

Sir -

Ref to yr. letter
of the 25th ult, & to the copy
enclosed therein of a letter
of the 12th ult
from Mr Geo Ayt Piscook of
Alert Bay transmitting
plans & specifications for the
proposed Indust. school
on Comarant Island, I beg to
inform you that yr. remarks
in respect to the desirability
of cedar posts being used instead
of stone for the foundation have
been noted & are probably
correct, also as to the
advisability of establishing a
school for the training of
Indian girls, which proposal,
I state, you consider
worthy of consideration for

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

reasons given by you.

I have, however, ^{by direction of the S. G.} to

call your attention to the fact that the plans and specifications submitted by Mr Piddock are for an institution of much larger dimensions & more elaborate in character than it was proposed to establish at the above point, & that no provision has been made by Parliament for the additional cost wh. wd. be entailed in the erection of the ^{but} building ^{as now} proposed.

You will remember that the understanding from the first has been that workshops were to be erected on Cornwall Rd at wh. the trades of carpentry, boatbuilding, blacksmithing, & possibly shoemaking, were to be taught to young Indians who might resort there or whose families live in the vicinity

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

2

Mr. A. T. Pidcock expressed
the opinion in a previous
communication that the
establishment of an
institution of the latter
kind wd. be the means
of drawing many Indians
from other parts to that
point and wd. induce them
to settle down in the
vicinity of the institution;
and ~~the~~ estimates ^{of the cost}
of erecting ^a building suitable
therefor were submitted
by him. The first estimate
had placed the whole cost
at from \$1500 to \$2000.
Subsequently he amended
this estimate, placing the
cost of the building at
\$1200 & the salaries to
be pd. the three instructors
in trades at \$75 a month,
or \$2700 per an., besides
\$300 for the cost of tools
&c. with wh. the

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

instructors ~~will~~^{will} give
the requisite instruction
to their pupils. The total
cost, therefore, of establishing
the institution was,
according to that estimate,
^{and this sum has been voted by Parly}
\$ 4200. The estimate,
however, wh. Mr Pidcock
now submits, which is based
on the plans & specifications
for a regular indstrial school
at wh. pupils are to be
boarded, exceeds the
former estimate by \$ 3400,
& for this excess no
provision has, as before stated,
been made by Parliament.
Mr Pidcock furnishes no
explanation as to why he
has changed his views in
respect to the character
of the institution wh. shd.
be estab'd on the Isld;
& before the Dept can
intelligently consider the question
of establishing a regular

I have the honor to acknowledge the receipt of your letter of the 13th inst. No. 53.986. in reference to the establishment of an Indian Industrial School at Cormorant Island, Alert Bay.

The change in the dining room of the school alluded to in your letter emanated entirely from Mr. Agent Pidcock who, from his position amongst the Indians, for whose benefit the school is to be established, should know something of their capabilities and requirements.

I have always understood that the Kwakwaka'wakw Indians were a worthless lot, and, as far as all past efforts have gone, found to be incapable of improvement therefore when discussing the

the matter with Mr. Piddock
prior to the date of my letter
to him informing him that
in the Estimates for 1890-91
a certain sum had been pro-
vided, etc. - as per my letter,
copy of which I now enclose,
dated 4th of Nov^r last. I
agreed with him that for
experimental purposes the
institution requisitioned for
by him at a cost of four
thousand two hundred ^{dollars}
to four thousand seven hundred
would be quite sufficient
to meet the requirements of
the case.

Subsequently when
forwarding his amended
plans and specifications
with estimates for same
I omitted his letter of the
4th of Dec^r last, now enclosed
herewith, which would have
explained the Agents views
on the subject of the pro-
posed change.

(Copy)

Alert Bay, 4th. Dec'r 1890.

Sir,

I have the honor to acknowledge your letter of the 4th. Nov. relating to the proposed Industrial School, Alert Bay Cormorant Island, and requesting me to furnish plans and specifications for approval of the Department.

Since the receipt of your letter informing me that a sum of \$4700 had been voted for the purpose, I have given the matter very careful consideration and I feel sure that if instead of carrying out the plan I at first advocated and which was at the best only a suggestion from me, it would be far more to the benefit of these Indians eventually, if any Industrial School somewhat after the plan of those at Kuper Island and Metlakahtla, was started, and at which in due time, after the pupils had become better fitted they might be taught the different trades.

I have gone carefully over the different items of expenditure in the Metlakahtla Industrial School, and with a very little addition to our present

present vote the School might be successfully started. We have many facilities for building here which they do not possess at Metlakahla, which would considerable reduce the cost. As the Government seem willing to expend a considerable sum of money, I think there would be far less risk of failure attending this than in the one I first proposed. I hope I shall have time to enclose with this a rough plan and estimated cost of a suitable building, but as your letter of 4th. Nov. did not reach me till a week ago, 27th. Nov. I have not had as much time for plans etc as I could have wished, but I thought that if you can approve of this alteration, the plan could be sent to Ottawa, thus saving much time. In your letter you suggest that it might be better to make three separate building in which trades might be taught but when I made the suggestion first, one of the objects I had in view was that part of the building either up or down stairs could be used in the evenings as a recreation room for the young men, which we are sadly in need of here, and also that the instructors could live in the building, without going to the expense of erecting separate dwellings for them. I mention this in case you cannot

I have examined the plans and specifications of the buildings proposed to be erected at Cormorant Island B.C. to be used as an Industrial School for boys and my report - that the plan of the buildings and their general arrangement appears to be satisfactory, but the following changes and additions are recommended.

That the verandahs on each side of the building be dispensed with, retaining only the verandah in front.

An outside door to be placed to the Guest-room (and office) with a large well built vestibule or closed porch so that visitors may not necessarily pass through the school-room to reach the guest-room.

The chimney in the guest-room may be dispensed with and the necessary thimbles placed for connection

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

MEMORANDUM.

Department of Indian Affairs,

To

Ottawa,

18

In addition to the bracing specified for the roof which does not appear to be sufficient, a cross-tie of 2" x 8" should be firmly spiked to each pair of rafters

connection with the Kitchen chimney, and between the Dormitory and the Dining-room and Kitchen chimneys.

As it is feared that the draught of the kitchen chimney may be impaired ^{the chimney} it may be built with two flues.

The Specifications should specify the locks for outer doors.

The chimneys should in all cases be very carefully parged.

It is presumed that the Tank is to be built on the outside of the building that it is for soft water and that it is to be fed by the down pipes from the main building. It is recommended that the said tank be built against the main building, that it be carefully covered in, the roof and sides similarly and to match with the main building, that a lead pipe connection be made with the force pump in the well so that the tank

POOR-

I am aware there
has been a change made
in the original proposal
which has caused delay,
but surely the Indian
children should not suffer
on this account.

Such a school as the
Department have at Met-
lakatla is most desirable
for this Agency and there
could be no better site
than the one chosen at
Alert Bay.

There is not the slightest
doubt there are sufficient

pupils to fill this school.

Four years ago I sent
three lads to Bishop
Ridley's school at
Metlakatla where they
did well and two months
since a lad came three
times asking to be sent
to this "good" school.

He is now with Mr Scott
at Metlakatla three
hundred miles away.

Mr Cooke, my co-keeper
has a large school
fourteen miles from

Alert Bay and he tells
me he could send eight
or ten pupils to the
industrial school.

It is almost impossible
to educate one of our
Indian children except
he can be kept at a
boarding school similar
to the one proposed.

The habits of the Indians
are so migratory, and the
attendance of the chief
so irregular that the results
from our village schools
are in almost every instance
nil.

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

MEMORANDUM.

To Deputy Minister

Department of Indian Affairs,

Ottawa, 16th Nov. 1891.

In answer to your memo. of Oct. 29th under. The probable cost of the proposed buildings for an Industrial School at Alert Bay B. C. if built according to the Plan & Specifications referred to, will be approximately as follows:

Frame building (Verandah in front only)	\$ 3500.00
Play room and Workshop -	500.00
Shed	25.00
Workshed	65.00
Waterclosets	60.00
Cow-shed	100.00
Pig-sty	20.00
Laundry (incl. chimney stoves)	250.00
Tank, Tank house Pump Pump & Well	250.00
	<u>\$ 4770.00</u>

It would therefore appear that the amount voted by Parliament \$4700 will probably be sufficient to cover the cost of the said buildings.

British Columbia
Indian Office
Victoria

1st March 1892

In reference to your letter of the 18th of Decr. last. No. 55766. regarding the construction of a building at Alert Bay for the purpose of industrial instruction to the Indians, I have the honor herein to enclose duplicate of a report received from Mr. Wm. A. Piddock on the subject and to state that I have no hesitation in recommending that Mr. Piddock be allowed to carry out his proposal regarding the same. From a conversation held with him last month when at Alert Bay I am convinced that he is quite capable of giving satisfaction by his management of that work.

Should this course be approved of it is most necessary in making provision for payments alluded to by Mr. Piddock, that funds be placed at my disposal for such disbursements.

L. Vankoughnet Esq.
Deputy of the Dept. of
Indian Affairs
Ottawa

I have the honor to be

British Columbia,

Indian Office,

Alert Bay, 23rd Feby 1892.

Sir

I have the honor to append my Report on the proposals made by the Deputy Supt General relative to the proposed Industrial School at Alert Bay Cormorant Island. B. C.

The estimates which I have forwarded to the Department preclude the idea of letting the whole of the building by Contract, as a Contractor usually estimates on making a profit of 20 o/o on his Contract.

I consider that from the knowledge I have of building I can supervise the erection of the buildings so that they will be done in a workmanlike and economical manner.

As it will be only fair and right I propose to employ a considerable amount of Native labour in wherever possible, using only such skilled labour as necessary to the completion of the work in a satisfactory manner, and for rough work we have several young men here who will do a good days work at moderate wages. In the event of the Department seeing

Alert Bay, 189

seeing fit to entrust me with the supervision of the building, I would respectfully suggest that the payment of all Vouchers for Wages should be made at the Indian Office Victoria as workmen, especially Indians cannot very well be kept waiting a month or six weeks for their wages.

Nearly all the material with the exception of doors, windows, nails, paint and paper for the outside and inside finishing, can be obtained at Alert Bay at very moderate prices compared with those which it would cost to have the material from Victoria or else where.

I have the honor to be
Sir

Your obedient servant
R H Pileock
Indian Agent.

under of 7" m. in the case of the erection of the Building, it was found that the received from Contractors for the erection were all very high, presumably because all persons engaged in building operations resided at a distance from West Bay - The building was finally erected satisfactorily by the Agent himself for a smaller sum than that offered in the lowest tender.

The proposed buildings for an Industrial school at the same place are of a very plain pattern. It appears to me that if the supervision of the construction of the said buildings is given to Mr. Pidcock that their construction will be effected in a satisfactory and economical manner.

I think Mr. Pidcock might be allowed and instructed to let any portions of the work by piece work or he may have the whole of it done

by

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

Dec 7/91

Memorandum

Referring to the report of the undersigned of the 8th April last, and the remarks of the Superintendent General thereon, respecting the proposed establishment at Cormorant Island of a training school for the Indian youths of the Kwawkeoth Agency, the undersigned begs to report that correspondence subsequently took place with the visiting Indian Superintendent at Victoria, and, through him, with the Indian Agent for the Honourable

C. Dewdney

Superintendent General of Indian Affairs

Approved
But the opening of the Institution will have to
be made in order to be of any use
Returned to me by Minister Dec 7/91

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

POOR-COPY

the locality, in regard to the decision then arrived at to adhere to the original proposition that the institution should consist of workshops for the instruction of Indian boys and young men in useful trades, and not of a regular industrial school, as more recently recommended by the Indian Agent.

It would appear from the correspondence that the latter official, after mature consideration, has decided that such an establishment as that proposed would be useless in the Kwawkeewlth Agency; and the Visiting Indian Superintendent at Victoria concurs in this opinion; and both these officers recommend that a regular industrial school

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR COPY

school be established on Cormorant Island for the maintenance of industrial and literary education of Indian boys and girls thereat.

The Visiting Indian Superintendent at Victoria was informed, in reply to his own and the Indian Agents views in the matter, that no money had been provided by Parliament for an industrial school proper on that Island; and that consequently no such school could be established there this year, if at all.

On the 5th instant a letter was received from the Rev. Albert J. Hall, who is the representative of the Church of England at Alert Bay, expressing

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

expressing deep regret that a building for the purpose of an industrial school would not be built this winter, if at all, on Cormorant Island, and stating that such a school as the Department has at Utlakahitta is most desirable for the Kivaw-Keweth Agency; and that a better site could not be chosen than the one on Cormorant Island and Alert Bay; that there is not the slightest doubt that there are sufficient pupils to fill the school. And, as a proof of the disposition of the Indian boys in the Kivaw-Keweth Agency to be educated, Mr. Hall states that three lads from that Agency, four years

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

years ago, entered Bishop Ridley's school at Uetlakahkta and did well; and that two months since another boy, on three different occasions, prayed to be sent to that school, and that he is now at the Uetlakahkta industrial school.

Mr. Hall further states that his co-worker Mr. Corker, who has a large school fourteen miles from Alert Bay, reports to him that he could send eight or ten pupils to an industrial school if established.

The former gentleman dwells upon the impossibility of educating Indian children except at an industrial boarding school, as the habits of the Indians are so migratory

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

migratory and the attendance of their children at school so irregular that the results from the village school are in almost every case nil.

The Rev. gentleman further states that he is preparing to open a school for girls one year after the boys' school has been opened, and he prays that, if possible, sufficient money be provided for the erection of a building for an Industrial school on Comoran Island.

With a view to ascertaining whether the amount voted by Parliament at last Session for the establishment of an industrial training school would be sufficient for

Indian Affairs. (RC 10, Volume 6427, file 875-5, part 1)

7
for the erection of build-
ings for an Industrial
school proper, if it was
decided to substitute the
latter for the former
institution, the under-
signed referred the
question, with a plan
and specifications
which had been fur-
nished by the Visiting
Indian Superintendent
at Victoria, to the Tech-
nical Branch of the
Department, with the
result that it would
appear that the amount
provided for the estab-
lishment of an indus-
trial training school,
namely, \$4,700⁰⁰, will
probably be sufficient to
cover the cost of the
buildings required for
an Industrial school
proper.

POOR-COPY

MEMORANDUM.

3-5-966

To

Mr. M. Heill

Department of Indian Affairs,

Ottawa, 31st March 1892

With reference to letter under (24th inst) please inform the D.M. of Public Works that to obtain the information requested considerable cost and delay would be involved which it is very desirable to avoid, if possible as the amount available for the building is very limited. Cormorant Island is disadvantageously situated and at too remote a distance from Victoria or any other centre for the work to be economically or expeditiously performed by a Contractor, this Dept. has therefore decided to place the erection of the building entirely under the personal management of its local agent, Mr. R. H. Pidcock, who is a practical man and very competent to do the work.

The building will be placed on regular posts. D.M.

Will the Dept. of Public Works be good enough to cause the Plan and Specifications submitted with letter of 11th inst. to be examined and returned to this Dept. as possible.

File 55966

Specifications of Proposed Industrial School to
be erected at Alert Bay, British Columbia.

Description.

The building to be frame of two stories high,
standing on cedar posts, 60 feet long and 40 feet wide,
having a porch at front entrance.

Foundation.

Sink cedar posts of not less than one foot in dia-
meter three feet into the ground upon which when evenly
cut off at not less than two feet above the surface of
the ground in the highest place, set the sills of the
building. Posts to be set six feet apart from centres.

Sills.

Five longitudinal sills and two transverse sills to
be placed on the top of the posts and spiked thereto.
The sills to 12 in X 10 in, the centre sills to be
dovetailed into the transverse sills and trenailed
thereto. The corners to be half checked and trenailed.

Joists.

Upon the sills place the joist 2 " X 10 " two inches

(1)

Indian Affairs. (RC 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

X ten inches to be securely spiked to sills and place two feet apart from centres. The upper joists to be 2 X 14 supported by the partitions, those in the school room to be supported by a centre beam of 6 in. X 8 with two posts 6" X 6", to be placed two feet apart from centres, and securely spiked to studding and centre supports, and to rest on a piece of 1 1/4 X 4 in. let into the side studding.

The tie joists on the top of wall plates to be 2 1/2 X 6 in and to be placed two feet apart from centres and securely spiked to wall plates and centre partitions, and to extend one foot on each side the wall plates for the rafters to rest on. The upper floor joists to be securely braced the whole length of the building in at least two places.

Flooring.

The ground floor to be laid with 1 1/2 flooring 4 in. wide tongued and grooved and blind nailed. Spruce lumber to be preferred. The chamber floor to be 1 1/4 in. spruce lumber tongued and grooved and blind nailed. All the flooring to be good and sound and free from knots

Walls.

To be made of 2 X 6 scantling doubled at the doors and window joints, with wall or roofing plates of two thicknesses, well braced throughout, the scantling to

(2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

Not sufficiently well braced
A cross tie should be
added to each pair of rafters.

Rafters.

The rafters to be (2" X 8") two by eight inches, scantling to be notched into a plate securely nailed into the upper tie beams, the rafters to be put two feet apart centres on the top of each of the upper tie beams or joists. A purline plate of 4 X 4 in with supporting posts not more than six feet apart to be securely spiked to rafters, and posts to a plate of (3 X 6) three inches by six inches to be firmly spiked on the upper tie joists. Rafters to be covered with one inch boards put closely together, upon which first class split shingles are to be laid 4 1/2 inches to the weather, the apex of the roof to have weather boards 12 wide, also a plain cornice to be fixed to roof. ^

Stairs.

Stairs as shewn in drawing, treads to be 1 1/2 thick, risers 1 inch thick, to be well and strongly framed and let into stringers, to be 4 feet wide, treads to be nosed, iron rods to be used as a hand rail to be screwed on either side of staircase, strong railing and ballusters to be fixed on the top of landing.

Doors.

The front door to be 2 in thick solid with diagonal boards double, the door to be a double door each half to measure 2 feet by 6 ft 8 in to be ^{hung} lined with heavy iron hinges, "not butts" and to have a plain finish around it. The other doors to be 2 ft 8 in by 6 ft 8 in, 1 1/2 thick, ^{hung} lined with heavy 3 1/2 inch butts. The lock of all inside doors to be good American locks with white furniture.

(2 1/2)

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

be placed two feet apart, centres to be well secured to a piece of 2 X 6 securely spiked to the lower joists.

fitted, and the base with water table properly fitted.

Partitions.

Inside Lining.

The partitions in the lower and upper floors to be of two inches by four inches (2 X 4in). Scantling to be placed 16 inches apart from centres, with sills and caps of the same size, the whole being well braced.

See 2 1/2

Windows.

The windows on ground floor to have four lights 15" X 30" to be well primed and glazed, the chambers to have the glass 15" X 24" all of good clear English plate. The sash to be one and a half inches (1 1/2) thick, free from sap and knots. Both sash to move and to hang with cords and weights and fitted with reliable fastening.

blind nailed, and afterwards painted with two good coats of paint any colour the Officer in charge may select.

Chimneys.

The flues to be built of good hard brick, built on a solid foundation two feet below the surface of the ground and to be of not less than eight inches (8" X 8") by eight inches inside measurement, to be built at least four feet (4 ft) above the apex of roof and neatly finished. *twice painted*

colour the off

Outside Covering.

Cover the outside of the walls of the house with a good layer of tarred felt paper well lapped, then cover

*Is paper to
be fixed to
be selective
No outside
electrical mounting*

with rustic siding of (8") eight inches wide nailed on each stud, finishing the corners with corner boards well fitted, and the base with water table properly fitted.

Inside Lining.

The whole of the inside, with the exception of the kitchen to be lined with rough boards well seasoned and fitted, to be afterwards covered with canvasson which a good quality of paper of a uniform tint, light brown, is to be placed, which, when perfectly dry, is to be varnished with a good quality of varnish. The kitchen to be lined throughout with one inch boards dressed and tongued and grooved and afterwards painted with two coats of paint, the last coat to be any colour the officer in charge may select. The ceilings to be of one by four inches tongued and grooved, dressed, closely fitted, and blind nailed, and afterwards painted with two good coats of paint any colour the officer in charge may select.

Painting.

The whole of the building, outside and inside, where requisite, to have two coats of paint. The first coat on the outside to be mixed with raw linseed oil and white lead. The second coat to be of boiled linseed oil any colour the officer in charge may select. All nail holes inside and out to be countersunk and stopped.

(4)

Verandah.

A verandah^{is} to be built in the front and each side of the school building, to be six feet wide. The flooring to be (1 1/2 ") one and one half inches thick (4") four inches wide, tongued and grooved, dressed, and to have a nosing all round. The sills to be 4" X 6" on cedar posts, three longitudinal sills, on which cross pieces of (4" X 4") four by four inches are to be placed not more than three feet apart on which joists of (2" X 4") two inches by four inches are to be laid and firmly nailed. Two or three steps, as the height may require, to be placed opposite the front door, to ascend to floor of verandah. Posts to be of six inches by six inches (6" X 6") ten feet ~~high~~ (10 feet), plate of same dimensions ; rafters of two by four inches (2" X 4") to be planed and covered with dressed boards 1 1/4 inches thick, dressed side downwards on which shingles are to be laid 4 1/2 inches to the weather. A large board 1 1/2 inches thick and pinnacle as shewn in drawing to be placed on both gables. An eave gutter to be placed both round the verandah and also under all eaves of frame buildings.

*Not sufficient
posts to verandah
should be 6*

Water Supply.

A well to be sunk till a good supply of water is reached, to which a large sized force pump is to be attached by a lead pipe. The pump to have some provision

MEMORANDUM.

To *Mr. W. Keill*

Department of Indian Affairs,

Ottawa, 18 April 1892

Please inform Mr. Howell in similar terms to those contained in letter of 15 Dec 91 — that the proposed buildings for an Industrial school at Alert Bay may be proceeded with under the supervision and management of Mr. Pidcock; thus the buildings should be proceeded with, with all possible despatch as the vote for of \$4,700 for the purpose will lapse on the 30 June.

Also communicate to him the remarks in Mr. Brown's memo. of 6th Aug. 91 — enclosed within a blue bracket.

Inform him that the Plans and Specifications will be returned to him as soon as copies may be prepared which will be ready done in a few days, and thus this delay should not affect the immediate commencement of the work as Mr. Pidcock has probably retained the originals of his Plans and Specifications.

POOR-COPY

British Columbia,
Indian Office,

Alert Bay,

9th Dec

1892

Sir

In reply to your letter 128th, I beg to inform you that though no tenders for the work of Plastering the Industrial School at Alert Bay were called for, I tried to get the work done by Contract when I was in Victoria, but owing to my short stay there I was only able to see two men, neither of whom would Contract to supply all the material and do the work, and as I found that all Contractors were paying their men at the rate of \$5⁰⁰ per diem, I thought it useless to call for tenders for the work. I engaged two men Messrs Davis and Gilchrist at \$5⁰⁰ per diem, agreeing to pay their passage to Alert Bay and also their time from the day of leaving Victoria as is the usual custom. The rate of wages does seem high, but Plasterers all belong to a Union which does not allow its members to work for less.

There are about 2500 square yards of Plastering in the building.

Mr Davis' Voucher I quite intended to be paid as was Mr Gilchrist's out of the money advanced to me to pay wages, but owing to

A W Vowell Esq^r

Department of Indian Affairs,

Ottawa,

Feb 8th 1893

The accounts received with Supt Bowells letter of the 10th ultima for the expenditure of the \$1500. advanced on account of the erection of the school buildings at Alert Bay have been examined and I would recommend that they be accepted ^{but that} Supt Bowell be informed that Agent Pascock should forward a receipt for the \$18.00 paid to Thos. Bowell for ^{which he has omitted to do} washing rooms, also that he be informed that the receipts of payments for labor performed are not considered very satisfactory as the dates of the employment is not stated, and if possible a statement should be forwarded giving the dates. Also that the receipt of A. J. Hall for \$12.00 wages of C. H. Davis needs explanation and a receipt from Mr Davis for the amount

Alert Bay, 27th June 1893

Sir

In answer to your letter 130 J² I beg to enclose the certificates as requested, also a copy of the Time Book kept by me during construction of Industrial School Alert Bay. In regard to obtaining receipts from the Purser of the *Boscovitz* for the passage of the Plasterers I may mention that they paid their own fare one way to Alert Bay and the item of twelve dollars (\$12⁰⁰) paid by Mr Hall to C W Davis was to reimburse them for passage paid one way according to my agreement, and general custom, therefore no receipts could be obtained as I did not pay the Purser, but gave the money to them. I am aware that there is an item of \$2⁰⁰ not accounted for, but this was an oversight on Mr Hall's part, during my absence from Alert Bay, I mentioned this in my letter of 3rd April.

I have the honor to Sir
Your obedient servant

British Columbia,

103844

Indian Office,

Alert Bay, 3rd April

1893

Sir

I have the honor to enclose to W Davis' receipt for \$10⁰⁰. In the statement it shows \$12 paid by the Rev^d A. J. Hall to C. W Davis. The discrepancy occurs in the difference of one dollar paid to each plasterer, to make up his passage on the "Boscawitz" from Victoria which I agreed to pay. The passage money to Alert Bay from Victoria is \$6⁰⁰ each, and Mr Davis signed the receipt for two days work before asking for the \$2⁰⁰. Properly the item of Passage money should have occurred separately, but I included it in the total sum paid to the plasterers, as I had to pay them from the time they left Victoria. In regard to the request to give dates, the only possible way of doing this would be to send a copy of the time book, as few of the men worked a consecutive week at any time, and their time is broken up into $\frac{1}{2}$ and $\frac{1}{4}$ days. I can send this if it is required.

28th Jan'y 1897

Sir

I have the honor to inform you that a fire occurred in the Alert Bay Industrial School on the early morning of 17th Inst. The damage is confined to the inside walls of the kitchen adjoining the range, where the fire is supposed to have started, and the stringer supporting the stairs is charred, but not sufficiently^{so} as to need any renewal. The damage is not such as to cause any interruption in the work of the School. On the evening of the 25th Inst. an attempt was made to set fire to the School Building from the outside. Some stove wood had been piled against the building in the wood shed which adjoins the School at the back, and the wood saturated with coal oil and fired by somebody at present unknown, and the rustic^{siding} badly charred as high as the roof of the wood shed. At first sight it would appear that the fire which occurred on the morning of the 17th Inst. might have originated from the range in the kitchen, but it appears another fire

fire occurred some months ago under the staircase, which did no damage whatever, and which at the time was supposed to have been caused by the Chinese cook throwing a stick, which he had tried to get into the fire grate of the range, into a pile of kindling wood placed under the staircase. Nothing was thought of this at the time, but since the attempt made on the evening of the 25th Inst. to set fire to the School, it appears probable that an incendiary has been at work. Mr Corker the Principal informs me, that at 7 p.m. Saturday the 16th Inst he went into the Kitchen and there was no fire in the range. He went again at 11 p.m. and there was no sign of fire anywhere. The Chinese cook went into the Kitchen at 12 a.m. midnight to get a drink of water and he saw no sign of fire anywhere, and after examining the range carefully it appears highly improbable that the fire could have originated there except by carelessness or design. I think it would be well when the necessary repairs are being made to build a short wall of brick on which to place the ends of the studding which

Sir

I am very sorry to inform you that a fire broke out in this Institution early this morning - At 5.30 I awoke to find my room full of smoke - I immediately rose and called the pupils. No time was lost before we were all busily employed in extinguishing the flames which were located round the Kitchen stove, consequently blocking the staircase, as you will remember ~~the~~ its peculiar position in the corner of the Kitchen

The Kitchen fire was out before 7 P.M. on Saturday the 16 ulto (inst?), and at 11 P.M. I went my usual round everything was safe & as usual, the only cause I can give is the close vicinity of the stove to the wall

Too much praise cannot be bestowed upon the pupils for their calm and prompt manner in which they obeyed my instructions for in less than one hour the flames were extinguished

I cannot today estimate the amount of damage done. As the Bosconitz is in I send you this information

Jan'y 29th 1897

Sir

I regret to have to report another fire in this School - On the evening of the 25th ulto - I was sitting in my office when my Cook called me saying there was a fire outside - On going out I found the North-west corner of the building, which joins a shed, in a big blaze - It was quite evident from the manner in which the wood was piled up and soaked with coal oil that the fire was no accident, After extinguishing the fire I immediately informed the Indian Agent and the Constable -

I am at a loss to know the person who set the fire, or even to understand the object - I can only think it was meant to scare the pupils out, for as you know the old people are bitterly opposed to any advancement -

All the pupils were very much afraid, & are still as evening approaches I have the honor to be

Sir

In further reference to your letter of the 25th Nov last relative to fire-protection at Industrial and Boarding schools I have the honour to submit the following quotations from Mr Agent Pidcock's letter of the 10th inst reporting the requirements at the Alert Bay Industrial School in this connection

"At the Industrial School I find
"an extra length of 1 1/2 ins hose, 40 feet, with Couplings will be needed, so that all parts of the building
"can be reached. A short ladder with iron

"hooks to reach from the trap-door in the roof
"to the ridge. Twenty four buckets are needed to be kept always ready for immediate use.

"Another cistern should be provided as the
"supply of water in the well during two months
"in the summer is very limited."

"The cost of a cistern would be \$45.
"including erection. The cost of hose, couplings,
"and buckets-including paint for the latter-including also the ladder would not be more than \$30.⁰⁰

I may state that Mr Pidcock's list of requirements appears reasonable and I would recommend that the same be furnished

Sir

I have the honor to acknowledge your letter 374. G² of 25th Sep^r asking for an explanation of a discrepancy which occurs between the Time book and Voucher in regard to the Indian K'la Kwat si, a.

On looking over the original Time book and also a check book I find that the Indian "K'la Kwat si" worked 10 1/2 ^{days} viz on June 21st 22nd 23rd 24th 25th 27th 28th 29th 30th one half day on July 1st and on July 2nd so that the Voucher is correct and the mistake has occurred in copying from the time book.

In regard to the payments made to Indians I would say that at times it is impossible to obtain witnesses to marks except by some member of my own family, as the Indians would come in at all hours in the evening requesting payment of some few dollars at a time. In future I will take care that this does not again occur.

Ottawa, October 2, 1908.

The Deputy Superintendent General,-

Mr. Supt. Vowell has forwarded a letter from Mr. Agent Halliday in reference to a previous requisition made by the Principal of the Alert Bay school for equipment and repairs. The Agent states that twenty-five new iron bedsteads complete, with wire and woollen over-mattresses are needed, as well as fifteen new spring mattresses to make some of the old iron bedsteads serviceable. The additional equipment asked for is given in detail in the Agent's letter.

OK
DCH
The Agent also states that additional dormitory space is required to enable them to receive the full number of pupils provided for, namely, 35. This extra room could be ~~granted~~ had if material was furnished, as there is a room 18 ft by 60 ft. in the attic, which if fitted up would answer. The building is said to be a fire trap without an escape and he recommends that one be put up at once.

The above recommendation would entail an expenditure of about \$500.

Mr. Ogilvie in his report on this school makes recommendations for repairs and ~~reconstruction~~ alterations, which would call for even a greater expenditure.

This school is in receipt of a per capita grant

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

of \$130.00, which barely meets running expenses, without any margin for renewing equipment. Inspector Green, who visited this school in August, last, also recommended that the Department assume the cost and speaks favourably of the work accomplished by this school.

No money was specially Provided to meet this proposed outlay but as the Girls' school is now closed, although Provided for in the estimates, funds would be available, if the Department decided to authorize the expenditure.

The rule is that schools of this class should keep up the equipment but it is claimed that the increased cost of living prevents their doing so. For repairs and improvements the Department supplies the material. The property on which the school is situated was set apart by the Provincial Government solely for the purpose of an Indian industrial school.

Schools
Sir:-

Referring to your letter of 21st December last on the subject of the aid requested by the management of the Alert Bay Industrial School in supplying new bedding etc., for the School ;I have the honor to forward herewith letter dated 28th ultimo, No. 287/6 from Mr Agent Halliday drawing attention to the remarks of the Department concerning its reference to the matter receiving attention when the Supplementary Estimates were being dealt with.

In looking over the copy of the Supplementary Estimates in the office it cannot be seen that any provision has been made in this connection, but before making any statement to the Agent it would seem best that Mr Halliday's letter, & Mr School Inspector Green's report on this school, which is being sent you today, be perused by the Department as other important points have been raised, such as, fire escapes, etc., which I have no doubt are highly necessary, & concerning which I will be glad to have the instructions of the Department to place before the Agent.

Your Obedient Servant.

Howell

267/6.

Indian Office.

331077
Alert Bay B.C.

August 28th 1908.

Sir:-

I have the honor to again direct your attention to my letter of 23rd November last No 670/5, with reference to an application for new beds and tools for the Alert Bay Industrial School. In your letter of December 27th No 730, G.5 you state that your office has been advised by letter of 21st December No II6947/5 that this matter would have to stand over until the supplementary estimates. Since then I have heard nothing of the matter.

On Saturday afternoon last in company with Mr Inspector Green I visited the Industrial School with a view of knowing the exact condition of the equipment of the school. We thoroughly examined all the beds and found them in a most deplorable condition. Most of the iron bedsteads originally supplied by the Department as part of the equipment of the school are broken to pieces. The wire mattresses on these beds are completely worn out. Fifteen of these could be repaired by purchasing new springs to put on the old frames. I would respectfully request that 25 new iron beds complete with wire mattresses and wool over mattresses be supplied to the school, in addition to repairing the other mattresses.

In the laundry we found that the copper boiler for heating the water for washing and for boiling the clothes, is worn out and the brickwork and chimney in a dangerous condition.

There should be also a terra cotta drain pipe supplied to carry away the waste water in place of the wooden box in which it is at present conveyed which keeps rotting away and choking very often.

In the attic there is a very rough room used as a dormitory, which is absolutely unfit for the purpose but which

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

43107

could by a moderate expenditure for material be made fit for 20 beds. At present the room which is 18 feet X 60 feet is partially lined with rough lumber, and the cracks covered with strips of paper which have burst along the seams, and there are two small windows for ventilation one at each end. This room is dark and unwholesome at present, but if there were three windows (mullion style) put in at each end, and one dormer window in the east side, and the room lathed and plastered, this would make a splendid dormitory.

There should also be a fire escape ladder put in at the north end, as at present it is a fire trap.

This School is a credit to the Department in every other way, but the per capita allowance, is not sufficient in view of the increased cost of supplies, to pay for these very necessary repairs.

At the time of our visit there were ~~in residence~~ only 19 boys in residence, and these had only been there a few days. Mr Green examined them in reading and spelling while I was there, in which they acquitted themselves well.

I would urge upon the Department the immediate need of these repairs to the Industrial School. The boys are quite able, under the management of the Trades Instructor, Mr G. Green, to do all the work, if the Department would find the material.

The principal of the School informed us that he could easily get 35 boys in residence if the equipment would allow it.

Your obedient servant,

A. W. Vowell

File 116987-211v

Ottawa, December 4, 1907

The Deputy Superintendent General.

I beg to report that I arrived at Alert Bay on the evening of Saturday, September 14, 1907, and inspected the Industrial school on the 16 making a measured sketch for future reference.

The school building is a balloon frame ~~one~~ built on mud sills laid on the gravel bottom and is in fairly good condition, excepting a few of the posts which are now showing signs of decay and will in a short time require taking out and renewing.

The main building is an oblong square 40 X 60 with gable to front and contains on ground floor, dining-room, sitting-room, office, pantry and bathroom and lavatory. The first floor contains six rooms for staff, with storerooms and one large dormitory. The attic contains one large dormitory lighted from the ends only.

In addition to the main building there is an extension containing sheds and store room immediately in rear of kitchen, also connecting with building at angles is school-room and workshop extension. This portion of building is one story in height only. In addition there are several small out buildings and an elevated wooden tank for water supply which is taken from a ~~small~~ well near the buildings.

The framework supporting the water tank is showing signs of decay and will require repairs to prevent settlement. The wooden drain conveying sewage to water front is rotten ~~and~~ and should be taken up and replaced with a tile or cement drain. The old wooden gutter pipes are rotting and should be taken down and new galvanized iron eavestroughs

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR COPY

eavestroughs and down pipes put up instead.

The workshop should be increased in size as there
boats, etc.,
is not room enough to build or repair, and this with house
carpentry appears to be the mechanical training which is
required in this district.

A recreation room is also necessary and this
could be provided at little expense if the room at present
used as a workshop is extended by 10 or 12 feet and used
for a recreation room and a new workshop built at a
greater distance from the classroom.

Fruit can be readily grown in this locality and
I am of the opinion that schools such as this should train
the children in the care and cultivation of fruit trees
and vines as ^{the growing of fruit} ~~this~~ should prove a profitable undertaking
for the graduates of schools in this district.

OTTAWA, 29th November, 1900.

Sir,

I have to acknowledge the receipt of your letter of the 20th instant enclosing communications from Mr Agent Pidcock and Mr Principal Corker of the Alert Bay Industrial school requesting authority for the purchase of a flag, a clock and a bell for that Institution; and in reply I beg to say that as the Department confines itself to the supplying of actual class-room requirements to such schools, it regrets that it cannot see its way towards complying with this request.

Sir,-

I have to acknowledge the receipt of your letter of the 3rd ult., inclosing a communication from Mr. Agent Halliday in reference to a previous requisition made by the Principal of the Alert Bay school for equipment and repairs, and in reply I beg to say that the Department is prepared to meet an expenditure up to \$500.00 for the extra beds and mattresses and tools required as well as the material needed in providing additional dormitory space and a fire-escape.

The Agent should be instructed to see that the work of repairs is thoroughly carried out and that the equipment purchased is of good value.

The amount above mentioned is in no case to be exceeded as it is the limit of the Department's contribution.

EX-1

Re 116947-5 Oct 26 /10.

Referrignto your letter as above I beg to state that when I went to Victoria to purchase the stumping outfit I found that the machine quoted in my letter of Sept 5 No 431/7, was not obtainable under a month as the one in stock at the time of my enquiry had been sold. I made enquiry as to whether any other machine was available and found that the Ducrest Machine which was manufactured in Victoria was a much more powerful machine having a lifting force of 246 tons as against 47 of the other machine. The Ducrest all ^{complete} ~~complete~~ cost \$150.00 which with an extra choker and pulley and anchor line amounted to the sum in the invoice viz \$179.15 as against \$142.50 as quoted. However the machine is worth considerably more than the difference.

Residential Schools,
Alert Bay, B.C.
November 1st, 1927.

To, The Secretary,
Dept. of Indian Affairs,
Ottawa, Ontario.

Re... Vitally necessary repairs at Girls' Home and Boys' School.

Sir :-

In pursuance to a request made by your Indian Agent, Mr. W.M. Halliday, for an itemised list of the repairs necessary at the Alert Bay Residential Schools, I have the honour to submit herewith what we consider to be most necessary to enable us to carry on our work until such time as the Department completes the construction of the new school. I might say that our Field Secretary, Dr. T.B.R. Westgate, was at the school when this survey was made, and I am asking him to write you in connection therewith.

Girls' Home.

Roofs. That on the lean-to over back entrance needs re-shingling, with new flashing put in. New flashing is needed all round the main furnace chimney, as water leaks through into the Vice-Principal's bedroom. All gutters should be overhauled, and new stand and down pipes must be installed. These should be at least 3" in diameter, in order to adequately carry off the large amount of rain that falls through the winter. Nearly all the down pipes in use at present are rotten.

Outside doors. Of the six doors of this type, three need replacing, those leading into back stairs, the furnace room, and the double door leading to the gardens. The others need overhauling, new thresholds, and new bolts. At present the two big double doors on this building both have to be kept shut with ropes, whilst one is kept boarded up all the time, there being no other way of keeping it closed. This is unsafe from the fire risk point of view.

Inside doors. Practically nearly all doors require new thresholds, four require locks.

Windows. In nearly all cases need weather strips, as a great deal of heat is lost through the draftiness from the windows. Seven new wire screen windows are required. These are absolutely necessary in this school on account of the moral question involved.

Transoms. Six require new guide irons, and supports.

Radiators. Four new steam cocks required.

Play-room. A small room, 17' x 10', should be V-jointed 5 feet above the skirting board. This room is in a disgraceful state of disrepair and is the only play room for 36 girls.

Furnace room. Two new windows are required, and the concrete work on window thresholds needs building up before the windows can be set in.

Furnace. Although the Dept. has ordered the inspection of the boiler and we have applied for such inspection, no-one has yet been to look the boiler over. The entire furnace requires asbestos casing, which should go on at once, as the fire can be seen through the side of the furnace walls.

Front steps of building are in dangerous state and should be re-lined and strengthened.

November 8, 1927.

Sir:-

I am enclosing you a letter from the Principal of the Residential Schools at Alert Bay, regarding the necessary repairs on the Girls Home and Boys School in response to your wire of Oct., 29th. These repairs all are necessary and I recommend that they be done. I went over the whole place with the Principal and the Rev. Dr. Westgate, and there is nothing asked for that should not be done, although the price of \$300.00 possibly maybe slightly more than will be required to do the work.

*right letter
I too
[initials]*

In drawing the plans for the new school building might I respectfully suggest to the architect to take into consideration that our winters here have excessively heavy rains and the roofs should be of a firm steep pitch in order to prevent the shingles or other roofing becoming saturated and causing leaks. It would, also, be as well to have as few valleys in the building in order to prevent leaking. The salt air is very hard on all flashing with the exception of lead flashing, and there is always a tendency to leak in the valleys.

Kwawkewlth Agency,
Alert Bay, B. C.
November 2, 1927.

Sir:-

I am enclosing Voucher No.88, for \$509.06, in favor of Alert Bay Saw Mills, for lumber and for material supplied to build the carpenter shop on the Industrial School Reserve, which is being fitted up for a temporary school room.

Competitive prices were obtained from the two saw-mills, one at Alert Bay and the other Wood and English Ltd., Englewood, six miles from here for ordinary merchantable lumber. Wood & English gave me a figure of \$20.00 a thousand f.o.b. scow at Englewood. The Alert Bay Saw Mill, gave a straight rate for that class of lumber at \$21.00, but owing to the fact that Englewood is six miles away it would be necessary to hire a scow and have it towed up to Alert Bay, and the scow returned, it was thought that the Alert Bay Saw Mill figure was cheaper. More particularly, as they had the finer grades of lumber such as rustic and flooring on hand, while the other mill does not make them at all and they would have had to be purchased elsewhere.

There will be another account later on for the lining which is now being put into the school, which is on a separate appropriation. The wages have all been paid up to date, but there is still a little money left over, and the painting is not quite completed, so that the statement and balance sheet will not be sent in until the building is entirely finished.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

Mr. Anfield, the Acting Principal of the Alert Bay Industrial School has furnished me with a copy of his letter of the 1st instant embodying a list of the repairs which are urgently required at this institution and the Girls' Home to enable the School work to continue during the approaching winter, and I greatly hope that these may be undertaken by your Department at the earliest date possible. The items mentioned were carefully considered in conjunction with Mr. Indian Agent Halliday during my recent visit to Alert Bay, and approved by him. If the drainage flume mentioned could be made of cement tile instead of plank it would be more satisfactory in the long run.

In another communication I will place before you certain recommendations with regard to the proposed new School at this centre. In the meantime I trust the repairs requested in Mr. Anfield's letter may be sanctioned and the work undertaken immediately.

Believe me, Sir,
Yours very truly,

B. R. Westgate

Dear Sir:-

During my recent visit to the Alert Bay School, Mr. Anfield the Acting Principal, directed my attention to the urgent need of proper filing cases for his office, and I undertook to write to you in this connection. If you could, by any means, arrange to let him have immediately the filing cases you would supply to the new school, it would greatly simplify his work. He would prefer the steel cases with the upper compartments capable of being locked.

I commend this need to your sympathetic consideration, and remain Sir,

Your obedient servant,

T. B. R. Westgate

Reverend Sir,-

I have your letter of the 21st instant, relative to the need of proper filing cases in the office of the Acting Principal of the Alert Bay Indian Residential School. In reply I beg to say that Mr. Anfield should forward an estimate of the cost of supplying the filing cases required. This should be accompanied by a cut from a catalogue of the firm from whom he can obtain the lowest quotation for the supplying of the cases required. When we have this information, consideration will be given to authorizing the purchase.

MISSIONARY SOCIETY OF THE CHURCH OF ENGLAND IN CANADA

NECESSITY FOR SCHOOLS MENTIONED ON SHEET 2

1. ALERT BAY New school at Alert Bay to amalgamate the two existing institutions and have a capacity of accommodating not less than 200 pupils, along with suitable provision for giving instruction in High School subjects. In addition to the main school building which should have a Principal's residence annexed to one wing, the following buildings, animals, etc., will be necessary:-

- (a) Farmer's residence.
- (b) Stock barn with open shed shelter, and six grade Jerseys and one team of horses.
- (c) Wood shed (Necessary on account of the heavy rain fall on the Coast).
- (d) Implement shed.
- (e) Poultry house to accommodate 200 birds, and 200 White Leghorns.
- (f) Piggery to accommodate 20 pigs and 1 boar and 5 sows.
- (g) Tool house (unless built in 1928 for class room).

With regard to (b) the following extract from the report made by Inspector Frank of the Health of Animals Branch, Ottawa, to the Chief Inspector of that Branch in Vancouver, B.C. on Aug. 22nd, 1927, relative to the requirements necessary to maintain a "supervised herd" in good standing at this school, should be noted:-

" I have suggested that, (1) the Industrial School Reserve, which is situated on the western end of Cormorant Island, should be fenced across the entire eastern boundary, and so prevent other animals on the Island having access to their ground. (2) a sufficiently large modern cow barn be built to accommodate between twenty and thirty head, with open shed shelter for the young stock. (There is an added reason why such a structure should have cement floors, gutters, mangers, etc., and a two or three foot side wall of the same material, that reason being the great number of rats which infest the Island."

The fencing referred to above will be 200 rods long. It should be 10 x 10 gauge and would cost about \$300. Four gates 12 x 12 gauge would cost about \$50.

Necessity for above:-

- (a) While the Girls' Home is comparatively new and in good repair, the Boys' School is old, leaky, drafty, and rests on timbers which in places have almost completely rotted away.
- (b) Neither building is capable of accommodating the number of children awaiting admission.
- (c) The cost of maintaining and administering two separate institutions is greater than would be required for one.
- (d) The distance from Alert Bay to any centre where instruction in High School subjects may be secured is so great as to place such instruction beyond obtainment by many who desire to have it.

It is suggested:-

- (a) That the new building should be erected at an elevation about 250 yds. be institutions.

CANADA

POOR-COPY

MISSIONARY SOCIETY OF THE CHURCH OF ENGLAND IN CANADA

NECESSITY FOR SCHOOLS MENTIONED ON SHEET 2

- (b) That the new building should be known as the Alert Bay Indian Residential School, and have accommodation for 200 pupils.
- (c) That a separate class room be provided for imparting instruction in High School subjects, unless the existing Girls' Home be set apart for this purpose and operated in conjunction with the Provincial Government of B.C.
- (d) That one set of out-buildings including a stock barn, a poultry house, piggery, a wood shed, and an implement shed should be provided for the new institution.
- (e) That provision be made in the estimates for 1928 for supplying the school with six good milking cows - preferably Jerseys as the school has now one Jersey bull, two fair Jersey cows and one calf, some Saanen or Taggenbery goats on account of their immunity to tuberculosis. Estimated cost \$600. A team of horses and harness should also be provided. Estimated cost \$250.

N.B. Provision should also be made for clearing more land. The land set apart for the use of the school comprises 410 acres. Only about 20 acres of this including the sites occupied by all buildings is cleared or under cultivation. The uncleared area is covered with coniferous timber and will cost about \$250. an acre to clear ready for the plough, and about \$150. an acre for light clearing leaving the stumps in the ground to rot.

An additional thirty acres should be cleared ready for the plough, at the earliest date possible. Modern machinery will be required for this and provision should be made for a tractor and stump puller similar to that supplied to the Sioux Lookout School, (Fordson Tractor, estimated cost \$2,128.75 - see my letter Sept. 28th, 1926), or of a stronger make. Estimated cost \$2,000.

The machinery required, according to the list compiled by the Acting Principal is as follows:-

"Tractor, either the 2 Ton Caterpillar (see enclosed letter), or the 10-20 McCormick Deering. Either must be equipped with belt pulley and preferably take off drive. Price of the McCormick is \$1100. Stump puller, attachments, freight, etc., \$700.

Circular saw, complete for use with tractor to cost \$86. Plow, tractor 2 bottom type, P.&O. "Little Genius" type by McCormick Deering is the best. It will cost \$120.

Harrows, 4 section, 20 tooth type, to cost \$32.50. Scuffler, McCormick Deering, 5 tooth, to cost \$16.50.

Wagon, one horse type, steel axled to cost \$105. Disc harrow, McC.D. #12-16, to cost \$80.

Engine and Pump for school supply. Must be at least 10 H.P. engine, and pump capable of filling tank at rate of at least 750 gals. per hour. I cannot get prices on these things locally and would need an expert to figure exact requirements. Rough estimate of total cost \$200,000.

Dear Sir,-

Referring to previous correspondence regarding the work which has been done at the Residential School Alert Bay, I return herewith the time sheet which you submitted, and the accounts attached. Kindly make out certified vouchers in duplicate in the usual way and forward them to the Department with these papers, in order that credit may be given for the expenditure incurred.

Your obedient servant.

23.

Kwawkeewith Agency,
Alert Bay, B. C.
Nov. 23, 1927.

Sir:

With further reference to past correspondence, particularly to your telegrams of Sept. 28th, and Oct. 29th, giving authority for the erection of a new building 25' x 40' to be used eventually as a Carpenter Shop when the New Residential School is built, but to be used for the immediate present as a school building for the Boys.

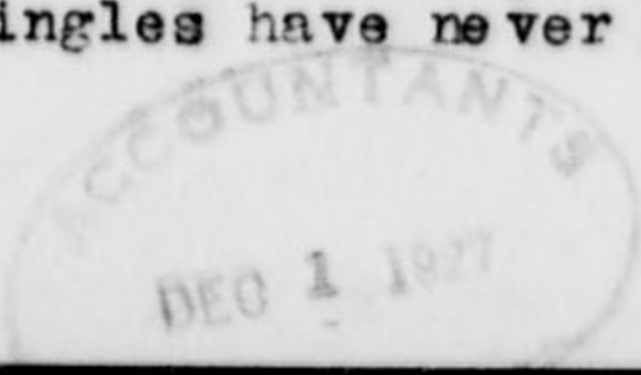

I am enclosing you a statement showing that I have on hand still \$22.72 from the cash advanced of \$500.00, which was sent me to meet the labor account and incidental expenses.

I am also enclosing you Voucher No. 95, \$104.27, for material which was used in the lining and completion of the building, as well as for the purchase of a heating stove.

With regard to the balance on hand, I have a man working, doing repairs on the Girls Home, and I would like to have about \$75.00 in cash to pay him for his labor. Will it be in order if you will send me an additional cheque for \$50.00 and use the balance that I have already on hand of \$22.72, or would it be more advisable to send me an accountable cheque for \$75.00, and I will return you my check for the sum of \$22.72, that is if you wish to keep the account absolutely separate in your files at Ottawa.

In my original estimate of \$1150.00 and the supplementary estimate of \$150.00 for lining and completion it was intended that the roof should be painted and the inside walls should be oiled and varnished. The weather has been such that it was impossible to do the roof as it has been one continuous spell of wet weather, so much so that the shingles have never been dry enough

since they were put on to make it wise to spend the money in painting, and as they were anxious to get into the school immediately it was decided not to put on the oil and varnish on the inside for the present.

From the various vouchers which I have sent in and statements in connection with this, the building up to date has cost \$1116.54, and I can assure you that the greatest economy has been practised in every way in order to keep well within the estimate.

Ottawa, December 20, 1927.

Sir:

The Department has received a communication from the Principal of the Alert Bay Indian Residential School enclosing the report of the Inspector on the heating equipment in the Girls' Home. It is noted that there are a number of matters requiring attention in connection with the heating equipment. You will, no doubt, have been supplied with a copy of the Inspector's report.

You should give the matter of the installing of a new front section your attention. It is noted that the Inspector recommends that this section be installed without delay.

The Inspector also states that several air cocks should be renewed, and that one steam inlet is in bad order. He also states that the safety valve is too small for the purpose of relieving excess steam, and that another, either flanged or screwed, should be attached to the boiler or to the steam pipes immediately adjacent to the boiler. Its diameter to be not less than 3" pipe size.

The Inspector further recommends that an experienced engineer, with a low pressure heating certificate, be in charge during the boilers operation, as, without this attention, his certificate authorizing a working pressure could not be issued.

You should see that this boiler is placed in good working condition, keeping all costs for the purpose as low as possible. The department will expect you to give this matter your personal attention, and you should forward an itemized account, in duplicate, properly certified, covering the cost.

Relative to the Inspector's remarks regarding the radiators, I am enclosing herewith copy of a communication to the Principal regarding the authority which has been granted him to have these repairs carried out.

W. M. Halliday, Esq.,
Indian Agent,
Alert Bay, B.C.

Ottawa, December 20, 1927.

Sir:

I have your letter of the 8th instant, enclosing the report of the Inspector of Boilers on his inspection of the boiler at the Alert Bay Girls' Home. The Department has noted the recommendation of the Inspector as to the need of a new front section and the other repairs required, and these matters are being taken up with Mr. Agent Halliday.

Relative to the repairs to the radiators, I have to confirm the following telegram to you of today's date:

"May incur reasonable expense overhauling radiators Girls' Home".

You may arrange to have these radiators thoroughly overhauled and placed in a satisfactory condition. You should keep all expense down to the lowest possible point. If necessary, you should obtain the services of a competent man to do the work. Any new parts required may be supplied. An account, in duplicate, covering the cost should be handed to Mr. Halliday to be certified by him.

It is noted that the Inspector recommends that an experienced engineer, with a low pressure heating certificate, should be in charge during the boilers operation, as per their regulations. It is considered that you should see that the Inspector's regulations in this respect are carried out and that a competent person is employed.

Your obedient servant,

A. E. MacKenzie,
Acting Asst. Deputy and Secretary.

Residential Schools, Alert Bay, B.C.
December 8th, 1927.

The Secretary,
Dept. of Indian Affairs,
OTTAWA, Ontario.

Dear Sir :-

I have the honour to enclose herewith the original of the Boiler Inspector's Report on the heating equipment at the Girls' Home. This inspection was requested by the Dept. some months ago, but as the inspector only comes up once or twice a year, it was necessarily deferred.

It will be noted on the report that there are quite a number of things requiring attention in connection with this furnace, the largest item being that of a new front, the present one being cracked. It is more than likely that this crack was caused by the flood waters which came last Xmas, and rose above the fire box of the furnace, putting it out of action for nearly three weeks.

Might I ask the views of the Department in connection with the urgent necessity of some of these repairs, especially the overhauling of the radiators, many of which have to be kept shut off owing to lack of steam cocks, leaks, etc. We are now in the midst of the bad weather of the year, and the building is cold. As the Indian Agent is at present away on his holidays, and has closed down all repair work at the School until his return, ^{but though} for the life of me, I cannot understand why, might I request please telegraphic authority to have the radiators put into shape at once, and leave the furnace front and valves until Mr. Halliday's return.

I should also draw to the Dept.'s attention the absolute necessity of having the flume drainage put in from the fields at the back of this school, and so prevent any possible recurrence of last year's flood. Already, this year has exceeded last for rainfall, as it has rained almost continually for the past two months, and the waters in the field at the back of the School are rising.

The bill for inspection and typewritten copies of same will doubtless be going forward to Mr. Halliday, as I have not received them.

Trusting that these matters may receive early and favourable consideration,

Believe me, Sir,

Karl Ruffell Principal.

Ottawa, December 7, 1927.

Sir:

I have your letter of the 29th ultimo, enclosing accounts covering the cost of installing fire gongs on the floors of the Alert Bay Boys' and Girls' Indian Residential School. It is noted that these gongs have been tested and were found to work satisfactorily. The accounts will be paid in due course.

With reference to the installing of a fire escape for the girls' school, it is noted that neither you nor the principal considered that the sliding pole escape would be satisfactory and that, after careful consideration, it was decided to install a metal chute, leading from the sleeping porch to the ground, and that this is now being carried out. The Department approves of the action taken and of the type of fire escape now being installed, and it is hoped that it will be entirely satisfactory.

When the work has been completed, you should forward an account, in duplicate, properly certified, covering the expenditure in installing the fire escape.

Your obedient servant,

Sgt. J. R. L. MacInnes

23.

Kwawkewlth Agency,
Alert Bay, B.C.
November 29, 1927.

Sir:-

With reference to your letter of Oct. 25th, giving authority for the installing of fire gongs on the floors of the Boys and Girls School, and also of the installation of a fire escape considered to be the most satisfactory to myself and the principal, I am forwarding you Vouchers No. 97 and 98, for \$1.66 and \$87.79, in favor of the Alert Bay Saw Mills, and the Brettell Distributing Company Limited, Vancouver, B. C.

These gongs have now been installed in the school and on a test have worked very satisfactorily. They have two methods of working. There is a switch in the bedroom of the principal which by being connected will ring the alarm at any time, and the other is a small glass hanging below the gong with a little weight attached to it so that when the glass is broken the alarm becomes automatic.

With regard to the fire escape for the Girls School, I went into this matter very carefully with the principal, and your suggestion about the sliding pole with a landing on each floor was not considered to be advisable in this building for two reasons. In the first place it would require a well hole to be cut on the first floor which would weaken the building considerably, and would be more or less of a menace for children falling through the hole even with a good railing around it, and the other objection was that a number of the girls are small it was feared that they would not be able to successfully negotiate the sliding pole and might fall and break an arm or leg, which would create a poor impression in the minds of the older Indians. After careful consideration it was decided to put a metal shoot similar to what is used on the play-grounds of the ordinary public schools, leading from the sleeping porch to the ground. The installation of this is

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 2)

PUBLIC ARCHIVES

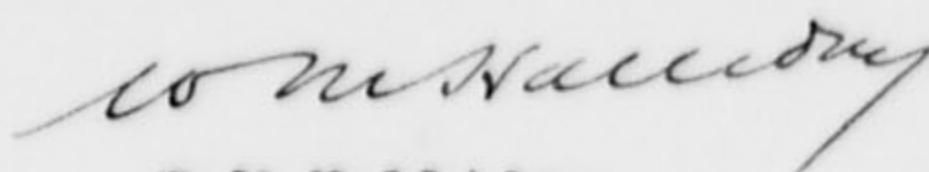

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

not quite complete yet, but the principle on which it works is that inside of the building there is a small windlass and a pliable wire cable leading from the windlass to a pulley attached on an iron hook outside of the building, and a small counterpoise weight also attached so that it would not come down with a great jerk. In case an alarm is sounded the door on the opening of this will be opened and the outer end of the shoot will be in position and all the children can go out in a very few minutes. The expense is going to be comparatively small in connection with it, and a voucher will be sent from the General Repair Shop for the shoot and fittings later on.

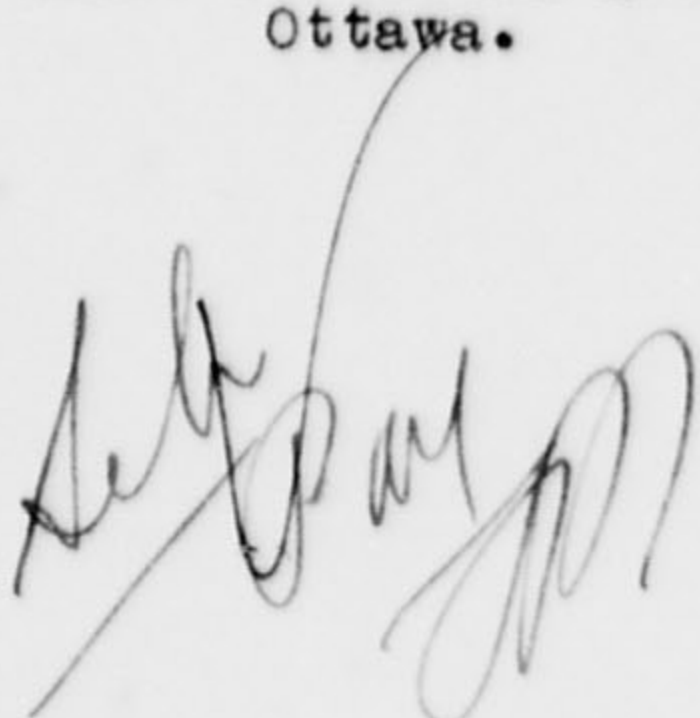

Your obedient servant,

W.M. Halliday

Ans.

Sir:-

I am enclosing two vouchers, No. 106
for \$37.00 in favor of the Alert Bay Saw Mills,
No. 107 for \$67.85 in favor of the General Repair
Shop, Alert Bay, B.C.

*Recommend
for payment*

I am also enclosing a copy of a letter
which I have received from the Principal of the Alert
Bay Residential Schools, with regard to these accounts.
He states that they were unable to obtain installation
and force feed Lubricator at the price mentioned in the
quotation to me, namely \$63.00 f.o.b. Vancouver. I
have informed the principal that there is a great deal
of difference between the quotation which he furnished
me and the price finally paid, but I am forwarding to
you these vouchers to be dealt with as you may think
fit.

You will notice that just about the time
this was completed the disastrous fire occurred and
the work all had to be done over again. Your autho-
rity is file 156-0-5, May 14th.

COPY

Residential Schools, Alert Bay, B.C.
December 8th, 1927.

To,
W.M. Halliday, Esq.,
Indian Agent, Alert Bay, B.C.

Dear Mr. Halliday:-

I beg to enclose herewith vouchers for Lubricator and repairs to pump, carried out prior to holidays per authority of yours of the 21st of May of this year.

At that time you had secured authority for us to instal a force feed lubricator on our Petter's Engine, and your letter stated that bills would be paid up to \$68, f.o.b. Vancouver, and authorizing me to purchase said lubricator and instal it.

I went to see Mr. F. Wastell, and he advised me that the price quoted me by the B.C. Equipment Co. was a "hold-up", and recommended me to purchase the lubricator alone and have the other parts, including the eccentric, rods, boring, etc. done locally. He stated that he thought the lubricator alone would not come to more than \$20 or so. I followed his advice and instructed the Marine Repair Shop to go ahead and instal the lubricator. He found that every bearing in the engine was burnt out; that spray nozzle was out of order; that pump for fuel was not working, and that the machine in general was in bad state of disrepair. He built the eccentric and put on the lubricator, but still the machine did not lubricate properly, and much time was spent in adjustments. The job was not finished until some days after I had gone away on my holidays, and when I came back I found the machine and pump house had been burnt up. It was only then that we found out the trouble, the machine had no oil rings in it, and all lubricators in the world would not have stopped burnt out bearings. I am quite satisfied that Jorgenson tried his best to make the engine run properly and also that the time spent on it was entirely necessary, and also that if the engine had been run for as long daily as that at the Sawmill, that it would have been on the scrap heap long before. The lack of the oil rings has cost the Department a log of money, and the schools a lot too, as the machine was literally loaded with oil all the time, and even then would seldom run more than two or three hours without heating up.

Then the bills came in from the B.C. Equipment Co. for the lubricator, as Mr. Wastell had been forced to purchase it there as they seem to have a monopoly on the Petter Equipment. He at once protested the bill, and a long correspondence ensued. I think that had not the lubricator been destroyed in the fire that Mr. Wastell would have sent it back and purchased another kind.

COPY

In view of these circumstances, might I ask please, that you will recommend to the Department, the payment of these bills, as from what I can make out, they were unavoidably though regrettably higher than the amount sanctioned.

I might say that since the Dept., through you, had the engine fixed this last time, that it has run beautifully, and I feel that had the oil rings been put in when the machine was first installed here, that there would never have been any trouble.

With kind regards, Believe me,

Very truly yours.

Files for Office of Alert Bay Residential School

Sir :-

With reference to your letter File 156-0-5, of Nov. 28, addressed to our Field Secretary, Dr. Westgate, and relative to the supplying of filing cabinets for the use of the Principal of these schools, enclosed please find the lowest quotation on files that would be suitable for this kind of work.

Might I ask please for the #2706, New Steel 4 drawer foolscap size, equipped with a lock, and supplied with the following :-
4 sets alphabetical guides.
400 folders manilla, $\frac{1}{2}$ cut.

At present I would only ask that one cabinet be installed, as it is not our wish to put the Department to any undue expense. Then when the new school is completed and increased space is required for filing purposes, we can approach the Dept. for another filing cabinet.

I have the honour to be,

Sir,

Respectfully and sincerely yours,

Harlanfield
Principal.

Dear Sir:-

Referring to your letter of the 8th. We are sending you pamphlets showing the various lines of steel files we are making, and are pleased to quote you on these as follows:-

#2304	HERCULES	- 4	drawer, letter size	..	\$57.50
#2306	"	- 4	" foolscap "	..	63.50
#2704	NewSteel	- 4	" letter size	..	46.00
#2706	"	- 4	" foolscap "	..	51.50
#2504	"		Special cabinet		38.00

This file is made only in letter size.

We also have the files three drawers high, priced as follows:

#2744	- 3	drawers, letter size		\$37.25
#2746	- 3	" foolscap size		42.00

The above prices are per cabinet, freight prepaid to Alert Bay.

We hope this will meet with your approval and shall be glad to have your instructions for delivery.

Ottawa, December 29, 1927.

Rev. Sir:

I have your letter of the 21st instant, enclosing a quotation which you received for supplying a filing cabinet for the use of the Alert Bay Indian Residential School.

In reply I beg to say that you may arrange with the Office Specialty Mfg. Co. Ltd., Vancouver, to supply 1 Cabinet, No. 2706, New Steel, 4 Drawer Foolscap Size, equipped with lock and supplied with 4 sets of alphabetical guides and 400 manilla folders, 1/2 cut. We note that the cost of the cabinet will be approximately \$51.50.

Please obtain an account, in duplicate, covering the cost of the above supplies. This account you should hand to Mr. Agent Halliday, who should certify same and send it to the Department in order that payment can be made. Please inform Mr. Halliday of the authority granted you for the purchase of the above equipment.

Your obedient servant,

A. F. MacKenzie

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

Mr. Anfield, the Acting Principal of our Society's Schools at Alert Bay, has furnished me with an extract from your letter (date not given) in which you informed him that the boiler Inspector recommended the appointment of an experienced engineer, with a Low Pressure Certificate to take charge of the boiler at the Girls' Home when it is in operation and requesting that a competent person be employed.

During my visit to this school at the end of October last I carefully examined this boiler in company with Mr. Anfield, and Mr. Indian Agent Halliday, and my recollection of the conclusion we reached with regard to it was that it was not in a very satisfactory condition. We felt, however, that in view of the prospect of a new school being provided at this centre in the near future we would not be justified in asking your Department to go to the expenses of having it removed and a more suitable boiler installed instead. As Mr. Anfield points out in his letter referred to above that this boiler has been handled by the ladies in charge of this Home for the past 15 year, with assistance rendered when necessary by the male agents on the staff, I am not convinced of the necessity of incurring the expenditure which would be involved in the appointment of the engineer recommended by the boiler Inspector, and am of the opinion that as Mr. Anfield, himself, is a very practical man, and is assisted by Mr. Connell, who is also a practical man though not a certificated engineer, the management of this part of the equipment at the Girls' Home might safely be left in their hands for the rest of this winter and until the new school building has been completed. Our Society has not made any provision in their estimates for this school for the current calendar year for an engineer, and in the present state

of our Society's finances, I am quite at a loss to know where we can secure the salary for such an agent. I shall be glad, therefore, to know if your Department will agree to allow the existing arrangement to stand in view of the considerations which I have mentioned above.

Believe me, Sir,

Yours very truly,

EXTRACT FROM LETTER OF W. M. HALLIDAY, INDIAN AGENT,
Alert Bay, B.C., dated January 4, 1928.

Original on File 156-1-10

[Handwritten signature]

In another letter from the principal of the School, he recommends that the new building erected over the pump be completed as the lumber that was put in has shrunk so that it leaves the seams wide open. I would recommend that I be allowed to purchase three rolls of building paper and enough Rustic to cover it in and allow the work to be done by the pupils of the school.

Ottawa, January 18, 1928.

Dear Sir.-

I beg to draw your attention to voucher No. 58 which you submitted in August last in favour of the British Columbia Fishing & Packing Company, Limited, of Alert Bay. The voucher was made out for \$76.97 and was paid by official cheque No. 2371 at that amount, but the account which was attached to the voucher while made out for \$76.97 showed certain alterations, namely, a deduction of \$5.25 for "Cold starters", and there was a charge of \$2.35 for shingle nails. The total amount of the account, therefore, was \$74.07, and the total overpayment which the Company received was \$2.90. You should obtain refund from the Company to this amount without delay, if, as appears, a deduction of \$5.25 should be made for "Cold starters".

Yours truly,

F.H. Paget
Chief Accountant.

Sir:-

I am acknowledging your letter of December 20th, dealing with the matter of the heating plant at the Girls' Home at Alert Bay.

Would you kindly send me a copy of the report of Mr. O'Neil, the boiler Inspector, as I have never seen it, and when I spoke to Mr. Anfield about it he said that he only had one copy which he had forwarded to you.

I have taken up the matter of a new front with the Gurney Foundry Company, from their Vancouver office, as the furnace was made by them and was installed in 1911. Regarding the rest of the repairs they are being attended to, and as soon as completed a full report with the invoices will be sent you.

With regard to the incorporation of the Girls' Home building into the material fabric of the new institution, I can only remind you of the great dissatisfaction which attempts of this kind have given in the past. The remodelling of the Old Sun School, and the fitting up of the old Blackfoot Mission house as a Principal's residence, may be taken as a case in point. Neither are satisfactory, and yet the cost cannot have fallen very far short of brand new buildings in either case.

Residential Schools,
ALERT BAY, B.C.,

January 20th, 1928.

[Handwritten signature]
The Secretary,
Department of Indian Affairs,
O T T A W A, ONT.

Sir:- re Furnace Installation - Proposed New School,
Alert Bay, B. C.

I have the honour to bring to your attention the following suggestions with regard to the proposed new school at Alert Bay.

At the present time there is a great deal of difficulty entailed in the securing of coal supplies for plants using this fuel at Alert Bay. For some reason or other, the mines require a great deal of notice before shipment of coal can be made. In addition to this, there is a considerable hazard in bringing coal in large amounts to the Bay. Should the furnace in the new building be of the coal-burning type, sufficient coal will be required to make it almost essential that this fuel be brought in by scow, owing to prohibitive freight rates on the coast cargo carriers. I have figures to show that coal laid down in less than 50 ton lots at Alert Bay costs more per ton than coal delivered by the carload at Lytton, B.C. The relative figures are \$11.50 per ton at Alert Bay and \$10.25 at Lytton.

In addition to this question, we have to face the fact that coal brought in to Alert Bay either by scow or freight boat in such quantities as will be required in the new school will mean a tremendous amount of manual labour to bring from either the beach or wharf to the schools. At the Bay we have at present only one horse and one small cart which cannot handle more than 500 lbs. So it will appear that the fuel problem at the proposed new school will be a serious one and one that I feel the Department should take under serious advisement.

I am investigating at present two proposed alternatives to the burning of coal, one being the Oil-o-Matic Burner for installation in standard type furnaces and also a new sawdust burner for standard type furnaces.

With regard to the former, I should say that in Alert

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

20.1.28.

Bay there are four companies with oil stations and fuel oil could be procured at wholesale prices with a minimum of expense in placing same in the school. The great advantage of this type of burner appears to be its cleanliness and ease of operation, coupled with assurance of steady heat. Although I have not at present the figures, I am given to understand that the initial cost is amply repaid by economy of operation.

The sawdust burner is a new idea and is at present in operation in several large hotels and apartment houses in Vancouver. However, they have been faced with the problem of a lack of sawdust for fuel, which condition of course would have to be seriously thought out with reference to Alert Bay. There is, as the Department knows, a sawmill there belonging to the B.C. Fishing & Packing Company, which I understand has just signed a re-lease of the Mission property on which the sawmill stands, for a period of 99 years. As at present operating, this sawmill will be compelled to put in a modern standard sawdust burner and I feel that were the Department convinced of the assuredty of fuel supply from this mill, that the sawmill authorities would be glad to get rid of the sawdust and could possibly save themselves a large bill for the erection of a new burner. Of course, it must be taken into account that with the present precarious condition that exists in the fishing industry, the time might come within the course of years when this sawmill would cease to operate.

Of the two alternatives, I feel that the Oil-o-Matic system presents the best possibilities and I will forward to your Department full literature and particulars of same as soon as I have procured these.

Trusting that the Department will give to these matters their very earnest consideration, I have the honour to be, Sir,

Your obedient servant,

Harold Anfield
Principal.

Residential Schools,
ALERT BAY. B.C.
January 20th, 1928.

[Handwritten signature: J. H. Halliday]
The Secretary,
Department of Indian Affairs,
O T T A W A. ONT.

Sir:-

I am in receipt of a communication from Canon S. Gould, Secretary of the M.S.C.C. to the effect that the Department contemplate making replacement of the present buildings at the Residential Schools, Alert Bay. In this connection, there are some points that I wish to bring to the attention of the Department.

[Handwritten in left margin: 156-0-15-9, Intrast]

SITE It has come to my attention that there is some controversy about the location of the new buildings. Some years ago, the Department had cleared ten acres of land for the proposed new school. This site was chosen by our Dr. Westgate, working in conjunction with your Indian Agent, Halliday and a Mr. Myles Morley who, I understand, was appointed by your Department for this purpose. These three gentlemen were unanimous in their opinion with regard to the moving of the location of the school from the present site which is on the beach to a more elevated position, the site chosen being some 250 feet above sea level. Acting on their recommendation, the Department had cleared the necessary land for construction purposes. It is only recently that your Indian Agent, Halliday, seems to have taken objection to the site originally chosen, his claim being that weather conditions, coupled with increased cost of transportation of supplies would render the operating cost of the new plant greatly in excess of what it would be should the school be built down below. Speaking personally, I am quite prepared to abide by the decision of your Department as to location, but I feel that I should inform you that should the field between the two schools be chosen, it will be necessary to have thorough drainage put in to make this building at all safe. All the land at the bottom of the hill is a gravel bar and I feel that were test piles driven water would be found very close to the surface. Your Department will no doubt be aware that when the girls' home was constructed, it was impossible to find solid foundation land. Might I suggest, in closing this subject, that an architect be appointed to proceed to Alert Bay and make definite choice of location, independent of existing opinions at that place.

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

20.1.28.

ACCOMMODATION: As this will be the only school under the administration of the Indian & Eskimo Commission in the Province of British Columbia; and as the field to be served is very extensive, stretching as it does from Cape Mudge to the Naas River and taking in the Anglican children of the Queen Charlotte Islands, we would strongly recommend that accommodation for at least 175 children be incorporated in the new plant. I am under advisement from your Indian Agent at Masset, Queen Charlotte Islands that he would be prepared to give us at least 30 children; and I am also in receipt of communications from Indians of the Prince Rupert agencies expressing a desire to have their children who are Anglicans transferred from the Coquilleetza Residential Institute, Sardis, B.C. So it will be seen that we will have no trouble whatever in filling this school and in keeping it filled.

TYPE OF BUILDING: I have to inform you that I have this day returned from Lytton, B.C., where, at the invitation of the Principal, Rev. A. R. Lett, I, with him and the foreman of construction, made a careful inspection of the new St. George's school. Allow me to congratulate the Department on the splendid building that they are putting up for the education of the children of the Interior Indians. I feel that we could not do better than ask the Department to give us at Alert Bay a replica of this building. There are, however, a few changes that might be incorporated in our building and so save the Department the necessity of having to change the plans or add extras on to the initial contract, and I feel that if these suggestions are given due weight that a building will be erected worthy of the best interests of the Department of Indian Affairs. For convenience, I will deal with the building floor by floor.

GROUND FLOOR

Playrooms: Should the Department build to accommodate the requested number of children, the playroom space in this school will be entirely inadequate. It is well known in Child Welfare Work that segregation of age and type are essential for the best interests of children. One playroom for 100 boys ranging in age from seven to eighteen does not bring an institution of this size in line with modern Child Welfare ideas.

Bathroom & Toilets: These I note are placed on the ground floor. Might I suggest that the three shower baths be reduced to one, thus allowing five tub baths, which will be none too many for the number of children using them. Four toilets are far from sufficient and I would suggest that the number be

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

20.1.28.

increased to at least six, leaving the urinals as per the plans. If possible, I would suggest the removal of both bathrooms and toilets to another part of the building, and turning the space at present occupied by them into a junior play room.

Diningroom - Staff: As there will be no married staff quarters available at Alert Bay outside of the Principal's residence, all staff members will have to use this dining room, which will be very much too small. The plans show a 12' x 18' room, which should be increased in length at least to 24 ft. In this room there should also be a door allowing direct contact with the kitchen, thus preventing the necessity of staff food and dishes being carried from the kitchen through the children's dining room into the staff dining room.

Kitchen: It will be noted in the plans of the St. George's school that there is a 24" steel girder supporting the walls and ceiling. Below this come the pipes, etc. As there is no great weight supported by this girder, would it not be possible to decrease its depth to, say, 12", which would raise the piping out of reach of the children. Might I suggest, please, that toilets be installed in the two closets in the corridor outside the kitchen.

Schoolrooms: These rooms are excellent, with the exception of the one immediately adjacent to the Principal's residence, which has blocked the light on one side. If this could in any way be remedied, it would make the work very much easier both for pupil and teacher. There is need in all school rooms for doubling the blackboard space at present granted.

Sewing Room: As there will be no continuation class at Alert Bay for a year or two and as there will be a great deal of sewing and dressmaking carried on for the large number of new children to be admitted, might I request please that a double door be placed, allowing access from the sewing room to the continuation class room which could be used as a dress making room, allowing the sewing room to be kept for mending, etc.

FIRST FLOOR

Gymnasium-Assembly Hall: We would strongly urge the Department to allow the Assembly Hall to be equipped for a gymnasium, and the windows to be screened as has been done at Lytton. It will be also necessary that radiation should be of the wall pattern, as, should the radiators be placed on the floor as they are at Lytton, children playing basketball or other

Indian Affairs. (RG 10, Volume 6427, file 875.5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

20. 1. 28.

games are liable to serious injury. As the window screens will be permanent, might I suggest that windows be constructed to open outwards.

Principal's Office: Might I suggest that a door be placed between the Principal's office and what is the white children's class room at Lytton, as I intend using this room as an office and receiving room for bales for the use of the Matron in Charge and access to and from the Principal's office would be very helpful.

Toilet Accommodation: I notice that there is a room for visiting Indians and that, under the plan of St. George's, such Indians would have to use the only staff bathroom and toilet on this floor. This, I am sure, the Department would not wish to happen and I would suggest that toilet accommodation for the visiting Indians' room be incorporated in a closet built into the room.

FIRST DORMITORY FLOOR.

There is no method shown on the plans for separating the boys and girls on this floor. It is most essential that a double door be placed at the Infirmary entrance, thus allowing boys and girls to enter the Infirmary from their respective sides of the building without meeting in the passage. This partition would necessitate another staff toilet and bathroom on this floor.

TOP FLOOR

Although there are two staff bedrooms on this floor, there are no toilet facilities on the plan and I feel that it is only fair to the staff that such should be installed and that they should not be asked to go downstairs for toilet purposes.

GENERAL

Storage: There is a sad lack of storage space provided in this building. We would bring to the attention of the Department the fact that most of our children are clothed from bales sent by the W.A. and this method requires a very large storage space, as most of the bales arrive at approximately the same time. Might I suggest that two large storage rooms be built off the hall leading from the main building to the Assembly Hall and abutting on this corridor.

Indian Affairs. (RG 10. Volume 6427 file 875 c - part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

POOR-COPY

20.1.28.

Cupboards and Lockers: The plan of the new St. George's school shows no provision for locker space either in the play rooms or dormitories. As the children are away from home and have no place that they can really call their own, might I urge strongly that the Department instal steel individual lockers in the basement playrooms and wooden open type lockers either in the dormitories or corridors adjacent thereto. These lockers would be used for the children's clothing. It will also be most necessary that adequate cupboard and shelf facilities be placed in the sewing rooms and in all storage cupboards.

Should the Department see fit to build the Assembly Hall as a gymnasium, might I ask that the thickness of the floor be double that installed at Lytton. This will be necessary for the installation of gymnasium apparatus.

Water Conservation: The Department is no doubt aware of the excessive rainfall at Alert Bay and I would strongly urge that a large soft-water conservation tank be installed on the laundry roof, large enough and so equipped that it could handle practically all the water from the roof downpipes. As we have to pump all water for the school, such a tank would mean a tremendous saving in operating costs as related to the water supply of the school.

It is most essential that doors be placed allowing entrance to the rear of the building from both boys' and girls' sides.

Principal's Residence: Might I suggest that a window be placed looking out over the playgrounds, similar to that put in Mr. Lett's house at Lytton.

I would recommend and ask that the Principal's residence and the boys' side of the building be placed together and the girls' wing on the other side of the front entrance. With this plan, it will be necessary to place the boiler room and engine house to the rear of the boys' side, with the kitchen and laundry accessible to and to the rear of the girls' side.

I would strongly recommend that some kind of tower be placed on the roof of this building, to take from it the extremely flat looking appearance which the new St. George school has. This might be incorporated in a bell tower.

To ensure adequate water supply for domestic and fire-fighting purposes, it will be necessary for the Department to

The Secretary, Dept. of Indian Affairs - 6.

20.1.28.

enlarge the present reservoir capacity and also to instal a larger engine and pump. The well supply of water will be adequate to allow of increased pumping facilities.

I am at present working on the equipment to be required for this new school and will be ready to submit same to the Department in a week's time.

Trusting that the Department will favourably view these suggestions and assuring them of our utmost willingness to co-operate in the erection of a building that will be both useful and pleasing to the eye, I have the honour to be, Sir,

Your obedient servant,

Harl Anfield
Principal.

SIMPLEX IMPROVED TURBINE OIL BURNERS
SPECIFICATION.

OIL BURNER &
STORAGE TANK:

This oil burner contractor to provide and install complete Oil Burners and Oil Storage Tank according to the following specifications and the Rules and Requirements of the National Board of Fire Underwriters for the Storage of Fuel Oil and for the Construction and Installation of oil burning equipments shall be considered as part of the specification.

EXCAVATION:

Owner to do all necessary excavating for oil tank and oil piping, from tank to burner set and backfill trench after pipe has been installed.

TANK:

Tank to be 4'6" x 15'0" long of 3/16 gauge shell and 1/4" heads, and equipped with the necessary pipes, flanges, and manhole cover, complete with watertight gasket. Capacity 1500 Imperial gallons.

OIL PIPING:

Provide 2" suction and 1-1/2" return lines from tank to burner sets. Install oil piping from burner sets to burners at boiler. Provide and install 2" vent pipe from tank into wall of building 6'0" above ground, or as per District or Fire Underwriters ordinances governing same.

OIL BURNER:

Two No. 22 Simplex Improved Turbine Burner sets consisting of two burners to each set.

Two 1 H.P. motors, two pumps, two fans, two oil strainers, two oil pressure gauges, regulating valve. to be placed in convenient position to heating boiler. Motor 110 or 220 Volts, single or three phase.

SETTING:

Fire box to be lined with fire brick, set in fire clay as instructed by the Oil Burner Manufacturing Co.

The entire equipment to be assembled in a thorough and workmanlike manner.

Indian Affairs. (RG 10, Volume 6427, file 875-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

POOR-COPY

ELECTRIC WIRING
FOR MOTOR:

All electric connections to be made complete with necessary switches from openings left by owner near boiler.

GUARANTEE:

The contractor installing the above equipment must guarantee to replace free of charge any parts found defective due to imperfections of workmanship or material for a period of one year, and that the same will produce the maximum efficiency with the minimum consumption of power and oil and will operate in a satisfactory manner for the purpose for which it is intended.

156-0-15

The Secretary,
Dept. of Indian Affairs,
OTTAWA, Ontario.

Sir :-

In further reference to my letters of recent date, dealing with matters pertaining to the proposed new School at this centre, enclosed please find literature in connection with the installation of oil burning furnace.

I might say that oil would cost approximately \$2 1/2 a gallon at Alert Bay.

Whilst I realise that it is hardly my province, yet I am aware from past experience, that the Department are always willing to give due weight and consideration to suggestions from those who will have the administration of the splendid buildings being built by the Department for the Indian children of our Church.

All of which is respectfully submitted for your information.

I have the honour to be,

Sir,

Your obedient servant,

Harold Anfield
Principal.

Jan. 24th. 1928.

Mr. F. Earl Anfield,
Principal,
Indian Residential School,
Alert Bay, B.C.

Dear Sir:

In connection with the enclosed tender you will note that we did not include excavating for the tank and piping in our specification, as not knowing the nature of the ground, we are not in a position to figure this work. You will also please note that we figured two #22 Simplex Units. Each unit has ample capacity to handle the job itself, but we thought it advisable to duplicate in case of trouble with one unit the other can be utilized.

Answering your request for an estimate on the probable oil consumption; providing that the climate at Alert Bay is very similar to the Vancouver climate you should use approximately 25,000 gallons of oil per year.

For your information, we would state that we are installing this same type of burner in the Examining Warehouse here for the Dominion Government. One unit is now in use and the Engineer claims an immense saving over coal.

Trusting this meets with your approval,

Yours truly,

BARR & ANDERSON, LIMITED.

FUEL OIL AND
DAMPER CONTROL

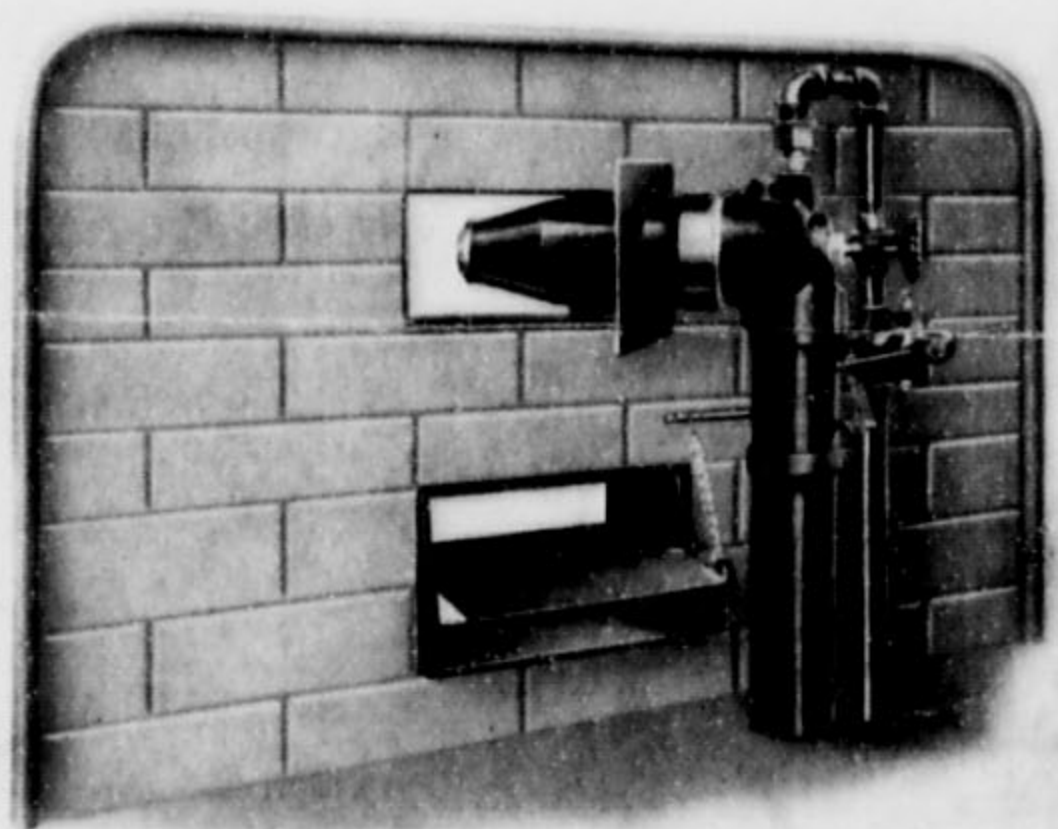

THE value of fuel oil as estimated by the World Powers and their Diplomatic Acts and Treaties to secure the oil rights of home and foreign oil fields must convince the most skeptical that oil as a fuel is of the greatest value, and the success and value of this fuel depends on the oil burner and the proper application and installation of the equipment.

The design, material and workmanship on Simplex Oil Burners is the product of many years of experience in oil burning and combustion engineering, not only on the Pacific Coast, but in handling successfully the heavy Mexican oils in Atlantic and Southern cities as well as the lighter oils of the mid-continent fields.

To the investor who wants a well built, reliable and efficient oil burning equipment for the purpose for which Simplex Oil Burners are built we can give assurance that money can not buy a better built and more efficient oil burning equipment than is here presented.

SIMPLEX OIL BURNERS

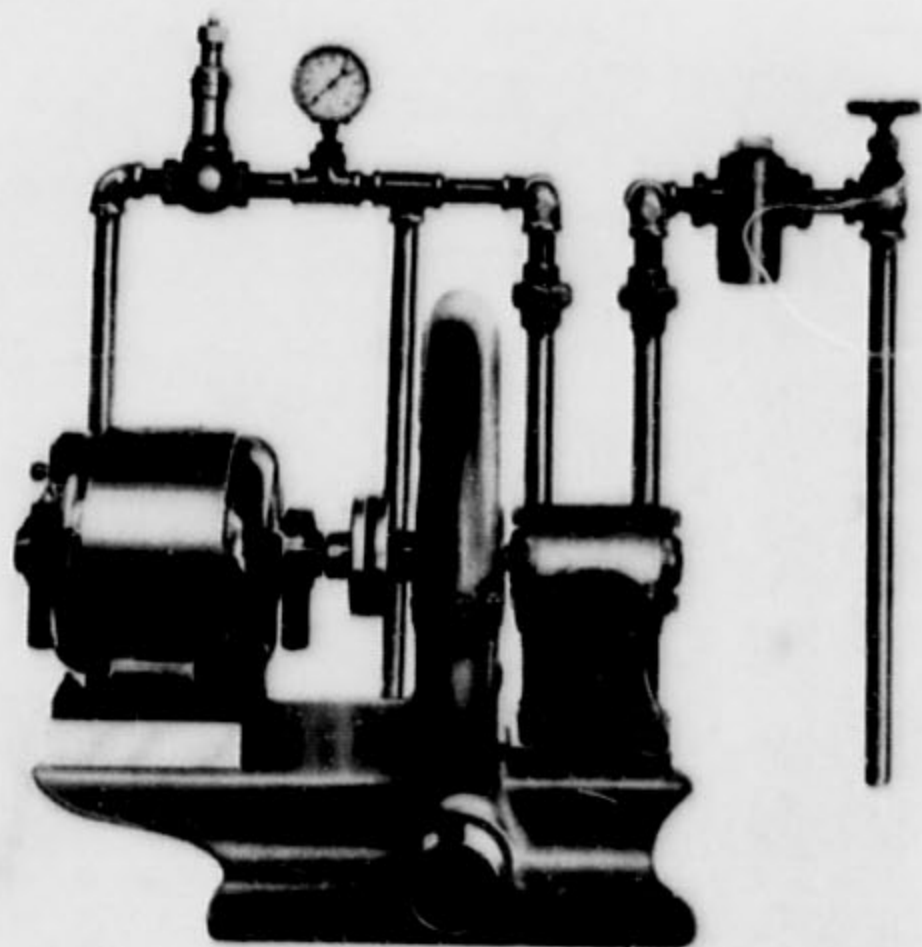

"B" Type Simplex Improved Turbine Oil Burner, Type Used for Horizontal Brick Set Boiler where Burner has to Project Through a 9" to 18" Brick Setting — Illustrating Burner in Firing Position and Burner Withdrawn from Firebox.

THE SIMPLEX Improved Turbine Oil Burner is the only mechanical atomizing oil burner which embodies the principles of a carburetor, that has the synchronised regulation of the fuel oil, the atomizing and projecting power of the burner and the regulation of the necessary air for combustion. By the operator of an automobile this feature will be readily appreciated as the true relationship of the proper amount of air that is mixed with the hydrocarbons and the power generated is on a parallel with the efficient combustion of an oil burner. This regulation is controlled either by hand or by attaching the regulating arm to the damper regulator on a low pressure heating boiler.

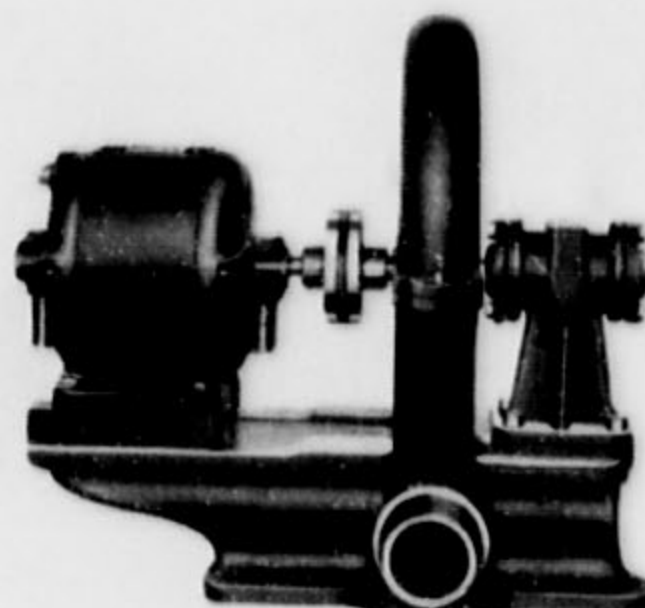

The feature of the Simplex Improved Turbine Burner is the pneumatic turbine drive of the rotary atomizing oil cup. With this feature it is possible to attain a centrifugal force of sufficient power to break up the fuel oil into a very fine fog which is the first essential function of a successful oil burner. The spent air then passes through the nozzle and is the power to project the atomized oil into the combustion chamber; here the vaporized oil fog comes into intimate contact with oxygen of the air and a highly combustible mixture is attained.

Tests with an Orsat instrument show a combustion gas analysis of over 98% efficiency.

A small motor driven direct connected fan and oil pump unit furnishes the necessary air and oil for the burner. Where there is a multitude of burners to be installed, a large motor, fan and oil pump is used, sizes and capacities varying, as data given on page 3.

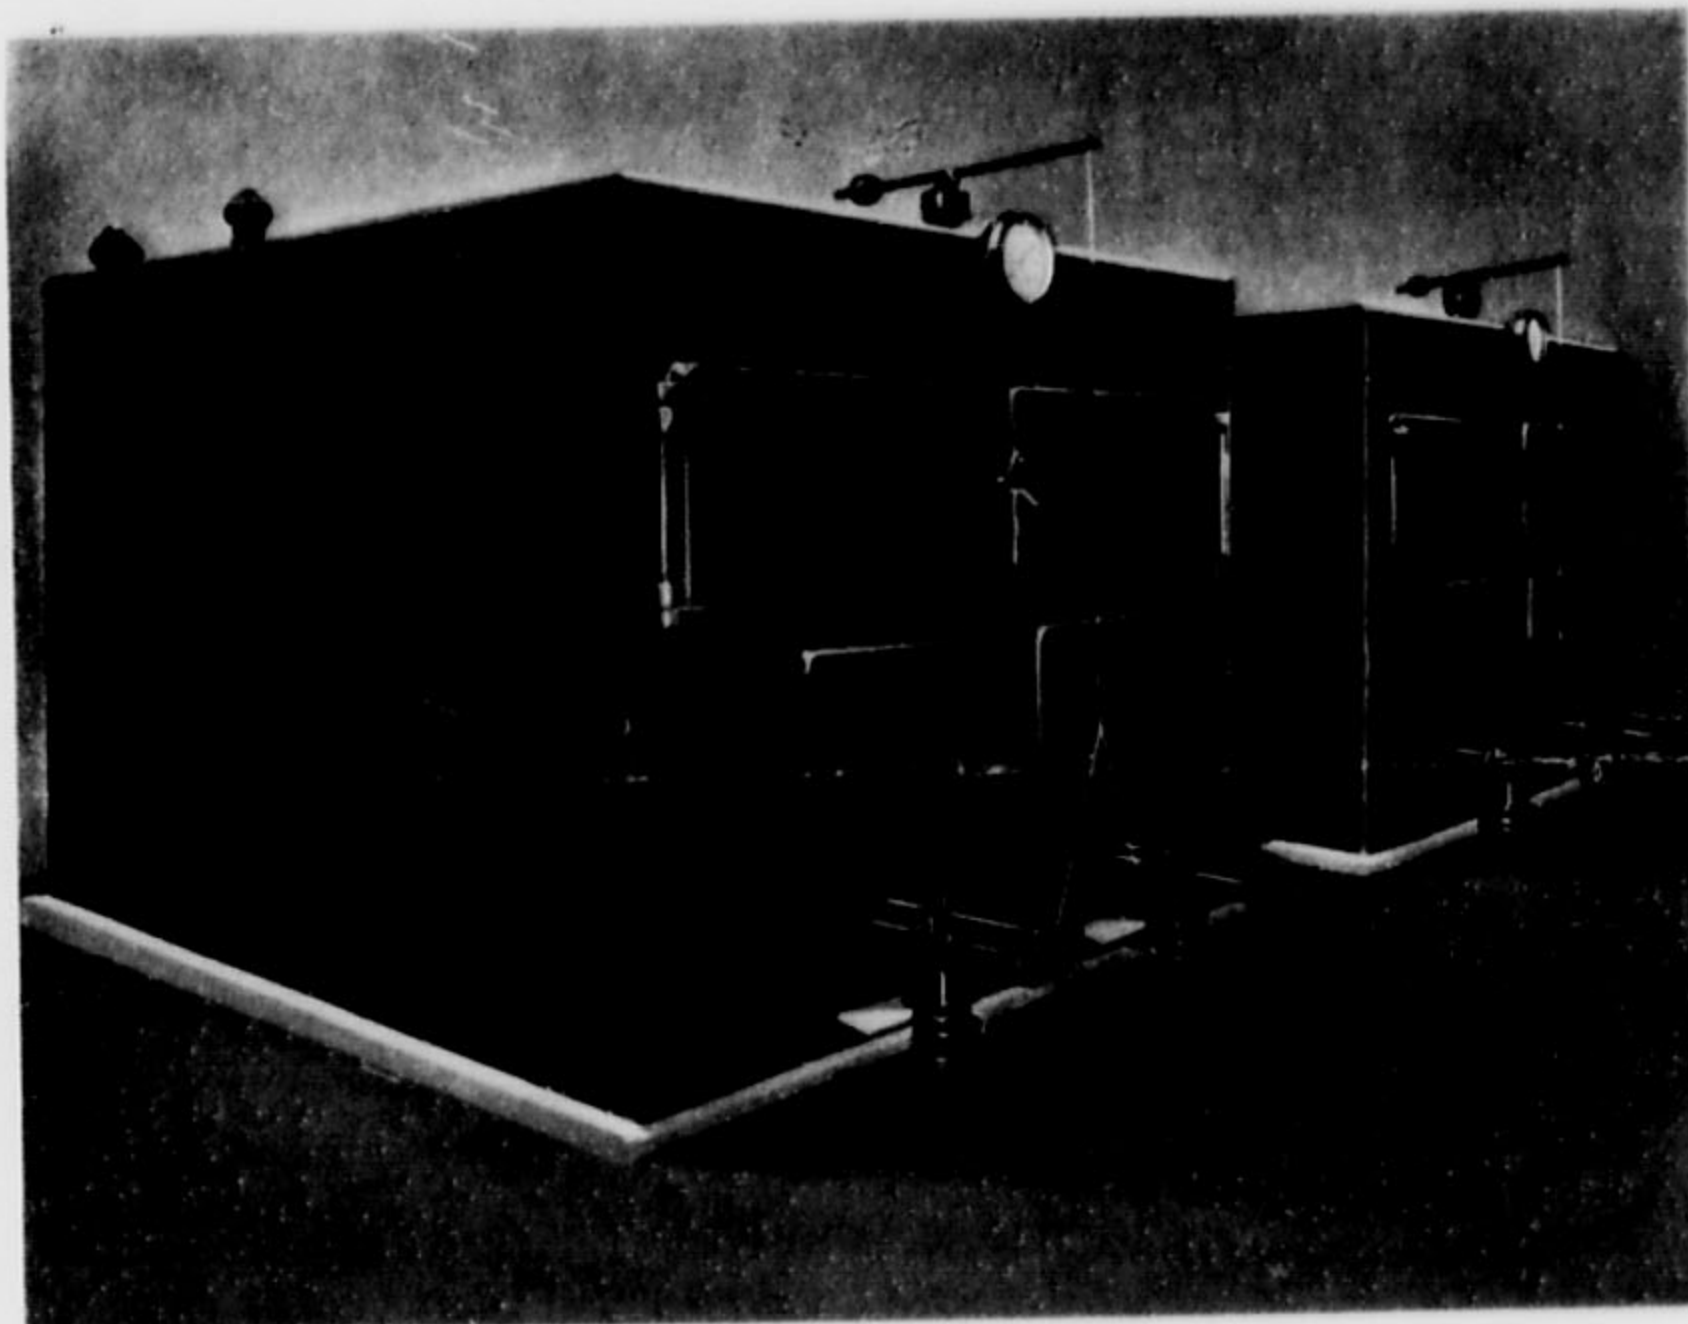

No. 11 and 12 Motor, Pump and Fan Unit Showing Position of Oil Strainer, Oil Pressure Gauge and Oil Pressure Regulating Valve

No. 11 Fan Unit, Less Oil Pump

SIMPLEX OIL BURNERS

2-S-79-T-15 Ideal Boilers equipped with Type B Simplex Improved Turbine Fuel Oil Burners. The motor driven fan and oil pump unit being placed directly across from the boilers. Showing burners withdrawn from the fire box.

The Simplex Improved Turbine Fuel Oil Burner can be installed in any cast iron heating boiler or any type of steel or tubular boiler, readily converting it to fuel oil burning. No remodeling of the boiler is necessary. The coal grates are first removed and in the ash pit space is built a fire brick combustion chamber. The Oil Burner is inserted thru the front wall, connected to the air and oil supply, and your plant is ready for operation. The main oil tank can be buried at any convenient point adjacent to your building, and placed in accordance to the underwriters' rules.

Ottawa, February 4, 1928.

Dear Sir,-

I am in receipt of your letter of the 25th January with which you forwarded a voucher, No.136, for \$11.00, in favour of the Chief Inspector of Boilers, New Westminster, in connection with the boiler at the Girls' Residential School, Alert Bay. It is not understood why this voucher has been forwarded for payment as on the 21st December you forwarded to the Department voucher No.114 for \$6.00 also in favour of the Chief Inspector of Boilers, New Westminster, which voucher was paid by official cheque No.4992 which went forward on the 9th January. Before the Department gives consideration to voucher No.136 it will be necessary for you to furnish explanation in the matter in order that a duplicate payment may be avoided. I return herewith one copy of the last mentioned voucher in order that you may furnish report thereon.

Yours truly,

F.H. Paget
Chief Accountant.

Sir:4

I am enclosing the following vouchers
in payment of various accounts for the Alert Bay
Residential Schools:

Voucher No. 136, for \$11.00, in favor of
The Chief Inspector of Boilers, authority
file 1-1-5, April 29, 1927.

Voucher No. 135, for \$117.65, in favor of
The General Repair Shop for expenses in con-
nection with the Fire Escape at the Girls'
Home, authority file 156-0-5, Oct. 25th, 1927.

Voucher No. 134, for \$64.72, in favor of
The General Repair Shop for labor and fittings
in connection with putting up a new front on
the furnace at the Girls Home, authority file
156-0-5, December 20th, 1927.

Voucher No. 133, for \$73.90, in favor of the
Office Specialty Mfg. Co., for filing cabinet
for use at the School, authority file 156-0-5,
December 29th, 1927.

Vouchers No. 132, for \$17.50, in favor of
F.W.Kenmuir, and Voucher No. 131 for \$50.71,
in favor of the Alert Bay Saw Mills, authority
your telegram dated November 9th, 1927.

In connection with these I would advise
you that the fire escape, while it has been installed
for some time was not working satisfactorily, but is
now in absolute condition and may be used at any moment
and is very satisfactory.

Sir:

The Principal of the Alert Bay Indian Residential School, in a communication to the Department, requests that a bed and mattress be supplied for Edwin Cook, who was admitted to the school on the 10th ultimo on your authority. You may arrange for the purchase and delivery of a bed and mattress of an inexpensive type. It is not intended that any unnecessary expense be incurred. Please forward an account, in duplicate, properly certified, covering the cost.

Please inform the Principal that in future he should forward all requests of this nature through your office, and you may also inform him of the authority granted you to purchase and bed and mattress.

Re. Edwin Cook, Emergency Admission

Dear Sir :-

I have to advise the Department that on authority of your Mr. Indian Agent W.M. Halliday, Alert Bay, B.C., the above named child was admitted as a grant earning pupil of this School on February 10th, 1928.

The circumstances surrounding this admission are especially sad, as both the father and mother have died within the past ten days, leaving a large family of helpless and destitute orphans.

As the school was full prior to this admission, we are in need of a bed and mattress for this child, as we have no surplus equipment whatever. I have put the youngster on a bed belonging to the Principal's residence.

On approaching the Indian Agent for permission to purchase this equipment, Mr. Halliday stated that the request would first of all have to go to the Department, and that he would also write and recommend the purchase.

Treating that the Department will see its way clear to sanction the purchase in view of the emergency of the case,

OK. Write agent [Handwritten signature]
I have the honour to be,

Sir,
Yours very sincerely,

[Handwritten signature: Karl Aufield]
Principal.

Ottawa, June 2nd, 1928.

Sir:

I have your letter of the 22nd ultimo, relative to the request of the Principal of the Alert Bay Indian Residential School to have the chemicals in the fire extinguishers on hand renewed, and also to be supplied with two new extinguishers.

In reply I beg to say that you may arrange for the purchase of the quantity of chemical required for refills for the extinguishers on hand, and you may also arrange for the purchase of two new fire extinguishers of the Guardene type and two fire axes. The extinguishers should be obtained at the lowest price charged for supplies of this nature furnished the Government. You should arrange to have this fire equipment furnished as soon as possible and the fire extinguishers on hand refilled and placed in a satisfactory condition.

After you have made the above purchases, please forward accounts, in duplicate, properly certified, covering the cost.

Your obedient servant,

T. R. L. MacInnes

Sir:-

Kwawkewlth Agency,
Alert Bay, B. C.
May 22nd, 1928.

I am in receipt of a letter from the Principal of the Industrial School, asking authority to have the chemical fire extinguishers re-filled, which will necessitate the purchase of 64 ounces of Sulphuric acid, Commercial, and 5 lbs. of Bi-Carbonate of Soda.

He also asks that two new fire extinguishers of the "Guardene" type be purchased, and two fire axes, and the said equipment to be placed in the new schoolroom and in the Manual Training Shop. As he says the new schoolroom was not completed when the Department took up the question of fire protection last year, I would recommend this purchase.

Ottawa, May 23rd, 1928.

Sir:

I have your letter of the 14th instant, relative to the providing of increased accommodation at the Alert Bay Indian Residential School.

In this connection I have noted your suggestion that a frame building, which could later be used as an engineering shop, be constructed to be used for dormitory purposes until the new residential school is completed, when this building could revert to its intended use as an engineering shop. The Department, after giving your suggestion consideration, is not prepared to authorize the erection of this building. You should not take into the school more pupils than can be accommodated under the present arrangements, as, in the interests of the health of the children, there should be no overcrowding in the dormitories. In complying with these requirements, it is hoped that the school can carry on until such time as a new building is erected.

Your obedient servant,

T. R. L. MacInnes
T. R. L. MacInnes,
Acting Asst. Deputy and Secretary.

156-0-5
Indian Residential Schools,
Alert Bay, B.C.
May 14th, 1928.

The Secretary,
Department of Indian Affairs
Ottawa, Ontario.

Sir :-

I have to bring before you the urgent need of increased accommodation at this school for more pupils. For the past few years this need has been steadily growing until now I do not know what to do to accommodate those you are trying to get in. I have applications on file that have been waiting for three years to get into school and I do not see how they can be accommodated this fall unless something is done in the way of a temporary dormitory. Even now there is serious overcrowding in both schools here and the Indians are clamouring to get their children in to school. It seems too bad that when the pleas for admittance are so urgent that we cannot find room for them.

Whilst I am aware that the Department contemplate building a new school in the near future, it is certain that we cannot occupy it for nearly a year, and I would like to place before you the suggestion that a frame building, suitable for an engineering shop, of the same size and capacity as the building erected by your Department last year, to serve as a schoolroom, be constructed at once and used as a dormitory until the new school is finished when it could revert to its intended use as an engineering shop in connection with the Vocational Training programme of the new plant.

We have sufficient space to handle the teaching of the extra pupilage this would allow us to admit, and we could also take care of the dining room and other facilities required. It is sleeping space that is at a minimum. An alternative would be to utilize the present playroom (the old schoolroom) as a dormitory and use the projected new building as a playroom.

Trusting that this matter will receive your earnest consideration,

Very truly yours,

Harlanfield
Principal.

Re...Heating plant, proposed for school.

Sir :-

Some time ago I wrote the Department asking their consideration to my recommendation for an oil-burning type of furnace system in the proposed new school to be built at this centre. I have since received word from quite disinterested parties speaking creditably of the economy brought about by this type of heating plant.

I believe that if a low pressure hot water heating system were installed in connection with such oil-burning furnace, (should the Department favourably consider it,) that operating costs of a plant of this nature would be reduced to a minimum, and that this school could be heated as economically as any in the land.

The great advantages of hot-water over steam appear to be as follows :- A. The oil burners could be started in the morning and run for two or three hours until the radiators are hot, then they could be shut off and the building would remain heated for many hours, with no cost for oil during this time, whereas with steam the oil-burners would have to operate as long as steam was required. B. The climate in this part of Canada is such that steam heat is not essential in a building of this type. C. A hot water plant, especially if operated by oil-burning furnaces, can be heated up so much more quickly than could a steam installation, thereby effecting a tremendous saving in fuel costs. D. The safety element where there are so many children with access to steam coils on the radiators.

I have the honour to be,

Sir :

Ottawa, June 15, 1928.

Sir:

Mr. Inspector Cairns, in a report on his inspection of the Alert Bay Indian Residential School, enclosed a list of the equipment required for the manual training department. He states that continued progress is being made in this subject but that, owing to the scarcity of tools, more advanced work cannot be attempted. The Department will approve of the purchase of the tools as enumerated in the list forwarded by the Inspector, at a cost of approximately \$100.41. For your information, I am enclosing a copy of the list of tools required, and the prices of same, as forwarded by the Inspector. You may arrange for the purchase and delivery at the school of these tools. If possible, competitive prices should be obtained.

After the purchase has been made, please forward an itemized account, in duplicate, properly certified, covering the cost.

Your obedient servant,

EXTRACT FROM REPORT OF MR. INSPECTOR CAIRNS,
dated May 2nd, 1928, on his inspection
of the ALERT BAY BOYS' Indian Residential
School.

Original on File 156-0-6.

MANUAL TRAINING:

Continued progress is being made in this subject, and the results have amply justified the expenditure made by the Department for this work. Paddles, Wheelbarrows, arm-chairs, and cabinet work, as well as all useful objects and running repairs are being made, and made well. However, there is a scarcity of tools and more advanced work cannot be attempted until more are provided. The School will be exhibiting at the Exhibition this fall.
